All official business conducted by the Board of Trustees shall be conducted at a duly noticed, official meeting of the Board. Pursuant to North Carolina law, a “meeting” of the Board occurs whenever a majority of the members of the Board meet, in person or by some electronic means, in order to: conduct a hearing, deliberate, take action, or otherwise transact public business. All Board meetings must be called pursuant to the proper notice and all meetings are open to the public expect for closed session.

I. Board Meetings

Pursuant to applicable North Carolina law, the Board is allowed to conduct four types of official meetings: regular meetings, special called meetings, emergency meetings and recessed meetings. All meetings are public meetings unless designated as a closed session meeting.

A. Types of Meetings

1. **Regular Meeting.** At its annual meeting in August, the Board shall establish a meeting schedule for all regular meetings for the upcoming year. The board shall meet at least six times per year and at least quarterly. The Board shall maintain a copy of the schedule for its regular meetings on its website and a hard copy shall be filed with the Board’s Secretary and shall be posted in a centralized location on campus. If the schedule is revised, the Board’s Secretary shall cause to have the website updated and revise the posted copy of the schedule as soon as possible. Any changes to the regular meeting schedule, except for the cancellation of a meeting, shall require seven (7) days’ notice.

The Board’s Secretary shall keep the minutes for all regular meetings and the minutes shall be approved by the Board at its next regular meeting.

2. **Special Called Meeting.** A special-called meeting may be called by either the Board Chair or the College President. The Board’s Secretary shall prepare the notice for the special called meeting. The notice must be sent to Board members at least 48 hours in advance and the notice must state the time, place and purpose(s) for the special call meeting. The notice will be posted on the College’s website. The notice will be sent via electronic mail to the Board members’ email address of record. If there is a bulletin board with Board meeting schedules, the special called meeting notice must be posted there at least 48 hours prior to the special called meeting. If no bulletin board is used, the Board’s Secretary shall post the notice on the door of the Board’s meeting room at least 48 hours prior to the special called meeting. If, 48

hours prior to the meeting, the public does not have access to either the bulletin board or interior door of the Board's meeting room because the building is closed (e.g., if the special called meeting occurs on Monday but the building is closed over the weekend), the Board's Secretary shall post the notice on the front of the exterior door to the building where the Board's meeting room is located.

In addition, the Board's Secretary shall deliver the notice by email to each person who has submitted a written request for notices of the Board's meetings.

The Board's Secretary shall keep minutes of all special-called meetings and the meeting shall be approved by the Board at its next regular meeting.

3. **Emergency Meeting.** In the event of generally unexpected circumstances that require the Board's immediate consideration and a meeting is necessary without 48 hours' notice, the Board Chair or the College President may call an emergency meeting. The Board's Secretary shall prepare the notice of the time and location for the meeting. The notice shall be sent via electronic mail to Board members' email address of record.

In addition, the Board's Secretary shall deliver the notice by email to each person who has submitted a written request for notices of the Board's meetings.

The Board's Secretary shall keep minutes of all special-called meetings and the meeting shall be approved by the Board at its next regular meeting.

4. **Recessed Meeting.** If proper notice was given at the original meeting and if the time and place of the recessed session were set during open session, no further notice is required. A recessed meeting, however, will be posted on the College's website prior to the scheduled time of the meeting.

B. Closed Session Meetings

The Board may conduct business in closed session when permitted by the reasons enumerated in N.C.G.S. § 143-318.11(a)(1)-(9) or as otherwise permitted by law. The Board may hold a closed session upon a motion duly made and adopted during the open portion of the meeting. Every motion shall site the legal reason for going into closed session and the law that renders the information confidential or privileged. A motion based on the need to consult with an attorney employed by the Board regarding the handling or settlement of a lawsuit must identify the parties in the lawsuit.

Unless otherwise designated by the Chair, the Board's Secretary shall keep minutes of all special-called meetings and the meeting shall be approved by the Board at its next regular meeting.

C. Electronic Meetings

The Board may conduct a meeting by use of conference telephone or other electronic means indicated by N.C.G.S. § 143-318.13(a). The Board shall provide a location and means whereby the public may listen to the meeting.

II. Committee Meetings

In accordance with the Trustees' By-Laws, the Board may establish standing or ad hoc committees as necessary. The Chair shall appoint the members of the committees as well as the committee chairs. Committees established by the Board are subject to this policy except that a majority of the committee's members, present and in attendance at the meeting, shall constitute a quorum of the committee.

III. Meeting Procedures

- A. **Parliamentary Procedures.** When conducting its meeting, the Board shall use the parliamentary procedures consistent with the most updated version of *Roberts Rules of Order* unless otherwise provided by the Board. As part of his/her official duties, the Board Chair shall serve as the parliamentarian officer and shall rule on issues and questions concerning parliamentary procedure. As needed, the Board Chair shall consult with the Board's attorney regarding matters of parliamentary procedure.
- B. **Meeting Agenda.** The Board Chair and the President will prepare a proposed agenda for each Board meeting in accordance with the Board's By-Laws. A request to have an item of business placed on the agenda must be received at least five (5) business days before the meeting. Each Board member will receive a copy of the proposed agenda four (4) days prior to the meeting and the agenda will be available for public inspection and/or distribution immediately after being made available to Board members. At the meeting, the Board may, by a majority vote, add an item that is not on the agenda.
- C. **Quorum.** A majority of voting members of the Board (9) in actual attendance at meetings shall constitute a quorum for the transaction of business. Unless otherwise stated, no business shall be transacted without a majority vote of the quorum. A Board member may participate by remote or electronic access as allowed by law. A majority of the full Board is required for the adoption or amendment of policy, for the establishment or termination of a degree program or election, non-renewal or termination of the College President.

- D. **Ethics Statement.** At the beginning of each Board meeting (including Board committee meetings), the Chair shall remind all members of their duty to avoid any conflict of interest and shall inquire as to whether there is any known conflict of interest with respect to any matters coming before the Board (or Board committee) at that time.
- E. **Individuals or Groups Appearing Before the Board.** Any individual or organized group wanting to appear before the Board shall provide in writing the purpose of the appearance and the name of each person who intends to speak. The statement shall be filed with the Chairperson at least four (4) days in advance of the meeting at which the appearance is requested. The Board Chair and President shall confer on the request and determine whether the request should be added to the agenda. Nothing contained in this section shall be deemed to prohibit the Board, by majority vote, from recognizing a group or individual at any Board meeting who wishes to be heard.

As needed, the Board will retain attorneys to provide legal services for it and the College, including both legal advice and representation in litigation. Such employment shall be at the pleasure of the Board. Any attorney retained by the Board represents the legal entity of the College and not any individual Board member or administrator. The President may consult with the Board attorney as needed to carry out administrative operations and to protect the Board and the College from liability. Other staff may consult with the Board attorney as determined appropriate by the President. A Board member may consult with the Board attorney as determined appropriate by the Board Chair or President.

This policy sets forth the duties and expectations of members of the Board of Trustees as well as the process for removal of a Board member. Board members are expected to perform essential functions for the College as described in the General Statutes, the Board of Trustees' By-Laws and College policy. Board members should perform these duties faithfully upholding the integrity of the office while avoiding impropriety or the appearance of impropriety.

Board members shall uphold the following standards of conduct when carrying out their official duties:

- A. Adequately prepare for and attend Board of Trustee meetings and its respective committees.
- B. Render all decisions based on the available facts and appropriately seek out information from the College President, when necessary, in order to carry out the duties of the Board when making decisions and monitoring the affairs of the College.
- C. Maintain the confidentiality of information that is made private under the law and do not disclose matters discussed in closed session.

- E. Serving on and contributing to the work of Board and College committees when assigned.
- F. Understand that the Board of Trustees' authority arises out of official actions taken by the Board in a called meeting. - G. Adhere to North Carolina open meeting and public records laws.
- H. Participate in a College-approved trustee orientation as well as the mandated State ethics training.
- I. Adhere to applicable sections of the State Ethics Act.

Removal of a Board of Trustee Member

- A. In accordance with N.C.G.S. §115C-19, the Board of Trustees may declare vacant the office of a member of the Board who:
 - 1. does not attend three consecutive scheduled meetings of the Board without justifiable excuse; or
 - 2. does not, within six months of appointment, participate in a trustee orientation and education session sponsored by the North Carolina

Association of Community College Trustees or other organization approved by the Board. Prior to declaring the office of a member vacant for the reasons above, the Board shall provide the member an opportunity to provide information on why the member has failed to meet either requirement.

- B. Upon notification from the State Board of Community Colleges that sufficient evidence exists that a member of the Board of Trustees is not discharging the duties of the office or is guilty of immoral or disreputable conduct, the Board shall meet to investigate the allegations provided by the State Board. The Board may request assistance from the Board's attorney or another professional to investigate the matter. The College welcomes visitors to campus. All visitors must comply with the College's policies and procedures. Additionally, in the interest of safety, and to minimize disruption to classes and operations, all visitors shall adhere to the following rules:

I. VISITORS

- A. All visitors to instructional areas must have the instructor's prior approval. Visitors unfamiliar with the campus should report to the Student Services office.
- B. All visitors to laboratories, shops, or other potentially hazardous areas must be escorted by a College employee.

II. MINOR CHILDREN

- A. Non-student minor children are defined as children under the age of eighteen (18).
- B. Students and College employees are encouraged to make child care arrangements to reduce interruption of the educational process and avoid possible injury to a minor. Supervisors are responsible and accountable for ensuring that minor children on campus adhere to College policies and procedures. Should employees require time to resolve their childcare situation, they are required to leave work and use the appropriate leave.
- C. Minor children are allowed in offices on the campus for short, occasional visitations, when accompanied by a responsible adult. In addition, instructors have the discretion to make infrequent exceptions regarding the care of minor children due to temporary, unforeseen emergencies. In these cases, minor children must remain in the classroom under their parent/guardian's direct supervision and are not allowed to sit in the hallway or be unsupervised in other locations on campus.
- D. Minor children are not allowed on campus when the child has a contagious condition or is too ill to be sent to the regular childcare location or school. Minor children may not enter shops, labs or other hazards areas.

III. REMOVAL FROM CAMPUS

To ensure a safe and secure campus environment, the President, his/her designees and senior administrators (Vice Presidents) have the authority to dismiss a person from campus. Legal action for trespassing may be taken if the person does not comply.

Adopted: 08/08/2019

When it becomes necessary to notify a student in a class, which is in session, that the student needs to address some immediate issue (i.e., family emergency, legal issue, safety issue, etc.), the following procedure should be used by any party, including security and law enforcement agencies, that needs to address the student.

The party seeking the student should go to the Student Services office. Student Services staff will coordinate getting a message to the student. At no time will the Student Services office disclose the location of the student.

A Student Services staff should go to the classroom, politely knock on the door, call the instructor into the hall and tell the instructor that the student needs to be excused from the class to deal with a critical issue. The instructor should call the student out of class and tell him/her that s/he needs to address the issue. If there is a safety issue or a legal issue, security may accompany the responsible party to the classroom but should remain in the background out of sight of the students in the classroom.

Every effort should be made to not embarrass the student. Also, any interruption or disruption of the class should be kept to a minimum. Once the student is out of class, all parties should return to the Student Services' office and address any issues pertaining to the student in a private setting.

Adopted: 08/08/2019

The safety of the College's employees, students and visitors is of the utmost importance. To that end, the Board of Trustees hereby authorizes the President to develop campus safety and emergency plans to deal with safety and/or other emergency situations that could arise at the College.

I. PURPOSE

To provide for an orderly evacuation of a College facility during an emergency, the following plan and operating procedures have been adopted.

A. Evacuation and Emergency Escape Procedures

In the event of an alarm sounding or other notice of evacuation, all persons including students, faculty, staff and visitors should leave the building by the closest available exit in an orderly manner. Emergency evacuation routes are posted in the facilities.

B. Accountability for Students

Faculty should take attendance at the beginning of each class so that all persons may be accounted for after an evacuation. The instructor should evacuate the class and bring the roster to account for all students. It is preferable that doors are closed but not locked, as classrooms are evacuated, and the instructor ensures that the classroom is empty. The instructor should regroup the class at the evacuation site. Any student(s) unaccounted for should be reported to emergency response personnel immediately.

C. Accountability for Employees

Supervisors or designees should account for the employees in their immediate work area or department. Any employee(s) unaccounted for should be reported to emergency response personnel immediately. Since supervisors are responsible for accounting for employees, it is imperative that work groups reassemble in the designated evacuation site after evacuation.

D. Evacuation Sites

The primary evacuation site should be utilized when possible. Evacuation sites are posted on campus maps in buildings throughout campus.

E. Rescue and Medical Duties

Appropriate county emergency response personnel, including fire and rescue department personnel, shall perform rescue and medical duties. College employees are neither trained nor required to perform rescue and medical duties. Nothing in this Policy should be interpreted as restricting employees from providing first aid or rescue assistance on a volunteer basis.

F. Evacuation of Persons with Disabilities

In the event of a building evacuation for buildings with multiple floors, persons with mobility impairment who may be on an upper floor must use their own discretion to determine if using the elevator is more of a risk than waiting for rescue personnel to reach them. If person(s) with mobility impairment cannot access or chose not to access the elevator, they should go to designated area(s) located on each of the upper floors so that emergency personnel can access their location quicker. The locations of all designated areas shall be maintained in an emergency evacuation protocol and be readily available for emergency response personnel.

College faculty and staff cannot be required to lift or carry a person with a mobility impairment. This is not required as it is beyond the Office of Civil Rights' definition of "minor assistance" and is a "service(s) of a personal nature" which is not required by the American with Disabilities Act. This is not to imply that College employees are prohibited from offering this type of assistance during an emergency. If a person with mobility impairment does not utilize a wheelchair but could benefit from assistance during an evacuation, office or computer lab chairs with rollers are readily available in every building.

The College shall develop an emergency evacuation protocol for persons with disabilities and shall make sure that appropriate College personnel are trained based on the protocol requirements.

G. Fire Drills and Mobility Impaired Individuals

A person with mobility impairment may request advance notification of planned fire drills so that the individual can decide whether evacuation during the drill is advisable or would possibly pose a risk of injury. In this case, mandatory participation is not required for a person with mobility impairment. To request advance notification, the person with a documented mobility disability must notify the Disability Services Coordinator, who will provide the Campus Resource Officer with a list of such persons requesting advance notification, once the person has requested the early alert service. The Campus Resource Officer will notify the persons by telephone, in person, or by e-mail prior to the drill.

4. Maintenance and/or custodial staff will assist emergency response personnel to search and clear buildings, if requested.
5. All students, and those employees not required to remain on campus, should evacuate the campus and remove their vehicles.
6. The President or administrator in charge shall determine when the College shall return to normal operations. Employees and students will receive information about when the College is set to reopen via the emergency notification system.

I. COMMUNICABLE DISEASE

Communicable diseases, those that have serious effects on human health, can pose a threat to the College community. The College will take all reasonable measures to ensure the safety of members of the College community during global and local infectious disease events. "Communicable disease" is defined as an illness due to a specific infectious agent or its toxic products that arises through transmission of that agent or its products from an infected person, animal, or reservoir to a susceptible host, either directly, or indirectly through an intermediate plant or animal host, vector, or the inanimate environment. Examples of communicable disease include, but are not limited to, acquired immunodeficiency syndrome (AIDS), chicken pox, hepatitis, measles, tuberculosis, meningitis, mononucleosis, whooping cough, coronavirus, and other viral diseases that reach a pandemic level, and for purposes of this Policy only, those communicable diseases which constitute a disability pursuant to the Americans with Disabilities Act.

The College shall not exclude individuals diagnosed with communicable diseases from participation in College programs or activities unless a determination is made that the individual presents a health risk to himself/herself or others. The College shall consider the educational or employment status of those individuals diagnosed with a communicable disease on a case by case individual basis.

A. Procedure

1. All information and records that identify a student or employee as having a communicable disease shall be strictly confidential and shall not be shared or disclosed to others without express permission from the student or employee.
2. Disclosure of medical information shall be made by the President, or his/her designee, only to those on a need-to-know basis in order to protect the welfare of persons infected with a communicable disease or the welfare of other members of the College community.
3. Unauthorized disclosure of confidential student or personnel information by an employee of the College is prohibited. Violation of this prohibition may result in the suspension from, or termination of an individual's employment with the College.
4. A person who knows or has a reasonable basis for believing that s/he is infected with a communicable disease is expected to seek expert advice about his/her health circumstances and is obligated ethically and legally to

conduct himself/herself responsibly toward other members of the College community.

5. Faculty and staff of the College and employees of contractors, or contracted services, who are infected with a communicable disease are urged to notify the appropriate Dean/Director so that the College can respond appropriately to his/her health needs. Students are urged to share information with the appropriate Dean/Director for the same reason.
6. A person infected with a communicable disease (including the AIDS virus whether active AIDS, AIDS-Related Complex, or undetectable viral load) will not be excluded from enrollment or employment or restricted in his/her access to the College's services or facilities unless, in individual cases, the College administration determines that exclusion or other restrictions are necessary for the health and welfare of the College community.
7. Included in making decisions in individual cases which restrict access to employment or a student's education, programs or activities shall be the College President, Legal Counsel for the College, the Deans/Directors, the individual's personal physician, the local Health Director (or designee) and if necessary, another physician with expertise in managing communicable disease cases.
8. The College shall provide information regarding communicable diseases, including AIDS.

B. Immunizations¹

Prior to admission or employment, the College may require students and employees to be immunized from certain communicable diseases, including but not limited to measles, mumps, rubella, tetanus, varicella, and meningitis². Students and employees may be excused from providing proof of one or more of the required vaccinations if the student or employee has one of the following:

1. physician's written statement of immunity due to having had the infection.
2. a statement of contraindication to a vaccine (accompanied by a physician's statement).
3. a lab blood test/titer documenting immunity; or
4. a statement of religious exemption.

Religious and medical exemption letters will be accepted in lieu of immunization information. Medical exemption letters must be accompanied by a physician's statement.

¹Optional Section

²May expand list of communicable disease

The immunizations listed here are not meant to supersede more restrictive requirements for employment or participation in a specific College program or class, such as childcare, classes that lead to a medical degree or certificate, or clinical programs.

C. Public Health Incidents

Should any communicable disease reach a pandemic level, the President shall regularly monitor the situation by communicating with federal, state and/or local health officials and by reviewing media sources.

Should any communicable disease reach a pandemic or epidemic level within or near the College's service area, the President, after consulting with local, state or federal health officials, may take the following actions if it is determined to be in the best interest of the College community to prevent the spread of the communicable disease:

1. Close the College or certain College buildings and/or programs temporarily.
2. Limit or prohibit employee travel and/or student field trips.
3. Prohibit those infected with a communicable disease from coming onto the College campus.
4. To the extent allowed by law, requiring or encouraging employees and students to receive testing and immunizations (not already required by the College) that prevent the spread of a communicable disease before coming back onto the College campus; and
5. Other specific actions deemed necessary for the safety of the College community.

The President shall not quarantine any student or employee while on campus unless the quarantine is ordered by local, state or federal health officials. Persons who are infected with a communicable disease that has reached a pandemic level or know of someone in the College community who is infected, should contact College officials immediately. Students should contact the Dean of Student Services and employees should contact the Human Resources Office for reporting under this policy.

Any actions undertaken pursuant to this policy will be in accordance with applicable federal and state laws, College policies, and in the best interest of all parties.

II. OCCUPATIONAL EXPOSURE TO BLOODBORNE PATHOGENS

The College shall comply with federal regulations and state statutes regarding bloodborne pathogens as set forth in the Federal Register, 29 CFR §1910.1030, and the North Carolina Administrative Code, 10A NCAC 41A, by attempting to limit/prevent occupational exposure of employees to blood or other potentially infectious bodily fluids and materials that may transmit bloodborne pathogens and lead to disease or death.

A. Reasonably Anticipated Occupational Exposure

An employee who could "reasonably anticipate", as a result of performing required job duties, to face contact with blood, bodily fluids or other potentially infectious materials is covered by the OSHA Bloodborne Pathogens Standard, the North Carolina Administrative Code, and this Policy. "Occupational Exposure" includes any reasonably anticipated skin, eye, mucous membrane or parenteral (brought into the body through some way other than the digestive tract) contact with blood or other potentially infectious materials that may result from the performance of an employee's duties. "Good Samaritan" acts, such as assisting a co-worker or student with a nosebleed would not be considered "reasonably anticipated occupational exposure."

B. Universal Precautions

Universal precautions will be in force at all times. All blood, body fluid and other potentially infectious material will be handled as if infected. The program standards for the control of potential exposure to HIV and HBV as outlined in the OSHA Rule "Occupational Exposure to Bloodborne Pathogens" Standard 1910.1030, the NC Administrative Codes, or the most current standards available will be followed.

C. Testing

An employee who suspects that s/he has had exposure to blood or body fluid may request to be tested, at the College's expense, provided that the suspected exposure poses a significant risk of transmission, as defined in the rules of the Commission for Health Services. The HIV and HBV testing of a person who is the source of an exposure that poses a significant risk of transmission will be conducted in accordance with 10A NC Administrative Code 41A .0202 (4) (HIV) and 41A .0203(b)(3) (HBV). The College will strictly adhere to existing confidentiality rules and laws regarding employees with communicable diseases, including HIV or HIV-associated conditions.

D. Exposure Control Compliance

The College shall comply with OSHA Regulation 29 CFR 1910.1030 and promote a healthy and safe environment for both employees and students. The College proposes to do this through minimizing the risk of transmission of infectious diseases that are blood or body fluid borne. To achieve compliance with OSHA Regulation 29 CFR 1910.1030, the College will maintain an Exposure Control Plan covering the following areas:

1. Procedures,
2. Protective equipment,

3. Hepatitis vaccinations,
4. Post-exposure and follow-up care, and
5. Training.

A copy of the Exposure Control Plan is available in the office of Administrative Services.

In accordance with the Campus Sex Crimes Prevention Act of 2000 (“Act”), the College is providing to its campus community a link to the [National Sex Offender Public Website](#) and [North Carolina Sex Offender and Public Protection Registry](#) (“Registry”). The Act requires the College to issue a statement advising the campus community where law enforcement information provided by North Carolina concerning registered sex offenders may be obtained. The Act also requires sex offenders already required to register in North Carolina to provide notice of each institution of higher education in North Carolina at which the person is employed, carries a vocation or is a student. North Carolina law requires sex offenders who have been convicted of certain offenses to register with their county’s sheriff. Information about sex offenders is then entered into the Registry database by the sheriff’s office and transmitted to the N.C. State Bureau of Investigation. The N.C. State Bureau of Investigation collects information submitted by sheriffs in all one hundred (100) counties in the state and makes it available to the public via the Registry.

The advertising, sale, or free distribution of tobacco products outlined above, including merchandise, is also prohibited.

This Policy applies to all College employees, students, vendors, contractors and visitors to campus. The College administration reserves the right to temporarily modify procedures for specific events or unique circumstances on campus.

III. PROHIBITION

Enforcing the Policy is the shared responsibility of the entire campus community. Any student or college employee may provide, in a courteous manner, a verbal reminder to persons not in compliance with the policy. Failure to adhere to the Policy could result in disciplinary action for students and employees. Visitors, contractors, and vendors who violate this Policy could lose their access to campus.

Students who violate the policy will be referred to the conduct administrator in the appropriate division. The conduct administrator will act in accordance with the student conduct code. A first offense will result in an official warning. Confirmed repetitive offenses will result in official conduct warnings, conduct probation, or suspension from the college. College employees who violate the policy will be referred to the Director of Human Resources and their supervisors for appropriate action in accordance with personnel policies. Confirmed repetitive violations will result in supervisory warnings, employee probation, permanent notes in employment file, or dismissal from college employment.

IV. PUBLIC EDUCATION

All buildings owned and/or operated by the College contain signage, educating students, employees, and visitors that the College is a tobacco product-free campus. Employees, upon hire, sign a tobacco policy attestation statement with Human Resources, acknowledging the tobacco-free campus and consequences of violations. Tobacco cessation information is made available to students and employees upon request and is available on the college website.

The College's facilities exist to meet the educational needs of citizens within the College's service area. The College offers a wide-range of credit curricula and non-credit extension courses and the College's facilities are to be utilized to facilitate these programs. The College may use its facilities in any legal matter. In addition, the College may make its facilities available upon reasonable condition for the periodic use of student organizations, government agencies, non-profit entities, community members and for-profit entities provided the activities involved are in furtherance of the College's educational purposes or are in promotion of the community's cultural and educational welfare. The use of the College's facilities cannot compete with any of the College's classes or events that are or could be offered.

This Policy only applies to the use of the College's facilities. For information concerning the use of outdoor campus spaces, see Policy 2.3.5 – Campus Free Speech, Distribution of Material and Assembly.

The Board hereby delegates to the President to develop procedures and a fee schedule to be used by parties who want to utilize the College's facilities.

Adopted: 08/08/2019

The following procedures shall be used when third party groups use the College's facilities:

I. PRIORITY

The College maintains the right to reserve and use any of its facilities at any time, with or without prior notice, for its use and such use will take priority over any other use. Individuals or groups that participate in speech not protected by the First Amendment, that engage in activity which causes a material and substantial disruption to the College educational environment and/or operations or conduct or activities that are contrary to the College's educational mission or are in competition with the College shall not be allowed to use the College's facilities for any reason.

II. PROCEDURES GOVERNING USES OF COLLEGE FACILITIES

The college shall require college employees, non-employees, community groups, and others to request in writing the use of college facilities, and to be granted permission by an authorized college representative prior to such use of the facilities. (This excludes those college employees who use college facilities as a regular part of the performance of their duties as outlined in approved job descriptions.) Request forms shall be maintained in the office of individuals authorized to permit use of certain facilities of the college. Requests should generally be made fifteen (15) days prior to the proposed scheduled event.

Requests for use of college facilities shall be submitted to the offices as noted below and permission to use a facility shall be obtained from that appropriate office prior to use of the facility:

- A. Office of Walker Center customer relations specialist for facilities including the John A. Walker Community Center, the Watson Theater, athletic fields, tennis courts, reserved picnic areas, and gardens.
- B. Office of student services for rooms 1110 and 1112 located in Alumni Hall.
- C. Office of administrative services for facilities in all college buildings located on the Wilkes campus, except those in (1) and (2) above.
- D. Office of the appropriate campus director for buildings and grounds located at campuses, other than the Wilkes campus.
- E. Office of administrative services for grounds on the Wilkes campus, including parking lots but excluding those in (1) above.

The college prohibits the possession or consumption of any alcoholic beverage on any campus of Wilkes Community College except when such alcoholic beverages are being used in an educational function or when alcoholic beverages are being used in an authorized function at the John A. Walker Community Center or the Watson Theater. All non-educational uses of alcoholic beverages at the John A. Walker Community Center and the Watson Theater shall comply with the General Statutes of the State of North Carolina, commonly referred to as the

ABC Laws. When relevant, all persons using WCC facilities must adhere to the college's procedure regarding animals on campus.

While college buildings and grounds are generally open from 6:00 a.m. to 10:00 p.m. daily, the college reserves the right to modify opening and closing hours as necessary.

III. RENTAL AND SERVICE FEES

Fees for use of facilities, utilities, and/or janitorial services shall be recommended by the administrative council and approved by the board of trustees. The office granting permission for use of a college facility will notify the user of such costs at the time permission is granted to use the facility.

Adopted: 08/08/2019

-
- I. The College and the Foundation continually seek private funds to enhance the College's ability to meet the higher education needs of the community. To that end, the College should provide appropriate recognition to donors. Naming recognition may take many forms; however, this policy is intended to establish guidelines when naming programs, buildings, facilities and other campus area for donors or for individual recognition.
 - II. Final authority for the naming of facilities rests with the board of trustees. The word "facility" as used in this document applies to buildings, rooms, streets, courts, athletic fields, gardens, courtyards, and other named places. Facilities may be named in honor or memory of individuals as well as businesses, corporations and organizations.
 - III. When considering the naming of a facility, a donor recognition task force shall be assembled for this purpose by the president and composed of members of the board of trustees, foundation board and college administration. This task force will offer guidelines and recommendations for such naming to the full board of trustees. Any new considerations will be reviewed by the task force and any changes necessitated by these will be added to the guidelines at subsequent times.
 - IV. The character and use of the facility to be named should be considered when a name is chosen. Individuals for whom facilities are named should, as a rule, be major financial donors or distinguished persons making other significant contribution (s) such as presidents, outstanding citizens, etc., whether living or deceased. Once a facility has been named by action by the full board of trustees, that name shall not be changed except under extreme circumstances and under further action of the full board of trustees.
 - V. The president or the executive director may indicate to potential major donors that the naming of facilities in their honor will be recommended to the donor recognition task force for their consideration. However, the fact that the board of trustees retains the sole authority to determine the naming of facilities is to be made clear to donors. The foundation board will recommend to the board of trustees the levels of giving for which the naming of facilities would be considered by the board of trustees.
 - VI. Additional requirements:
 - A. For naming rights based on financial contributions, the naming will occur with a completed pledge agreement through the Foundation and signed by both parties or when pledges are fulfilled.
 - B. Naming rights shall be for the life of the facility, program or area so long

as such is used for the same purpose as when the gift was made. Planned demolition or significant renovation shall terminate the naming recognition unless otherwise designated by the Board.

- C. Should the company, organization or individual making a naming gift, fail to fulfill their pledge, come into ethical, moral or legal disrepute in the College or community at large, the College reserves the right to discontinue the use of that name in association with the College.
- D. The College will make arrangements for a commemorative plaque and/or dedication ceremony as appropriate.

A copy of the permit must be displayed during the event.
- C. For patrons using College facilities for an event where an admission fee is charged and wishing to serve alcoholic beverages as part of the event, a limited Special Occasion Permit specific to the planned event, and all other applicable permits for the use of alcoholic beverages, must be secured by the patron from the North Carolina ABC Commission. ABC permits must be presented to the appropriate college personnel no less than two (2) business days prior to the event. A copy of the permit must be displayed during the event.

III. SECURITY.

For any event where alcohol is served, a uniformed campus police officer or uniformed campus security officer must be present on the premises. The Chief of Campus Police or their designee will determine the number of officers that will be needed to cover the event based upon the specific event location, anticipated attendance, and nature of the event. The patron shall pay the full cost of providing such security. The use of private security companies, private security groups or individuals hired by the patron is not allowed. In specific cases, in order to meet the staffing needs for specific events, the Chief of Campus Police may request and employ the assistance of uniformed law enforcement officers from agencies outside of the college. All such requests for assistance from outside agencies will be made and approved by the Chief of Campus Police, prior to any such services being provided on college property. If outside law enforcement resources are needed for the event, the full cost of those resources will also be paid by the patron.

IV. LIABILITY INSURANCE.

Outside patrons must provide to the College a certificate of liability insurance in the amount of no less than one million dollars (\$1,000,000) and naming the College as an additional insured on said policy. A copy of the certificate of insurance must be received by the appropriate College personnel no less than five (5) business days prior to the event.

V. SERVICE OF ALCOHOLIC BEVERAGES.

The following regulations shall apply:

- a. Alcoholic beverages may be served only by and to adults age twenty-one (21) or older. - b. All alcoholic beverages must be served and consumed only in the area in which the ABC permit is posted.
- c. All alcoholic beverage distribution will be under the control of a bartender and/or caterer. Such distribution will be discontinued for a patron or an entire event at the discretion of a College official, a bartender or a security officer on duty.
- d. For facility use by outside parties, the caterer or patron must arrange to obtain the alcoholic beverages and transport them to and from the College facility.
- e. Common source containers without an individual server through a licensed and bonded caterer (e.g., kegs, alcoholic punches, etc.) are prohibited. Brown bagging is prohibited.

VI. NO USE OF PUBLIC MONEY.

No state or local tax dollars can be used to acquire or serve alcoholic beverages.

For equipment where ENERGY STAR® certification is available, the College will make procuring ENERGY STAR® rated products a requirement if the additional cost is less than or equal to the resulting energy savings in a reasonable time. All purchased items must meet all North Carolina State Procurement Guidelines.

Adopted: 08/08/2019

The College is committed to responsible energy and water management in support of its sustainability Policy. Faculty, staff and students are encouraged to play a role in promoting efficient, reduced energy and water use. The College community will strive to make office spaces, classrooms and shared spaces more energy and water efficient. In working towards this goal, individuals are encouraged to use the following procedures:

- A. Use common-sense energy saving measures such as turning off lights and equipment when leaving a room.
- B. Follow Procedure 2.2.7.2 - Energy Star Certified Products when purchasing appliances, computer equipment and devices.
- C. Equipment should be set on energy saving settings such as “sleep mode” when not in use.
- D. All plug-in devices, such as printers and scanners, are to be turned off when not in use. Use of personal printers and other devices is prohibited (this excludes lap-tops used for educational purposes).

I. OVERVIEW

In accordance with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 and other applicable federal and state law, the College may be required to accommodate an otherwise qualified individual with a disability by making a reasonable modification in its services, programs or activities. This Policy addresses the use of Service Animals and other animals on campus by qualified individuals with disabilities or individuals authorized to provide training.

II. DEFINITIONS

- A. **Emotional Support Animal** – an animal selected or prescribed to an individual with a disability by a healthcare or mental health professional to play a significant part in a person's treatment process (e.g., in alleviating the symptoms of that individual's disability). An emotional support animal does not assist a person with a disability with activities of daily living and does not accompany a person with a disability at all times. An emotional support animal is not a "Service Animal".
- B. **Service Animal** – an animal that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a Service Animal must be directly related to the handler's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing nonviolent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. Service Animals may or may not have been licensed by a state or local government or a private agency. Service Animals are limited to service dogs and, in some cases, miniature horses.
- C. **Pets** – any animal that is not an Emotional Support Animal or a Service Animal.

III. ANIMALS ON CAMPUS

Pets are not permitted on campus and may not be left in vehicles on College property. There are occasions when a student or employee may need to bring an animal onto campus for the purpose of meeting an educational objective. Such requests should be made to the appropriate

academic Dean prior to the animal being allowed onto campus. Subject to the rules set forth in section IV and V below, Emotional Support Animals and Service Animals are permitted in any area of campus where employees or students are permitted, with a few exceptions for health and safety reasons.

I. PROCEDURES REGARDING SERVICE/ EMOTIONAL SUPPORT ANIMALS**A. Responsibilities of the Service/Emotional Support Animal Owner/Handler****1. Registration****a. Service Animals**

Students and employees are not required to register Service Animals. However, they are encouraged to notify the Disability Services Office (students) or the Office of Human Resources (employees) if they intend to use a Service Animal on campus so that appropriate College officials are aware of the animal's presence and to assist with the Service Animal's access to areas within the College's campus. Visitors with Services Animals are not required to register their animals.

b. Emotional Support Animals

After the College has made a determination that an Emotional Support Animal is allowed on campus (see Section B.2), the student or employee must register the animal with the Disability Services Office (students) or the Office of Human Resources (employees).

2. Care and Supervision

a. The care and supervision of a Service/Emotional Support Animal is the responsibility of the animal's owner and/or handler. The handler must ensure the animal is in good health and has been inoculated and licensed in accordance with local regulations with the burden of proving licensure and inoculation on the person with a disability. Dogs must wear a rabies tag at all times.

b. The Service/Emotional Support Animal must be under the control of the handler at all times and may not be left alone. A Service/Emotional Animal must be restrained by a leash or other appropriate device that does not exceed six (6) feet in length. In situations where a leash or other device interferes with a Service Animal's ability to perform its task or service,

the Service Animal must remain under the control of the handler at all times.

- c. The owner and handler of the Service/Emotional Support Animal is responsible for any damage of personal property or any injuries to an individual caused by the Service/Emotional Support Animal.
- d. The handler must ensure the animal is “housebroken” and trained and must clean up and remove all animal waste created by the animal.
- e. The Service/Emotional Support Animal may not disrupt the operation of the College or any class.

B. Responsibilities of the College Community

1. Service Animals

If the need for a Service Animal is obvious, College officials may not question the presence of the animal on campus. If the need for a Service Animal is not obvious, College officials are permitted to ask the handler two questions:

- a. Is the animal required because of a disability?
- b. What work or task(s) has the animal been individually trained to perform?

At no time may a College official require a Service Animal to demonstrate the tasks for which they have been trained nor may they inquire as to the nature of the individual’s disability.

If another person on campus has a covered disability under the ADA and it includes an allergic reaction to animals and that person has contact with a Service Animal, a request for accommodation should be made by the individual to the Director of Human Resources (if an employee) or the Disability Services Office (if a student). All facts surrounding the concern will be considered in an effort to resolve the concern and provide reasonable accommodation for both individuals.

2. Emotional Support Animals

The determination of whether a student or employee with a disability is allowed to have an Emotional Support Animal on campus shall be made on a case-by-case basis. Students and employees may request, as a reasonable accommodation for a disability, the need to have an Emotional Support Animal on campus. The College is not required to grant reasonable accommodations that would result in a fundamental alternation of a program or would constitute an undue burden. Any requests for reasonable accommodation for an Emotional Support Animal shall be directed to the Disability Service Office (students) or the Office of Human Resources (employees).

In determining request for accommodations for an Emotional Support Animal, the consideration is: 1) does the person have a disability (i.e., a physical or mental impairment that substantially limits one or more major life activities); 2) does the Emotional Support Animal perform tasks or services for the benefit of the person or provide emotional support that alleviates one of more of the identified symptoms or effects of the person's existing disability; and 3) is the request an undue burden on the College or does it fundamentally alter a College program.

C. Removal of Service/Emotional Support Animals

The College has the authority to remove a Service/Emotional Support Animal from its facilities or properties if the Service/Emotional Support Animal becomes unruly or disruptive, unclean and/or unhealthy, and to the extent that the animal's behavior or condition poses a direct threat to the health or safety of others or otherwise causes a fundamental alteration in the College's services, programs, or activities.

It is a Class 3 misdemeanor "to disguise an animal as a service animal or service animal in training". N.C.G.S. § 168-4.5. In other words, it is a crime under North Carolina law to attempt to obtain access for an animal under the false pretense that it is a Service Animal.

Additionally, any employee or student who violates any portion of this procedure is subject to disciplinary action.

I. USE OF ARCHITECTS AND/OR ENGINEERS

As required by N.C.G.S. § 133-1.1 and the Office of State Construction (“State Construction”), the College must use a licensed, registered, architect and/or engineer for College buildings that are being repaired and/or constructed. In addition, architects and/or engineers may be used for other services including:

- A. Preparing feasibility studies for additions, alterations or renovations of existing facilities;
- B. Providing consulting services on technical matters;
- C. Providing services related to long-range planning or facility design; and
- D. Assisting in the preparation and submission of any documents requested by other governmental agencies.

II. SELECTION PROCESS FOR ARCHITECTS, ENGINEERS, SURVEYORS AND OTHER CONSTRUCTION DESIGN SERVICES

A. Project Expenditures \$500,000 or Greater⁹

- 1. The President shall solicit proposals from design service providers based on a request for qualifications using a uniform criterion that the President deems relevant. At a minimum, the College shall publicly advertise on the State of North Carolina Interactive Purchasing System website for a period of at least fifteen (15) calendar days¹⁰.
- 2. The President shall provide a list of the qualified, responsive service providers to the Board for its consideration and approval. The Board, or a committee thereof, will select its top three candidates ranked in order.
- 3. A North Carolina resident firm will be granted a preference over a nonresident firm if the home state of the nonresident firm has a practice of granting a preference to its resident firms over North Carolina resident firms. Any preference granted to a resident firm will be in the same manner,

⁹ Under NCGS 143-64.31 and -64.32, K-12 schools and NCDOT must use the request for qualifications process for all projects with an estimated **design professional fee** of \$50,000 or greater. G.S. 143-64.34, however, only requires the request for qualifications process for community colleges where the estimated **project cost** is more than \$500,000. Whether the Board wants to lower this threshold is voluntary.

¹⁰ Required by NCGS 143-64.31-.34 and State Construction Manual.

on the same basis and to the same extent as the preference granted by the nonresident firm's home state. The solicitation documents must require that nonresident firms disclose and describe any construction contract preferences granted by the firm's home state.

4. State Construction will conduct contract negotiations with the top ranked candidate. If a fair and reasonable fee cannot be agreed upon, State Construction will negotiate with the next ranked candidate and so forth. The contract with the selected design professional will be developed by State Construction. The Board will approve the final contract or delegate this authority to the President to approve and execute the contract.

B. Project Expenditures less than \$500,000

1. The request for qualification process outlined above is not required; however, the President may use this selection process if s/he so desires.
2. The President is authorized by the Board to enter into such contracts within the price limitation. The contract with the selected design professional must be reviewed by the Board's attorney and meet all applicable laws and Board policies.
3. At the next regularly scheduled Board meeting, the President will, as information items, update the Board on all contracts executed under this section.

C. Annual Service Agreements¹¹

The Board may enter into an Annual Service Agreement. An Annual Service Agreement is a contract option when the College needs the services of a design professional for projects under \$300,000 on a fixed term basis for the period of one (1) year. Annual Service Agreements may be extended for a term of one additional year. No individual fee shall exceed \$36,000 per project. Total fees shall not exceed \$150,000 for the first year or \$300,000 for the two-year period regardless of the number of projects.

1. The President or designee shall solicit qualifications for Annual Service Agreements from design service providers (one RFQ for engineering services category and one RFQ for architect services category) based on a request for qualifications using a uniform criterion that the President deems relevant.

¹¹Optional.

2. The President shall provide a list of the qualified, responsive design service providers in both categories to the Board or appropriate committee of the Board. The committee will recommend its top candidate and one alternate for each category and shall present its recommendation to the Board. The Board will vote on the recommendation.
3. The President is authorized by the Board to enter into such contracts within the price limitation. The contract with the selected design professionals must be reviewed by the Board's attorney and meet all applicable laws and Board policies.
4. All contracts shall be for a term of one (1) year. The President is authorized to extend the term of the contract for one (1) additional year. At the end of two years, if the contract is extended, or if the contract is not extended after one year, the President will repeat the RFQ process.

I. STANDARDS FOR PARTICIPATION IN CONSTRUCTION CONTRACTS

All contracts formally or informally bid will be awarded to the lowest responsible, responsive bidder taking into consideration quality, performance, reliability and the time specified in the bids for performance of the contract. Prior to bidding, contractors may be required to prequalify. For all contracts valued at \$1,000 or more, the Board will ensure that each bidder it is not a restricted company identified on the state treasurer's list per N.C.G.S. § 147, Articles 6G and 6E (see Policy 6.3.12 – Companies that Boycott Israel and Iran Divestment List).

The Board may request bids for contracts to build using the following construction delivery methods: single prime, multi-prime, construction management at-risk, dual bidding, design build, design-build bridging and public-private partnership methods permitted by law.

II. BIDDING METHODS

A. Formal Bidding Range (\$500,000 and greater)

All construction and repair work requiring the estimated expenditure of \$500,000 or more will be advertised for bid and awarded using the formal bidding requirements pursuant to N.C.G.S. 143-129. Dividing contracts to lower the expenditure amounts to evade formal bidding requirements is prohibited. The Board authorizes the use of newspaper advertisement, electronic advertisement or both for formal bids; however, the President is authorized to determine which method will be used for a specific purchase or categories of purchases. The President shall comply with all State Construction Office bidding requirements.

B. Informal Bidding Range (\$30,000 to \$500,000)

Informal bids will be obtained for construction and repair contracts below \$500,000. The College will make a reasonable effort to obtain three (3) quotes. Quotations from contractors may be solicited by telephone, email and fax. A record must be kept of all bids received. For telephone quotes, a written log sheet will be completed by the person receiving the quote.

The President may use the informal bidding method or solicit bid proposals and enter into Annual Service Agreements with contractors for a term of no more than two years in the following categories: a) roofing; b) HVAC; c) plumbing; and d) electrical. Annual Service Agreements are only applicable for projects costing less

Several community college have asked about open-ended contractors for small projects. This is an option; but, the limit must be less than \$30,000 per project. Otherwise, the selection must go through informal bidding.

than \$30,000 and the College cannot divide projects to evade the bidding requirements.

The President is authorized by the Board to enter into such contracts within the price limitation. The contract must be reviewed by the Board's attorney and meet all applicable laws and Board policies.

III. BONDS FOR CONSTRUCTION PROJECTS

A. Bid Bond

For all projects in the formal bidding range, no proposal for construction or repair work may be considered or accepted by the Board unless at the time of its filing, the bid is accompanied by a deposit with the Board of cash, a cashier's check or a certified check on some bank or trust company insured by the Federal Deposit Insurance Corporation in an amount equal to not less than five percent (5%) of the bid. In lieu of making the cash deposit, a bidder may file a bid bond executed by a corporate surety licensed under the laws of North Carolina to execute such bonds, conditioned that the surety will, upon demand, make payment to the obligee upon said bond if the bidder fails to execute the contract in accordance with the bid bond. This deposit shall be retained if the successful bidder fails to execute the contract within ten (10) days after the award or fails to give satisfactory surety.

B. Performance and Payment Bonds

For all construction and repair contracts within the financial limits specified in N.C.G.S. 44A-26(a), the Board requires from all contractors or construction manager at risk a performance and payment bond for the entire value of the project.

IV. PARTICIPATION BY WOMEN AND MINORITY-OWNED BUSINESSES

The Board will make a good faith effort to reach the State of North Carolina's verifiable percentage goal of ten percent (10%) participation in construction contracts by minority and female-owned businesses.

V. AUTHORIZATION TO ENTER CONSTRUCTION CONTRACTS

The Board hereby delegates to the President the authority to enter into all construction and repair contracts in the informal bidding range. At the next regularly scheduled Board meeting, the President will, as information items, update the Board regarding all contracts executed under this section. All construction and repair contracts in the formal bidder range must be approved by the Board. All State Construction documents and requirements will be used for formal contracts.

VI. CHANGE ORDER AUTHORIZATION

After a contract for construction or repair work has been awarded, the need may arise to amend the terms, conditions or specifications of the contract by a change order. Change orders may not be used or divided to evade bidding requirements.

A. Change Orders Approved by the President

Unless otherwise prohibited by statute or regulation, the President is authorized to approve change orders involving additive or deductive sums up to \$¹³ as funding for the change order is available within the established project budget.

At the next regularly scheduled Board meeting, the President shall report to the Board all change orders that were approved by the President including those that do not impact the contract amount. The report will include the following information: (1) the contractor's name; (2) the project name; (3) a brief description of the change; (4) the contract amount, including amount(s) of any prior changes; and (5) the change order amount. The President is not required to report any proposed change order that was denied by the President.

B. Change Orders Approved by the Board

Change orders that involve amounts over the limit specified above or are more than the remaining funds in the project budget require Board approval. The President shall present all such proposed change orders that are recommended for approval to the Board at a Board meeting. The President is not required to present to the Board any change order not recommended for approval.

If, in the President's opinion, a change order requires expedited review, the President shall notify the Board Chair who will decide whether a special meeting must be called to address the proposed change order before the next Board meeting.

The College follows a five-year strategic planning cycle; however, College leadership changes may result in extensions to the cycle's time frame. Every five years, the Board sets five-year goals for itself during its annual retreat. The President's Administrative Council uses the Board's goals and data generated from College surveys and focus groups to revise the College's mission statement and vision statement (if necessary) and to set several measurable five-year goals as the College's strategic plan. While the strategic plan is a five-year process, goals will be evaluated at least annually.

These goals drive the College's organization, communication and resource allocation for the next five years. The Administrative Council will identify core team members for each of the goals. Teams are made-up of membership from throughout the College based on the focus of each team. These teams meet frequently and reevaluate goals annually.

Once teams are formed, they will operate in pursuit of the five-year goals' objectives. Teams may enlist other College personnel as needed for both ad hoc and recurring tasks. Teams meet frequently and the chairs of each team shall meet with each other quarterly to update the College on team progress and to coordinate team efforts.

At the end of each five-year cycle, teams shall make recommendations based on the achievement (or lack thereof) of the College's goals. These recommendations will be used by the Administrative Council in setting the next five-year goals.

Free speech, which includes the right to distribute material and peacefully assemble, is central to the College's academic mission. The College encourages and supports open, vigorous and civil debate across the full spectrum of society's issues as they present themselves to the College community. At the same time, limitations on activities on College property are necessary so that the College may fulfill its primary mission of educating students. The use of outdoor space on the College's campus does not represent an endorsement or support by the College of the content or viewpoints expressed by the individual or group using the space. The College is a limited public forum and does not discriminate based on content or viewpoint.

I. GENERAL POLICY

The College will retain and destroy records in accordance with this Policy and the approved [Record Retention and Disposition Schedule](#) (“the Schedule”) for community colleges adopted by the North Carolina Department of Cultural Resources and the North Carolina Department of Community Colleges.

This Policy deals with general College records. For more specific information regarding personnel and student records and clarification regarding electronic records, see:

Wilkes Community College (WCC) recruits and employs the most competent curriculum faculty members qualified to accomplish the mission and goals of the institution.

When determining acceptable qualifications of curriculum faculty, WCC will give primary consideration to the highest earned degree in the discipline in accordance with the guidelines listed below. WCC will also consider competence, effectiveness, and capacity, including, as appropriate, undergraduate and graduate degrees, related work experiences in the field, professional licensure and certifications, honors and awards, continuous documented excellence in teaching, or other demonstrated competencies and achievements that contribute to effective teaching and student learning outcomes.

The WCC has adopted the Commission Guidelines for Curriculum Faculty Credentials, published by the Southern Association of Colleges and Schools for defining curriculum faculty qualifications:|

- a. Curriculum Faculty teaching associate degree courses designed for transfer to a baccalaureate degree:
 - doctorate or master's degree in the teaching discipline or a doctorate or master's degree with a minimum of 18 graduate semester hours in the teaching discipline.
- b. Curriculum Faculty teaching associate degree courses not designed for transfer to the baccalaureate degree:
 - a minimum of a bachelor's degree in the teaching discipline, or associate's degree and demonstrated competencies in the teaching discipline.
- c. In addition, the WCC will hire curriculum faculty that meet or exceed the following minimum qualifications for Certificate, Diploma and Transitional courses:
 - Curriculum Faculty teaching certificate or diploma courses that are not included in an associate degree:
 - program certificate or diploma of completion and significant demonstrated work experience.
 - Curriculum Faculty teaching certificate courses that are included in an associate degree:
 - associate's degree and demonstrated competencies in the teaching discipline.
 - Curriculum Faculty teaching transitional courses:
 - a minimum bachelor's degree in the teaching discipline related to their teaching assignment or related field.

It is the responsibility of the Selection Committee to recommend prospective full-time regular curriculum faculty finalists as outlined in Policy 3.1.2 Employment and Procedure 3.1.2.1.

All degrees earned by curriculum faculty and which fulfill the requirements of the Southern Association of Colleges and Schools Principles of Accreditation must be from a regionally accredited institution and the College is committed to recruiting and selecting curriculum faculty whose highest degree is earned from a broad representation of regionally accredited institutions.

WCC concurs with the Commission on Colleges that qualifications other than academic credentials (or combined with credentials) may be appropriate for teaching particular courses. For this reason, the College has put in place procedures for the review of curriculum faculty qualifications when justifications are deemed appropriate.

The official transcripts of curriculum faculty are maintained in the Human Resources Department.

4. The discovery of either a job-related conviction(s) or falsified conviction(s) information or other information on the application may result in denial of employment. If an applicant fails to reveal any previous job-related conviction, s/he will likely be

disqualified from employment in that or any other position within the College for falsification of an application. The applicant or employee will be given an opportunity to review the results of the background investigation and will be given an opportunity to dispute the accuracy or completeness of any information contained in the report by contacting the third-party provider that conducted the background check.

5. The President will make the final decision concerning the employability of the applicant or, when necessary, the continued employment of an employee. Background checks will be maintained in a secure location and disposed of within five (5) years of the date of receipt.

The President is hereby authorized to develop administrative procedures to establish workloads for employment categories consistent with this Policy.

Adopted: 08/08/2019

I. FULL-TIME FACULTY

A. FACULTY

1. WORKING HOURS

Full-time faculty positions shall work a minimum of forty (40) hours each week and are expected to be scheduled on campus, remotely, or at their duty station five (5) days per week for no fewer than two (2) hours per day or evening. Faculty may work remotely one (1) day per week with prior approval by their chair. Refer to Policy 3.4.7 Telecommuting and Procedure 3.4.7 Telecommuting.

Full-time faculty employees are required to maintain one (1) office hour per course up to five per week (generally one (1) hour per day). The schedule of these hours shall be posted by the second week of classes and a copy shall be forwarded to the Vice President of Instruction. The purposes of office hours are to assist students, prepare for classes, plan and be available to other members of the College.

2. WORKLOADS

a. Classroom Instruction

Instructional schedules and loads are prepared jointly by the division dean and faculty members and approved by the Vice President of Instruction. Generally, contact hours range from 18-25 for most assignments but may total fewer or greater hours with up to 30 hours in specific instances when multiple labs and/or clinical experiences are involved. Service on committees and attendance at meetings shall not substitute for required office hours. Community service is strongly encouraged for all College employees.

c. Overloads/Underloads

Every effort is made to avoid instructional overloads. When overloads occur and are approved in advance by the Vice President of Instruction, compensation may be made in the form of an underload in the subsequent term or by paying the instructor at his/her hourly rate (monthly salary multiplied by twelve and divided by 2080) for the hours deemed to be overload. All overload pay shall be reported to the President.

II. DIVISION DEANS

2. WORKLOAD

The division dean is subject to the following workload, work schedule and salary consideration:

- a. The teaching load will be determined by the Vice President of Instruction.
- b. Maintain a weekly work schedule totaling forty (40) hours per week, generally five (5) days of eight (8) hours (8:00 a.m. to 5:00 p.m.) that may include one (1) remote telework day.
- c. Receive a salary supplement, to be determined on an annual basis, in addition to the salary specified for the full-time faculty employees. Such supplement shall apply only while the individual is serving as a division dean.

IV. FULL-TIME STAFF

Staff employees may work remotely one (1) day per week with prior approval by their supervisor. Refer to Policy 3.4.7 Telecommuting and Procedure 3.4.7 Telecommuting.

- b. Exempt are employees who are exempt from the Fair Labor Standards Act ("Act"). Exempt employees may be required to perform work over and above their assigned forty (40) hour work week when such duty is determined to be in the College's best interest. Exempt employees are not entitled to overtime pay or compensatory time for working more than forty (40) hours per work week.
- c. Non-exempt are employees who are not exempt from the Act are assigned a standard forty (40) hour work week by their immediate supervisor. Non-exempt employees are entitled to compensatory time for working more than forty (40) hours per work week.

2. COLLEGE WORKWEEK

A normal College workweek is a regularly recurring period of one hundred sixty-eight (168) consecutive hours (7 consecutive 24-hour periods). Each workweek stands alone for purposes of hours worked. The official College workweek begins at 12:01 a.m. Sunday, continues for 7 consecutive days and ends at 12:00 midnight on Saturday.

Most College offices are open to the public from 8:00 a.m. to 5:00 p.m., Monday through Friday. Selected offices remain open Monday through Thursday evenings, with limited hours for specified periods on weekends. It is the responsibility of the immediate supervisor to ensure appropriate office coverage.

3. EMPLOYEE WORKWEEK

All full-time, staff employees are expected to work a total of forty (40) hours per week (i.e., five (5) days of eight (8) hours (8 a.m. to 5:00 p.m.) per day) with a one-hour lunch break not to occur at the beginning or ending of the workday. The lunch break cannot be used for overtime compensation unless expressly approved by the senior administrator for a defined temporary period. Hours worked include all the time an employee is permitted to work for the College; that is time where the employee is required to be on duty including one (1) remote telework day or on the College's premises or at a prescribed workplace. Each employee is entitled to one 15-minute duty-free break during each 4-hour work period. These breaks should occur approximately mid-way through the work period and cannot be used to shorten the workday or be credited for overtime compensation. Remote work hours should be the same as the employee's normal work schedule unless a different schedule is approved by their immediate supervisor.

4. FLEXIBLE SCHEDULING

Employees may be assigned a workweek that differs from the standard workweek when the operation of the department requires the services of one or more employees at times other than from 8:00 a.m. to 5:00 p.m. In these cases, the immediate supervisor has the authority to make the assignments to ensure proper operation of the department.

5. OVERTIME

If it is necessary for a non-exempt employee to work more than forty (40) hours in a work week, the employee will be awarded compensatory time pursuant to Policy 3.1.4 – Compensatory Time.

II. PART-TIME STAFF EMPLOYEES

Part-time staff employees with benefits shall not work more than thirty-nine (39) hours per week unless there are special circumstances requiring the extended hours for a short duration of time. Working more than (39) hours per week requires written authorization from the employee's immediate supervisor, appropriate Vice President, and Executive Director of Human Resources.

Part-time staff employees shall not work more than twenty-nine (29) hours per week unless there are special circumstances requiring the extended hours for a short duration of time. Working more than (29) hours per week requires written authorization from the employee's immediate supervisor, the appropriate Vice President, and Executive Director of Human Resources.

Adopted: 08/08/2019

Compensatory time will be granted to a full-time, non-curriculum, non-exempt employee under the provisions of the Fair Labor Standards Act. If a non-exempt employee works more than forty (40) hours in a given work week, that employee shall receive compensatory time.

For accrual and use of compensatory time, the following rules shall apply:

- A. The employee's immediate supervisor must approve, in writing, any time over forty (40) hours per week prior to the employee working the time. Overtime work is discouraged and should only be implemented due to an emergency or extraordinary situation. Approved leave taken during a workweek (i.e., annual, sick, holiday, etc.) will not be counted as time worked for purposes of overtime.
- B. If it is necessary for an employee to work over forty (40) hours per week, one and one-half (1.5) hours of compensatory time shall be granted for each hour of overtime worked. The employee is responsible for accurately and honestly recording hours worked on time records and in accordance with College policy and practice. The employee's supervisor shall review and approve time records at the conclusion of each period to determine that all recorded overtime hours are accurate.
- C. Except in extreme circumstances and with the appropriate Vice President's approval, supervisors shall make sure that employees do not accrue more than forty (40) hours of compensatory time at any time and all accrued compensatory time must be used by the last day of the fiscal year (June 30th). If an employee fails to exhaust his/her compensatory time by the end of the fiscal year, the appropriate Vice President shall consult with the President to determine whether the unused accrued compensatory time shall be paid to the employee or if the College shall require the employee to use the leave at a time determined by the Vice President.
- D. Employees are required to use compensatory time prior to using any other accrued leave (annual, bonus, sick, etc.)
- E. The employee's immediate supervisor must approve the use of compensatory time. To the extent possible, compensatory time should be used within the pay period it was received. An employee who has accrued compensatory time and requests the use of such time must be permitted to take the time within a reasonable period after making the request if the use of the compensatory time does not unduly disrupt the College's operations.
- F. In the event an employee leaves his/her College employment, the employee must, to the extent possible, exhaust all compensatory time before the last day of employment. Unused compensatory time must be paid at a rate of not less than the average of the employee's regular pay rate for the last three years of employment or the final regular rate received by the employee, whichever is greater.

Compensatory time may not be used to extend dates of retirement, resignation or other forms of severance from the College.

- G. Compensatory time shall be accumulated in quarter hours. The College shall round up to the nearest quarter hour when calculating compensatory time.
- H. Any work from home is not allowed to be counted as part of the forty (40) hour workweek and/or compensatory leave unless pre-approved by the employee's immediate supervisor and appropriate Vice President.
- I. Failure to follow the requirements set forth in this policy is grounds for disciplinary action, up to and including non-renewal or termination.

The College recognizes that a retired state employee has valuable experience to offer. The College further recognizes that the age of the College and the longevity of many employees will predicate an increase in retirements.

The College may employ retirees of the State of North Carolina when such employment is necessary for the College's efficient and effective operation. Such employment will be authorized by the President. Retirees are subject to a mandatory six (6) month waiting period before re-employment may occur. A retiree of the Teachers' and State Employees' Retirement System ("TSERS") is subject to earnings limitations, as established in TSERS. Further, the College shall not arrange post-retirement employment with any person currently employed by the College, or other TSERS-participating agency or local government. A retiree may only be employed in an interim, part-time, temporary, or fee-for-service position and may not be employed in a position that requires membership in TSERS.

The purpose of this Policy is to define and authorize benefits to be available to employees in this classification when the restricted earnings will be less than the employee will earn under the College salary plan.

A. Benefits – Leave Accruals

Full-time employees who are also retirees of TSERS will earn annual leave and sick leave under the same guidelines as active full-time employees.

B. Benefits – Longevity Pay

A full-time employee who is also a retiree of TSERS is eligible for longevity pay subject to the earnings limitation.

C. Health Insurance

If a re-hired retiree returns to work and, as a result of the position and hours worked, qualifies for an offer of health insurance by the College, TSERS will transfer health insurance responsibilities back to the College and the retiree-employee will receive the legal, mandated health insurance coverage from the College as required by law.

To comply with the Patient Protection and Affordable Care Act, the College outlines the following procedures to determine which employees are treated as full-time employees for purposes of shared responsibility provisions of § 4980H of the Internal Revenue Code regarding health insurance coverage.

A. Ongoing Employees

1. An “ongoing employee” is defined as an employee who has been employed for at least one complete standard measurement period.
2. The Standard Measurement Period is a defined time period of not less than three (3) but not more than twelve (12) consecutive calendar months (as designated by the College). The Standard Measurement Period is eleven (11) consecutive calendar months beginning December 1st through October 31st of the following year.
3. The Administrative Period is the time between the Standard Measurement Period and the Stability Period used to determine which ongoing employees are eligible for health coverage and open enrollment. The Administrative Period begins each November 1st through December 31st.
4. The Stability Period is the period of time that allows employees who were determined to be “full-time” during the Standard Measurement Period to be treated as full-time employees for the purpose of an offer of health insurance coverage. The Stability Period will be January 1st through December 31st.

B. New Employees

1. A “new employee” is generally an employee who starts work in the middle of a Standard Measurement Period and would not have accumulated enough work history needed to complete a Standard Measurement Period. This “new employee” would be subject to an Initial Measurement Period.
2. The Initial Measurement Period is the period of time not less than three (3), but not more than twelve (12), consecutive months. The Initial Measurement Period for each new employee will start on the new employee’s first day of employment and last through the end of twelve (12) consecutive months.
3. The Administrative Period is the period of time from the end of the Initial Measurement Period through the end of the first calendar month beginning on or after the end of the Initial Measurement Period. The total length of this Administration Period will be one full month plus a partial month, depending on the end of employee’s Initial Measurement Period.

4. The Stability Period for such employees must be the same length as the Stability Period for ongoing employees. Therefore, the Stability Period for new employees will equal twelve (12) consecutive months beginning the first month after the Administrative Period. Once an employee, who has been employed for an Initial Measurement Period, has been employed for an entire Standard Measurement period, the employee must be reviewed for full-time status, beginning with that Standard Measurement Period, at the same time and under the same conditions as other ongoing employees. At this point, the “new employee” is now considered an “ongoing employee” and will have the same Standard Measurement Period as other “ongoing employees”.
5. The Initial Measurement Period and the following Standard Measurement Period will most likely overlap. Creating two separate measurement periods will ensure that an employee has the opportunity to become eligible for health coverage depending on their working hours in either period.

C. Eligibility

An employee who is employed on average of at least thirty (30) hours of service per week or one-hundred thirty (130) hours of service per calendar month over the course of any measurement period described above is eligible for an offer of health insurance benefits.

D. Compliance and Reliance

In compliance with § 4980H of the Internal Revenue Code, the College utilizes a reasonable method consistent with Notices 2011-36, 2011-73, 2012-17 and 2012-58. As additional guidance is issued, the procedures will be amended to ensure continued compliance with the Affordable Care Act.

- A. Upon completion of at least ten (10) years of total qualifying service with the College in a full-time, permanent position or part-time, permanent position (employed at least nine (9) months per year and for at least twenty (20) hours per week), an employee is eligible for Longevity Pay.
- B. Qualifying service is based on a month-for-month computation of employment with:
1. An institution in the North Carolina Community College System or a school administrative unit regardless of the source of salary and including state, local or other paid employment.
 - a. Employment for a full school year is equivalent to one full calendar year (credit for a partial year is given on a month-for-month basis).
 - b. In no event will an employee earn more than a year of aggregate service credit in a twelve (12) month period.
 - c. If an employee is in pay status for one-half (i.e., working, exhausting leave, workers' compensation, or military leave) or more of the regularly scheduled workdays in a month, credit shall be given for the entire month.
 2. Departments, agencies, and institutions of the State of North Carolina (e.g., State Department of Administration, North Carolina Department of Revenue, University of North Carolina, North Carolina Community College System, State Department of Public Instruction).
 3. Other governmental units which are now agencies of the State of North Carolina (e.g., county highway maintenance forces, War Manpower Commission, the Judicial System).
 4. County agricultural extension service.
 5. Local mental health, public health, social services, or civil preparedness agencies in North Carolina, if such employment is subject to the State Personnel Act.
 6. Authorized military leave.
 - a. Credit for military leave is granted only for persons who were employees of the State of North Carolina or other agencies listed in Section 2 (a) – (e) herein who were granted leave without pay:

-
- i. for a period of involuntary service plus ninety (90) days or for a period of voluntary enlistment for up to four years, plus ninety (90) days, so long as they returned to employment in a covered agency within the ninety (90) days; or
 - ii. for a period of active duty for service, alerts, or required annual training while in the National Guard or in a military reserve program.
 - b. Employees who enlist for more than four years or who re-enlist shall not be eligible for longevity consideration for military leave.
 - c. Employees hospitalized for a service -connected disability or injury shall be granted additional leave without pay for the period of hospitalization plus ninety (90) days or for twelve (12) months, whichever is shorter. The hospitalization must commence before reinstatement into qualifying service for the provisions of this part to apply.
 - C. Aggregate service to the State of North Carolina for the longevity pay plan does not include:
 - 1. Temporary service, that is, service by an employee who works in a temporary position, or who is working temporarily in the absence of a full- time regular employee on leave of absence.
 - 2. Periods of out- of- state employment with other states, schools, colleges or universities.
 - 3. Periods of employment with agencies of the federal government.
 - 4. Periods of military service other than those categories described above.
 - 5. Periods of employment for employers other than the State of North Carolina even though credit in the North Carolina Retirement System has been purchased for such employment.
 - D. Annual longevity pay amounts are based on the length of aggregate service to the State of North Carolina, community colleges, and public schools as designated herein and a percentage of the employee's annual rate of pay on the date of eligibility.
 - 1. Longevity pay amounts are computed by multiplying the employee's annual base salary rate as of the eligibility date by the appropriate percentage, rounded to the nearest dollar, in accordance with the following table:

YEARS OF AGGREGATE STATE SERVICE	LONGEVITY PAY RATE
10 but less than 15 years	1.50 %
15 but less than 20 years	2.25%
20 but less than 25 years	3.25%
25 or more years	4.50%

2. Longevity pay is not considered a part of annual base or contract pay nor is it to be represented in personnel and payroll records as part of annual base salary. (Salary increases effective on the same date as longevity eligibility date shall be incorporated in the base pay before computing longevity).
- E. The payment of longevity pay to eligible employees is automatic. Payment shall be made in a lump sum subject to all statutory deductions, during the monthly pay period in which the employee has satisfied all eligibility requirements.
1. Eligible employees on worker's compensation leave shall receive longevity payment in the same manner as if they were working.
 2. If an employee retires, resigns, dies, or is otherwise separated on or after the date of becoming eligible for a longevity payment, the full payment shall be made to the employee or to the estate of the employee in the event of death.
 3. If on the effective date of these procedures, an employee has completed the qualifying length of service but is between eligibility dates, longevity payment will be made on the next longevity anniversary date.
 4. If the employee has worked part but not all of one year since qualifying for longevity payment, the employee shall receive a prorated payment in the event of:
 - b. separation from the College, or
 - c. change in employment status to temporary part-time or to a position not covered in the Policy.
 5. If an employee separates from the College and receives a partial longevity payment and is employed by another community college, school administrative unit, or state agency, the balance of the longevity payment shall be made upon completion of additional service totaling twelve (12) months for an employee having a 12-month period of employment or upon

completion of a lesser term for a teacher other than a 12-month contract. The balance due is computed on the annual salary being paid at the completion of the requirement.

6. If an eligible employee at the time of separation has a fraction of a year toward the next higher percentage rate, payment shall be based on the higher rate; however, the basic eligibility for longevity requirement must have been satisfied before this provision can apply.
 7. Leave without pay in excess of half the work days in a month (with the exception of authorized military leave and worker's compensation leave) will delay the longevity anniversary date on a month-for-month basis.
- F. Longevity pay shall be made from the same source of funds in the same prorated amounts from which the employee's regular annual salary is paid (e.g., state, federal, local fund). The Trustees may provide longevity payments to employees from other than state allotted funds.
- G. The President or shall:
1. Determine the quality of qualifying service and the longevity anniversary date for each eligible employee.
 2. Furnish to the State Board, on forms prescribed by NCCCS, data necessary for a determination of the cost of the longevity pay plan from state funds.
- H. The State President shall determine the total cost of the longevity pay plan from data submitted by each community college. The State President shall advise the State Board whether funds available for longevity pay are adequate. If funds are not adequate, the State President shall submit a budget revision to the State Budget Officer requesting additional funds from other available sources within State Aid.

I. JURY DUTY

All employees who serve on a jury are entitled to civil leave with pay plus fees received for jury duty. The employee should report back to work as soon as jury duty is completed. She/he must report back to work the day following completion of the duty. If jury duty occurs on a scheduled day off, she/he is not entitled to additional time off.

The College shall follow rules and regulations in accordance with the Workers' Compensation Act, G.S. 97-77, and procedures as specified in the North Carolina Community Colleges Workers' Compensation Manual.

I. USE OF LEAVE DUE TO WORKERS' COMPENSATION INJURY

When an employee suffers an accidental injury or contracts an occupational disease within the meaning of the North Carolina Workers' Compensation Act ("Act"), the employee is entitled to benefits provided by the Act. The employee is entitled to medical benefits and compensation for time lost from work due to the injury. The Act does not entitle an employee to job protection due to a workers' compensation injury.

If an employee is not able to work because of the accident, the Act requires a seven (7) day waiting period before the employee is eligible for weekly benefits. After the seven (7) day waiting period has expired, if an employee is not able to work because of the accident, an employee qualifies for compensation under the Act at the rate of sixty-six and two-thirds percent (66-2/3%) of an employee's average weekly wage, but no more than the amount established by the Act.

If the injury results in disability of more than twenty-one (21) calendar days from the date of disability, the Act provides that compensation shall be allowed for the seven (7) day waiting period. At any time during the period of disability, an employee may use accrued leave in order to make up the difference between the compensation provided under the Act and their average weekly wage.

II. RESPONSIBILITY OF EMPLOYER AND EMPLOYEE

In accordance with N.C.G.S. 97-22, the employee or his/her representative must provide written notice of an accident to the employee's supervisor and to the Human Resources department as soon as possible. No compensation shall be payable unless such written notice is given within thirty (30) days after occurrence of the accident or death, unless reasonable excuse is made to the satisfaction of the North Carolina Industrial Commission ("Commission") for not providing adequate notice and the Commission is satisfied that the employer has not been otherwise prejudiced by the delay.

The College is required to report an employee injury to the Commission using I.C. Form No. 19. The injured employee is responsible for claiming compensation. A claim must be filed by the employee through the College with the Commission within two (2) years from the date of injury. Otherwise, the claim is barred by law.

I. CONTINUATION OF BENEFITS

- A. Performance Increase. Upon reinstatement, an employee's salary will be computed based on the last salary plus any legislative increases to which the employee is entitled.
- B. Annual and Sick Leave. While on workers' compensation leave, an employee will continue to accumulate annual and sick leave to be credited to his/her account for use upon return.

Accumulation of annual leave may in some cases exceed the 240-hour maximum as set forth in Policy 3.2.6. In those cases:

- 1. The maximum to be carried forward to the next fiscal year may be exceeded by the amount of vacation accumulated while the employee is out of work due to their workers' compensation injury. The excess may be used after returning to work or be added to the employee's remaining balance of leave carried until the end of the fiscal year following a full year after the employee's return to work, at which time the excess will be paid in a lump sum to the employee.
- 2. If the employee separates during the period that excess annual leave is allowed, the excess annual leave to be paid in a lump sum may not exceed the amount accumulated during the first twelve (12) months of when the employee is out of work and receiving workers' compensation benefit.

C. Health Insurance

While an employee is out of work and receiving compensation under the Act, the employee is in pay status and will continue coverage under the state's health insurance program.

D. Retirement Service Credit

While on workers' compensation leave an employee does not receive retirement credit. As a member of the state retirement system, the employee may purchase credits for the period of time on an approved leave of absence in accordance with the rules and regulations of said system. Upon request by the employee, the retirement system will provide a statement of the cost and a date by which purchase must be made. If purchase is not made by that date, the cost must be recomputed.

II. RETURN TO WORK

- A. When an employee who has been injured on the job and placed on workers' compensation leave has been released to return to work by the treating physician, the return to work shall be in accordance with the following:

1. When an employee has reached maximum medical improvement and has been released to unrestricted work by the treating physician, the institution shall return the employee to the original position he/she held prior to workers' compensation leave.

2. When an employee has not reached maximum improvement and is ready to return to limited work duty with approval of the treating physician but retains some disability which prevents successful performance in the original position, the college shall provide work reassignment, if available, suitable to employee's capacity which is meaningful and productive as determined by the college. This work reassignment shall be a temporary assignment and shall not exceed 90 days without approval from the college's president. When the employee is able to return to unrestricted work with approval of the treating physician, the college shall return the employee to the original position held prior to workers' compensation leave.

3. When an employee has reached maximum medical improvement and has been released to return to work by the treating physician, but has received a disability which prohibits employment in his/her previous position, the institution shall attempt, but is not required, to place the employee in another position suitable to the employee's capacity which is both meaningful and productive, and advantageous to the employee and the college. This work placement may be a permanent assignment or either a part-time or temporary assignment until a permanent assignment is found.

- B. In all situations addressed above, work placement efforts will continue for a period not to exceed 12 months. Any time an employee has reached maximum medical improvement, is taken off workers' compensation leave and is able to resume unrestricted work, but a position is not available, the employee shall be placed on leave without pay status.

While on leave without pay status, the employee may make arrangements to continue coverage under this health insurance plan. The employee is responsible for paying the total premium cost.

- C. In some cases, the extent of disability may be such that the employee will

be responsible for making the necessary arrangements with the North Carolina Division of Vocational Rehabilitation for such training as may be necessary to assist the employee to obtain suitable employment consistent with his/her performance capabilities.

- D. The Workers' Compensation Act does not speak to reemployment after an employee has been released by the treating physician to return to work. If an employee, who has been on workers' compensation leave, has reached maximum medical improvement and has been released to return to work by the treating physician, refuses suitable employment in keeping with his/her capacity, the president may implement dismissal procedures.

I. PURPOSE

The Voluntary Shared Leave Program ("Program") allows a College employee to voluntarily donate a portion of his/her leave to a fellow College employee who, due to that employee's serious or prolonged medical condition or that employee's immediate family member's serious or prolonged medical condition, has exhausted all his/her bonus, annual, and sick leave and is being placed on leave-without-pay status.

Based on the rules as contained herein, College employees may participate in the Program by:

- A. Donating annual, bonus or sick leave to an immediate family member in any State agency, public school or community;
- B. Donating annual or bonus leave to a coworker's immediate family member who is an employee in a State agency or public school provided the employee and coworker both work at the College; and/or
- C. Donating annual, bonus or sick leave to a non-immediate family member employee at a North Carolina community college.

II. DEFINITIONS

Donor - the employee who donated leave.

College Employee - a permanent or probationary full-time or part-time employee that accrues sick and annual leave.

Recipient - the employee or the employee's immediate family who receives leave.

Serious or Prolonged Medical Condition - a medical condition of an employee or his/her immediate family that will require his/her absence from duty for a period of at least twenty (20) consecutive workdays. If an employee has had previous random absences for the same condition that has caused excessive absences or if the employee has had a previous, but different serious or prolonged medical condition within the last twelve (12) months, the College may make an exception to the twenty (20) day period.

III. LEAVE REASONS**A. Qualifying Reasons**

To receive voluntary shared leave, a prospective recipient must have complied with existing leave rules and:

1. Have a serious and prolonged medical condition (or a member of the employee's immediate family has a medical condition that requires the employee's absence for a prolonged period);
2. Apply for or be nominated to become a recipient;
3. Produce medical evidence to support the need for leave beyond the available accumulated leave; and
4. Be approved by the President or designee to participate in the Program.

A College employee on maternity leave may be eligible to receive voluntary shared leave to cover the period of disability related to the pregnancy and/or birth as documented by a physician.

B. Non-Qualifying Reasons

2. An employee on workers' compensation leave who is drawing temporary total disability compensation may be eligible to participate in the voluntary shared leave program. Use of donated leave under the workers' compensation program shall be limited to use with the supplemental leave schedule as described in 25 NCAC 01E .0707.
3. This Policy does not apply to short-term or sporadic conditions or illnesses. This would include such things as sporadic, short-term recurrences of chronic allergies or conditions; short-term absences due to contagious diseases; or short-term, recurring medical or therapeutic treatments. These examples are illustrative, but not all inclusive. Each case, however, must be examined and decided based on its conformity to this Policy's intent and must be

handled consistently and equitably.

4. Voluntary shared leave cannot be used for parental care of a newborn child absent a documented prolonged health condition.

IV. APPLICATION FOR LEAVE

A prospective recipient may apply or be nominated by a fellow employee to participate in the Program. The application may be in the form of a letter or statement to the Executive Director of Human Resources. The request must include a description of the medical condition, the estimated duration of the illness and, in most cases, a certification from a physician. After review of the current leave status and eligibility by the Executive Director of Human Resources, the request will be presented to the President or designee for approval.

V. LEAVE CONTRIBUTION AND DONATION

- A. An employee may begin using voluntary shared leave after all available bonus, annual and sick leave has been exhausted. While using voluntary shared leave, employees continue to earn leave.
- B. The amount of voluntary shared leave a recipient may receive is one thousand forty (1,040) hours per year (prorated for part-time employees), either continuously or, if for the same condition, on a recurring basis. However, the President or designee may grant continuation, on a month-to-month basis, to a maximum of two thousand eighty (2,080) hours, if the President or designee would have otherwise granted leave without pay.
- C. A College employee donating sick leave to an immediate family member may donate up to one thousand forty (1,040) hours but may not reduce the donor's sick leave account below forty (40) hours. Employees who donate sick leave shall be notified in writing of the State retirement credit consequences of donating sick leave. The minimum amount of sick leave to be donated is four (4) hours.
- D. A College employee may donate up to five (5) days of sick leave to a non-immediate family member employee of a North Carolina community college. The combined total of sick leave donated to a recipient from non-immediate family member donors shall not exceed twenty (20) days per year. Donated sick leave shall not be used for retirement purposes. Employees who donate sick leave shall be notified in writing of the State retirement credit consequences of donating sick leave. The minimum amount of sick leave to be donated is four (4) hours.
- E. The minimum amount of annual and/or bonus leave that may be donated per recipient is four (4) hours per year. The maximum amount of annual leave

that may be donated:

1. May not be more than the amount of the donor's annual accrual rate; and
 2. May not reduce the donor's annual leave balance below one-half of the yearly annual leave accrual rate.
 3. Bonus leave may be donated without regard to the above limitations on annual leave.
- F. All leave donated shall be credited to the recipient's sick leave account and is available for use on a current basis or may be retroactive for up to sixty (60) calendar days to substitute for advanced vacation or sick leave already granted to the recipient or to substitute for leave without pay. Donated leave shall be applied to advanced leave before applying it to leave without pay.
- G. To donate voluntary shared leave, a donor must, at the time of donation:
1. Be an active employee (not separated);
 2. Be in a position that earns leave; and
 3. Have sufficient leave balances.

VI. UNUSED SHARED LEAVE

A. End of Medical Condition

Any unused leave at the expiration of the medical condition, as determined by the President or designee, shall be treated as follows:

1. The recipient's sick leave account balance shall not exceed a total of forty (40) hours (prorated for part-time employees).
2. Any additional unused donated leave shall be returned to donor(s) on a pro-rata basis and credited to the leave account from which it was donated.

B. Separation from Service

If a recipient separates from service due to resignation, death, or retirement, participation in the Program ends. Unused leave shall be returned to the donor(s) on a pro-rata basis and credited to the same account from which it was donated.

C. Transfer

If a recipient transfers to another North Carolina state agency, public education system or community college, unused voluntary shared leave shall be returned to the donor(s) and credited to the same account from which it was donated.

VII. CONFIDENTIALITY

An employee's medical information is confidential. When disclosing information on an approved recipient, only a statement that the recipient has a prolonged medical condition (or the family member) needs to be made. If the employee wishes to make the medical status public, the employee must sign a release to allow the status to be known.

VIII. INTIMIDATION OR COERCION PROHIBITED

An employee may not intimidate, threaten, coerce, or attempt to intimidate, threaten, or coerce any other employee for the purpose of interfering with any right which the employee may have with respect to donating, receiving, or using leave under this Program. Such action shall be grounds for disciplinary action, up to and including, dismissal.

I. OVERVIEW

Pursuant to the Family and Medical Leave Act of 1993 ("FMLA"), any eligible employee may be granted up to a total of twelve (12), or in some cases twenty-six (26), weeks of unpaid, job-protected family and medical leave in any twelve (12) month period for one or more of the following reasons:

- A. For the birth of a child and to care for the child after birth, provided the leave is taken within a twelve (12) month period following birth;
- B. For the employee to care for a child placed with the employee for adoption or foster care, provided the leave is taken within a twelve (12) month period following adoption;
- C. For the employee to care for the employee's child, spouse or parent, where that child, spouse or parent has a serious health condition;
- D. Because the employee has a serious health condition that makes the employee unable to perform the functions of the employee's position;
- E. Because of any qualifying exigency where the employee's spouse, child of any age or parent is a military service member under a call or order to federal active duty in support of a contingency operation; or
- F. Because of the need to care for a family member or next of kin who has been injured while serving in the armed forces. For this provision, the amount of FMLA is up to twenty-six (26) weeks within a twelve (12) month period.

II. DEFINITIONS

The following definitions shall apply to this policy:

- A. "Eligible employee" means an employee who has been employed: (a) for at least twelve (12) months by the College; and (b) for at least one thousand two hundred fifty (1250) hours of service with the College during the previous twelve (12) month period.

 - d. "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves one of the following:
 - i. inpatient care in a hospital, hospice or residential medical care facility;
 - ii. a period of incapacity of more than three (3) consecutive days that also involves continuing treatment by a health care provider; continuing treatment means one in-person visit to a health care provider within the first seven (7) days of incapacity and either a second visit within the first thirty (30) days or a regimen of continuing treatment under the supervision of a health care provider;

3. "Parent" means the biological, step, adoptive or foster parent or an individual who stood *in loco parentis* to an employee when the employee was a child. This term does not include parent's "in-law".

D. Military Service Member Definitions

1. "Next of kin" of a covered service member means the nearest blood relative other than the covered service member's spouse, parent, son or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered service member by court decree or statutory provisions; brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered service member has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of FMLA military caregiver leave. When no such designation is made, and there are multiple family members with the same level of relationship to the covered service member, all such family members shall be considered the covered service member's next of kin and may take FMLA leave to provide care to the covered service member, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered service member's only next of kin.
2. "Military service member" means a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness incurred in the line of duty on active duty.

III. PROCEDURE**A. Paid/Unpaid Leave**

When applicable, all eligible employees are required to use appropriate accrued paid leave (i.e., annual, bonus, compensatory and sick leave) for any portion of FMLA leave. All benefits accrue during any period of paid leave; however, no benefits or seniority will be accrued during a period of unpaid FMLA leave. Any use of paid leave runs concurrent with FMLA leave and counts toward the FMLA leave entitlement.

Holidays occurring during an FMLA period of a full week count toward the FMLA leave entitlement. Holidays occurring in a partial week of FMLA do not count toward the FMLA leave entitlement unless the employee was scheduled to work on the holiday.

B. Intermittent Leave or Reduced Work Schedule

Under certain circumstances, FMLA leave may be taken intermittently or on a reduced leave schedule which reduces the regular workday or workweek. If the employee's request for intermittent leave or leave on a reduced work schedule is foreseeable because of a planned medical treatment, the College may transfer the employee temporarily to another position for which the employee is qualified and which better accommodates recurring periods of leave. The alternative position must have equivalent pay and benefits. There is no limit on the size of an increment of leave when intermittent or reduced leave is taken. The College may limit leave increments to the shortest period of time that the payroll system uses to account for absences or leave, provided it is one (1) hour or less. An employee may not be required to take more FMLA leave than necessary to address the circumstances that precipitated the need for the leave.

C. Notices**1. Notice to Employer**

In all instances where the employee is required to provide the College notice of requested FMLA leave, the employee shall inform the Human Resources department and his/her immediate supervisor. It is the responsibility of the employee to explain the reasons for FMLA leave in sufficient detail as to allow the College to determine that the leave qualifies under the FMLA. If the employee fails to adequately explain or document FMLA qualifying reasons for the leave after a request by the College, leave may be denied. Where the necessity for FMLA leave for the birth or placement of a child is foreseeable, the employee shall notify the College at least thirty (30) days before the date

the leave is to begin or the employee's intention to take such leave. In other cases, the employee shall provide such notice as soon as practicable. For foreseeable leave where it is not possible to give as much as thirty (30) days' notice, "as soon as practicable" means at least verbal notification within one (1) or two (2) business days of when the need for leave becomes known to the employee. An employee shall provide at least verbal notice sufficient to make the College aware that the employee needs FMLA leave and the anticipated timing and duration of the leave. The College may also require an employee to comply with the College's usual and customary notice and procedural requirements for requesting leave. If the employee fails to give timely advanced notice when the need for FMLA leave is foreseeable, the College may delay the taking of FMLA leave until thirty (30) days after the date the employee provides notice to the College of the need for FMLA leave. An employee may not be entitled to FMLA leave if he or she fails to provide adequate notice of the leave and certification of the medical condition as provided within this policy and the law.

2. Notice to Employee

Within five (5) business days of the employee notifying the College of the need for FMLA leave, the College shall give the employee a written notice detailing the specific rights, expectations and obligations of the employee on FMLA leave. The College shall use the U.S. Department of Labor model notice form. Within five (5) business days after receiving sufficient information to determine whether the need for leave is FMLA qualifying, the College shall give the employee notice that informs the employee of the amount of leave that will be counted against the employee's FMLA leave entitlement. The College shall use the U.S. Department of Labor model designation form.

D. Medical Certification

Any request for FMLA leave for a serious health condition shall be supported by a certification issued by the health care provider of the eligible employee or of the son, daughter, spouse or parent of the employee as appropriate. Such medical certification should be attached to the employee's request for FMLA leave, or in the case of unforeseen leave, generally within two (2) business days after the leave begins. In the case of foreseeable leave, the College may delay the taking of FMLA leave to an employee who fails to provide timely certification after being requested by the College to furnish such certification (within fifteen (15) calendar days, if practicable) until the required certification is provided. In the case of unforeseeable leave, if the employee does not provide the medical certification within a reasonable time under the pertinent circumstance, the College may delay the continuation

FMLA leave. If the employee never produces the required medical certification, or if the certification does not confirm the existence of a serious health condition as defined under FMLA, then the leave is not FMLA leave. In any case in which the College has reason to question the appropriateness of the leave or its duration, the College may request certification at some later date. If the College has reason to doubt the validity of the certification provided, the College may require, at its expense, that the eligible employee obtain the opinion of a second (or third) health care provider. Second and third opinions are not permitted for the military caregiver leave.

If the College deems a medical certification to be incomplete or insufficient, the College must specify in writing what information is lacking and give the employee seven (7) calendar days to cure the deficiency.

The College may not ask for recertification any more frequently than every thirty (30) days. If the initial certification is for more than thirty (30) days, the College must wait for the initial leave period set forth in the certification to run before asking for recertification. Recertification may only be required when employees are taking leave for their own serious health conditions. Under the qualified exigency leave, the College may not request recertification of the covered service member's active duty or call to active duty orders. Also, recertification is not permitted for the military caregiver leave.

The College's representative contacting the health care provider must be a health care provider, human resource professional, a leave administrator, or a management official, but in no case may it be the employee's direct supervisor. Further, the College may not ask health care providers for additional information beyond that required by the medical certification form.

E. Confidentiality

All records and documents relating to medical certifications, recertification or medical histories of an employee or an employee's family members shall be maintained in a separate medical file from the employee's personnel file and shall be treated as confidential medical records in accordance with the Americans with Disabilities Act of 1990 ("ADA").

F. Fitness-for-Duty/Notice of Intent to Return to Work

The College may require an employee on FMLA leave to report periodically on the employee's status and intent to return to work. The College shall require that the employee provide reasonable notice within two (2) business days, where foreseeable, of a change in circumstances or duration of FMLA leave. As a

condition of restoration for any employee who has taken FMLA leave for the employee's own serious health condition (except for intermittent leave), the College shall require each such employee obtain (at the employee's expense) and present certification from the employee's health care provider, with regard to the particular health condition that caused the employee's need for FMLA leave, that the employee is able to resume work, if such certification is job-related and consistent with business necessity. The College may delay restoration to employment until an employee submits a required fitness-for-duty certification. Unless the employee provides either a fitness-for-duty certification or a new medical certification for a serious health condition at the time FMLA leave is concluded, the employee may be terminated.

G. Restoration to Work

Except as provided under "Exemption" below, any eligible employee who takes approved FMLA leave shall be entitled upon return from such leave:

1. To be restored by the College to the same position of employment held by the employee when the leave commenced; or
2. To be restored to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

If the employee is unable to perform an essential function of the position because of a physical or mental condition, including the continuation of a serious health condition, the employee has no right to restoration to another position under the FMLA. However, the College will review such situations on a case-by-case basis under the ADA.

Exemption:

If the employee is a salaried FMLA-eligible employee who is among the highest paid ten percent (10%) of all College employees (i.e., a "key employee"), the College may deny restoration of such employee if the denial is necessary to prevent substantial and grievous economic injury to the operations of the College, and after notification to the employee to that effect, the employee elects not to return to employment.

Taking FMLA leave shall not result in the loss of any employment benefit accrued prior to the date on which the leave commenced. However, an employee is not entitled to the accrual of any seniority or employment benefits during unpaid FMLA leave.

H. Group Health Coverage

The College shall maintain the employee's coverage under any group health plan (as defined in the FMLA regulations) on the same conditions as coverage would have been provided if the employee had been continuously employed during the entire FMLA leave period. However, the College may recover the premium that it paid for maintaining such group health plan coverage for the employee under certain circumstances set forth in the Notice provided to employees when they request FMLA leave. The College's obligation to maintain health insurance coverage ceases under FMLA if an employee's premium payment is more than thirty (30) days late, after the College has provided written notice to the employee, mailed at least fifteen (15) days before coverage is to cease, that the payment has not been received.

I. Miscellaneous

An employee's entitlement to benefits other than group health benefits during a period of FMLA leave shall be determined by the College's policy regarding benefits for other types of leave (paid or unpaid, as appropriate). Maintenance of health insurance policies that are not a part of the College's group health plan (where no contributions are made by the College) is the sole responsibility of the employee.

The College shall not interfere with an eligible employee's rights under the FMLA, shall not discharge or otherwise discriminate against employees who exercise such rights, and shall not retaliate against employees who file, initiate or otherwise assist in charges or investigations against the College.

J. Posting and Requirements

The Executive Director of Human Resources or designee shall ensure that notices of FMLA provisions and information on procedures for filing complaints are posted in places that are readily accessible to employees and applicants.

 2. "Parent" means:
 - a. the mother or father of a Child through birth or legal adoption; or
 - b. an individual who cares for a Child through foster or other legal placement under the direction of a government authority.

 4. "Qualifying event" means when an employee becomes a Parent to a Child.

II. Eligibility for Paid Parental Leave

1. Employees who become Parents via childbirth, adoption, foster care, or another legal placement are eligible for Paid Parental Leave if:
 - a. Employee is in a permanent, time-limited, or probationary appointment.
Temporary employees are not eligible for Paid Parental Leave.
 - b. At the time of the qualifying event, the employee meets each of the following conditions:
 - o For the immediate 12 preceding months, the employee has been employed without a break in service by the College in a permanent, time-limited, or probationary appointment. Periods of worker's compensation or short-term disability months preceding the qualifying events do not make the employee ineligible for Paid Parental Leave. Further, periods of leave without pay for illness, educational purposes, vacation, or other reasons deemed by the President shall not constitute a break in service.

- o The employee has been in pay status with the College for at least 1,040 hours during the previous 12-month period. Exhaustion of Family and Medical Leave does not affect eligibility for Paid Parental Leave.

III. Leave Available to Full-Time Employees

1. Full-time employees eligible for Paid Parental Leave may take, in their discretion, up to the following amounts of leave:
 - a. Eight weeks of paid leave after a parent gives birth to a child.
 - b. Four weeks of paid leave after any other qualifying event.
2. Each week of paid parental leave shall result in compensation at 100% of the eligible employee's regular, straight-time weekly pay excluding shift differentials, premium pay, or overtime.

IV. Leave Available to Part-Time Employees

1. Part-time employees must be eligible for Family and Medical Leave (FML) by being in pay status for at least 1,040 hours in the previous twelve-month period to receive Paid Parental Leave.
2. Part-time employees eligible for Paid Parental Leave may take, in their discretion, a prorated leave amount of:
 - a. Four weeks of paid leave after a Parent gives birth to a Child.
 - b. Two weeks of paid leave after any other qualifying event.
3. Each week of Paid Parental Leave shall result in compensation at 100% of the eligible employee's regular, straight-time weekly pay excluding shift differentials, premium pay, or overtime.

V. Use of Other Leave

1. Paid parental leave is in addition to any other leave authorized by this state or federal law, or policies established by the College, provided that the paid parental leave:
 - a. Shall not be counted against or deducted from an eligible employee's sick, vacation, or other accrued leave; and
 - b. Shall run concurrently with any leave to which the employee may be entitled under the Family and Medical Leave Act, 28 U.S.C. 2601 et seq, provided the employee received appropriate notice.

VI. Requesting Use of Paid Parental Leave

1. Eligible employees may take Paid Parental Leave in one continuous period or may take intermittent use of Paid Parental Leave. Requests for intermittent use of Paid Parental Leave are subject to the College's approval as stated in Paragraph (4) of this section.
2. Whenever possible, eligible employees shall notify the College's Human Resources Department at least 10 weeks in advance of their intention to use Paid Parental Leave. Employees may withdraw their request for Paid Parental Leave at any time.
3. Absent unusual circumstances, the employee shall be required to comply with all other College leave request procedures.
4. The College will not deny, delay, or require intermittent use of Paid Parental Leave to employees who gave birth and seek to use Paid Parental Leave in one continuous period.
5. For all other employees not subject to Paragraph (4) above, the College may delay providing Paid Parental Leave or may provide Paid Parental Leave intermittently if it determines that providing the leave will cause a public safety concern at the College. For example, the extension of Paid Parental Leave to an eligible employee who did not give birth may constitute a Public Safety Concern if:
 - a. Providing the Paid Parental Leave would result in College staffing levels below what is required by federal or state law to maintain operational safety;
 - b. Providing the Paid Parental Leave may impact the health or safety of staff, students, or other individuals on the College's campus; and
 - c. The College has been unable to secure supplemental staffing after requesting or diligently exploring alternative staffing options.
6. If the College determines that it must delay Paid Parental Leave, or make Paid Parental Leave intermittent, because of a public safety concern under paragraph (4) above, the College shall provide Paid Parental Leave as soon as practical following the Qualifying Event.
7. If both Parents are eligible employees of the College, each may receive Paid Parental Leave. Both Parents may take their leave simultaneously or at different times, pending no Public Safety Concern.

VII. Leave Usage

1. Paid Parental Leave may be used only once for a Qualifying Event within a 12-month period. The fact that a multiple birth, adoption, or other legal placement occurs (e.g., the birth of twins or adoption of siblings) does not increase the total amount of Paid Parental

Leave granted for that event.

2. Unused Parental Leave is forfeited 12 months from the date of the Qualifying Event.
3. Paid Parental Leave shall not accrue or be donated to another employee.
4. Employees shall not be paid for the parental leave upon separation from the employer. Parental leave shall not be used for calculating an employee's retirement benefits and shall not accrue or be donated as voluntary shared leave.
5. Leave usage must be recorded in the same required increments as all other leave under College policy.
6. If the employee requires leave before the actual birth or adoption due to medical reasons or to fulfill legal adoption obligations, other available accrued leave shall be utilized in accordance with the College's leave policies. Paid Parental Leave shall not be used prior to the Qualifying Event policy approved by the President/Board of Trustees in accordance with North Carolina Session Law 2023-14. This temporary procedure/policy is effective retroactively from July 1, 2023, and shall remain in place until a formal policy is adopted by the State Board of Community Colleges and the College's Board of Trustees. This temporary procedure/policy expires on the effective date of a permanent policy adopted by the Board of Trustees.

PROCEDURE

I. ELIGIBILITY

An employee's eligibility for Paid Parental Leave shall be made based on the employee's months of service and hours of work as of the date of the qualifying life event. Employees who become parents via birth, adoption, foster or other legal placement are eligible if:

- Employee is full time.
- Employee has been continuously employed by the State of North Carolina for the immediate 12 preceding months.

Eligibility determinations are made as of the date that the child is born or placed via adoption, foster, or other legal placement. Note: Other legal placement does not include parental custody cases or legal assignments as a Guardian ad Litem (GAL).

If both parents are Eligible State Employees, each may receive Paid Parental Leave. Both parents may take their leave simultaneously or at different times.

II. LEAVE AMOUNT

Eligible employees shall receive:

- A. Eight (8) weeks (320 hours) of Paid Parental Leave to eligible employees who have given birth; or
- B. Four (4) weeks (160 hours) of Paid Parental Leave to eligible employees to care for and bond with a newborn or recently adopted, foster, or otherwise legally placed child.

III. LEAVE USAGE

Paid Parental Leave may be utilized as follows:

- Paid Parental Leave may be used only once for a qualifying event within a twelve-month period. The fact that multiple births, adoption, or other legal placement occurs (e.g., the birth of twins or adoption of siblings) does not increase the total amount of Paid Parental Leave granted for that event.
- Unused Paid Parental Leave is forfeited twelve (12) months from the date of the birth or legal placement, whichever comes first.
- Paid Parental Leave shall not accrue or be donated to another state employee.
- Eligible employees may request intermittent use of Paid Parental Leave subject to the College's approval.
- Each week of Paid Parental Leave is compensated at 100 percent of the

employee's regular, straight-time weekly pay (to exclude shift differential, premium pay, or overtime).

- Paid Parental Leave shall not be counted against or deducted from the eligible employee's accrued leave balances.
- Unused Paid Parental Leave is not compensable if an employee separates from employment with the College.
- Leave usage must be recorded in the same required increments as all other leave time.
- If the employee requires leave before the actual birth or adoption due to medical reasons or to fulfill legal adoption obligations, other available leave balances shall be utilized in accordance with the College's leave policy. Paid Parental leave shall not be used before the qualifying event.

IV. FAMILY AND MEDICAL LEAVE

Paid Parental Leave runs concurrently with Family and Medical Leave (FML), as applicable.

- Employees using Paid Parental Leave are afforded the remaining job protection under FML for an absence up to a total of twelve (12) weeks (480 hours). They may charge vacation or sick leave or take leave without pay to cover the additional absence.
- An employee shall be eligible for Paid Parental Leave even if the employee has exhausted her/his FML time consistent with the law covering FML.
- If an employee becomes eligible for FML while on Paid Parental Leave, the employee must apply for and use FML and the leave runs concurrently with FML.

V. EMPLOYEE RESPONSIBILITY

Eligible employees:

- Whenever possible, shall be required to submit to notify their immediate supervisor ten (10) weeks in advance of their intention to use Paid Parental Leave and complete the required paperwork for the Human Resources Department.
- May withdraw their request for Paid Parental Leave at any time.
- Shall be required to comply with agency leave request procedures, absent unusual circumstances.
- Must submit the requested certification of eligibility documents in order to receive Paid Parental Leave within thirty (30) days of the birth or adoption or as soon as it becomes available.
- Shall be required to submit documentation providing that they will use Paid Parental Leave for a Qualifying Event. The College may take appropriate action if there is evidence that the employee fraudulently requested, used, or otherwise abused Paid Parental Leave. This action may include revoking approval and disciplinary action up to and including dismissal.

VI. CERTIFICATION OF ELIGIBILITY FOR PAID PARENTAL LEAVE

Eligible employees shall be required to certify that they will use Paid Parental Leave to give birth to a child or will use Paid Parental Leave to care for or bond with a child. If Paid Parental Leave will run concurrent with Family Medical Leave, employees may be required to submit documentation (if applicable).

Official documents may include but not limited to:

- C. Retention and Continuation of Benefits During Leave with and without Pay. Retention and/or continuation of benefits are dependent upon the type and duration of leave granted and is determined on an individual basis.
- D. Additional Leave Requirements. Members of the uniformed services are granted leave with pay for infrequent special activities in the interest of the State when so ordered by the Governor or his/her authorized representative. Members shall be granted leave with pay for active State duty for periods not exceeding thirty (30) consecutive calendar days; for periods in excess of thirty (30) calendar days, employees shall be entitled to military leave with differential pay.

The President is authorized to develop procedures consistent with this policy.

All full-time employees shall be granted up to 24 hours (three (3) working days) for bereavement leave for the death of an immediate family member. For purposes of this Policy, “immediate family member” means the employee’s spouse, parent, child, sibling, grandparent and grandchild. This also includes all step, half and in-law relationships.

Any leave taken beyond the 24 hours must be charged to annual, sick, or leave without pay. An employee should notify his/her immediate supervisor when a death in the immediate family occurs. If leave is taken beyond the three days of bereavement leave, the employee and supervisor must ensure that the employee’s job duties are adequately covered.

Adopted: 08/08/2019

Leave without pay may be granted to an employee for: a) educational purposes which will better equip the employee for the performance of his/her duties and responsibilities; b) to do special work for the federal/state government in cases of emergency or when the College is to profit by the experience gained or the work performed; c) for vacation purposes; d) for reasons specified in College policy; or e) for other reasons deemed justified by the appropriate Vice President and the President or otherwise required by law.

I. MAXIMUM AMOUNT

Leave without pay normally shall not exceed twelve (12) months. Any exception to this should be agreed upon by the appropriate Vice President, and the President. For military leave without pay, see Policy 3.2.15 – Military Leave.

II. EMPLOYEE RESPONSIBILITY

The employee shall apply in writing to his or her supervisor for leave without pay at least two (2) weeks prior to such leave. The employee is obligated to return to duty within or at the end of the time granted. If the employee finds s/he will not return to work, the employee must notify the College immediately. Failure to report to work at the expiration of a leave without pay, unless an extension has been requested, shall be treated as a resignation.

III. COLLEGE RESPONSIBILITY

The decision to grant leave without pay is an administrative one for which the Vice President and President must assume full responsibility. Factors to consider are workload, need for filling employee's job, chances of employee's returning to duty and chances of the College's ability to reinstate employee to a position of similar status and pay. If it is necessary to fill a position vacant by leave without pay or if it is necessary to terminate an employee on leave without pay, the position may be filled by a temporary or permanent appointment provided the employee on leave without pay is notified of such action immediately.

IV. RETENTION OF BENEFITS

While on leave without pay, the employee shall retain all accumulated annual leave and sick leave and time earned towards salary increments; however, the employee ceases to earn any additional sick or annual leave on the date leave without pay begins except in cases where an employee is receiving worker's compensation benefits. The employee also ceases to earn time toward salary increments except while on military leave, educational leave or while receiving worker's compensation benefits.

**V. PAYMENT FOR NON-WORKDAYS – SHORT PERIODS OF LEAVE
WITHOUT PAY**

A short period of leave without pay is a period of not more than 10 workdays. An employee on leave without pay for a short period is entitled to be paid for non-workdays (weekends and holidays), if they are scheduled to work that day and only when he or she is in pay status at least half the day immediately preceding or following the non-workdays.

Adopted: 08/08/2019

The College shall designate and observe certain days each year as holidays. All eligible employees will be given a day off with pay for each holiday as stated herein.

- A. The President designates the holidays to be observed. The holiday schedule shall not exceed twelve (12) paid holidays per academic year.
- B. A holiday that occurs on a Saturday or Sunday generally will be observed by the College on either the preceding Friday or following Monday.
- C. An eligible employee is a full-time employee who:
 - 1. Is in pay status through the day on which the holiday is scheduled; or
 - 2. On a leave of absence without pay but was in pay status for half or more of the workdays in the month.
- D. The College recognizes that some eligible employees may wish to observe, as periods of worship or commemoration, certain days that are not included in the College's regular holiday schedule. In such cases, eligible employees may take other earned leave for those reasons if it does not unduly disrupt the College's business and is approved by the employee's immediate supervisor.
- E. The College retains the right to schedule work on a holiday for some or all eligible employees should it become necessary and critical to the College's operation. In such cases, the employee will be given the time-off at another time on a hour-for-hour basis unless the Fair Labor and Standards Act stipulates otherwise. For purposes of this Policy, a holiday is a total of eight (8) hours.
- F. In the event the College must establish an alternative operational schedule, an alternative holiday schedule may be developed in keeping with the College's operational needs provided that all employees are given the same number of holidays and the holidays do not exceed twelve (12) days. The alternative holiday schedule must be approved by the President prior to any observed holidays.
- G. When a holiday falls during a week in which an employee is taking FMLA leave for the entire week, the entire week is counted toward the employee's FMLA entitlement. However, if the employee is also using accrued paid leave during FMLA leave, the employee will not be charged accrued leave on the holiday. If the College closes for an extended holiday lasting a week or more while an

employee is taking FMLA leave, the extended holiday does not count against the employee's FMLA leave entitlement.

A. Delegation of Authority

1. During the period of the State of Emergency declared by the Governor, the Board of Trustees hereby delegate full authority to the President or his/her designee to take all actions to implement any and all paid and unpaid leave options available from any federal, state, or local source to keep employees in pay status and/or covered by employment benefits, such as health insurance. This authority includes extending the amount of State of Emergency leave made available to employees under this policy and extending the period in which this policy is effective, to the extent funding allows.
2. The Board of Trustees may repeal this policy at any time.

Adopted: April 9, 2020

Procedure:

The following is a Pandemic Emergency Leave provision authorized by the Board of Trustees in response to a pandemic event. It is available for use at the discretion of the President subject to the availability of funding. 2. **“High Risk” Employees** – Employees over 65 years of age; have underlying health conditions; or a weakened immune system. Employees providing care to someone at high risk are also considered high risk employees. High risk employees are allowed to telework or apply the provisions of this policy.
3. **Non-Mandatory Employees** – Employees who have not been directed by their supervisor to report to work onsite at any particular date and time. Non-mandatory employees will continue to be assigned work and will be expected to telework if feasible given the nature of their position's duties.

An employee development and evaluation process has been established to ensure relevant feedback between faculty and staff and the respective supervisors. This evaluation procedure is designed and intended to offer suggestions for improvement and develop strategies for the attainment of specific goals or the revision of related processes.

All employees will be evaluated annually. Each year, every full-time employee will have a pre-evaluation conference with his/her supervisor. An outcome of this conference will be a development plan to evaluate the performance of the employee and to develop strategies for improvement. The Personnel Office will be responsible for coordinating and monitoring the evaluation process and may implement a timeline for the evaluation process.

Development plans and evaluations will be retained in the personnel file.

Supervisors may only use evaluation instruments that have been approved by the Personnel Office. The President may use a different evaluation instrument and procedures when evaluating employees reporting directly to the President; however, these employees shall be evaluated annually.

In addition to the above, all curriculum employees may be evaluated by students through course evaluations.

-
- I. Using the evaluation document entitled “Performance Enhancement Plan – Faculty Employee” (PEP), each full-time faculty employee shall be evaluated annually. The evaluation process provides opportunity for self-assessment by instructors, for evaluation by students, for observation of classroom instruction and online courses and for assessment by division chair/dean with review by the senior instructional officer.
 - II. Full-time faculty are required to complete the self-assessment section of the PEP and to forward this section to the member’s supervisor. This assessment is based upon the employee’s performance during the last twelve (12) months. The employee shall also complete his/her assessment of the supervisor’s performance form which is forwarded to the faculty member’s supervisor’s supervisor.
 - III. Following the deadline for students to withdraw from a course in a given semester, evaluations by students are conducted for both full-time and part-time faculty employees. These evaluations encompass class, laboratory, and clinical experiences. All courses and sections will be evaluated by students.
 - IV. Upon the conclusion of the course evaluation period and submission of final grades, faculty employees will be able to access their evaluation results by logging into the CES tool. In addition, their respective chairs/directors and deans can review the evaluation outcomes. For full-time faculty, this will be discussed during the review conference between the faculty member and the department chair/dean and a summary will be incorporated into the Performance Evaluation Plan (PEP).
 - V. Each full-time faculty member will be observed in the classroom, laboratory, or clinical setting at least once each year. This observation may be conducted by the division chair and/or division dean or, if approved by the dean, a peer colleague. Each part-time faculty member will be observed in the classroom, laboratory, or clinical setting during the first semester of teaching and as deemed appropriate by lead instructor/chair/dean thereafter. This observation may be conducted by the lead instructor and/or division chair. A summary of the review of classroom instruction is prepared by the reviewer and shared with the faculty member. The time for the observation will be arranged with the instructor; however, other observations may occur at any time. For full-time faculty, the summary becomes a part of the PEP and is discussed by the instructor and the department chair/dean at the review conference. For part-time faculty, the classroom observation will be housed within the division.

Employees shall notify their immediate supervisor and the Executive Director of Human Resources if they are convicted, arrested, indicted or charged (including citations) for any offense other than a minor traffic offense (e.g. parking, speeding). Notice must be in writing and provide all relevant facts regarding the arrest, conviction, indictment or charge. Notice must be provided within one (1) business day of the conviction, arrest, indictment or charge.

For purposes of these procedures, a "conviction" means the entry in a court of law or military tribunal of (1) a plea of guilty, nolo contendere, no contest or the equivalent; (2) a verdict of guilty; or (3) a prayer for judgment continued or a deferred prosecution.

Employees may be disciplined, up to and including termination, if the conviction, arrest, indictment or charge: (i) poses a threat to the physical safety of students or personnel; (ii) demonstrates that the employee does not have the integrity or honesty to fulfill his or her employment duties with the College; and/or (iii) creates a substantial disruption to the ordinary operation of the College.

Adopted: 08/08/2019

All disciplinary action is intended to be progressive in nature. However, the type of disciplinary action will be based on the factual situation as well as the nature, severity and type of offense. If warranted by the facts and situation, even for first time offenses, administrators/supervisors may recommend dismissal.

Except for serious misconduct and performance issues and as stated elsewhere in the policy, employees shall receive two (2) warnings for minor performance or conduct issues. The first is an oral warning with a follow-up letter from the supervisor to the employee documenting the deficiencies in performance or conduct which were discussed and the improvement(s) required. The second warning is a performance improvement plan (PIP) which will serve notice upon the employee that a continuation of the deficiencies in performance or conduct may result in disciplinary action, which may include dismissal.

The President may delegate authority under this policy to another College administrator, such as a Vice President or Executive Director of Human Resources. Any reference to the President in this policy, is also a reference to the President's designee.

I. WARNINGS

A. Oral Warnings with Follow-Up Letter

1. The employee's supervisor shall meet with the employee and review with the employee exactly what is expected of them and explain to the employee how they have not met the College's expectations.
2. The supervisor shall provide the employee an opportunity to explain their actions.
3. The supervisor shall make recommendations for corrections and establish a reasonable period of time for the employee to correct the issues.
4. The supervisor shall provide the employee a letter/email regarding the oral warning and the College's expectations. A copy of the letter, and all subsequent letters, shall be included in the employee's personnel file.

B. Performance Improvement Plan (PIP)

After giving an oral warning and allowing for a reasonable period of time to correct the issues outlined in the supervisor's follow-up letter/email to the employee, if the employee has not corrected the issues, the supervisor shall meet with the employee for the purpose of delivering a PIP. The purpose of the PIP is to define areas of improvement in work performance. During the period of the PIP, the employee will be monitored to access if appropriate improvement is

being made. The PIP is to allow the employee to demonstrate improvement and commitment to WCC.

The PIP shall further document the continuing issues and shall state that if the employee does not immediately correct the issues, the employee may be subject to additional disciplinary action up to and including termination/dismissal. Before issuing the PIP to the employee, the President, Executive Director of Human Resources, and any intermediate superior/supervisor will review the contents of the PIP. A copy of the PIP, and all subsequent letters, will be included in the employee's personnel file.

C. Serious Misconduct

For serious misconduct, as determined by the President, an employee may be subject to termination or other disciplinary action without first receiving oral or written warnings.

II. SUSPENSION

Suspension may be used in two ways: as an independent discipline action or in conjunction with an investigation and dismissal proceedings.

A. Independent Discipline Action

1. If a supervisor determines that an employee's actions warrant suspension, the supervisor shall prepare and provide a written report, with a summary supporting that determination, to the appropriate Vice President and Executive Director of Human Resources. The Vice President shall review the report and provide his/her written recommendation to the President.
2. The President has the authority to suspend an employee with or without pay as a disciplinary action and may delegate this authority to the Executive Director of Human Resources, a Vice President or other College administrator. The President or designee may make such determination without a recommendation from a supervisor and/or Vice President. The President or designee may choose other disciplinary action relevant to the nature of the situation.
3. The President shall meet with the employee and give the employee an opportunity to be heard. After hearing from the employee, the President shall make a determination regarding the suspension, whether it shall be paid or unpaid and the length of the suspension. The President, Executive Director of Human Resources, or the employee's supervisor shall inform the employee of the President's determination. The

President shall prepare a follow-up written statement providing the circumstances and facts which led to the suspension. A copy of the letter shall be included in the employee's personnel file. In cases where the employee's continued presence on campus is not in the College's best interest or a health or safety issue, the President may immediately suspend the employee with pay. Prior to changing any paid suspension to unpaid suspension, the President shall meet with the employee and provide the employee with an opportunity to be heard.

4. When an employee is suspended, they shall leave the College property at once and not be allowed to return until the end of the suspension unless authorized by the President.
5. Failure of the employee to report back to work when requested, or at the suspension expiration date, will be considered a voluntary resignation of employment and any subsequent reinstatement or re-employment shall be on the basis of new employment.

B. Suspension to Allow for an Investigation

The President or designee may suspend an employee, with pay, for up to ninety (90) days while conducting an investigation as to whether the employee engaged in conduct that would warrant dismissal or other disciplinary action. At the end of the ninety (90) day period, the President shall dismiss the employee, reinstate the employee or implement another disciplinary action. For good cause, the President may extend the ninety (90) day suspension period.

III. DISMISSAL

A. Contract Full-time Employees

1. Contract employees are full-time employees who are issued a contract. An employment contract is an agreement or term of hire from Wilkes Community College to an employee that sets the terms and conditions of their employment.
2. The President has authority to dismiss a contract employee pursuant to the provisions of this section. The President may delegate this authority to a Vice President, Executive Director of Human Resources or another College administrator.
3. If a supervisor determines that an employee's actions warrant dismissal, the supervisor shall recommend termination to the appropriate Vice

President who shall, after meeting and consulting with the supervisor and Executive Director of Human Resources, provide the recommendation to the President. If necessary, the President or designee shall suspend the employee pursuant to Section II (B). As necessary, the President or designee may further investigate the matter.

4. At the conclusion of any investigation and after review of the recommendation, the President or designee shall either dismiss the matter or meet with the employee and present him/her with a written notice of charges and provide the employee with an opportunity to respond. If, after the written notice of charges meeting, the President or designee decides to dismiss the employee, the President will provide the employee with written notice that the employee is being dismissed and the reasons for the dismissal. The notice shall be included in the employee's personnel file.
5. If the President's designee made the decision to dismiss an employee, the employee may appeal the decision to the President. Any request for appeal must be submitted in writing and received by the President's office within ten business (10) days. Any request for appeal must state the grounds on which the appeal is based. The President may choose to meet with the employee or render a decision based on the written record. The President's decision is final and may not be appealed to the Board of Trustees. If the President made the decision to dismiss the employee, the President's decision is final and may not be appealed.
6. For serious misconduct and performance issues, the President may skip any of the procedures in subsection 1 and immediately meet with the employee and provide a written notice of charges.
7. The President will notify the Chair of Board of Trustees and Chair of Personnel Committee at or before its next regular meeting of any final action to terminate an employee.

B. At-Will Employees

1. At-Will employees are in general part-time employees who complete a timesheet and do not receive a contract for their services. For example, at-will employees are tutors, Walker Center staff, police/security officers, etc.
2. At-Will employees may be terminated on any basis that is not discriminatory or otherwise unlawful. The President has authority to terminate at-will employees and may delegate this authority to any Vice President, Executive Director of Human Resources, or other Senior College administrator.

3. If a supervisor determines that an employee's actions warrant dismissal, the supervisor shall recommend dismissal of the employee to the appropriate Vice President (VP).
4. If the supervisor and VP agree that the employee's actions warrant dismissal, the supervisor and/or VP will confer with the Executive Director of Human Resources.
5. If the decision is made to dismiss the employee, the supervisor (and/or the VP) and Executive Director of Human Resources will notify the employee of their dismissal. The supervisor will send documentation to the Executive Director of Human Resources.
6. If the President's designee made the decision to dismiss an employee, the employee may appeal the decision to the President. Any request for appeal must be submitted in writing and received by the President's office within ten business (10) days. Any request for appeal must state the grounds on which the appeal is based. The President may choose to meet with the employee or render a decision based on the written record. The President's decision is final and may not be appealed to the Board of Trustees. If the President made the decision to dismiss the employee, the President's decision is final and may not be appealed unless to President's actions were impermissible based on a violation of state or federal law or if the actions were based on the employee's race, religion, color, natural origin, sex, sexual orientation, gender identity, age, disability, genetic information, political affiliation or status as a covered veteran in accordance with all applicable federal, state and local laws (see Policy 3.3.6 Right to Appeal).

Adopted: 08/08/2019

Revised: 01/06/2022, 08/15/2024

Cross Reference: Policy 3.3.6 – Right of Appeal

I. DEFINITIONS

Non-renewal means the decision not to offer a new contract at the end of the current contract period.

Impermissible Grounds means the use of the employee's race, religion, color, national origin, sex, gender identity, sexual orientation, age, disability, genetic information, political affiliation, or status as a covered veteran in accordance with all applicable federal, state and local laws; or if the decision is otherwise a violation of state or federal law.

II. NON-RENEWAL PROCESS

At least ten (10) business days prior to the end of the contract period, the President or designee will notify (via hand-delivery, certified mail and/or campus email), the employee who will not be offered a new employment contract. The College may non-renew the employee's contract for any reason that is not based on Impermissible Grounds. The failure of the College to provide notice of non-renewal prior to the expiration of any contract does not entitle the employee to a new contract.

An employee may not appeal the decision to non-renew the employee's contract. However, the employee may request the President reconsider the nonrenewal and may submit information and/or documentation in support of the employee's request. The President's decision is final.

If an employee continues working beyond the term of any contract and the College and employee have not entered into a new or extended contract, the employee shall become an at-will employee and the College or employee may terminate the employment relationship at any time subject to any state or federal laws.

III. RESIGNATIONS

Any employee who does not wish to be nominated for re-employment should notify the appropriate Vice President, Executive Director of Human Resources, and the President in writing at least thirty (30) calendar days prior to the expiration of the current contract. The President, or designee, may accept the resignation without providing notice of the acceptance to the employee.

In cases where, in lieu of disciplinary action and dismissal, the employee tries to unilaterally resign, the President does not need to accept the resignation and may continue with the disciplinary and dismissal process.

Information about sex discrimination or harassment shared with these Confidential Employees typically will not be reported to other Wilkes Community College personnel (including the Title IX Coordinator or Deputy Title IX Coordinator), to the Respondent, or to others, unless the disclosing individual gives their consent to the disclosure or the law requires it (as may be the case with abuse involving a minor or under conditions involving imminent physical harm, for example). Confidential Employees may report non-identifying statistical information to the Title IX Coordinator and/or Deputy Title IX Coordinator for recordkeeping and compliance purposes.

Wilkes Community College requires Confidential Employees to explain to any person who informs them of conduct that reasonably may constitute sex discrimination: (1) the employee's status as confidential, including the circumstances in which the employee is not required to notify the Title IX Coordinator or Deputy Title IX Coordinator about conduct that reasonably may constitute sex discrimination; (2) how to contact Wilkes Community College's Title IX Coordinator and/or Deputy Title IX Coordinator and how to make a Complaint of sex discrimination; and (3) that the Title IX Coordinator and/or Deputy Title IX Coordinator may be able to offer and coordinate Supportive Measures, as well as initiate an informal resolution process or an investigation under Wilkes Community College's Title IX grievance procedures.

Wilkes Community College will address allegations of sex discrimination and Sex-Based Harassment appropriately no matter the length of time that has passed since the alleged conduct. However, Wilkes Community College strongly encourages prompt reporting to preserve evidence for a potential legal or disciplinary proceeding. Delay may compromise the ability to investigate, particularly if the individuals involved in the alleged conduct are no longer Wilkes Community College students or employees.

IV. Public Awareness Events:

To the extent information about conduct that reasonably may constitute sex discrimination (including Sex-Based Harassment) under Title IX was provided by a person during a public event to raise awareness about sex discrimination that was held either on campus or through an online platform sponsored by Wilkes Community College, Wilkes Community College is not obligated to act in response to the information, unless it indicates an imminent and serious threat to the health or safety of a Complainant, any Students, employees, or other persons. Wilkes Community College will use this information, however, to inform its efforts to prevent sex discrimination, including by providing tailored training to address alleged sex discrimination in a particular part of its Education Program or Activity or at a specific location when information indicates there may be multiple incidents of sex discrimination.

V. Effect of Respondent Withdrawal, Graduation, or Resignation During Grievance Process

At the discretion of Wilkes Community College, a Respondent who withdraws or resigns from Wilkes Community College during the pendency of a grievance process under the grievance procedures set forth below may be barred from Wilkes Community College property and Wilkes Community College activities and events and may be ineligible for re-enrollment or to be re-hired. If a Respondent completes all requirements to graduate during the grievance process, Wilkes Community College may hold the Respondent's diploma until full resolution of the Complaint.

VI. Privacy and Disclosure

Except as may be permitted by FERPA or as required by law or to carry out any investigation or resolution of sex discrimination and/or Sex-Based Harassment allegations, Wilkes Community College will keep private the identity of any individual who has made a report or Complaint of sex discrimination and/or Sex-Based Harassment, any Complainant, any Respondent, and any witness.

Wilkes Community College may report alleged sex discrimination (including Sex-Based Harassment) to local law enforcement if warranted by the nature of the allegations at issue, and Wilkes Community College administrators will share information regarding alleged sex discrimination, as appropriate and necessary, in order to address and resolve the allegation(s) at issue, prevent the recurrence of similar sex discrimination, and address the effects of the Sex-Based Harassment. Additionally, information regarding alleged sex discrimination may be used as a statistical, anonymous report for data collection purposes under the Clery Act.

To comply with FERPA, Title IX, and other applicable laws and to provide an orderly process for the presentation and consideration of Relevant information without undue intimidation or pressure, grievance processes carried out under these Title IX Grievance Procedures are not open to the general public. Accordingly, documents prepared in connection with such processes; documents, statements, or other information introduced in interviews, meetings, and proceedings; and the final outcome letter may not be disclosed outside of those processes, except as may be required or authorized by law.

As permitted by and subject to the limitations of FERPA, Wilkes Community College reserves the right to notify parent(s) or guardian(s) of a Student Respondent of the outcome of any investigation involving that Respondent, redacting names of any other Students who do not consent to the disclosure of their information. At the written request of a Party, Wilkes Community College may include a Party's advisor on communications and share access to documents, including the investigation report. This access is subject to the advisor's acknowledgment and agreement to maintain the confidentiality of the documents.

While Wilkes Community College strongly encourages Parties to maintain privacy in connection with a grievance process, Wilkes Community College does not prohibit Parties from discussing the allegations under investigation or in any way inhibit the Parties from gathering or presenting Relevant evidence. In addition, Wilkes Community College's policy does not prohibit disclosure of the final outcome letter by either the Complainant or the Respondent.

VII. Academic Freedom

Wilkes Community College affirms its commitment to academic freedom but notes that academic freedom does not allow any form of sex discrimination, including Sex-Based Harassment. Wilkes Community College recognizes that an essential function of education is a probing of opinions and an exploration of ideas, some of which, because they are controversial, may cause Students and others discomfort. This discomfort, as a product of free academic inquiry within a faculty member's area(s) of expertise, shall in no way be considered or construed to constitute sex discrimination or Sex-Based Harassment. Academic inquiry may involve teaching, research, and extramural speech. Furthermore, nothing in this document shall be interpreted to prohibit bona fide academic requirements for a specific Wilkes Community College program or activity. When investigating Complaints that a Party, Title IX Coordinator or Deputy Title IX Coordinator believes may involve issues of academic freedom, the Title IX Coordinator and/or Deputy Title IX

Coordinator will consult with the Vice President of Instruction with respect to contemporary academic practices and standards.

VIII. Documentation

Wilkes Community College will retain documentation (including but not limited to any Complaint, notifications, recording or transcripts of interviews, investigative report, written findings of fact, petitions for appeal, notifications of decisions (including the final outcome letter), audio recordings of hearings, and written communication with the Complainant and Respondent), for no less than seven years.

IX. Amnesty

Wilkes Community College considers the reporting and adjudication of sex discrimination and Sex-Based Harassment to be of paramount importance. Wilkes Community College does not condone underage drinking or the use of illegal drugs; however, Wilkes Community College may extend amnesty to Complainants, Respondents, witnesses, and others involved in a Title IX grievance process from punitive sanctioning for illegal use of drugs and/or alcohol when evidence of such use is discovered or submitted in the course of a Title IX grievance process. Similarly, Wilkes Community College may, in its discretion, provide amnesty for other conduct code violations that are discovered in the course of a grievance process.

X. Individuals with Disabilities

Wilkes Community College will make arrangements to ensure that individuals with disabilities are provided appropriate adjustments, to the extent necessary and available, to participate in Wilkes Community College's grievance processes. Student requests for accommodation must be made to Renee Macemore, Director of Disability, Inclusion, and Diversity (336-838-6560; rmmacemore052@wilkescc.edu). All other requests for accommodation must be made to Sherry Cox, Executive Director of Human Resources/Title IX Coordinator (336-838-6422; spcox072@wilkescc.edu).

Definitions:

Complainant means: (1) A Student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX or its regulations; or (2) A person other than a Student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX or its regulations and who was participating or attempting to participate in Wilkes Community College's Education Program or Activity at the time of the alleged sex discrimination.

Complaint means an oral or written request to Wilkes Community College that objectively can be understood as a request for Wilkes Community College to investigate and make a determination about alleged discrimination under Title IX or its regulations.

Confidential Employee means: (1) An employee whose communications are privileged or

confidential under Federal or State law. The employee's confidential status, for purposes of this part, is only with respect to information received while the employee is functioning within the scope of their duties to which privilege or confidentiality applies; (2) An employee whom the recipient has designated as confidential under this part for the purpose of providing services to persons related to sex discrimination. If the employee also has a duty not associated with providing those services, the employee's confidential status is only with respect to information received about sex discrimination in connection with providing those services; or (3) An employee who is conducting an Institutional Review Board-approved human-subjects research study designed to gather information about sex discrimination-but the employee's confidential status is only with respect to information received while conducting the study.

Consent is informed, freely and actively given, mutually understandable words or actions that indicate a willingness and readiness to participate in mutually agreed upon sexual activity. Consent is mutually understandable when a reasonable person would consider the words or actions of the Parties to have manifested a clear and unambiguous agreement between them to engage in certain conduct with each other. Consent cannot be gained by ignoring or acting in spite of the objections of another.

Consent cannot be inferred from: silence, passivity, or lack of resistance alone; a current or previous dating or sexual relationship alone (or the existence of such a relationship with anyone else); attire; the buying of dinner or the spending of money on a date; or Consent previously given (i.e., Consenting to one sexual act does not imply Consent to another sexual act).

Consent is not effective if it is obtained through the use of physical force, violence, duress, deception, intimidation, coercion, or the threat, expressed or implied, of bodily injury. Whether a party used any of these means to obtain Consent will be determined by reference to the perception of a reasonable person found in the same or similar circumstances.

Consent may never be given by the following individuals: minors, even if the other participant did not know the minor's age; mentally disabled persons, if their disability was reasonably knowable to a person who is not mentally disabled; or persons who are Incapacitated. The use of alcohol or drugs does not diminish one's responsibility to obtain Consent and does not excuse conduct that constitutes Sexual Harassment.

If at any time during a sexual act any confusion or ambiguity is or should reasonably be apparent on the issue of Consent, it is incumbent upon each individual involved in the activity to stop and clarify the other's willingness and readiness to continue and capacity to Consent. Neither Party should make assumptions about the other's willingness and readiness to continue.

Disciplinary Sanctions means consequences imposed on a Respondent following a determination under Title IX that the Respondent violated Wilkes Community College's prohibition on sex discrimination.

Education Program or Activity means all of Wilkes Community College's operations and includes conduct that (1) occurs in any building owned or controlled by a student or organization that is officially recognized by Wilkes Community College, and (2) is subject to Wilkes Community College's disciplinary authority. The obligation to address a Sex-based hostile environment under Wilkes Community College's Education Program or Activity may extend to some conduct that occurred outside Wilkes Community College's Education Program or Activity or outside the United States, if such conduct is alleged to be contributing to the hostile environment.

Incapacitated means lacking the physical and/or mental ability to make informed, rational judgments. A person may be Incapacitated for a variety of reasons, including but not limited to being asleep or unconscious, having consumed alcohol or taken drugs, or experiencing blackouts or flashbacks.

Party means a Complainant or Respondent.

Relevant means related to the allegations of sex discrimination under investigation as part of these grievance procedures. Questions are Relevant when they seek evidence that may aid in showing whether the alleged sex discrimination occurred, and evidence is Relevant when it may aid a decisionmaker in determining whether the alleged sex discrimination occurred.

Remedies means measures provided, as appropriate, to a Complainant or any other person Wilkes Community College identifies as having had their equal access to Wilkes Community College's Education Program or Activity limited or denied by sex discrimination. These measures are provided to restore or preserve that person's access to Wilkes Community College's Education Program or Activity after Wilkes Community College determines that sex discrimination occurred.

Respondent means a person who is alleged to have violated Wilkes Community College's prohibition on sex discrimination.

Retaliation means intimidation, threats, coercion, or discrimination against any person by Wilkes Community College, a Student, or an employee or other person authorized by Wilkes Community College to provide aid, benefit, or service under the Wilkes Community College's Education Program or Activity, for the purpose of interfering with any right or privilege secured by Title IX or its regulations, or because the person has reported information, made a Complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under the Title IX regulations.

Sex-Based Harassment is a form of sex discrimination and means sexual harassment and other harassment on the basis of sex, including on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity, that is:

Quid pro quo harassment. An employee, agent, or other person authorized by

Wilkes Community College to provide an aid, benefit, or service under Wilkes Community College's Education Program or Activity explicitly or impliedly conditioning the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct;

Hostile environment harassment. Unwelcome Sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from Wilkes Community College's Education Program or Activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:

- a) The degree to which the conduct affected the Complainant's ability to access Wilkes Community College's Education Program or Activity;
- b) The type, frequency, and duration of the conduct;
- c) The Parties' ages, roles within Wilkes Community College's Education Program or Activity, previous interactions, and other factors about each Party that may be Relevant to evaluating the effects of the conduct;
- d) The location of the conduct and the context in which the conduct occurred; and
- e) Other Sex-Based Harassment in the Wilkes Community College Education Program or Activity; or

Specific offenses.

- a) "Sexual Assault" means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation. As of the effective date of this Policy, those offenses are defined as follows:

Forcible sex offense: any sexual act, including rape, sodomy, sexual assault with an object or fondling, directed against another person, without the Consent of the victim, including instances where the victim is incapable of giving Consent.

- 1) Forcible rape (except statutory rape (defined below)) —the carnal knowledge of a person, forcibly and/or against that person's will or not forcibly or against the person's will in instances where the victim is incapable of giving Consent because of their temporary or permanent mental or physical incapacity.
- 2) Forcible sodomy – oral or anal sexual intercourse with another person, forcibly and/or against that person's will or not forcibly or against the person's will in instances where the victim is incapable of giving Consent because of their youth or because of their temporary or permanent mental or physical incapacity.
- 3) Sexual assault with an object – to use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person's will or not forcibly or against the

- person's will in instances where the victim is incapable of giving Consent because of their youth or because of their temporary or permanent mental or physical incapacity.
- 4) Forcible fondling – the touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will or not forcibly or against the person's will in instances where the victim is incapable of giving Consent because of their youth or because of their temporary or permanent mental or physical incapacity. (ii) Nonforcible sex offense: unlawful, nonforcible sexual intercourse. (1) Incest — nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law. (2) Statutory rape — nonforcible sexual intercourse with a person who is under the statutory age of Consent.
- b) Dating violence meaning violence committed by a person:
- Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
 - Where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - The length of the relationship;
 - The type of relationship; and
 - The frequency of interaction between the persons involved in the relationship;
- c) Domestic violence meaning felony or misdemeanor crimes committed by a person who:
- Is a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the jurisdiction of Wilkes Community College or a person similarly situated to a spouse of the victim;
 - Is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
 - Shares a child in common with the victim; or
 - Commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction; or
- d) Stalking meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
- Fear for the person's safety or the safety of others; or
 - Suffer substantial emotional distress.

Student means a person who has gained admission to Wilkes Community College.

Supportive Measures means individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a Complainant or Respondent, not for punitive or

disciplinary reasons, and without fee or charge to the Complainant or Respondent to:

- 1) Restore or preserve that Party's access to Wilkes Community College's Education Program or Activity, including measures that are designed to protect the safety of the Parties or Wilkes Community College's educational environment; or
- 2) Provide support during Wilkes Community College's grievance procedures or during an informal resolution process.

Grievance Procedures for General Complaints of Sex Discrimination:¹

Wilkes Community College has adopted grievance procedures that provide for the prompt and equitable resolution of Complaints made by Students, employees, or other individuals who are participating or attempting to participate in its Education Program or Activity, or by the Title IX Coordinator or Deputy Title IX Coordinator, alleging any action that would be prohibited by Title IX or the Title IX regulations.

Complaints:

The following people have a right to make a Complaint of sex discrimination, including Complaints of Sex-Based Harassment, requesting that Wilkes Community College investigate and make a determination about alleged discrimination under Title IX:

- “A Complainant,” which includes:
 - a Student or employee of Wilkes Community College who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX; or
 - a person other than a Student or employee of Wilkes Community College who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX at a time when that individual was participating or attempting to participate in Wilkes Community College’s Education Program or Activity;
- A parent, guardian, or other authorized legal representative with the legal right to act on behalf of a Complainant; or
- Wilkes Community College’s Title IX Coordinator or Deputy Title IX Coordinator.

Note that a person is entitled to make a Complaint of Sex-Based Harassment only if they themselves are alleged to have been subjected to the Sex-Based Harassment, if they have a legal right to act on behalf of such person, or if the Title IX Coordinator or Deputy Title IX Coordinator initiates a Complaint.

With respect to Complaints of sex discrimination other than Sex-Based Harassment, in addition to the people listed above, the following persons have a right to make a Complaint:

- Any Student or employee Wilkes Community College; or
- Any person other than a Student or employee who was participating or attempting to participate in Wilkes Community College’s Education Program or Activity at the time of the alleged sex discrimination.

¹This procedure addresses Wilkes Community College’s grievance procedures for Complaints of sex discrimination other than Complaints of Sex-Based Harassment involving a Student Complainant or Student Respondent. The grievance procedures for Complaints of Sex-Based Harassment involving a Student Complainant or Student Respondent are addressed in Procedure 5.3.4.1A Title IX Nondiscrimination, Sex Discrimination and Sex-Based Harassment Involving Student Complainant or Student Respondent.

Initiation of Complaint by Title IX Coordinator or Deputy Title IX Coordinator:

In the absence of a Complaint or the withdrawal of any or all of the allegations in a Complaint, and in the absence or termination of an informal resolution process, the Title IX Coordinator and/or Deputy Title IX Coordinator will determine whether to initiate a Complaint of sex discrimination.

To make this fact-specific determination, the Title IX Coordinator and/or Deputy Title IX Coordinator must consider, at a minimum, the following factors:

- (1) The Complainant's request not to proceed with initiation of a Complaint;
- (2) The Complainant's reasonable safety concerns regarding initiation of a Complaint;
- (3) The risk that additional acts of sex discrimination would occur if a Complaint is not initiated;
- (4) The severity of the alleged sex discrimination, including whether the discrimination, if established, would require the removal of a Respondent from campus or imposition of another Disciplinary Sanction to end the discrimination and prevent its recurrence;
- (5) The age and relationship of the Parties, including whether the Respondent is an employee of Wilkes Community College;
- (6) The scope of the alleged sex discrimination, including information suggesting a pattern, ongoing sex discrimination, or sex discrimination alleged to have impacted multiple individuals;
- (7) The availability of evidence to assist a decisionmaker in determining whether sex discrimination occurred; and
- (8) Whether Wilkes Community College could end the alleged sex discrimination and prevent its recurrence without initiating its Title IX grievance procedures.

If, after considering these and other Relevant factors, the Title IX Coordinator and/or Deputy Title IX Coordinator determines that the conduct as alleged presents an imminent and serious threat to the health or safety of the Complainant or other person, or that the conduct as alleged prevents Wilkes Community College from ensuring equal access on the basis of sex to its Education Program or Activity, the Title IX Coordinator and/or Deputy Title IX Coordinator may initiate a Complaint.

If initiating a Complaint, the Title IX Coordinator and/or Deputy Title IX Coordinator will notify the Complainant prior to doing so and appropriately address reasonable concerns about the Complainant's safety or the safety of others, including by providing Supportive Measures and, regardless of whether a Complaint is initiated, taking other appropriate prompt and effective steps, in addition to steps necessary to effectuate the Remedies provided to an individual Complainant, if any, to ensure that sex discrimination does not continue or recur within Wilkes Community College's Education Program or Activity.

A Title IX Coordinator or Deputy Title IX Coordinator is not required to consider initiating a Complaint upon being notified of conduct that may constitute sex discrimination if the Title IX Coordinator or Deputy Title IX Coordinator reasonably determines that the conduct as alleged

could not constitute sex discrimination under Title IX.

Complaint Consolidation:

Wilkes Community College may consolidate Complaints of sex discrimination against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one Party against another Party, when the allegations of sex discrimination arise out of the same facts or circumstances; provided, however, that the affected Parties consent to the disclosure of their education records in accordance with FERPA requirements. When more than one Complainant or more than one Respondent is involved, references below to a Party, Complainant, or Respondent include the plural, as applicable.

Complaint Processing Parameters:

Wilkes Community College will treat Complainants and Respondents equitably.

Wilkes Community College requires that any Title IX Coordinator, Deputy Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent.

As set forth below, the Parties have an opportunity to challenge the participation of the investigator(s) and/or decisionmaker(s) for alleged conflict of interest or bias.

Wilkes Community College presumes that the Respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

Wilkes Community College has established the following timeframes for the major stages of the grievance procedures:

- decision whether to dismiss or investigate a Complaint within 15 business days after the Title IX Coordinator or Deputy Title IX Coordinator's receipt of the Complaint;
- completion of any investigation within 45 business days after the Title IX Coordinator or Deputy Title IX Coordinator's receipt of the Complaint;
- issuance of any responsibility determination within 60 business days after the Title IX Coordinator or Deputy Title IX Coordinator's receipt of the Complaint; and
- decision on any appeal within 15 business days after the Title IX Coordinator or Deputy Title IX Coordinator's receipt of the Party's appeal materials.

The timelines set forth above may be altered for good cause with written notice to the Parties of any delay or extension and the supporting reasons. Good cause may include considerations such as the absence of a Party, a Party's advisor, or a witness; concurrent law enforcement activity; natural disasters, pandemic restrictions, and similar occurrences; or the need for language assistance or accommodation of disabilities.

Either Party may request an extension of any deadline by providing the Title IX Coordinator or Deputy Title IX Coordinator with a written request that includes the length of the proposed

extension and the basis for the request. The Title IX Coordinator or Deputy Title IX Coordinator will review the request and make a determination to grant or deny within three business days.

Wilkes Community College will take reasonable steps to protect the privacy of the Parties and witnesses during its grievance procedures. These steps will not restrict the ability of the Parties to obtain and present evidence, including by speaking to witnesses; consult with their family members, Confidential Employees, or advisors; or otherwise prepare for or participate in the grievance procedures. The Parties cannot engage in Retaliation, including against witnesses.

Evidentiary Issues

Wilkes Community College will objectively evaluate all evidence that is Relevant and not otherwise impermissible including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person's status as a Complainant, Respondent, or witness.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be accessed or considered, except by Wilkes Community College to determine whether one of the exceptions listed below applies; will not be disclosed; and will not otherwise be used), regardless of whether they are Relevant:

- Evidence that is protected under a privilege recognized by Federal or State law or evidence provided to a Confidential Employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- Party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the Party or witness, unless Wilkes Community College obtains that Party's or witness's voluntary, written consent for use in its grievance procedures; and
- Evidence that relates to the Complainant's sexual interests or prior sexual conduct, unless evidence about the Complainant's prior sexual conduct is offered to prove that someone other than the Respondent committed the alleged conduct or is evidence about specific incidents of the Complainant's prior sexual conduct with the Respondent that is offered to prove Consent to the alleged Sex-Based Harassment. The fact of prior consensual sexual conduct between the Complainant and Respondent does not by itself demonstrate or imply the Complainant's Consent to the alleged Sex-Based Harassment or preclude determination that Sex-Based Harassment occurred.

Notice of Allegations:

Upon initiation of Wilkes Community College's Title IX grievance procedures, Wilkes Community College will notify the Complainant, or if the Complainant is unknown, the individual who reported the conduct, and the Respondent of the following:

- Wilkes Community College's Title IX grievance procedures and informal

resolution process;

- Sufficient information available at the time to allow the Parties to respond to the allegations, including the identities of the Parties involved in the incident(s), the conduct alleged to constitute sex discrimination, and the date(s) and location(s) of the alleged incident(s);
- Retaliation is prohibited, and allegations of Retaliation in connection with a Title IX grievance process will be addressed under this document's Section IV. grievance procedures; and
- The Parties are entitled to an equal opportunity to access the Relevant and not otherwise impermissible evidence or an accurate description of this evidence. If Wilkes Community College provides a description of the evidence, the Parties are entitled to an equal opportunity to access the Relevant and not otherwise impermissible evidence upon the request of any Party.

If, in the course of an investigation, Wilkes Community College decides to investigate additional allegations of sex discrimination by the Respondent toward the Complainant that are not included in the notice provided or that are included in a Complaint that is consolidated, Wilkes Community College will notify the Parties of the additional allegations.

Complaint Dismissal:

Wilkes Community College may dismiss a Complaint of sex discrimination if:

- Wilkes Community College is unable to identify the Respondent after taking reasonable steps to do so;
- The Respondent is not participating in Wilkes Community College's Education Program or Activity and is not employed by Wilkes Community College;
- The Complainant voluntarily withdraws any or all of the allegations in the Complaint, the Title IX Coordinator declines to initiate a Complaint, and Wilkes Community College determines that, without the Complainant's withdrawn allegations, the conduct that remains alleged in the Complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- Wilkes Community College determines the conduct alleged in the Complaint, even if proven, would not constitute sex discrimination under Title IX. Before dismissing the Complaint, Wilkes Community College will make reasonable efforts to clarify the allegations with the Complainant.
- Upon dismissal, Wilkes Community College will promptly notify the Complainant of the basis for the dismissal. If the dismissal occurs after the Respondent has been notified of the allegations, then Wilkes Community College will also notify the Respondent of the dismissal and the basis for the dismissal promptly following notification to the Complainant, or simultaneously if notification is in writing. Wilkes Community College will provide the Complainant with an opportunity to appeal the dismissal of a Complaint. And, if the dismissal occurs after the Respondent has been notified of the allegations, then Wilkes Community College will also notify the Respondent that the dismissal may be appealed.

Dismissals may be appealed on the following bases:

- Procedural irregularity that would change the outcome;
- New evidence that would change the outcome and that was not reasonably available when the dismissal was made; and/or
- The Title IX Coordinator or Deputy Title IX Coordinator had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent that would change the outcome.
- When a Complaint is dismissed, Wilkes Community College will, at a minimum:
- Offer Supportive Measures to the Complainant as appropriate;
- If the Respondent has been notified of the allegations, offer Supportive Measures to the Respondent as appropriate; and
- Take other prompt and effective steps, as appropriate, through the Title IX Coordinator or Deputy Title IX Coordinator to ensure that sex discrimination does not continue or recur within Wilkes Community College's Education Program or Activity.

Investigation Parameters

Wilkes Community College will provide for adequate, reliable, and impartial investigation of Complaints.

The burden is on Wilkes Community College—not on the Parties—to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred.

Wilkes Community College will provide an equal opportunity for the Parties to present fact witnesses and other inculpatory and exculpatory evidence that are Relevant and not otherwise impermissible.

Wilkes Community College will review all evidence gathered through the investigation and determine what evidence is Relevant and what evidence is impermissible regardless of relevance.

Wilkes Community College will provide each Party with an equal opportunity to access the evidence that is Relevant to the allegations of sex discrimination and not otherwise impermissible.

Wilkes Community College will provide each Party a reasonable opportunity to respond to the evidence; and

Wilkes Community College will take reasonable steps to prevent and address the Parties' unauthorized disclosure of information and evidence obtained solely through the grievance procedures. Disclosures of such information and evidence for purposes of administrative proceedings or litigation related to the Complaint of sex discrimination are authorized.

Appointment of the Investigator(s) and Decisionmaker and Challenging of the Same:

Unless a Complaint is dismissed or the Parties elect to participate in informal resolution, the Title IX Coordinator or Deputy Title IX Coordinator will promptly appoint an investigator or investigators, who may be the Title IX Coordinator or Deputy Title IX Coordinator as expressly permitted by Title IX and will also appoint a decisionmaker. The investigators and decisionmaker may be a Wilkes Community College employee or a non-employee contractor. If a faculty member is the Respondent, the College's Vice President of Instruction will serve as the decisionmaker. If a staff member is the Respondent, the College's Senior Vice President of Finance and Administration will serve as the decisionmaker.

The Title IX Coordinator or Deputy Title IX Coordinator will contemporaneously share the investigator(s) and decisionmaker names with the Complainant and/or Respondent. Within two business days of that notification the Complainant or the Respondent may identify to the Title IX Coordinator or Deputy Title IX Coordinator in writing any alleged conflicts of interest or bias on the part of any assigned investigators and/or decisionmakers.

The Title IX Coordinator or Deputy Title IX Coordinator will consider such statements and will promptly assign different investigator(s) and/or decisionmaker if the Title IX Coordinator or Deputy Title IX Coordinator determines that a material conflict of interest or material bias exists.

If the Title IX Coordinator or Deputy Title IX Coordinator is the designated investigator, Wilkes Community College's Vice President of Instructional Support and Student Services and/or Senior Vice President of Finance and Administration will consider any alleged conflicts of interest or bias submitted by the Parties pursuant to the previous paragraph and, if the Vice President of Instructional Support and Student Services and/or Senior Vice President of Finance and Administration determines that a material conflict of interest or material bias exists, will appoint a new investigator.

The Investigator(s) Activities, Including Questioning of Parties and Witnesses:

The investigator will take steps such as interviewing the Complainant, the Respondent, and witnesses (including expert witnesses, where applicable); recording, transcribing, and/or summarizing such interviews in writing; collecting and reviewing relevant documents; visiting, inspecting, and taking or reviewing photographs of Relevant sites; and collecting and reviewing other Relevant and not impermissible evidence.

The investigator will question the Parties and witnesses in individual meetings to gather evidence and also to assess credibility to the extent credibility is both in dispute and Relevant to one or more allegations of sex discrimination.

Evidence Review:

The investigator will compile all Relevant and not inadmissible evidence (including items such as the Complaint, written statements of position, summaries or transcripts of all interviews conducted, photographs, descriptions of Relevant evidence, and summaries or copies of Relevant electronic

records) and send to each Party an electronic or hard copy of such evidence.

The Parties then will have ten business days from the time that the evidence is provided to submit to the investigator(s) a written response to the evidence. In the response, the Parties may address the relevancy of any evidence that the Parties believe should be included in or excluded from the investigator(s)' report and/or the decisionmaker(s)' analysis and may also address any further investigation activities or questions that they believe are necessary. If a Party wishes to submit additional evidence at this stage, they should explain how the evidence is Relevant and why it was not previously provided.

Due to the sensitive nature of the evidence in question, the Parties may not copy, publish, photograph, print, image, record, or in any other manner duplicate the evidence or any part thereof. Parties who violate these restrictions may be disciplined. Nothing in this document restricts the ability of either Party to discuss the allegations under investigation or to gather, preserve, and/or present Relevant evidence.

Determination Whether Sex Discrimination Occurred:

Following an investigation and evaluation of all Relevant and not otherwise impermissible evidence, the investigator(s) will present their final report to the decisionmaker. The decision maker will then:

- Use the preponderance of the evidence standard of proof to determine whether sex discrimination occurred by (1) evaluating Relevant and not otherwise impermissible evidence for its persuasiveness and, (2) determining whether the evidence establishes that it is more likely than not that sex discrimination occurred. If the decisionmaker are not persuaded under the applicable standard by the evidence that sex discrimination occurred, whatever the quantity of the evidence is, the decisionmaker will not determine that sex discrimination occurred.
- Notify the Parties in writing of the determination whether sex discrimination occurred under Title IX, including the rationale for such determination and the procedures and permissible bases for the Complainant and Respondent to appeal.
- Not impose discipline on a Respondent for sex discrimination prohibited by Title IX unless there is a determination at the conclusion of the grievance procedures that the Respondent engaged in prohibited sex discrimination.
- If there is a determination that sex discrimination occurred, the Title IX Coordinator or Deputy Title IX Coordinator will, as appropriate:
 - Coordinate the provision and implementation of Remedies to a Complainant and other people Wilkes Community College identified as having had equal access to Wilkes Community College's Education Program or Activity limited or denied by sex discrimination;
 - Coordinate the imposition of any Disciplinary Sanctions on a Respondent, including notification to the Complainant of any such Disciplinary Sanctions; and
 - Take other appropriate prompt and effective steps to ensure that sex discrimination does not continue to recur within Wilkes Community College's

Education Program or Activity.

- Comply with the grievance procedures before the imposition of any Disciplinary Sanctions against a Respondent; and
- Not discipline a Party, witness, or others participating in the grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on the determination whether sex discrimination occurred.²

Appeal of Dismissal and/or Determination

The Complainant or the Respondent may appeal Complaint dismissal and/or the decisionmaker's determination.

The following are the only permissible grounds for appeal:

- 1) procedural irregularity that affected the outcome;
- 2) new evidence that was not reasonably available at the time of the dismissal or determination and that could affect the outcome; and (3) the Title IX Coordinator, or the Deputy Title IX Coordinator, or the investigators or the decisionmaker had a conflict of interest or bias that affected the outcome.

Appeals must be submitted in writing to the Title IX Coordinator or Deputy Title IX Coordinator within three business days of the Party's receipt of notification of the dismissal or determination. The Title IX Coordinator or Deputy Title IX Coordinator will promptly inform the other Party of the filing of the appeal, and the other Party will have three business days from such notification to submit a written response to the appeal.

Upon receipt of an appeal, the Title IX Coordinator or Deputy Title IX Coordinator will appoint an appeal officer, who is a WCC vice president and is someone other than the person who made the dismissal or determination in question and will notify the Parties of that appointment. If the appeal is submitted by an employee Respondent, The College President will serve as the appeal officer. The President's decision is final and cannot be appealed.

Within two business days of receiving notification of the appointment, the Complainant or the Respondent may identify to the Title IX Coordinator or Deputy Title IX Coordinator in writing alleged conflicts of interest or bias posed by assigning that appeal officer. The Title IX Coordinator or Deputy Title IX Coordinator will carefully consider such statements and will promptly assign a different appeal officer if the Title IX Coordinator or Deputy Title IX Coordinator determines that a material conflict of interest or material bias exists.

Within ten business days of the receipt of the appeal or the written response to such appeal, whichever is later, the appeal office will determine (a) that the dismissal or determination should stand; or (b) that the dismissal or determination should be overturned and will issue a

² Wilkes Community College may address false statements by initiating a disciplinary process under its code of conduct so long as there is evidence of such independent of the determination whether sex discrimination occurred.

written explanation of that result and the rationale behind it.

Informal Resolution:

In lieu of resolving a Complaint through Wilkes Community College's Title IX grievance procedures, the Parties may instead elect to participate voluntarily in an informal resolution process facilitated by the Title IX Coordinator, Deputy Title IX Coordinator, or the Coordinator's designee. Wilkes Community College has discretion to determine whether it is appropriate to offer an informal resolution process and, even when such process may be applicable to conduct that reasonably may constitute sex discrimination under Title IX, may decline to offer informal resolution despite one or more of the Parties' wishes.

Wilkes Community College does not offer informal resolution to resolve a Complaint that includes allegations that an employee engaged in Sex-Based Harassment of an elementary or secondary school Student or when such a process would conflict with Federal, State, or local law.

Before the initiation of an informal resolution process, Wilkes Community College will explain in writing to the Parties:

- The allegations;
- The requirements of the informal resolution process;
- That any Party has the right to withdraw from the informal resolution process and initiate or resume grievance procedures at any time before agreeing to a resolution;
- That if the Parties agree to a resolution at the end of the informal resolution process, they cannot initiate or resume grievance procedures arising from the same allegations;
- The potential terms that may be requested or offered in an informal resolution agreement, including notice that an informal resolution agreement is binding only on the Parties;
- That measures the Parties agree to in the informal resolution process may include (but are not limited to): alcohol education classes for the Respondent; completion of online sexual harassment training; completion of an intervention program; regular meetings with an appropriate individual, unit or resource; permanent or temporary no contact order; restrictions for participation in certain activities, organizations, programs or classes; restriction of participation in certain events; reflection paper or written apology; counseling sessions; and/or Respondent's completion of an educational or behavioral plan; and
- The fact that any statements that the Parties make during the informal resolution process cannot be introduced in any other investigative or adjudicative proceeding, including if informal resolution is terminated and formal Complaint processing resumes under Wilkes Community College's Title IX grievance procedures.

A resolution reached pursuant to the informal resolution process is final and not subject to appeal.

Supportive Measures

The Title IX Coordinator and/or Deputy Title IX Coordinator will offer and coordinate Supportive Measures as appropriate for the Complainant and/or Respondent to restore or preserve that person's access to Wilkes Community College's Education Program or Activity or provide support during Wilkes Community College's Title IX grievance procedures or during the informal resolution process.

Supportive Measures will vary depending on specific circumstances and may include but are not limited to: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more Parties; leaves of absence; changes in class, work, or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs related to sex discrimination.

Supportive Measures will not unreasonably burden either Party and are designed to protect the safety of the Parties or Wilkes Community College's educational environment and/or to provide support during Title IX grievance procedures or informal resolution. Such measures may, as appropriate, be modified or terminated at the conclusion of the grievance procedures or informal resolution process.

Complainants or Respondents may seek modification or reversal of Supportive Measures applicable to them by submitting a written request within three business days of notification of the measure(s) in question to the Title IX Coordinator or Deputy Title IX Coordinator, who will assign an impartial Wilkes Community College employee to evaluate and respond to the request.

Wilkes Community College will not disclose information about any Supportive Measures to persons other than the person to whom they apply, including informing one Party of Supportive Measures provided to another Party, unless necessary to provide the supportive measure or restore or preserve a Party's access to the Education Program or Activity.

If any Party has a disability, the Title IX Coordinator or Deputy Title IX Coordinator may consult, as appropriate, with Wilkes Community College's Office of Disability, Inclusion and Diversity in the implementation of Supportive Measures.

Emergency Removal:

Wilkes Community College may remove a Respondent from its Education Program or Activity on an emergency basis, provided that Wilkes Community College undertakes an individualized safety and risk analysis; determines that an imminent and serious threat to the health or safety of a Complainant or any Students, employees, or other persons arising from the allegations of sex discrimination justifies removal; provides the Respondent with notice and an opportunity to challenge the decision immediately following the removal; and does so in accordance with the Individuals with Disabilities Education Act, Section 504 of

the Rehabilitation Act of 1973, and the Americans with Disabilities Act, as applicable.

Administrative Leave:

Wilkes Community College may place an employee Respondent on administrative leave from employment responsibilities during the pendency of the grievance procedures, provided that it does so in accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act.

Disciplinary Sanctions and Remedies:

Following a determination that sex discrimination occurred, Wilkes Community College may impose Disciplinary Sanctions. Sanctions depend upon the nature and gravity of the misconduct, any record of prior discipline, or both.

Sanctions for employees may include, but are not limited to, withholding a promotion or pay increase, reassigning employment, terminating employment, temporary suspension without pay, and compensation adjustments. In the event the decisionmaker(s) determine that an employee Respondent engaged in sex discrimination in violation of Title IX or its regulations, the recommended disciplinary sanction(s) will be referred to the College's President for final decision; the President will then either affirm or revise the recommended disciplinary sanctions.

Sanctions for Students may include, but are not limited to, expulsion or suspension, disciplinary probation, social restrictions, suspension or revocation of admission, suspension or revocation of degree, written warning, mandated counseling, completion of an intervention program, completion of violence risk assessment, parental notification, and/or education sanctions (such as community service, reflection paper(s), and/or fines).

Wilkes Community College may also provide Remedies to the Complainant and others affected by the sex discrimination in question. Those Remedies will vary depending on specific circumstances and may include, but are not limited to: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more Parties; leaves of absence; changes in class, work, or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs.

Revised: 08/01/2024, approved 08/15/2024

Adopted: 08/10/202

The College strives to make its campuses inclusive and a safe and welcoming learning environment for all members of the College community. Pursuant to multiple federal and state laws and administrative regulations and pursuant to College policy, the College prohibits discrimination in its activities, services and programs based on race, color, national origin, religion, pregnancy, disability, genetic information, age, political affiliation or veterans' status, sex, sexual orientation, gender, gender identity, gender expression.

I. DEFINITIONS

The following definitions shall apply to this Procedure and shall be collectively referred to herein as "Unlawful Discrimination".

The definitions are not intended to operate as speech codes, promote content and viewpoint discrimination or suppress minority viewpoints in the academic setting. Indeed, just because a student's speech or expression is deemed offensive by others does not mean it constitutes discrimination or harassment.

In applying these definitions, College administrators shall view the speech or expression in its context and totality and shall apply the following standard: the alleged victim subjectively views the conduct as discrimination or harassment and that the conduct is objectively severe or pervasive enough that a reasonable person would agree that the conduct is discriminatory or harassing.

A. Discrimination: any act or failure to act that unreasonably differentiates treatment of others based solely on their Protected Status and is sufficiently serious, based on the perspective of a reasonable person, to unreasonably interfere with or limit the ability of that individual to participate in, access or benefit from the College's programs and activities. Discrimination may be intentional or unintentional.

B. Harassment: a type of Discrimination that happens when verbal, physical, electronic or other behavior based on a person's Protected Status interferes with a person's participation in the College's programs and activities and it either creates an environment that a reasonable person would find hostile, intimidated or abusive or where submitting to or rejecting the conduct is used as the basis for decisions that affect the person's participation in the College's programs and activities.

Harassment may include but is not limited to: threatening or intimidating conduct directed at another because of the individual's Protected Status; ethnic slurs, negative stereotypes and hostile acts based on an individual's Protected Status.

C. Protected Status: race, color, national origin, religion, pregnancy, disability, genetic information, age, political affiliation or veterans' status, sex, sexual

orientation, gender, gender identity, gender expression.

- D. Standard of Evidence:** the College uses the preponderance of evidence as the standard for proof of whether a violation occurred. In the student due process hearing and employee grievance process, legal terms like “guilt,” “innocence” and “burden of proof” are not applicable. Student and employee due process hearings are conducted to take into account the totality of all evidence available from all relevant sources. The College will find the alleged Perpetrator either “responsible” or “not responsible” for violating these Procedures.

II. STATEMENTS OF PROHIBITION

A. Prohibition of Retaliation.

The College strictly prohibits punishing students or employees for asserting their rights to be free from Unlawful Discrimination. Retaliation against any person participating in connection with a complaint of Unlawful Discrimination is strictly prohibited. Reports of retaliation will be addressed through this procedure and/or other applicable College procedures. Retaliation includes, but is not limited to, any form of intimidation, punitive actions from authority figures or peers, reprisal (acts of vengeance) or harassment. Retaliation is a serious violation and should be reported immediately. The College will take appropriate disciplinary action against any employee or student found to have retaliated against another.

B. Prohibition of Providing False Information.

Any individual who knowingly files a false report or complaint, who knowingly provides false information to College officials, or who intentionally misleads College officials involved in the investigation or resolution of a complaint may be subject to disciplinary action including, but not limited to expulsion or employment termination. The College recognizes that an allegation made in good faith will not be considered false when the evidence does not confirm the allegation(s) of Unlawful Discrimination.

III. REQUESTING ACCOMMODATIONS

A. Students.

Students with disabilities wishing to make a request for reasonable accommodations, auxiliary communication aids or services, or materials in alternative accessible formats should contact the College’s Office of Disability Services. Information provided by students is voluntary and strict confidentiality is maintained. All requests for accommodations will be considered following the appropriate federal and state laws.

The College will also provide reasonable accommodation of a student’s religious beliefs/practices provided such expression/practice does not create a hostile environment for other students and employees and/or the

accommodation does not cause an undue hardship for the College.

B. Employees.

Employees with disabilities wishing to make a request for reasonable accommodations, auxiliary communication aids or services, or materials in alternative accessible formats should contact the College's Human Resources Office. Information provided by employees is voluntary and strict confidentiality is maintained.

The College will also provide reasonable accommodation of an employee's religious beliefs/practices provided such expression/practice does not create a hostile environment for other employees and students and/or the accommodation does not cause an undue hardship for the College.

IV. REPORTING OPTIONS**A. Student Complaints.**

Any student wishing to make a report relating to Unlawful Discrimination may do so by reporting the concern to the Dean of Student Services.

For Unlawful Discrimination incidents between students and employees, the Dean of Student Services will work in partnership with the Executive Director of Human Resources to investigate and resolve the allegations.

B. Employee Complaints.

Any employee wishing to make a report related to Unlawful Discrimination may do so by reporting the concern to the College's Executive Director of Human Resources.

V. INITIAL INVESTIGATION

As these Procedures apply to both students and employees as either the Complainant or the Respondent, the administrator receiving the incident report will determine if the case should be handled by: 1) the Dean of Student Services, or designee (student/student); 2) the Director of Human Resources, or designee (employee/employee); or 3) both (student/employee). For incidents involving students and employees, the College will utilize the process for both the student investigation and the employee investigation sections as applicable.

A. Student Investigation.

1. Students filing complaints ("Complainants") are urged to do so in writing as soon as possible but no later than thirty (30) days after disclosure or discovery of the facts giving rise to the complaint. Complaints submitted after the thirty (30) day period will still be investigated; however, Complainants should recognize that delays in reporting may significantly impair the ability of College officials to investigate and respond to such complaints. The Dean

shall fully investigate any complaints and will, as needed and if the complaint also involves an employee, collaborate with the College's Director of Human Resources. During the course of the investigation, the Dean may consult with other relevant College administrators and the College Attorney.

2. During the investigation, and if applicable to the complaint¹⁷, the Dean of Student Services shall meet with the Complainant and the alleged Perpetrator ("Respondent") separately and give each party an equal opportunity to provide evidence, including informing the Dean of any potential witnesses. Both parties will be given access to any information provided by the other in accordance with any federal or state confidentiality laws.
3. During the investigation process, the Dean may implement temporary measures in order to facilitate an efficient and thorough investigation process as well as to protect the rights of all parties involved. The temporary actions include, but are not limited to: reassignment of class schedules; temporary suspension from campus (but be allowed to complete coursework); or the directives that include no contact between the involved parties.
4. A confidential file regarding the complaint shall be maintained by the Dean. To the extent possible, the College will keep all information relating to the complaint and investigations confidential; however, to maintain compliance with the Clery Act, both parties will be informed of the outcome of any institutional proceedings under these Procedures.
5. The Dean shall make every effort to conclude the investigation as soon as possible but no later than thirty (30) calendar days. If the nature of the investigation requires additional time, the Dean may have an additional ten (10) calendar days to complete the investigation. The Dean shall notify the parties of this extension.
6. Complainants will be notified of available counseling services and their options of changing academic situations and other interim protective measures.

B. Employee Investigations.

1. Employees filing complaints ("Complainants") are urged to do so in writing as soon as possible but no later than thirty (30) days after disclosure or the thirty (30) day period will still be investigated; however,

¹⁷ The Complainant's complaint need not necessarily be against a specific individual but could concern an action, policy, procedure or decision by the College that the individual believes constitutes Unlawful Discrimination.

Complainants should recognize that delays in reporting may significantly impair the ability of College officials to investigate and respond to such complaints. The Executive Director of Human Resources shall fully investigate any complaints. During the course of the investigation, the Director of Human Resources may consult with other relevant College administrators and the College Attorney.

2. During the investigation, and if applicable to the complaint, the Executive Director of Human Resources shall meet with the Complainant and the alleged Perpetrator (“Respondent”) separately and give each party an equal opportunity to provide evidence, including informing the Executive Director of Human Resources of any potential witnesses. Both parties will be given access to any information provided by the other in accordance with any federal or state confidentiality laws.
3. During the investigation process, the Executive Director of Human Resources may implement temporary measures in order to facilitate an efficient and thorough investigation process as well as to protect the rights of all parties involved. The Executive Director of Human Resources may suspend an employee with pay pending an investigation if such action is in the College’s best interest.
4. A confidential file regarding the complaint shall be maintained by the Executive Director of Human Resources. To the extent possible, the College will keep all information relating to the complaint and investigations confidential; however, to maintain compliance with the Clery Act, both parties will be informed of the outcome of any institutional proceedings under this Procedures.
5. The Executive Director of Human Resources shall make every effort to conclude the investigation as soon as possible but no later than thirty (30) calendar days. If the nature of the investigation requires additional time, the Executive Director of Human Resources may have an additional ten (10) calendar days to complete the investigation and shall notify the parties of this extension.
6. Complainants will be notified of available counseling services and other interim protective measures.

VI. RECOMMENDATION AND APPEAL

A. Students.

1. After the investigation is complete, the Dean will put forward a recommendation of finding based on the Standard of Evidence to both the Complainant and Respondent. If the recommendation is accepted by both parties involved, the recommendation and sanction(s) will become effective.

The Dean will submit to each party a final outcome letter that will include, but not limited to, the following:

- a. Determination if the Respondent is responsible or not responsible for violating these Procedures;
 - b. Sanction;
 - c. Whether monitoring of academic schedules is needed between the parties to ensure that the individuals involved are not in classes together (the Vice President will assist in this process).

2. If the Dean's recommendations are not accepted by either the Complainant or the Respondent, both may appeal and request a formal hearing. The Vice President will convene a hearing panel and will preside over the hearing as the Presiding Officer.
 - a. Prior to the hearing, the Complainant and the Respondent have the right to review all evidence, including written statements by the Respondent, the Complainant, or witnesses. Strict rules of evidence do not apply. The Standard of Evidence shall apply for the hearing.
 - b. Written notice including the date, time, and location of the hearing will be sent to all parties.
 - c. At the hearing, all pertinent parties have a right to speak and be questioned by the Presiding Officer. Cross-examination between parties is not permitted. The College will provide options for questioning without confrontation. Each phase of the hearing will be heard by both parties in separate rooms by use of a speaker phone.
 - d. The Complainant and the Respondent are allowed to be accompanied by an advisor. The advisor may not present on behalf of either party unless otherwise instructed to do so by the Presiding Officer. If the Complainant or the Respondent chooses to have an advisor who is an attorney, notification must be provided to the Presiding Officer at least three (3) College business days prior to the hearing date. In this case, the College Attorney will also be present.
 - e. Both parties have a right to a written notice of the hearing outcome.

B. Employees.

1. After the investigation is complete, the Executive Director of Human Resources will put forward a recommendation of finding, based on the Standard of Evidence to both the Complainant and Respondent. If the recommendation is accepted by both parties involved, the recommendation will become effective. A final outcome letter will be submitted to the Complainant and Respondent that may include, but not limited to, the following:
 - a. Determination if the Respondent is responsible, not responsible, or if the decision is deemed inconclusive, or shared responsibility.
 - b. Sanction, if appropriate.

Adopted: 08/08/2019

To maintain a harmonious and cooperative relationship between the College and its employees, the College provides for the settlement of problems and differences through an orderly grievance procedure. Every employee shall have the right to present his/her problem or grievance free from coercion, restraint, discrimination or reprisal. The Policy provides for prompt and orderly consideration and determination of employee problems or grievances by supervisors and the President.

A grievance is any matter of employee concern or dissatisfaction within the College's control except: (a) employee disciplinary matters pursuant to Policy 3.3.4; (b) the non- renewal of an employment contract pursuant to Policy 3.3.5; (c) discrimination and harassment pursuant to Policy 3.3.7; (d) reduction in force and/or involuntary leave without pay pursuant to Policy 3.3.9; or (e) any other matter that has a specific grievance process outlined in College policy.

A. Informal Grievance Process

If an employee has a grievance, it should first be discussed with his/her immediate supervisor within five (5) days from the date of the situation which is grieved. The supervisor may call higher level supervisors into the discussion if the employee agrees or the supervisor may consult with higher level supervisors to seek any needed advice or counsel from his/her administrative superiors before giving an answer. The employee shall receive an answer within five (5) days or be advised as to the conditions which prevent an answer within five (5) days and when an answer may be expected. In any event, an answer shall be provided in writing within ten (10) days. The circumstances should be documented by both the supervisor and the grievant.

B. Formal Grievance Process

If the decision reached by the Informal Grievance Process is not satisfactory to the grievant, s/he may file a written grievance with the Executive Director of Human Resources ("Director") within five (5) days after receipt of the Informal Grievance Process decision. The written grievance must contain with specificity the facts supporting the grievance. Depending on the nature of the appeal, the Director will determine to what extent additional facts will be required. The supervisor and employee shall provide all pertinent information the Director requests and the Director will review the facts and hold whatever discussions s/he deems necessary. The Director shall provide his/her written decision to the proper administrators or superiors and grievant within ten (10) dates of receipt of the grievance. In the absence of an appeal, the Director's decision will be carried out within a reasonable period of time and the grievance considered resolved.

C. Appeal to the President

If the decision reached by the Formal Grievance Process is not satisfactory to the grievant, the grievant may, within five (5) days receipt of the Director's decision, appeal the Director's decision to the President. The appeal must be in writing and provided to the President. The President will conduct an "on the record review" of the documents and supporting materials presented during the Formal Grievance Process and, if needed, conduct any further investigation. The President can accept, reject or modify the Director's determination and will make a decision within ten (10) days and the decision will be communicated to all appropriate persons. The President's decision shall be final.

D. Grievances Involving the President

In the event that a grievance is being filed against the President, the grievant shall first follow the Informal Grievance Process outlined above and meet with the President. If the grievant is not satisfied with the resolution at the Informal Grievance Process, s/he may continue with the Formal Grievance Process but file the written grievance with the Board Chair. The Board Chair shall delegate the matter to the College Attorney to conduct an investigation. The Attorney will have the authority to conduct the investigation and will file a written report to the Board and the grievant within thirty (30) days.

The Board shall review the report and if necessary, allow for the grievant and President to address the Board. The Board shall issue a written decision within thirty (30) days receipt of the Attorney's report.

In the event that more time is necessary for either the Attorney to conduct his/her investigation and/or the Board to review the matter, the Board Chair may extend all deadlines as necessary.

E. Rules

Grievances shall be processed according to the following rules:

1. If at any stage of the grievance the grievant does not take the next step within the time allotted, the grievance shall be settled in the manner recommended or decided by the administration at the last step.
2. All reference to number of days in this procedure shall be determined to mean College working days. In the event a grievance is not filed or processed in the manner and within the time set forth above, it shall be forever barred.
3. The grievant may withdraw the grievance at any level.

I. POLICY STATEMENT

The College may terminate employment or may require any employee or class of employees to take involuntary leave without pay at any time because of 1) a financial exigency; or 2) a program change for institutional reasons.

II. DEFINITIONS

- A. Employee means full-time and part-time employees who are not considered "at will".
- B. Financial Exigency means any decrease in the College's financial resources that are brought about by decrease in enrollment, decrease in funding from any source (federal, state, local, institutional, etc.) or by other action or events requiring the immediate expenditure or diversion of College resources that prevent or inhibit the College's ability to continue the employment or level of the employee's compensation or a class of employees and cause a need for reduction in force and/or involuntary leave without pay.
- C. Impermissible Grounds means the use of the employee's race, religion, color, national origin, sex, gender identity, sexual orientation, age, disability, genetic information, political affiliation, or status as a covered veteran in accordance with all applicable federal, state and local laws; or if the decision is otherwise a violation of state or federal law.
- D. Involuntary Leave without Pay means a period of mandatory separation from work during which an employee may not take or use any form of paid leave. All state mandated benefits shall continue to accrue during any period of leave without pay.
- E. Program Change means any elimination, curtailment or reorganization of an educational offering or support department which may or may not be related to a financial exigency.
- F. Reduction in Force means the termination of employment during a contract period as a result of financial exigency or program change. A non-renewal is not considered a reduction in force under this policy; see Policy 3.3.5 – Contracts Nonrenewal and Resignations.

III. INVOLUNTARY LEAVE WITHOUT PAY/REDUCTION IN FORCE

A. General Criteria for the President's Decision

All decisions made under this Policy will take into consideration the needs of the population being served with respect to the College's mission and goals while attempting to minimize the level of impact and quality of services provided. Responsibility will rest with the President working collaboratively with senior level administrators to determine the employee(s) affected by involuntary leave without pay or reduction in force based on recommendations from Vice Presidents, department heads and/or other management personnel associated with the departments where proposed actions will be implemented.

The President will consider relevant factors when considering a reduction in force or, if applicable, involuntary leave without pay, which may include, but are not limited to:

1. Written recommendations regarding staffing needs from supervisors;
2. Specific and overall program enrollment history and needs;
3. Source of available funds and applicable restrictions;
4. Other beneficial service by an employee to the College;
5. Length of service in the North Carolina Community College System with a higher priority being given to the length of service for the College; and
6. Employee performance evaluations.

These factors are not listed in any particular order or priority.

B. President's Decision and Notice to Affected Employees

Once the President makes their decision, the President shall give written notice of termination and/or involuntary leave without pay to each affected employee. Written notice will be given as soon as practicable, and in any event, no less than ten (10) business days prior to the effective date of termination and no less than five (5) business days prior to a period of involuntary leave without pay. The written notice shall include: 1) a statement of condition requiring termination and/or involuntary leave without pay; 2) a general description of the procedures followed in making the decision; and 3) a copy of this Policy. The President shall also send a copy of the notice to the Chair of the Board of Trustees ("Chair").

C. Request for an Appeal

The Board of Trustees will only hear and consider an employee's appeal if the employee is alleging that the non-renewal is based on Impermissible Grounds pursuant to Policy 3.3.6. Any request for appeal must be submitted in writing and received by the Executive Director of Human Resources and the President's Office within ten business (10) days.

D. Continuation of Health Insurance

If an employee has at least twelve (12) months of service and is terminated in accordance with this Policy due to a financial exigency, the employee may retain health insurance coverage for up to twelve (12) months. The College shall continue to pay the employer portion of the cost of health insurance coverage for twelve (12) months, but the employee must continue to pay the employee portion of the cost of coverage. A former employee covered by this section shall lose eligibility if the former employee is provided health insurance coverage on a non-contributory basis by a subsequent employer.

I. POLITICAL ACTIVITY – NON-SOLICITATION

No College employee shall solicit support for a political candidate or any issue on a referendum during regular College working hours, on College property, using College stationery or e-mail, or other College resources. The Board of Trustees may authorize the President or the President's designee to solicit support during regular College working hours for referendums that directly support the College's interest.

Any employee who becomes a candidate for political office is prohibited from soliciting support while on duty and/or on College property. Any exceptions must have prior written approval from the President.

II. POLITICAL ACTIVITIES BY COLLEGE EMPLOYEES

A. College employees

As an individual, a College employee retains all rights and obligations of citizenship provided in the Constitution and laws of North Carolina and the Constitution and laws of the United States. Therefore, the College encourages an employee to exercise his/her rights and obligations of citizenship.

Any College employee who decides to run for a public office shall, prior to or at the time of filing for that office, notify the President of his/her intention to run and shall, in writing, certify that s/he will not campaign or otherwise solicit support during regular work. Further, any employee who seeks a public office shall, in writing, certify that s/he will not involve the College in his/her political activities.

Any employee who is elected or appointed to a part-time public office shall certify, in writing, through the President to the Board of Trustees that the duties of elected office will not interfere with the employee's ability to carry out the duties of the employee's position with the College and that if those duties do interfere, as determined by the President or Board of Trustees, the employee will request leave.

Any employee who is elected or appointed to a full-time office or the General Assembly shall take a leave of absence, without pay, upon assuming that office. The Board of Trustees shall determine the length of the leave of absence.

B. College president

If the President decides to run for public office, s/he shall notify the Board of Trustees, prior to filing for that office, of his/her intention to run and certify, in writing, that no campaigning or political activities will be engaged in during regular work hours and that the College will not be involved in the President's political activities.

Students, staff, faculty and visitors are legally prohibited from carrying a weapon onto campus unless a legal exception applies. For purposes of this policy, a "weapon" includes firearms, explosives, BB guns, stun guns, air rifles or pistols and certain types of knives or other sharp instruments (see N.C.G.S. § 14-269.2).

The prohibition does not apply if the weapon is on campus pursuant to one of the reasons listed in N.C.G.S. § 14-269.2(g). It is the individual's responsibility to know and understand the law prior to bringing any weapon onto campus. Failure to follow the law, regardless of the person's intent, will result in appropriate disciplinary action and a referral to local law enforcement.

It is permissible for an individual to bring a handgun onto campus under the following limited circumstances:

- A. The firearm is a handgun; AND
- B. The individual has a valid concealed handgun permit (or is exempt from the law requiring a permit); AND
- C. The handgun remains in either: a closed compartment or container within the locked vehicle of the permit holder; or a locked container securely affixed to the locked vehicle of the permit holder; AND
- D. The vehicle is unlocked only when the permit holder is entering or exiting the vehicle; AND
- E. The handgun remains in the closed compartment or container at all times except for a reasonable amount of time for the person to transfer the handgun from the closed compartment or container to his person or from his person to the closed compartment or container.

Firearms (and other weapons prohibited on campus) may not be stored or transported in College- owned or rented vehicles.

I. POLICY

The manufacture, distribution, dispensation, sale, possession, and/or use of alcohol, drugs, controlled substances, banned substances, and/or illegal substances is prohibited on college premises or as a part of any of its activities. Equally, being under the influence or intoxicated on alcohol, drugs, controlled substances, and/or illegal substances is prohibited on college premises or as part of any of its activities. *Alcohol* means any beverage containing at least one-half of one percent (.05%) alcohol by volume, including malt beverages, unfortified wine, fortified wine, spirituous liquors and mixed beverages. *Controlled substance* means any substance listed in Article V, Chapter 90 of the North Carolina General Statutes. Generally, this term refers to drugs whose manufacture, use, or possession is controlled by government and includes, but is not limited to narcotics, hallucinogens, stimulants, depressants, anesthetics, opioids, and steroids. This term also includes any drugs that are illegal under federal, state, or local laws and legal drugs that have been obtained illegally or without a prescription by a licensed healthcare provider or are not intended for human consumption. *Banned substances* include all smokeless tobacco products (chews, dips, snuff, snus, dissolvable products); energy dips/flavored dips; nicotine water and nicotine gel; hookahs/hookah products, all vaping products (vaporizers, electronic cigarettes, cigars, pipes, pens, and flavored cartridges), and any other items containing or reasonably resembling tobacco or tobacco products. Furthermore, any substance taken that may cause impairment, including but not limited to bath salts, inhalants, or synthetic herbs is also considered a violation of the Drug and Alcohol Policy. WCC faculty and staff have the right to ban any substance or any smoking/inhalation device, whether legal or illegal, whether characterized as a tobacco product or not, that can potentially create a biohazard for other employees and students on campus. The college maintains a separate Tobacco-Free College Policy (Policy 2.2.1) for further reference. Exceptions to the alcohol possession and use provision may be made by the president in accordance with local, state, and federal laws in specific circumstances and designated areas. Violation of this policy may result in consequences such as, but not limited to, a counseling assessment, required treatment, probation, dismissal, suspension, expulsion from the college, and/or referral for prosecution, consistent with local, State, and Federal law.

It is the responsibility of each student to comply with all provisions of the Drug and Alcohol Policy while participating in college-sponsored events, athletics, student activities, and instructional activities. The scope of the policy includes all WCC campuses and centers, off-campus instructional sites, clinical sites, athletic fields, college-sponsored transportation (including, but not limited to, WCC vans and rented or chartered buses), and any other property that is owned, leased, or controlled by WCC. Each student is required to inform the college, in writing, within five days after he/she is convicted for violations of any federal, state, or local criminal drug statute or alcoholic beverage control statute where such violation occurred while on or at a college location. Failure to do so could result in disciplinary action.

Students engaged in off-campus instructional or clinical activities (including internships, practicums, externships, and work-based learning) may expect to be subjected to the additional drug and alcohol policies of those sites. Those policies may include provisions for drug and alcohol testing prior to and during placement at those sites. Those policies are enacted and enforced by the management of those specific facilities. Violations of a specific site's policy does not exclude consequences under WCC's Drug and Alcohol Policy, as clinical placement for academic credit is considered a college-sponsored activity.

The illegal use of drugs and alcohol constitutes a serious crime under federal, state, and local laws. Convictions may result in imprisonment, fines, and/or mandatory community service.

Every student is entitled to procedural due process; these procedures are published and accessible to students in the general catalog of the college, published under the heading "Student Grievance Process."

A. Legal Consequences

North Carolina law makes it illegal to possess, manufacture, sell, deliver, possess with intent to sell or deliver, or traffic in controlled substances. Violations of North Carolina law may result in imprisonment, fine, court costs, mandatory community services, and/or loss of driving privileges. Individuals convicted of drug or alcohol violations may have a criminal history that could affect them for the rest of their lives. Graduate schools, limited admissions programs, professional organizations, and employers could use such a record to reject an applicant. Though not inclusive, the following information represents some of the N.C. laws pertaining to substance use:

B. Underage drinking and drunk driving

1. The drinking age in North Carolina is 21. The legal blood alcohol limit to drive on the highway or state right-of-way is .08%. Driving with any amount of alcohol in the body is illegal for those under 21. A person can be charged with driving while impaired with blood alcohol concentrations less than .08% if law enforcement observes erratic driving and/or the driver fails field sobriety tests.
2. Driving-Under-Influence convictions carry a range of sentences and fines, depending on prior convictions. Penalties can include from 24 hours to two years in prison, between \$100 and \$2,000 court fines, and from one year to permanent suspension of license. If someone is injured or dies because of your drunk driving, you can face additional criminal and civil charges and go to jail for much longer.
3. If you are under 21 years of age, it is illegal to purchase, attempt to purchase, or possess alcohol (including beer, fortified wines, spirits, and mixed drinks). The legal penalties include fines, court costs, and possible imprisonment.
4. It is a criminal offense to aid or abet in the purchase of alcoholic beverages or give alcoholic beverages to anyone under the age of 21. If you buy an

underage person alcohol you can face fines, court costs, possible imprisonment, and loss of driver's license for a year. Additionally, if you serve underage persons alcohol while under your supervision or provide or aid underage persons in consuming alcohol resulting in death or serious injury, North Carolina laws allow suit for civil damages up to \$500,000 per occurrence.

5. If you use a fake, altered, or borrowed ID to buy alcohol (including at concerts) or lend your ID to someone, you risk criminal charges and having your own driver's license suspended.
6. It is illegal to have an open container of alcohol in any part of a vehicle's passenger area if the driver has any blood alcohol content. Open containers of spirituous liquors or fortified wine in the passenger area are unlawful regardless of driver consumption. It is illegal to transport spirituous liquors or fortified wine in any container other than in the manufacturer's original unopened container.

For more complete information on laws and consequences pertaining to alcohol, contact the N.C. Highway Patrol, local DMV, or visit the following websites: <https://www.ncleg.gov/Laws/GeneralStatutes> (search text: alcohol); <https://abc.nc.gov> (click on the "Legal" tab); and www.ncdps.gov.

C. Illegal Possession of a Controlled Substance

1. The Controlled Substance Act is the federal law that prohibits the manufacture, importation, possession, distribution, and use of certain substances. The CSA created five schedules of substances, ranked according to the substance's potential for abuse and accepted medical use. Schedule I drugs rank high in potential for abuse with no accepted medical value (e.g., marijuana and heroin). Schedule V drugs rank low in abuse and dependence potentials and high in medical value (e.g., anticonvulsants, cough medicine).
2. Controlled substances include narcotics, hallucinogens, stimulants, depressants, anesthetics, opiates, and steroids. They are all ranked in the CSA Schedule I–V classification system.
3. The federal penalties and sanctions depend upon the drug schedule, prior convictions, and type of use (i.e., trafficking vs. personal use). Based on these factors, legal consequences can include between 15 days and 20 years in prison; fines between \$1,000 and \$250,000; forfeiture of housing, vehicles, boats, or aircraft used to possess or transport; and civil fines of up to \$100,000.
4. For more information concerning schedules of drugs and penalties, please see www.deadiversion.usdoj.gov/schedules/index.html or Title 21 (Sections 844, 853, 881) of the United States Code at <http://uscode.house.gov/search/criteria.shtml>.

Additionally, if convicted of an alcohol or drug-related offense, there can be other tangible consequences. Federal and state sanctions can cause revocation of certain licenses such as pilot licenses, public housing tenancy, and professional licenses. There may be increases in insurance premiums or denial of benefits in such areas as student loans, grants, contracts, and professional and commercial licenses. A record of a misdemeanor or felony conviction may prevent a person from entering a chosen career.

D. Health Risks

1. Illegal Drugs

No illicit drug is free of health risks. Most carry the danger of psychological or physical addiction or both. All cause distortion of brain functioning and can alter thinking, perception, and memory, as well as affect behavior. Risk to health involves factors such as frequency of abuse, degree of tolerance, amounts ingested, and interactions with medical conditions. Though not comprehensive, the following list shows category of drugs, examples/street names, and possible health consequences of drugs within that category:

- a. cannabis (marijuana, hash, Mary Jane, weed) – impaired coordination, respiratory infections, memory problems, anxiety, depression, certain cancers when smoked.
- b. depressants (barbiturates, benzodiazepines, downers, yellow jackets, roofies) – sedation, respiratory depression, drowsiness, life-threatening withdrawal, coma, death.
- c. hallucinogens (LSD, PCP, acid, mushrooms) – altered perceptions, hallucinations, increased blood pressure/temperature/heart rate, tremors, paranoia.
- d. opioids (morphine, fentanyl, heroin, codeine, opiates, roxys, oxys, pink, smack, white horse, big O) – euphoria, respiratory failure, sedation coma, death.
- e. steroids (testosterone, roids, juice) – hostility and aggression, acne, liver/kidney/prostate cancer, male sexual impotence, development of masculine characteristics.
- f. stimulants (cocaine, crack, amphetamines, meth, ecstasy, crank, speed) – increased temperature and heart rate, chest pain, cardiac and neurological damage, respiratory failure, psychotic behavior, violence.
- g. club drugs/designer drugs (often share categories--MDMA, ecstasy, rohypnol, GHB, Eve, roofies, Georgia Home Boys, forget pill)—emphatic feelings, lowered inhibition, sweating, memory loss, seizures, coma
- h. bath salts (K2, spice, black mamba, bliss)—agitation, increased heart rate, confusion, hallucinations, paranoia, psychotic behavior, violence.

The use of intravenous drugs adds layers of danger by introducing the risk of skin infections and lesions, along with potentially deadly blood-borne diseases (e.g., HIV, AIDS, hepatitis). Generalized health problems may also develop as result of damage to the respiratory, circulatory, and other body systems (e.g., endocarditis). Every illicit drug has the potential to result in death, whether from the body's own reaction to the abuse of drugs or from accidents caused by persons who are impaired.

For further information, the National Institute on Drug Abuse's (NIDA) website, <https://www.drugabuse.gov/>, has charts containing commonly abused drugs, street names, short-term and long-term health effects, and treatment options.

2. Alcohol

Although alcohol is not an illegal substance when consumed by adults over the age of 21, it presents many of the same health risks as illicit drugs. Alcohol consumption causes various marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol increase the incidences of a variety of aggressive acts, including partner relational violence, child abuse, and sexual assault. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other central nervous system depressants, much lower doses of alcohol will produce the effects just described. Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol after established dependence can produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, convulsions, and seizures. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol can also lead to permanent damage to vital organs such as the brain and liver and increases the risk of certain cancers, stroke, and cirrhosis. Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants may suffer irreversible physical abnormalities and intellectual deficiencies. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

3. Tobacco

The use of tobacco and tobacco products, including cigarettes, energy dips, chews, pipes, dissolvable strips, and snus introduces nicotine into the bloodstream via smoking, inhalation, chewing, or consumption. Nicotine is a central nervous system stimulant, and increases heart rate, respiration, and blood pressure, while increasing neurotransmitter

levels responsible for pleasurable feelings. Tobacco has been clinically linked to lung cancer, oral cancer, heart disease, respiratory infections, and stroke. Tobacco moves from use stages to addiction stages within weeks. Withdrawal from tobacco products, such as depressive symptoms and irritability, lead individuals back to the drug.

4. Electronic cigarettes/Vaping pens

Electronic cigarettes (e cigs), vaping pens, and vaping devices use electronic elements to heat flavored or nicotine cartridges. E cigs and vaping devices are not approved by the FDA as acceptable smoking cessation devices. Almost one-third of e cig users eventually escalate to tobacco cigarettes use. Harmful chemicals, such as diacetyl, acetaldehyde, and formaldehyde have been found in vaping cartridges, chemicals that damage the lining of mouth, throat, and lungs, and are possibly linked to heart damage, lung damage, and cancer. Continued use of vaping pens and e-cigs have been shown to cause obliterative bronchiolitis, or “popcorn lung,” an irreversible inflammation and obstruction of the bronchioles, the smallest airways of the lungs.

E. Available Resources and Treatment/Prevention Program

Student Services provides mental health and substance abuse assessments for students free of charge. Appointments are preferred, but drop-ins are welcome. Sessions are available at no cost but are limited to short-term treatment needs. Short-term issues can range from depression and anxiety to relational issues or adjustment problems. If issues cannot be resolved within a few sessions, a counselor will speak to you about a referral to a more comprehensive community program. For faculty and staff, the college maintains an Employee Assistance Program (EAP), which provides three treatment sessions with a community provider at no cost to the employee. Staff or faculty requesting EAP assistance can contact the director of Human Resources at 336-838-6422.

Resources include public and private agencies for those needing assistance with drug or alcohol issues. Public resources have 24-hour emergency care services. The following numbers reach the public mental health system serving our region:

1. Wilkes County: 336-667-5151
2. Alleghany County: 336-372-4095
3. Ashe County: 336-246-4542
4. 24-hour, toll-free crisis number: 1-877-492-2785.

Another resource is the federal government hotline 1-800-662-HELP. This is the Substance Abuse and Mental Health Services Administration’s Treatment Referral Routing Service where individuals can get information and referrals to appropriate treatment facilities. The National Alliance on Mental Illness

(NAMI) maintains a website, www.naminc.org, that includes links to a helpline for finding treatment facilities in North Carolina. Additionally, a variety of referral information is available on the college website at www.wilkescc.edu/student-resources/counseling.

For lists or information about treatment options and assistance with determining the most appropriate actions, contact a Student Services counselor at 336-838-6135.

Drug-free events abound throughout the year. The college has walking trails, student commons, a gymnasium, and a wellness center that are drug and alcohol-free and promote wellness. Additionally, any student activities sponsored through WCC (e.g., Spring Fling, Fall Festival, outings, SGA, club events) are drug and alcohol-free.

Educational activities and information are provided for students and employees to emphasize prevention. These activities are highlighted throughout the year. Events are promoted through local media, social media, the college website, and advertisements throughout the campus. Events include guest speakers, interactional demonstrations, and promotional items that encourage a drug and alcohol-free lifestyle. Counselors are available throughout the year for classroom educational presentations, based on instructor request. Student and college personnel participation is encouraged in all aspects of WCC's program to prevent illegal drug use and alcohol abuse.

F. Dissemination to College Community

All students are introduced to the policy during new student orientation and via orientation handbooks. The policy is maintained on the college's website and students are sent emails each semester, containing linkages to the policy and descriptions of upcoming educational events. Further, students are reminded of the policy through ACA and general course syllabi and through policy signs located in all WCC buildings.

II. EMPLOYEE

A. Policy

The manufacture, distribution, dispensation, sale, possession, and/or use of alcohol, drugs, controlled substances, banned substances, and/or illegal substances is prohibited on college premises or as a part of any of its activities. Equally, being under the influence or intoxicated on alcohol, drugs, controlled substances, and/or illegal substances is prohibited on college premises or as part of any of its activities. *Alcohol* means any beverage containing at least one-half of one percent (.05%) alcohol by volume, including malt beverages, unfortified wine, fortified wine, spirituous liquors and mixed beverages. *Controlled substance* means any substance listed in

Article V, Chapter 90 of the North Carolina General Statutes. Generally, this term refers to drugs whose manufacture, use, or possession is controlled by government and includes, but is not limited to narcotics, hallucinogens, stimulants, depressants, anesthetics, opioids, and steroids. This term also includes any drugs that are illegal under federal, state, or local laws and legal drugs that have been obtained illegally or without a prescription by a licensed healthcare provider or are not intended for human consumption. *Banned substances* include all smokeless tobacco products (chews, dips, snuff, snus, dissolvable products); energy dips/flavored dips; nicotine water and nicotine gel; hookahs and hookah products; all vaping products (vaporizers, electronic cigarettes, cigars, pipes, pens, flavored cartridges), and any other items containing or reasonably resembling tobacco or tobacco products. Further, WCC faculty and staff have the right to ban any substance or any smoking/inhalation device, whether legal or illegal, whether characterized as a tobacco product or not, that can potentially create a biohazard for other employees and students on campus. The college maintains a separate Tobacco-Free College Policy (Policy 2.2.1) for further reference.

An employee who violates any of these prohibited acts is subject to disciplinary actions such as, but not limited to, a counseling assessment, required treatment, probation, suspension, or dismissal from the college. An exception to the alcohol possession and use provision may be made by the president in accordance with local, state, and federal laws in specific circumstances and designated areas.

It is the responsibility of each employee to comply with all provisions of the Drug and Alcohol Policy while participating in college-sponsored events, athletics, student activities, and instructional activities. The scope of the policy includes all WCC campuses and centers, off-campus instructional sites, clinical sites, athletic fields, and college-sponsored transportation (including but not limited to WCC vehicles, rented/chartered vans/buses and any other property that is owned, leased, or controlled by WCC). Employees will not report to or remain at the campus or any campus worksites when unable to adequately perform their duties because of the effect of any alcoholic beverage, controlled substances, and/or drugs whether illegal, prescribed, or over-the-counter.

Any employee found in violation of this policy will be subject to disciplinary action, including suspension, termination, or dismissal, at the discretion of the president. Administrative response to such situations will be in accordance with the requirements and other procedures established in support of this policy:

1. any employee determined to be involved in the unlawful manufacture, distribution, dispensing, and/or selling of alcoholic beverages, illegal drugs, and/or controlled substances on the college premises or any college worksite will be terminated.
2. Any employee determined to be in possession of alcohol or illegal drugs on the college premises or any college worksite will receive one written

warning unless the offense is so serious that the president determines that it is cause for suspension, demotion, or dismissal. A second offense will be grounds for dismissal.

3. Any employee determined to be using or impaired by alcohol on the college premises or any college worksite will receive a written warning unless the offense is so serious that the president determines that it is cause for suspension, demotion, or dismissal and will be referred for counseling assistance. If the employee fails to receive counseling or fails to participate in recommended action, he/she may be dismissed. A second offense will be grounds for dismissal.
4. Any employee determined to be using and/or impaired by an illegal drug or controlled substance on the college premises or any college worksite will be subject to drug screening tests. Such determination will be based on reasonable suspicion and such tests will be authorized only by the president/designee. The employee will be suspended with pay pending the outcome of the test results. The employee will have the right to request a backup test. The employee will bear the cost of such backup testing. If test results are positive, the employee will be given one written warning and will be referred for counseling assistance. If the employee fails to receive counseling assistance and/or fails to participate in recommended action, he/she may be dismissed. Refusal to submit to such test will result in disciplinary actions, which may include dismissal. A second offense will be grounds for dismissal. Any employee who intentionally tampers with a sample provided for drug screening, violates a chain-of-custody or identification procedures, or falsifies a test result will be subject to dismissal.

The college will report illegal drug and/or alcoholic use activity defined by this policy to the appropriate law enforcement authority.

Any employee convicted of any criminal drug and/or alcoholic beverage law, statute, or regulation occurring on college premises or any college worksite will notify the president/designee no later than (5) five calendar days after such conviction. Failure to report such information will be grounds for automatic dismissal. When required by federal law, the college administration will notify the appropriate federal agency of such a conviction within (10) ten days of college notification.

All employees, as a condition of employment, will be required, upon the request of the president/designee, based on reasonable suspicion of a violation of this policy, to submit to the following: searches of college and personal vehicles brought on or parked on college premises or any college worksite; reasonable searches of all clothing, packages, purses, briefcases, tool boxes, lunch boxes, or other containers on college premises or any college worksite; searches of desks, file cabinets, lockers,

other office or shop equipment in or on college premises or any college worksite. Failure to comply with such a request as part of an administrative investigation will be deemed grounds for disciplinary actions, which may include dismissal.

If the employee has reason to believe that an error was made, an appeal may be made utilizing the due process policy set forth in Section 2 of the policy manual.

B. Legal Consequences

North Carolina law makes it illegal to possess, manufacture, sell, deliver, possess with intent to sell or deliver, or traffic in controlled substances. Violations of North Carolina law may result in imprisonment, fine, court costs, mandatory community services, and/or loss of driving privileges. Individuals convicted of drug or alcohol violations may have a criminal history that could affect them for the rest of their lives. Graduate schools, limited admissions programs, professional organizations, and employers could use such a record to reject an applicant. If someone is injured or dies because of your drunk driving, you can face additional criminal and civil charges and go to jail for much longer.
3. If you are under 21 years of age, it is illegal to purchase, attempt to purchase, or possess alcohol (including beer, fortified wines, spirits, and mixed drinks). The legal penalties include fines, court costs, and possible imprisonment.
4. It is a criminal offense to aid or abet in the purchase of alcoholic beverages or give alcoholic beverages to anyone under the age of 21. If you buy an underage person alcohol you can face fines, court costs, possible imprisonment, and loss of driver's license for a year. Additionally, if you serve underage persons alcohol while under your supervision or provide or aid underage persons in consuming alcohol resulting in death or serious injury, North Carolina laws allow suit for civil damages up to \$500,00 per occurrence.

5. If you use a fake, altered, or borrowed ID to buy alcohol (including at concerts) or lend your ID to someone, you risk criminal charges and having your own driver's license suspended.
6. It is illegal to have an open container of alcohol in any part of a vehicle's passenger area if the driver has any blood alcohol content. Open containers of spirituous liquors or fortified wine in the passenger area are unlawful regardless of driver consumption. It is illegal to transport spirituous liquors or fortified wine in any container other than in the manufacturer's original unopened container.

For more complete information on laws and consequences pertaining to alcohol, contact the N.C. Highway Patrol, local DMV, or visit the following websites: <https://www.ncleg.gov/Laws/GeneralStatutes> (search text: alcohol); <https://abc.nc.gov> (click on the "Legal" tab); and www.ncdps.gov.

D. Illegal Possession of a Controlled Substance

1. The Controlled Substance Act is the federal law that prohibits the manufacture, importation, possession, distribution, and use of certain substances. The CSA created five schedules of substances, ranked according to the substance's potential for abuse and accepted medical use. Schedule I drugs rank high in potential for abuse with no accepted medical value (e.g., marijuana and heroin). Schedule V drugs rank low in abuse and dependence potentials and high in medical value (e.g., anticonvulsants, cough medicine).
2. Controlled substances include narcotics, hallucinogens, stimulants, depressants, anesthetics, opiates, and steroids. They are all ranked in the CSA Schedule I–V classification system.

The federal penalties and sanctions depend upon the drug schedule, prior convictions, and type of use (i.e., trafficking vs. personal use). Based on these factors, legal consequences can include between 15 days and 20 years in prison; fines between \$1,000 and \$250,000; forfeiture of housing, vehicles, boats, or aircraft used to possess or transport; and civil fines of up to \$100,000.

3. For more information concerning schedules of drugs and penalties, please see www.deadiversion.usdoj.gov/schedules/index.html or Title 21 (Sections 844, 853, 881) of the United States Code at <http://uscode.house.gov/search/criteria.shtml>.

Additionally, if convicted of an alcohol or drug-related offense, there can be other tangible consequences. Federal and state sanctions can cause revocation of certain licenses such as pilot licenses, public housing tenancy, and professional licenses. There may be increases in insurance premiums or denial of benefits in such areas as student loans, grants, contracts, and professional

and commercial licenses. A record of a misdemeanor or felony conviction may prevent a person from entering a chosen career.

E. Health Risks

1. Illegal Drugs

No illicit drug is free of health risks. Most carry the danger of psychological or physical addiction or both. All cause distortion of brain functioning and can alter thinking, perception, and memory, as well as affect behavior. Risk to health involves factors such as frequency of abuse, degree of tolerance, amounts ingested, and interactions with medical conditions. Though not comprehensive, the following list shows category of drugs, examples/street names, and possible health consequences of drugs within that category:

- a. cannabis (marijuana, hash, Mary Jane, weed) – impaired coordination, respiratory infections, memory problems, anxiety, depression, certain cancers when smoked.
- b. depressants (barbiturates, benzodiazepines, downers, yellow jackets, roofies) – sedation, respiratory depression, drowsiness, life-threatening withdrawal, coma, death.
- c. hallucinogens (LSD, PCP, acid, mushrooms) – altered perceptions, hallucinations, increased blood pressure/temperature/heart rate, tremors, paranoia.
- d. opioids (morphine, fentanyl, heroin, codeine, opiates, roxys, oxys, pink, smack, white horse, big O) – euphoria, respiratory failure, sedation coma, death.
- e. steroids (testosterone, roids, juice) – hostility and aggression, acne, liver/kidney/prostate cancer, male sexual impotence, development of masculine characteristics.
- f. stimulants (cocaine, crack, amphetamines, meth, ecstasy, crank, speed) – increased temperature and heart rate, chest pain, cardiac and neurological damage, respiratory failure, psychotic behavior, violence.
- g. club drugs/designer drugs (often share categories--MDMA, ecstasy, rohypnol, GHB, Eve, roofies, Georgia Home Boys, forget pill-)— emphatic feelings, lowered inhibition, sweating, memory loss, seizures, coma
- h. bath salts (K2, spice, black mamba, bliss)—agitation, increased heart rate, confusion, hallucinations, paranoia, psychotic behavior, violence.

The use of intravenous drugs adds layers of danger by introducing the risk of skin infections and lesions, along with potentially deadly blood-borne diseases (e.g., HIV, AIDS, hepatitis). Generalized health problems may also develop as result of damage to the respiratory,

circulatory, and other body systems (e.g., endocarditis). Every illicit drug has the potential to result in death, whether from the body's own reaction to the abuse of drugs or from accidents caused by persons who are impaired.

For further information, the National Institute on Drug Abuse's (NIDA) website, <https://www.drugabuse.gov/>, has charts containing commonly abused drugs, street names, short-term and long-term health effects, and treatment options.

2. **Alcohol**

Although alcohol is not an illegal substance when consumed by adults over the age of 21, it presents many of the same health risks as illicit drugs. Alcohol consumption causes various marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol increase the incidences of a variety of aggressive acts, including partner relational violence, child abuse, and sexual assault. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other central nervous system depressants, much lower doses of alcohol will produce the effects just described. Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol after established dependence can produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, convulsions, and seizures. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol can also lead to permanent damage to vital organs such as the brain and liver and increases the risk of certain cancers, stroke, and cirrhosis. Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants may suffer irreversible physical abnormalities and intellectual deficiencies. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

3. **Tobacco**

The use of tobacco and tobacco products, including cigarettes, energy dips, chews, pipes, dissolvable strips, and snus introduces nicotine into the bloodstream via smoking, inhalation, chewing, or consumption. Nicotine is a central nervous system stimulant, and increases heart rate, respiration, and blood pressure, while increasing neurotransmitter levels responsible for pleasurable feelings. Tobacco has been clinically linked to lung cancer, oral cancer, heart disease, respiratory infections, and stroke. Tobacco moves from use stages to addiction stages within

weeks. Withdrawal from tobacco products, such as depressive symptoms and irritability, lead individuals back to the drug.

4. Electronic cigarettes/Vaping pens

Electronic cigarettes (e cigs), vaping pens, and vaping devices use electronic elements to heat flavored or nicotine cartridges. E cigs and vaping devices are not approved by the FDA as acceptable smoking cessation devices. Almost one-third of e cig users eventually escalate to tobacco cigarettes use. Harmful chemicals, such as diacetyl, acetaldehyde, and formaldehyde have been found in vaping cartridges, chemicals that damage the lining of mouth, throat, and lungs, and are possibly linked to heart damage, lung damage, and cancer. Continued use of vaping pens and e-cigs have been shown to cause obliterative bronchiolitis, or “popcorn lung,” an irreversible inflammation and obstruction of the bronchioles, the smallest airways of the lungs.

F. Available Resources and Treatment/Prevention Program

The college will maintain a prevention program to inform employees and students about the dangers of alcohol and drug abuse. The college maintains an Employee Assistance Program (EAP), which can authorize three treatment sessions with a community provider at no cost to the employee. Staff or faculty needing further information about the EAP can contact the director of Human Resources at 336-838- 6422. Resources include public and private agencies for those needing assistance with drug or alcohol issues. Public resources have 24-hour emergency care services. The following numbers reach the public mental health system serving our region:

1. Wilkes County: 336-667-5151
2. Alleghany County: 336-372-4095
3. Ashe County: 336-246-4542
4. 24-hour, toll-free crisis number: 1-877-492-2785.

Another resource is the federal government hotline 1-800-662-HELP. This is the Substance Abuse and Mental Health Services Administration’s Treatment Referral Routing Service where individuals can get information and referrals to appropriate treatment facilities. The National Alliance on Mental Illness (NAMI) maintains a website, www.naminc.org, that includes links to a helpline for finding treatment facilities in North Carolina. Additionally, a variety of referral information is available on the college website at www.wilkescc.edu/student-resources/counseling.

Drug-free events abound throughout the year. The college has walking trails, a gymnasium, and a wellness center that are drug and alcohol-free and promote wellness.

Educational activities and information are provided for students and employees to stress prevention. These activities are highlighted each October during Drug and Alcohol Prevention Month. Events are promoted through local media, social media, the college website, and advertisements throughout the campus.

Events include guest speakers, interactional demonstrations, and promotional items that encourage a drug and alcohol-free lifestyle. Counselors are available throughout the year for classroom educational presentations, based on instructor request. College personnel participation is encouraged in all aspects of WCC's program to prevent illegal drug use and alcohol abuse.

G. Dissemination to College Community

The president will designate the responsibility of the Drug and Alcohol Prevention Program to the director of Human Resources and Student Services personnel. Every employee will be given a copy of this policy regarding an alcohol and drug-free worksite during new employee orientation. All employees will be required to report to their immediate supervisors any observed and/or suspected violations of this policy. While visiting campus, members of the public are required to adhere to this policy.

The board of trustees will update the Drug and Alcohol Policy as necessary, based upon recommendations of the president/designee. The president/designee will distribute the policy to employees and students and provide notification of changes through a variety of methods, which include reminder email messages each semester to all students and employees, new student orientation presentations and handbooks, policy pamphlets during new employee orientations, advertisements for upcoming educational events, ACA and general course syllabi, policy signs located in all WCC buildings, and multiple links on the college website.

I. COMMUNICABLE DISEASE

Communicable diseases, those that have serious effects on human health, can pose a threat to the College community. The College will take all reasonable measures to ensure the safety of members of the College community during global and local infectious disease events. Communicable disease is defined as an illness due to a specific infectious agent or its toxic products that arises through transmission of that agent or its products from an infected person, animal, or reservoir to a susceptible host, either directly, or indirectly through an intermediate plant or animal host, vector, or the inanimate environment. Examples of communicable disease include but are not limited to acquired immunodeficiency syndrome (AIDS), coronavirus-19 (covid-19), chicken pox, hepatitis, measles, tuberculosis, meningitis, mononucleosis, whooping cough, and other viral diseases that reach a pandemic level, and for purposes of this Policy only, those communicable diseases which constitute a disability pursuant to the Americans with Disabilities Act.

The College shall not exclude individuals with communicable diseases unless a determination is made that the individual presents a health risk to themselves or others. The College shall consider the educational or employment status of those with a communicable disease on an individual basis.

A. Procedure

1. All information and records that identify a person as having a communicable disease shall be strictly confidential.
2. Disclosure of medical information shall be made by the President only to those on a need-to-know basis to protect the welfare of persons infected with a communicable disease or the welfare of other members of the College community.
3. Unauthorized disclosure of medical information by an employee of the College is prohibited. Violation of this prohibition may result in the suspension from, or termination of employment.
4. A person who knows or has a reasonable basis for believing that they are infected with a communicable disease is expected to seek expert advice about his/her health circumstances and is obligated ethically and legally to conduct themselves responsibly toward other members of

the College community.

5. Faculty and staff of the College and employees of contractors, or contracted services, who are infected with a communicable disease are urged to notify the appropriate Dean/Director so that the College can respond appropriately to their health needs. Students are urged to share information with the appropriate Dean/Director for the same reason.
6. A person infected with a communicable disease (including the AIDS virus whether active AIDS, AIDS-Related Complex, or undetectable viral load) will not be excluded from enrollment or employment or restricted in their access to the College's services or facilities unless, in individual cases, the College administration determines that exclusion or other restrictions are necessary for the health and welfare of others at the College.
6. Included in making decisions in individual cases which restrict access to employment may be the College President, Legal Counsel for the College, the Deans/Directors, the individual's personal physician, the local Health Director (or designee) and if necessary, another physician with expertise in managing communicable disease cases.
7. The College shall provide information regarding communicable diseases, especially AIDS.

B. Immunizations¹

Prior to admission or employment, the College may require students and employees to be immunized from certain communicable diseases, including but not limited to measles, mumps, rubella, tetanus, varicella, and meningitis². Students and employees are excused from providing proof of one or more of the required vaccinations if the student or employee has one of the following:

1. physician's written statement of immunity due to having had the infection.
2. a statement of contraindication to a vaccine (accompanied by a physician's statement).
3. a lab titer documenting immunity; or
4. a statement of religious exemption

Religious and medical exemption letters will be accepted in lieu of immunization information. Medical exemption letters must be accompanied by a physician's statement.

¹Optional Section

²May expand list of communicable disease

The immunizations listed here are not meant to supersede more restrictive requirements for employment or participation in a specific College program or class, such as childcare, classes that lead to a medical degree or certificate, or clinical programs.

C. Public Health Incidents

Should influenza, or any other communicable disease, reach a pandemic level, the President shall regularly monitor the situation by communicating with local and state health officials and by reviewing media sources.

Should any communicable disease reach a pandemic level within or near the College's service area, the President, after consulting with local, state or federal health officials, may take the following actions if it is determined to be in the best interest of the College community to prevent the spread of the disease:

1. Close the College or certain College buildings and/or programs temporarily.
2. Limit or prohibit employee travel and/or student field trips.
3. Prohibit those infected with a communicable disease from coming onto the College campus.
4. To the extent allowed by law, requiring or encouraging employees and students to receive immunizations (not already required by the College) that prevent the spread of an infectious or communicable disease before coming back onto the College campus; and
5. Other specific actions deemed necessary for the safety of the College community

The President shall not quarantine any student or employee while on campus unless the quarantine is ordered by local, state or federal health officials. Persons who are infected with a communicable disease that has reached a pandemic level or know of someone in the College community who is, should contact college officials immediately. Students should contact the Dean of Student Services and employees should contact the Human Resources Office.

Any actions undertaken pursuant to this policy will be in accordance with applicable federal and state laws, College policies, and in the best interest of all parties.

II. OCCUPATIONAL EXPOSURE TO BLOODBORNE PATHOGENS

The College shall comply with federal regulations and state statutes regarding bloodborne pathogens as set forth in the Federal Register, 29 CFR §1910.1030, and the North

Carolina Administrative Code, 10A NCAC 41A, by attempting to limit/prevent occupational exposure of employees to blood or other potentially infectious bodily fluids and materials that may transmit bloodborne pathogens and lead to disease or death.

A. Reasonably Anticipated Occupational Exposure

An employee who could "reasonably anticipate", as a result of performing required job duties, to face contact with blood, bodily fluids or other potentially infectious materials is covered by the OSHA Bloodborne Pathogens Standard, the North Carolina Administrative Code, and this Policy. "Occupational Exposure" includes any reasonably anticipated skin, eye, mucous membrane or parenteral (brought into the body through some way other than the digestive tract) contact with blood or other potentially infectious materials that may result from the performance of an employee's duties. "Good Samaritan" acts, such as assisting a co-worker or student with a nosebleed would not be considered "reasonably anticipated occupational exposure."

B. Universal Precautions

Universal precautions will be in force at all times. All blood, body fluid and other potentially infectious material will be handled as if infected. The program standards for the control of potential exposure to HIV and HBV as outlined in the OSHA Rule "Occupational Exposure to Bloodborne Pathogens" Standard 1910.1030, the NC Administrative Codes, or the most current standards available will be followed.

C. Testing

An employee who suspects that s/he has had exposure to blood or body fluid may request to be tested, at the College's expense, provided that the suspected exposure poses a significant risk of transmission, as defined in the rules of the Commission for Health Services. The HIV and HBV testing of a person who is the source of an exposure that poses a significant risk of transmission will be conducted in accordance with 10A NC Administrative Code 41A .0202 (4) (HIV) and 41A .0203(b)(3) (HBV). The College will strictly adhere to existing confidentiality rules and laws regarding employees with communicable diseases, including HIV or HIV-associated conditions.

D. Exposure Control Compliance

The College shall comply with OSHA Regulation 29 CFR 1910.1030 and promote a healthy and safe environment for both employees and students. The College proposes to do this through minimizing the risk of transmission of infectious diseases that are blood or body fluid borne. To achieve

compliance with OSHA Regulation 29 CFR 1910.1030, the College will maintain an Exposure Control Plan covering the following areas:

1. Procedures,
2. Protective equipment,
3. Hepatitis vaccinations,
4. Post-exposure and follow-up care, and
5. Training.

A copy of the Exposure Control Plan is available in the office of Administrative Services.

The College recognizes the necessity for freedom in legitimate academic decisions that foster an environment where faculty and students can freely inquire, study and evaluate in order to gain greater understanding. The College endeavors to give faculty members the freedom to conduct individual academic affairs in accordance with each person's best judgment.

- A. Faculty members will conduct themselves within the boundaries of the law as established by the North Carolina General Statutes and the State Board Code of Community Colleges.
- B. Faculty members shall use their best judgment as to appropriate material in developing and implementing course material. Faculty members shall refrain from introducing controversial materials and subject matters that have no bearing or academic relationship to that particular class or subject matter. Faculty members shall encourage students to do likewise.
- C. In the academic setting, faculty members shall refrain from insisting upon the adoption of any particular point of view as authoritative in controversial issues. Engaging in personal attacks during any discussion should be avoided by faculty members and students.
- D. Faculty members shall use their best judgment in conducting classes and in interactions with other members of the College community.
- E. Faculty members shall keep abreast of the main academic trends and themes in their respective fields and incorporate these into their scholarship and teaching.
- F. Faculty members shall organize their subject matter and present it in ways that present the optimum value for their students, subject to reasonable guidelines reflected in College, departmental and faculty policies and procedures. Faculty members shall also require an amount and quality of work from their students which, under the College's standards, justify the course.

Any questions or issues concerning the parameters of academic freedom at this College should be addressed to the Vice President of Instruction. In the event the faculty member cannot reach an informal resolution, s/he may file a grievance pursuant to Policy 3.3.8 - Grievance.

This Policy is not intended to limit the rights of faculty or students in discussing any matter outside of the academic setting. However, no College employee or student shall purport to speak on behalf of the College unless specifically authorized to do so by an authorized College official.

Adopted: 08/08/2019

Teleworking, or working remotely, is a benefit and privilege of working at the College and will be considered in situations in which it can be mutually beneficial for both the College and its employees. Teleworking satisfies the College's creative sustainability efforts by reducing consumption of natural resources, to decrease pollution and to ease congestion related to commuting to work by automobile. However, the College has determined that some positions, by their very nature, do not lend themselves to teleworking. For example, positions that require the supervision of other employees are not suitable for teleworking and will not be considered. On the other hand, the College finds that some positions are naturally suited to Teleworking. If an employee is interested in Teleworking, the employee's immediate supervisors must first evaluate the suitability. In unusual situations, and in order to ensure continuity of College operations, the President may grant teleworking approval for positions that would not normally be considered appropriate for teleworking.

Definitions:

Weekly Telework/Remote Day Option: The College offers one (1) telework/remote day per week as feasible based on the department's operational needs for that week. The employee is expected to be available during normal working hours.

Permanent Telework Arrangement: The College has identified a position that has the ability to work from home. The employee in this position is expected to perform the same duties as if the employee were on campus and to be available during normal working hours.

POLICY:

Weekly Telework/Remote Day Option:

Employees may work remotely one (1) day per week with prior approval by their supervisor and based on the operational needs of the department for that week. Employees are expected to work their normal hours and perform their normal duties. Refer to Policy 3.1.3 Employee Classifications and Workloads and Procedure 3.1.3.1 Full-time Employees Workload.

Permanent Telework Arrangement:

I. Demonstration of Suitability

Both full-time and part-time positions can be considered for a Teleworking arrangement. When considering Teleworking, the supervisor and employee are responsible for demonstrating that the following conditions can be met:

- A. The employee can participate in departmental, division and campus-wide meetings appropriate to the position.
- B. Teleworking does not adversely affect the College, departmental assignments/projects, student advising and assistance, customer relations, employee's completion of assigned duties or other work areas.
- C. There is adequate and suitable work available for the employee to perform away from campus.
- D. Suitable equipment and technology services can be provided and/or maintained by the College and/or employee so that work can be effectively performed in a teleworking arrangement. The employee is responsible for a broadband connection of a minimum of 3 MB down.
- E. The employee can be adequately supervised when teleworking.

II. EMPLOYEE REQUIREMENTS

All employees approved to telecommute must agree to the following:

- A. Campus meetings, events and student advising/assistance shall not be scheduled around an employee's teleworking arrangement. All teleworking employees shall attend required campus meetings and events and provide student advising/assistance in fulfillment of his/her job duties.
- B. Teleworking employees are responsible for all travel and per-diem to and from the employee's home to the workplace regardless of distance.
- C. Teleworking employees are required to respond in a timely manner to work related voicemail and electronic mail. Unless otherwise agreed upon with the employee's supervisor, the employee is expected to work during the College's normal hours of operation while teleworking, 8:00 a.m. – 5:00 p.m. during weekdays.
- D. Teleworking arrangements may be revised or discontinued at any time. The initial agreement must have a defined duration with a three (3) month or less probationary period. If the employee meets the outcome expectations of teleworking during the probationary period, a new agreement may be executed for an additional three to six months.
- E. The teleworking employee is responsible for maintaining a dedicated home office and technology environment that maintains the security and confidentiality of

College and student information and is a safe working environment.

- F. The College and the teleworking employee shall agree on the equipment, if any, and the maintenance thereof to be provided by the College and/or the employee to enable the teleworking arrangement. This must be approved by the Vice President of Information Technology before teleworking rights are granted.
- G. The supervisor shall articulate how the employee's performance will be measured and how the employee will participate in performance reviews.

III. Request for Permanent Teleworking Arrangements

The employee shall complete and submit the appropriate teleworking request form to their immediate supervisor. If the employee's immediate supervisor agrees with the teleworking request, the supervisor should add comments on the form and present it to the Executive Director of Human Resources ("Director"). If approved, the Director will then present the information to the President. If approved by the President, the agreement will be signed by the employee, the employee's immediate supervisor, the Director, and the President. The agreement will be included as an addendum to the employee's employment contract.

IV. Safety and Liability

The employee must designate a workspace at his home or other alternative work site. The employee must protect the workspace from any known hazard or danger that could affect College equipment or the employee. The College may require the employee to provide a picture of the designated work area.

If a teleworking employee is injured in his/her workspace, the employee will immediately alert their supervisor and Human Resources no later than the end of the next business day. The employee consents to allow the College or its designee to inspect the workspace after a reported accident.

V. Terminating a Teleworking Agreement

In the event the College or the employee wishes to discontinue the teleworking arrangement, the College shall determine whether the employee will remain an employee with the College and work on-site. If appropriate, a cross-training period with a replacement will commence for thirty (30) days. This period will give the College time to allocate a replacement employee and give the remote employee ample time to train and transfer duties to the individual. All equipment owned by the College will be returned by the end of the transition period.

VI. Employees with Disabilities

This policy does not apply to teleworking as an Americans with Disabilities Act (ADA) or Pregnant Workers Fairness Act (PWFA) accommodation. If teleworking is considered a reasonable accommodation pursuant to the ADA or PWFA, the College will follow its ADA or PWFA process with respect to such accommodation. In addition, employees with disabilities and employees with pregnancy-related limitations who are required or permitted to telework by the College will be provided reasonable accommodations as necessary to fulfill their job duties while teleworking.

Wilkes Community College considers *telecommuting* to be a viable, flexible work option when both the employee and the job are suited to such an arrangement. Not all jobs can be performed from off- site locations. In general, positions requiring face-to-face interaction with customers and office personnel are not suitable for telecommuting arrangements.

Flexible Work Locations (“Teleworking”) Definitions:

For the purpose of this procedure, the terms below mean the following:

Alternate Work Location: a worksite other than a central workplace can include employees’ homes and satellite offices where official State business is performed.

Central Workplace: an employee’s assigned place of work or duty station owned or operated by the State or a site that is the primary workstation for field-based employees. Typically, a central workplace is a duty station from which an employer along with employees in the same work unit performs the functions of their job.

Telework: flexible work arrangement in which supervisors direct or permit employees to perform their job duties away from their central workplace, in accordance with their same performance expectations and other approved or agreed-upon terms.

Teleworker: an employee engaged in teleworking.

Telework Agreement: a written agreement that details the terms and conditions by which an employee is allowed to engage in teleworking.

Work Schedule: The employee’s hours of work in the central workplace and/or in alternate work locations.

I. Conditions of Employment:

The policies and procedures that normally apply to the central workplace shall remain the same for teleworking employees. This shall include but not be limited to performance management. Teleworking assignments do not change the conditions of employment or required compliance with policies and rules.

II. Eligibility

Eligibility will be determined based on the nature of the position and the business needs of the College. In general, positions requiring face-to-face interaction with students and visitors are not suitable for telecommuting arrangements. The decision to allow a position or an employee to work in a teleworking arrangement is entirely within administration discretion.

III. Types of Arrangements:

While employees and supervisors may develop telework arrangements, the following basic requirements must be met:

- S. Employees must be able to carry out the same duties, assignments, and other work obligations at their remote work location as they do when working at a central workplace.
- T. The workweek for all full-time regular employees is 40 hours, divided into five days, Monday through Friday, with employees scheduled to work eight hours per day.
- U. Employees must be available to their supervisors and co-workers during the work schedule unless taking leave.
- V. Employees must be available to attend scheduled meetings and participate in other required office activities at the central workplace as needed.
- W. Employees must arrange for childcare during their work hours.

Change in Work Hours:

Employees may request, and supervisors may grant, a change in an employee's regular work schedule that is not permanent or ongoing in order to adjust for an unplanned short-notice or sporadic event. This change may include modifying normal work start and end times or allowing work missed on one day to be made-up on another (special consideration should be made here in regards to non-exempt employees and hours worked in relation to FLSA overtime provisions and WCC's compensatory time policy). The flexibility helps the employee to avoid taking leave or other paid time off that would otherwise have to be accounted for in a given week. Supervisors have the discretion to grant temporary changes in work hours as long as the operational needs of the department are satisfied and to discontinue such arrangements when deemed necessary.

Flexible Work Schedules:

Flexible work schedules allow for adjustments to the employee's reporting or departure times on a regular or recurring basis to respond to the work/life needs of an employee. The revised schedule must continue to support the operational needs of the College and allow for appropriate oversight of the employee's work assignments. Supervisors are advised to be attentive to the need to ensure that adequate supervision is provided for situations where adjusted work schedules fall outside of normal work hours. Supervisors may revise or revoke flexible work schedules at any time; however, it is advised that supervisors provide as much reasonable notice as possible in the event of a revision or revocation of a flexible work schedule to permit the employee to make alternate arrangements. Ten (10) business days of notice is generally expected as a minimum unless employee conduct or safety issues necessitate otherwise at the discretion of management.

IV. Requesting a Teleworking Arrangement

Telecommuting arrangements are approved by supervisors on a case-by-case basis. Telecommuting may not be feasible within some departments or for certain positions within a department. Employees interested in telecommuting arrangements will discuss the matter with their supervisors.

Once the teleworking agreement between the employee and supervisor is reached, the employee will complete and submit a Telecommuting Request Form. The form is located in the Etrieve system under the HR\Payroll Forms section.

The Telecommuting Request Form must be approved by immediate supervisor, the appropriate dean, the appropriate vice president, Executive Director of Human Resources and the President. The approval process is completed electronically through the imaging and workflow system. The approval process must be completed prior to the start of the employee's telework schedule.

V. Compensation and Benefits:

An employee's compensation and benefits will not change when he/she teleworks.

Teleworking employees who are not exempt from the overtime requirements of the Fair Labor Standards Act will be required to record all hours worked in a manner designated by the organization. Teleworking employees will be held to a higher standard of compliance than office-based employees due to the nature of the work arrangement. Hours worked in excess of those specified per day and per workweek, in accordance with state and federal requirements, will require the advance approval of the supervisor. Failure to comply with this requirement can result in the immediate cessation of the teleworking agreement.

VI. Safety and Liability:

The employee shall designate a workspace within the remote work location for placement and installation of equipment to be used while teleworking. Prior to the start of a teleworking arrangement, supervisors are responsible for discussing the alternate work location with the employee, and to provide reasonable assurance that materials, equipment, and furniture supplied to the employee at the Alternate Work Location allow for successful completion of assigned work responsibilities, comply with work-related safety standards, and minimize distractions to the work environment. The employee shall maintain the designated workspace in a safe condition, free from hazards and other dangers to the employee and equipment.

The College remains responsible for any work-related injuries under our state's Workers Compensation laws, but this liability is limited to injuries resulting directly from work and only if the injury occurs in the designated work area. Employees shall report all injuries occurring during telework worktime must be reported to their immediate supervisor and the Human Resources office within 24 hours.

The College assumes no liability for injuries occurring in the employee's teleworking site outside the agreed-upon work hours. The College is also not liable for injuries to third parties (including members of the employee's family) at the teleworking site.

VII. Restricted-Access Materials:

Consistent with WCC's Technology Services policies, teleworking employees will be

expected to ensure the protection of proprietary organizational and customer information accessible from the approved alternate work location.

Supervisors must grant permission for teleworkers to work on restricted-access information or materials at alternate work locations. Teleworkers shall agree to follow agency-approved security procedures to ensure confidentiality and security of data. WCC employees are the only authorized users of teleworking equipment.

VIII. Work Hours:

The total number of hours that employees are expected to work will not change, whether they are worked at the central or at the alternate work location. This does not restrict the use of alternative work schedules. Non-exempt employees are responsible for fully and accurately reporting all hours worked on the monthly timesheet in Etrieve or using the approved method to timely submit time records of all work time. Any non-exempt teleworker must obtain pre-approval to work any overtime in accordance with WCC policy. Non-exempt teleworkers also must take the full and required meal period.

Supervisors are responsible for ensuring that employees who telework are recording time and timely submitting their timesheets.

Employees shall apply themselves to their work during designated work hours and not engage in other activities that are not work-related.

Teleworking is not designed to be a replacement for appropriate dependent care. Although an individual employee's schedule may be modified to accommodate dependent care needs, the focus of the arrangement must remain on job performance and meeting business demands. Prospective teleworkers are encouraged to discuss expectations of teleworking with family members prior to entering into a teleworking arrangement.

IX. Equipment and Software:

Prior to the start, and at the termination of the teleworking arrangement, supervisors and employees are responsible for completing an inventory of equipment, software, or other office or technology resources that are required for successful completion of work duties.

Equipment supplied by WCC will be maintained by WCC. Equipment supplied by the employee, if deemed appropriate, will be maintained by the employee. ONLY college-owned computers are permitted to access the secure WCC network. Equipment requests are approved by the VP of Information Technology before teleworking rights are granted.

WCC accepts no responsibility for damage or repairs to employee-owned equipment. WCC reserves the right to make determinations as to appropriate equipment, subject to change at any time.

Equipment supplied by WCC is to be used for business purposes only. The teleworker agrees to take appropriate action to protect the items from damage or theft and notify Information Technology immediately.

Upon termination of the teleworking arrangement, or employment, all College property will be returned to WCC. Supervisors and employees will sign off on conditional items related to the alternate work location, with employees being responsible for notification should any significant changes occur.

X. Communication:

While working away from the office, employees must be accessible for communication during their regularly scheduled hours (e.g., telephone, e-mail, etc.). This includes explicitly sufficient and reliable broadband internet access (min 3Mb down) at the telework site and cell or landline telephone capacity. Absent extending circumstances, the installation and recurring costs, and fees associated with the internet and telephone capacity are the sole responsibility of the employee. Specific requirements are subject to the needs of each department.

An employee must forgo telework if needed in the office on a day previously scheduled as a telework day. The employee may be called into the office when necessary to meet the operational needs of the College.

XI. Commencement and Duration of Teleworking Arrangement:

Either an employee or a supervisor can suggest teleworking as a possible work arrangement.

Any teleworking arrangement made will be on a trial basis for the first (30) calendar days, and may be discontinued, at will, at any time at the request of either the teleworker or the organization.

XII. Evaluation and Follow-Up:

Evaluation of teleworker performance during the trial period will include daily interaction by phone and e-mail between the employee and the manager, and weekly face-to-face meetings to discuss work progress and problems.

At the conclusion of the trial period, the employee and manager will each complete an evaluation of the arrangement and make recommendations for continuance or modifications. Evaluation of teleworker performance beyond the trial period will be consistent with that received by the employees working at the office in both content and frequency but will focus on work output and completion of objectives, rather than on time-based performance.

An appropriate level of communication between the teleworker and supervisor will be agreed to as part of the discussion process and will be more formal during the trial period. After the conclusion of the trial period, the manager and the teleworker will communicate at a level consistent with employees working at the office, or in a manner and frequency that seems appropriate for the job and the individuals involved.

XIII. Termination of Teleworking Arrangement:

The availability of teleworking as a teleworking arrangement for employees of WCC can be discontinued at any time and for any reason at the sole discretion of management; however, it is strongly advised that supervisors provide as much reasonable notice as possible to permit the employee to make alternate arrangements. A minimum of ten (10) business days of notice is generally expected unless employee conduct or safety issues necessitate otherwise.

I. SECONDARY EMPLOYMENT

Full-time College employees' primary professional obligation is to the College. Full-time employees who engage in secondary employment have the responsibility to ensure that any such employment does not interfere with their work at the College as outlined in the employee's position description and the College's policies and procedures. The employee shall not utilize College time, facilities, supplies or equipment in relation to any secondary employment.

Prior to beginning any secondary employment, the employee shall complete a Secondary Employment Form to provide notice of intent for secondary employment to the President or President's designee. The notice shall contain, at a minimum: 1) the name and contact information of the prospective secondary employer; 2) the proposed job duties; and 3) the estimated hours per week devoted to the secondary employment. The President or designee shall approve or disapprove of any secondary employment and his/her decision is final.

The Board of Trustees shall approve or disapprove any secondary employment of the President.

II. OUTSIDE COMPENSATION

College employees are encouraged to provide leadership and professional expertise to various constituencies or organizations whether locally, regionally or nationally who may request their services as a result of their College employment provided that the outside activity does not interfere or compete with their full-time duties at the College. A College employee must receive the approval of his/her immediate supervisor prior to committing to any outside activity which occurs during the normal workday. College employees may accept outside compensation for services rendered during annual leave, holidays, semester breaks or other such times when classes are not in session or if the services provided take place outside the scheduled or the normal workday. Outside compensation does not include nominal honorariums that staff or faculty members receive as a representative of the College for services provided for workshops, seminars, SACS visits or state or regional committee involvement. Exceptions to this section of the Policy must be approved by the President.

I. OVERVIEW

In accordance with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 and other applicable federal and state law, the College may be required to accommodate an otherwise qualified individual with a disability by making a reasonable modification in its services, programs or activities. This Policy addresses the use of Service Animals and other animals on campus by qualified individuals with disabilities or individuals authorized to provide training.

II. DEFINITIONS

- A. **Emotional Support Animal** – an animal selected or prescribed to an individual with a disability by a healthcare or mental health professional to play a significant part in a person's treatment process (e.g., in alleviating the symptoms of that individual's disability). An emotional support animal does not assist a person with a disability with activities of daily living and does not accompany a person with a disability at all times. An emotional support animal is not a "Service Animal".
- B. **Service Animal** – an animal that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a Service Animal must be directly related to the handler's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing nonviolent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. Service Animals may or may not have been licensed by a state or local government or a private agency.

III. ANIMALS ON CAMPUS

Animals, pets, and Emotional Support Animals are not permitted on campus and may not be left in vehicles on College property. There are occasions when a student or employee may need to bring an animal onto campus for the purpose of meeting an educational objective. Such requests should be made to the appropriate academic Dean prior to the animal being

allowed onto campus. Subject to the rules set forth in section IV and V below, Service Animals are permitted in any area of campus where employees or students are permitted, with a few exceptions for health and safety reasons.

IV. PROCEDURES AND RESPONSIBILITIES REGARDING SERVICE ANIMALS

A. Responsibilities of the Service Animal Owner/Handler

1. Registration

- a. Students must contact the Disability Services Office to register their Service Animal prior to bringing the service animal onto campus. Disability Services supports students on campus with Service Animals by informing appropriate College faculty and staff of the animal's presence, informing first responders, and to assist with the service animal's access to areas within the College campus.
- b. Employees that wish to bring a Service Animal to work must request a reasonable accommodation through the Human Resources Office.
- c. Visitors with Service Animals are not required to register the animals on campus.

2. Care and Supervision

- a. The care and supervision of a Service Animal is the responsibility of the animal's owner and/or handler. The handler must ensure the animal is in good health and has been inoculated and licensed in accordance with local regulations with the burden of proving licensure and inoculation on the person with a disability. Dogs must wear a rabies tag at all times. The Disability Services Office will review the expectations of this policy with the handler and owner at the time of registration.
- b. The Service Animal must be under the control of the handler at all times and may not be left alone. A Service Animal must be restrained by a leash or other appropriate device that does not exceed six (6) feet in length or otherwise be under the control of the handler if the leash or tether will interfere with the ability of the Service Animal to perform required tasks.
- c. The owner and handler of the Service Animal is responsible for any damage of personal property or any injuries to an individual caused by the Service Animal.

- d. The handler must ensure the animal is “housebroken” and trained and must clean up and remove all animal waste created by the animal.
- e. The Service Animal may not disrupt the operation of the College or any class.

B. Responsibilities of the College Community

If the need for a Service Animal is obvious, College officials may not question the presence of the animal on campus. If the need for a Service Animal is not obvious, College officials are permitted to ask the handler two questions:

1. Is the animal required because of a disability?
2. What work or task(s) has the animal been individually trained to perform?

At no time may a College official require a Service Animal to demonstrate the tasks for which they have been trained nor may they inquire as to the nature of the individual’s disability.

If another person on campus has a covered disability under the ADA and it includes an allergic reaction to animals and that person has contact with a Service Animal, a request for accommodation should be made by the individual to the Human Resources Office (if an employee) or the Disability Services Office (if a student). All facts surrounding the concern will be considered in an effort to resolve the concern and provide reasonable accommodation for both individuals.

C. Removal of Service Animals

The College has the authority to remove a Service Animal from its facilities or properties if the Service Animal becomes unruly or disruptive, unclean and/or unhealthy, and to the extent that the animal’s behavior or condition poses a direct threat to the health or safety of others or otherwise causes a fundamental alteration in the College’s services, programs, or activities.

It is a Class 3 misdemeanor “to disguise an animal as a service animal or service animal in training”. N.C.G.S. § 168-4.5. In other words, it is a crime under North Carolina law to attempt to obtain access for an animal under the false pretense that it is a Service Animal.

Additionally, any employee or student who violates any portion of this procedure is subject to disciplinary action.

The College prohibits discrimination in employment on the basis of pregnancy, childbirth, or related medical conditions. Pregnant and nursing employees will be provided with accommodations as required by law.

Employees

A. Reasonable Accommodations for Pregnancy-Related Limitations

In accordance with the Pregnant Workers Fairness Act, qualifying applicants and employees with known limitations related to pregnancy, childbirth, or related medical conditions will be provided reasonable accommodations, unless the accommodation demonstrably would impose an undue hardship on the operation of the College. No adverse action will be taken against an applicant or employee for requesting or using a reasonable accommodation.

B. Break Time to Express Milk

For one year after the birth of an employee's child, the employee will be provided reasonable break times to express breast milk for the child each time the employee has need to express milk. The appropriate supervisor will designate a place, other than a bathroom, that the employee may use to express milk. Any designated place must be functional as a space for expressing milk, shielded from view, and free from intrusion from others.

The College reserves the right to discontinue any program if sufficient funds are not available. In addition, the College shall terminate a curriculum program when there has been no enrollment for two years. The College may request a one-year extension of a curriculum program upon justification of the potential for employment opportunities and student enrollment. I. ACADEMIC TERMS

The calendar year is divided into three academic terms:

- A. Spring Term: January 1 – May 15
- B. Summer Term: May 16 – August 14
- C. Fall Term: August 15 – December 31

II. BEGINNING AND END DATE FOR ACADEMIC TERMS

The Board of Trustees (“Board”) shall determine the beginning and end date for each academic term within the timeframes set forth in Section I, unless an exception is granted by the System President. The System President may grant an exception if it does not result in an overlap with another academic term, the ten percent (10%) point of all course sections falls within the corresponding academic term reporting period, and the exception does not negatively impact the College’s ability to meet data reporting requirements.

The academic semester for credit courses shall be designed so that classes may be scheduled to include the number of instructional hours shown in the College catalog and the approved curriculum program of study compliance document and reported for FTE purposes. Instructional hours include scheduled class and laboratory sessions as well as examination sessions. Length of semesters or courses may vary as long as credit and membership hours are assigned consistent with requirements contained in the State Board Code. If necessary, to meet the needs of particular constituents (e.g., courses provided at high schools, military bases, prisons, or at the specific request of business), without an exception by the System President, the College may schedule curriculum course sections that fall outside the academic term beginning and end dates, as defined by the Board. If such course sections cross academic term reporting periods, FTE enrollment shall be reported consistent with the provisions of the State Board Code.

Under this doctrine and this policy, a work made for hire is defined as a work prepared by any employee within the scope of his or her employment. Other works created under the terms of an agreement between the College and a creator may also be deemed works made for hire under that agreement. Works made for hire include any materials that may receive protection under federal patent, copyright, or trademark law. The College retains its ownership of works made for hire and all rights incidental to that ownership except as stated below.

This policy does not include independent works by employees that were not created within the scope of employment and without College support.

II. ACADEMIC EXCEPTION FOR COPYRIGHTABLE WORKS

The College recognizes an academic exception to the works made for hire doctrine. Unless otherwise determined by the College prior to the creation of the Work, it is the College's policy that employees own and retain the copyright, and all rights incidental to that ownership, to works created for traditional academic purposes regardless of any use of College resources used in making the work.

This exception applies only to works that may be legally registered in the United States Copyright Office, including but not limited to, textbooks, course design and content, scholarly monographs, trade publications, maps, charts, articles, novels, nonfiction works, supporting materials, artistic works, syllabi, lecture notes, educational software and multimedia. Employees, however, may not use College resources to commercialize or publish a work without written approval from College administration.

For any creative work that falls under this exception, the employee grants and the College retains a perpetual, royalty-free, non-exclusive right to use the work for educational, research and marketing purposes.

This exception does not apply to trademarks, inventions or patent ownership.

III. STUDENT WORKS

Except as stated herein, the College recognizes that students retain ownership of intellectual property submitted in fulfillment of academic requirements. By enrolling in the College, the student gives the College a perpetual, non-exclusive, royalty-free license to mark, modify, and use, any work as may be required by the process of instruction, or for other educational, research or marketing purposes.

This section does not apply to class or lab notes created by a student.

The College shall retain the ownership of all patentable inventions created by a student in fulfillment of academic requirements under the following conditions: the development of the invention involved substantial use of College resources, including use of facilities, time, and/or other resources.

IV. OTHER AGREEMENTS

In support of its mission, the College, an employee or a student may voluntarily enter into other agreements for ownership of intellectual property or the sharing of royalties. In these instances, the written agreement is controlling, not this policy.

In the case of a work created under the provisions of a grant, the terms of the grant will determine the ownership and all rights incidental to the ownership of the property created, not this policy.

All revenue derived by the College from the creation and production of intellectual property shall be used for educational and research purposes that directly support the College's mission.

V. DISPUTE RESOLUTION

- A. Prior to creating works using College resources, employees and students should direct intellectual property ownership questions to the appropriate Vice President.
- B. Employees. If issues related to ownership of intellectual property arise and cannot be resolved informally, College employees may seek resolution through Policy 3.3.8 – Employee Grievance Policy. Prior to initiating litigation, both parties will participate in voluntary mediation before a neutral third-party mediator and will equally share the cost of such mediation.
- C. Students. If issues related to ownership of intellectual property arise and cannot be resolved informally, College students may seek resolution through Policy 5.3.6 – Student Grievance Policy. Prior to initiating litigation, both parties will participate in voluntary mediation before a neutral third-party mediator and will equally share the cost of such mediation.

Live client projects are defined as:

- A. Educational programs in which students, as part of their educational experiences and as part of the instructional course requirements, repair or remodel non-college owned personal or real property; or
- B. Educational programs that construct structures that are sold, produce goods that are sold, or provide services for a fee, such structures, goods or services being the normal and necessary product of learning activities of students.

Legal Citation: 1H SBCCC 300.1

I. APPROVAL FOR LIVE PROJECTS

A. Program Based Live Client Projects

For College programs like automotive mechanics, cosmetology and dental hygiene, services which traditionally use live client projects as a routine part of the curriculum and program, the Dean responsible for the program shall make an annual report at the end of each semester to the Vice President for Instruction²¹ regarding live client projects. The Vice President for Instruction is authorized to approve the continued use of live client projects for these programs.

B. Specific Live Client Projects

If an instructor desires to implement a specific or new live client project, the instructor shall provide a written summary of the project to the Dean for review. The Dean shall review and provide written recommendation to the Vice President for Instruction. The Vice President is authorized to approve specific or new live client projects.

II. CLIENT SELECTION

Clients for live projects shall be limited to current students and employees in the North Carolina Community College System. When, however, it becomes necessary to solicit outside clients in order to provide students with enough experience to carry out the desired live project, the instructor responsible for the live project shall adopt specific, written criteria for selecting outside clients. The criteria must be approved in advance by the Vice President for Instruction and shall not be inconsistent with the State Board Code.

III. CLIENT CHARGES

Under State Board Code, the College is authorized to charge clients for goods and services produced through live projects. For live projects involving repair or remodeling non-College owned personal and/or real property, the owner of the property shall supply or pay for all parts required. These costs include but are not limited to: supplies and materials used in producing the good or service; additional personnel required to serve clients; specialized equipment; liability insurance; and other costs directly related to the live client project as distinguished from an instructional program that does not produce income. In the context of construction live client projects, these costs include, but are not limited to: all building materials; land; land improvements; amounts paid to subcontractors for work not performed by College students or employees; any actual interest paid on construction loans or financing arrangements provided for by a partnering third-party entity; and any legal fees and closing costs that may be required. Live client project receipts may also be used to supplement instructional costs of those programs engaging in live client projects. The instructor responsible for the live project shall maintain detailed records so that the College may prepare annual financial statements and a complete audit of the account may be made after the close of the fiscal year.

- a. Where federal programs are involved, federal regulations do not permit goods to be sold. In such programs, goods produced may be used for the benefit of the College or donated to another nonprofit charitable organization, educational agency or institution.
- b. For live projects that involve the repair of equipment purchased with State funds or Federal surplus property, the repair of this equipment and its sale as surplus shall follow the State Division of Purchase and Contract regulations. The proceeds of such sales shall be deposited with the State Board of Community Colleges and credited to the College's equipment budget.

A project

cannot be subdivided to evade the provisions of G.S. 143-135

VI. LIABILITY ISSUES

- A.** Prior to entering into any live client projects, the instructor for the live project must obtain all the appropriate signatures on the Live Client Project Agreement Form²². The participating clients must sign the form, acknowledging the waiving of all liability for work, projects and services provided by the College. The participating clients shall assume any and all risk, as well as all future liability, for the live client project when the College declares the students/instructor(s) involvement terminated and the live client project finished.
- B.** For any live projects conducted off-campus, prior to the project beginning, the participating client must provide documentation of liability insurance covering the College's Trustees, employees, students and agents in an amount no less than one million dollars, from an insurance company authorized to conduct business in North Carolina.

7. Non-Criminal Justice Education and Training Firearm Courses.

Except for courses governed by Criminal Justice Education and Training, if the College has a program that requires students to possess a firearm, prior to admission, the student must provide proof of eligibility to possess firearms. For purposes of this Policy, "firearm" means a handgun, shotgun or rifle that expels a projectile by action of an explosion; "proof of eligibility" means: i) a current, valid State-issued

The Vice President shall also meet with the applicant and provide the applicant an opportunity to respond. Within ten (10) calendar days from receipt of the applicant's written appeal, the Vice President shall make his/her determination and provide the applicant with a written response. Admission to the College does not guarantee immediate acceptance to the curriculum program desired by the applicant. Admission to certain programs may have additional specific entrance requirements. Students may have to complete basic skills or developmental level courses before being accepted into their desired academic curriculum program.

The Vice President for Instruction and Student Support (“Vice President”)²⁷ administers all admissions requirements and enforces all College admission policies and procedures.

I. Curriculum Programs

A. Certificate, Diploma and Degree Seeking Applicants

For curriculum certificate, diploma and degree seeking applicants, all applicants must:

1. Submit a completed application for admission.
2. Provide an official high school transcript, adult high school diploma, or an official GED, HISET, or TASC score from a regionally accredited institution. These transcripts must include the date the diploma was awarded, the type of diploma and have the institution’s official seal. It must be mailed or electronically transferred from the issuing institution or agency. Current applicants who are high school seniors should submit a transcript showing work through the end of the first semester of the senior year. A final official transcript must then be submitted upon high school graduation, and before enrollment, to be fully accepted. Applicants who have completed an associate degree or higher from a regionally accredited post-secondary institution may submit college transcripts with conferred degree awarded in lieu of high school transcripts. Exceptions for enrollment in certificate programs may be made on an individual basis for non-high school graduates who are 18 years or older.
3. Demonstrate competence in math and English. Competence is determined based on the RISE (Reinforced Instruction for Student Excellence) policy established by the North Carolina Community College System.

Students who graduated from a United States high school within ten years prior to enrollment will be placed into courses based on their unweighted high school Grade Point Average (GPA). Students who graduated from a United States high school more than ten years prior to enrollment will be given the option to be placed into courses based on their unweighted high school GPA or take the RISE placement test.

²⁷ Or another appropriate administrator.

Students who completed a high school equivalency diploma (GED or HiSET) may be waived from testing if they meet eligibility criteria. Those not waived will be required to take the RISE placement test unless they are eligible for other waivers.

Students who graduated from a high school outside of the United States or who received an Adult High School Diploma will be required to take the RISE placement test unless they are eligible for other waivers.

Students must submit an official high school transcript showing GPA for review prior to determining waiver eligibility. Current high school students can submit a transcript after grades are posted for the first semester of the senior year.

Additional placement exceptions and other testing guidelines are published on the College's Placement Testing website at www.wilkescc.edu/placementtesting.

4. Returning students who are eligible for readmission and who have not been enrolled at the College for two (2) or more consecutive academic semesters must submit a new admission's application and update residency classification prior to registration. The student may meet the curriculum requirements in effect at the time of readmission according to the current College catalog or the program requirements under the previous catalog if within five years.

Students who have been placed on academic or disciplinary suspension must fulfill the terms of their suspension before being considered for readmission. Students on disciplinary suspension must also submit a letter to the Dean of Student Services requesting readmission.

The College reserves the right to deny readmission to a former student, including a student who has unsettled financial obligations at the College or who has not complied with previous disciplinary requirements. All of the student's debts to the College must be paid in full before registering for courses.

B. Non-Degree Seeking Applicants

Non-degree seeking students are those students who enroll in one or more courses but do not desire to graduate from one of the established curricula. The student may register for any course which is open to all students and does not require a prerequisite. However, if a student plans to register for a course that requires a prerequisite course, the student must submit an official

transcript from a regionally accredited institution showing completion of this requirement with a grade of “C” or better prior to registering. An applicant who plans to enroll in mathematics and/or English courses must demonstrate competency in math and English, see Section I(A)(3). Students may not register for courses in a program that has a waiting list or restricted admission (such as nursing).

Non-degree seeking students are not eligible for financial aid or veterans benefits nor are they permitted to earn any degree, diploma or certificate awarded by the College.

II. CONTINUING EDUCATION PROGRAMS

For applicants seeking admission to a continuing education program, all applicants must complete the College’s continuing education registration process and pay the applicable tuition and institutional fees.

III. PROVISIONAL ADMISSIONS

In certain situations, an applicant may be provisionally accepted by the College and permitted to register prior to completion of all admissions requirements. Students who are admitted on a provisional basis must complete all admission requirements within the first semester of attendance. Failure to complete the provisional requirements could result in the student being denied continued admissions for the next semester.

- I. Course work transferred or accepted for credit toward an undergraduate degree must represent collegiate course work relevant to the degree with course content and level of instruction resulting in student competencies at least equivalent to those of students enrolled in the College's undergraduate degree program.
 - II. Any such earned credit must meet the minimum College academic standards of a grade of "C" or better and must parallel the content of similar courses offered. The maximum amount of credit allowed to be transferred is seventy five percent (75%) of the College's curriculum. Any course taken at a North Carolina Community College System institution will be accepted for the equivalent course except as specified herein.

For all others, the following criteria will be considered in determining the acceptability of the transfer course work:

- A. Accreditation of the school by a regional or national accrediting body recognized by the United States Department of Education. Accreditation does not guarantee acceptance of transfer credit.
- B. Equivalency of course descriptions, outcomes, and analysis of course level, content, quality, comparability, and degree program relevance. It shall be the student's responsibility to provide documentation of this equivalency, which may include, but is not limited to, syllabi, course catalogs, course outcomes, etc.
- C. Use of recognized guides, such as those published by the American Council on Education, the American Association of Collegiate Registrars and Admissions Officers and the National Association of Foreign Student Affairs.
- D. If the school was not accredited by a regional or national accrediting body recognized by the United States Department of Education at the time the course was taken, additional documentation will be required. It shall be the student's responsibility to provide any additional documentation requested.
- E. For skills-based courses, particularly those in the advanced technology programs, demonstration of student skills may be a component of the evaluation process.

- III. The responsibility for determining transfer credit from other colleges and universities rests with the Registrar. When there is doubt about the appropriateness of transfer credit or when a student wishes to appeal a transfer credit decision, the transcript will be referred to the appropriate faculty member(s) and Dean, whose decision will be final. In such cases, the Dean will note the decision in the student's academic file. Time limits may be imposed in certain situations, such as for allied health program courses. Student Services and the appropriate Dean will maintain a list of courses that have time limits for transfer.
- IV. When a student transfers from a postsecondary institution to the College, the following steps will be implemented:
 - A. The student fills out an application for admission and is responsible for providing an official high school transcript and an official transcript from any other postsecondary institution. The student should allow at least one month for the transcript evaluation process prior to registering for classes.
 - B. The Registrar's office evaluates the transcript and credit is accepted in accordance with the College's program offerings and the procedure stated herein. No credit for a course with a grade lower than a "C" may be transferred. The transcript evaluation is conducted in cooperation with the appropriate faculty member(s) and Dean, as applicable.
 - C. The student is given placement test(s), if applicable.
 - D. The student continues with registration procedure.

To review additional opportunities for awarding credits for prior learning, see the College's Policy on Credits for Prior Learning, Policy 5.2.9.

The College provides the opportunity for all students to apply for certain types of financial aid programs. The College administers these programs in accordance with all applicable laws, rules and regulations. Requirements and critical dates for receiving financial aid are outlined in the College's catalog and on the College's website.

I. ATTENDANCE REQUIREMENTS FOR CURRICULUM PROGRAMS

The following attendance requirements shall apply to all College students:

A. INTRODUCTION

Class attendance is an important part of students' educational experiences. Absences from the classroom negatively affect student success and learning outcomes. Students are responsible for attendance and are expected to be punctual. Regardless of reasons for absences, students will be held accountable for all academic activities. Students are expected to take personal responsibility for their attendance and use discretion when making schedule choices to meet the demands of work, family, and other responsibilities.

B. ABSENCES

Students who know of upcoming absences should notify their instructors in advance; if advance notice is not possible, students should contact instructors immediately upon their return to class.

Absences will be counted from the first meeting of the class. State regulations require that all students must enter and participate in class prior to the census date (10% point) for each course in order to remain enrolled in the course. Instructors are required to mark students who fails to attend a course prior to the census date as a "No Show".

Under extenuating circumstances, a student who has never attended by the ten percent (10%) date may petition for reinstatement in the class and earn course credit. The student and/or faculty should notify the Dean of Student Services, in writing, of the extenuating circumstances that occurred prior to the ten percent (10%) date of the class and provide compelling documentation to support the request for reinstatement. The Dean's decision regarding reinstatement may be appealed to the Vice President of Instructional Support and Student Services within two (2) business days. The Vice President's decision is final.

Faculty members who choose, or are required by outside agencies to include class attendance as a factor in determining students' final grades, will include this requirement in their course syllabi. For example, students enrolled in Basic Law Enforcement Training must attend 100% of the total contact hours for the course as mandated by the NC Criminal Justice Education and Training Standards Commission.

Instructors are required to withdraw the student when two consecutive weeks are missed in any term before the published withdrawal date (75% point of the

term). If a student has been in contact with the instructor and is making academic progress toward passing the course, the instructor may request the division dean's approval for leniency.

Students will receive a W grade up to the published withdrawal date (75% point of the term). After the published withdrawal date (75% point of the term), students will not be withdrawn from the course, but will be awarded the grade they have earned.

C. CO-REQUISITE COURSES

If a student is withdrawn from a course due to attendance that has a required co-requisite course, the student shall be removed from the co-requisite course, unless a waiver has been granted by the division dean or Vice President of Instruction for the student to take the course without being enrolled in the required local co-requisite course.

If a student is required to take a Reinforced Instruction for Student Excellence (RISE) co-requisite course and is withdrawn from the required RISE co-requisite course due to attendance, the student will be withdrawn from the gateway course. Example: If a student is withdrawn from ENG-011 Writing and Inquiry Support due to attendance, the student will be withdrawn from ENG-111 Writing and Inquiry.

If a student is required to take a Reinforced Instruction for Student Excellence (RISE) co-requisite course and is withdrawn from the required gateway course due to attendance, the student will be withdrawn from the RISE co-requisite course. Example: If a student is withdrawn from ENG-111 Writing and Inquiry due to attendance, the student will be withdrawn from ENG-011 Writing and Inquiry Support.

D. EXTENUATING CIRCUMSTANCES

If a student has been withdrawn from a course due to any of the absence policies above and has an extenuating circumstance (court orders, natural disasters, medical issues, or other extreme circumstances) for missing the class(es), the student may submit an appeal to the instructor to be reinstated in the course. If the instructor, division dean, and the Vice President of Instruction approve, then the student will be reinstated.

E. EXCUSED ABSENCES

An excused absence is defined as a planned absence with prior notification to the instructor or an unplanned extenuating circumstance. In addition to court orders, natural disasters, medical issues, a pandemic, or other extreme circumstances, the following will also be considered excused absences:

- ***College-Related Activities***

Student must submit appropriate documentation to the instructor a minimum of five business days prior to the events. If documentation is not submitted at least five business days prior to an event, permission for the absence will be at the discretion of the instructor. In addition, if a student has an excessive number of absences or has unsatisfactory academic performance in the course at the time of the absence, the instructor will inform the student whether he or she will be permitted to miss class. Students missing a class due to official college activities and events bear the responsibility of contacting the instructor regarding advanced submission or make up of work. Once the absence has been approved, the student will be allowed a reasonable opportunity to complete all work missed as a result of the missed class. Official college activities and events include participation in the following: field trips in connection with courses; intercollegiate athletic contests; statewide, regional, and/or national organization events; scholarship events; and student academic competitions and award ceremonies. High school-related activities of Career and College Promise (CCP) and Early College High School (ECHS) students will be considered the same as college-related activities.

- ***Religious Observances***

Pursuant to G.S. 115D-5, students may request two excused absences per academic year for religious observances. Curriculum students may obtain a form from the office of the Vice President of Instruction. Continuing education students may obtain a form from the office of the Vice President for Continuing Education. Students attending classes at the Ashe Campus or Alleghany Center may obtain a form from the chief administrator at those locations. The student must provide a written request to each instructor five business days prior to an absence for religious observance(s). (If the day(s) of observance fall within the first four days of class, such request shall be made to the senior administrative officer for curriculum or continuing education courses.) Instructors will forward the request to the office of either the senior administrative officer for curriculum or continuing education as appropriate for filing. Students requesting absences as required by their faith shall be given the opportunity to make up any tests or other work missed. The instructor, in consultation with the student, will identify a deadline for submission of the work that is appropriate to the requirements of the course.

- ***Military Absences***

The College shall allow any enrolled student who is in the United States Armed Forces, who has received temporary or permanent re-assignment as a result of military operations, and any National Guard service member placed onto State active duty status during an academic term, to be given an excused absence for the period of time the student is on active duty.

I. TAKING ATTENDANCE IN TRADITIONAL/SEATED AND ONLINE SYNCHRONOUS CLASSES

Attendance will be measured by a student being present in the lecture and/or laboratory session.

II. TAKING ATTENDANCE IN ASYNCHRONOUS ONLINE CLASSES

A. Instructors are responsible for recording weekly attendance in online courses. The below list provides what may or may not count towards attendance.

A student is considered in attendance by:

- Participating in an online discussion forum
- Completing a journal entry
- Completing a quiz/test/exam
- Submitting an assignment
- Posting in an online study group that is assigned by the institution
- Participating in an interactive tutorial or computer-assisted instruction
- Attending a face-to-face study group that is assigned by the institution
- Corresponding (student-initiated) with faculty via email or other electronic formats about course material

A student is not considered in attendance by:

- Logging into the course
- Emailing classmates
- Planning to complete all assessments at the end of the term
- Reading course material
- Participating in academic counseling or advisement

B. Absences in asynchronous online courses WILL be managed in the following manner:

- Faculty must ensure all online courses require an attendance activity each week for the duration of the semester.
- For any week in which a student fails to submit a weekly attendance assignment or another assignment due that week, that week will constitute one absence.

III. TAKING ATTENDANCE IN HYBRID/BLENDED CLASSES

Attendance is based on two factors: the student attending the physical lecture and/or laboratory sessions and the student submitting weekly attendance assignments in the online portion of the course. Reference the **Taking Attendance in Online Asynchronous** section for information on how to conduct attendance for the online portion of the course.

-
- I. A full-time student is a student enrolled in a given semester with twelve (12) or more semester hours of credit. A part-time student is a student enrolled with fewer than twelve (12) semester hours of credit. A freshman is a student who has completed less than half the required credit hours of an associate degree program and a sophomore is a student who has completed more than half the required credit hours of an associate degree program.
 - II. Part-time students may enroll for individual curriculum courses. Credit earned by such students may be applied to a degree, diploma or certificate depending upon the level of such work.
 - III. Special credit students who do not wish to apply for a degree, diploma, or certificate program may enroll for individual curriculum courses upon completion of an application for admission only. Special credit students who later wish to enroll in a program of study must complete all admission requirements and declare a program of study. Credit earned as a special credit student may be applied to program requirements, if appropriate.

Religious Observances

Pursuant to G.S. 115D-5, students may request two excused absences per academic year for religious observances.

- I.** A student must complete the Religious Accommodation Form. Curriculum students may obtain a form from the office of the Vice President of Instruction. Continuing education students may obtain a form from the office of the Vice President for Continuing Education. Students attending classes at the Ashe Campus or Alleghany Center may obtain a form from the chief administrator at those locations. The student must provide a written request to each instructor five business days prior to an absence for religious observance(s). (If the day(s) of observance fall within the first four days of class, such request shall be made to the senior administrative officer for curriculum or continuing education courses.) Instructors will forward the request to the office of either the senior administrative officer for curriculum or continuing education as appropriate for filing.
- II.** The instructor and the student should discuss what a reasonable accommodation should include in all given cases. At a minimum, reasonable accommodations must provide that the student who is absent on days of examinations or class assignments due to a religious observance will have an opportunity to make up the work, without penalty, unless granting the make-up opportunity would create undue hardship.
- III.** If the instructor and student agree upon a reasonable accommodation, the accommodation is then documented and shall be implemented.
- IV.** If the instructor denies the student request for a reasonable accommodation, or only agrees to provide an accommodation that is unsatisfactory to the student, the student and the instructor will meet with the Department Chair. If the parties cannot reach a consensus, the student may file a written grievance to the Division Dean within five calendar days after the meeting with the Department Chair. The Dean shall meet with the student, instructor and Department Chair and hear from all parties regarding the student's requested accommodations and make a written determination regarding the student's request. The student may appeal the Dean's decision to the Vice President of Instruction within five (5) calendar days of receipt of the Dean's written determination. The Vice President will conduct an "on the record" review and, at the Vice President's discretion, hear from the parties. The Vice President will render a final decision. Where a timely request is made by the student but denied by the instructor, the grievance process shall be expedited as much as reasonably possible to ensure that a student pursuing a religious accommodation is not unduly disadvantaged by the passage of time.

- V. Excused absences from classes or examinations for religious observances will not be counted against any mandatory attendance requirements, but they do not relieve students from responsibility for any part of the course work required during the period of absence. Students requesting absences as required by their faith shall be given the opportunity to make up any tests or other work missed. The instructor, in consultation with the student, will identify a deadline for submission of the work that is appropriate to the requirements of the course.

Adopted: 08/08/2019

The College shall allow any enrolled student who is in the United States Armed Forces who has received temporary or permanent re-assignment as a result of military operations, and any National Guard service member placed onto State active duty status during an academic term to be given an excused absence for the period of time the student is on active duty.

- A. The College shall provide the student the opportunity to make up any test or other work missed during the excused absence.
- B. The College shall give the student the option, when feasible, to continue classes and coursework during the academic term through online participation for the period of time the student is placed on active duty.
- C. The College shall give the student the option of receiving a temporary grade of "incomplete" for any course that the student was unable to complete as a result of being placed on State active duty status; however, the student must complete the course requirements within one (1) semester following their return from active service to avoid receiving a failing grade for the course.
- D. The College shall permit the student to drop, with no penalty, any course that the student was unable to complete as a result of being placed on State active duty status.

I. STUDENT VOLUNTARY WITHDRAWAL FROM COURSE(S)

A. Ten Percent (10%) Census Date

A student may withdraw from a course for a partial refund on or before the official ten percent (10%) census date of the semester. For more information on tuition/fee refunds, see Policy 6.1.4 – Tuition/Fee Refunds. In the case of withdrawal on or before the official ten percent (10%) census date of the semester, the withdrawn course(s) will not be included on the transcript.

B. Last Date to Withdraw

A student may voluntarily withdraw from his/her courses through the seventy five percent (75%) point in a semester/term. A student will not be allowed to voluntarily withdraw from courses past the published last date to withdraw. After the last date to withdraw, a student will be awarded the grade they earned in the course. All applicable deadlines will be published in the College's official calendar.

It is the student's responsibility to withdraw from course(s) if he/she cannot meet the requirements of the course. The student should first consult his/her instructor and advisor before requesting to be withdrawn from a course. Students receiving financial aid should also consult a financial aid staff member before requesting to be withdrawn from a course. Withdrawing from a course could substantially delay the completion of the student's program of study and may have impacts on future financial aid eligibility.

To officially begin the withdrawal process, the student should complete the Withdrawal Request Form.

In the case of a withdrawal, the student will receive a "W" which will not be included in the grade point average but will appear on the student's official transcript.

However, an administrative withdrawal (student receives a "W" grade) may be granted after the seventy-five percent (75%) point for extenuating circumstances (military, court orders, natural disasters, or other extreme circumstances) and must be approved by the division dean and Vice President of Instruction.

C. Medical Withdrawal

The medical withdrawal option allows students who have experienced a medical emergency or other extenuating circumstances to withdraw from classes. Medical emergencies are defined as injuries, illnesses, psychological, or psychiatric disorders that limit the students ability to attend classes and perform well academically.

Other circumstances may allow for a medical withdrawal and will be considered on a case by case basis. These may include a death in the family or becoming a caretaker. This option allows students to drop classes after the official drop deadline has passed for a semester/term.

Any student wishing to withdraw from any or all classes due to medical concerns or other circumstances must complete a withdrawal form, which must be requested from the registrar's office, and submit supporting documentation. This documentation could include:

1. Signed note from a licensed health care provider specifying:
 - a. Limitations caused by the medical condition
 - b. When the condition occurred
 - c. Health care provider's recommendation for student withdrawal
2. Other relevant medical records
3. Obituaries

Requests for withdrawal will be reviewed by the Dean of Student Services. The Dean of Student Services will consult with the Care Team as needed to approve or deny requests. All requests must be submitted no later than the last day of the following semester.

Any student whose request is denied may submit an appeal to the Vice President of Instruction for reconsideration.

Any approved request for withdrawal will result in the student receiving a "W" grade for the affected course(s), which will not impact the student's grade point average. Students are encouraged to meet with a financial aid representative to discuss the potential impact of the withdrawal on their Satisfactory Academic Progress (SAP) status/financial aid eligibility.

II. STUDENT INVOLUNTARY WITHDRAWAL FROM COURSE(S)

1. Students who register for a course and do not attend classes prior to ten percent (10%) will be dropped by the instructor as a "No Show."
2. Students may be withdrawn from courses for disciplinary reasons subject to the student discipline policies.
3. If a student withdraws from a course that has a required co-requisite, the student will be withdrawn from the co-requisite course, unless a waiver has been granted for the student to take the course without being enrolled in the co-requisite course.

4. If a student is required to take a Reinforced Instruction for Student Excellence (RISE) co-requisite course and withdraws from the required RISE co-requisite course, the student will be withdrawn from the gateway course.
Example: Student withdraws from ENG-011 Writing and Inquiry Support, then the student will be withdrawn from ENG-111 Writing and Inquiry.

Credit Hour and Coursework Policy

I. OVERVIEW

Wilkes Community College's credit hour and coursework policy aligns with the SACSCOC Credit Hours Policy Statement, which defines a credit hour as an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates (1) not less than one hour of classroom or direct faculty instruction and a minimum of two hours out of class student work each week for approximately fifteen weeks for one semester or (2) at least an equivalent amount of work as required outlined in item 1 above for other academic activities as established by the institution.

The credit hour and coursework policy also aligns with the state directives specified in State Board of Community Colleges Code 1D SBCCC 400.1(C) Curriculum Definitions and 1D SBCCC 400.8 Courses for Curriculum Programs. The College also follows directives described in the North Carolina Community College Combined Course Library (CCL).

The College complies with SACSCOC and State Board Code regulations in determining the amount and level of credit awarded for courses regardless of the instructional delivery methods.

II. CREDIT HOUR DEFINITIONS

Credit for curriculum courses is measured in semester credit hours. WCC follows the credit hour definitions provided by the NC State Board of Community Colleges Code. SBCCC 400.1(C) defines credit hours as:

- A. Class: Credit of one semester hour is awarded for each 16 hours of lecture and other instruction provided in a class under the supervision of an instructor.
- B. Clinical Practice: Credit of one semester hour is awarded for each 48 hours of clinical practice. Clinical practice provides an opportunity for health science students to apply knowledge and skills in their delivery of care in a health care setting. A qualified faculty member, clinical instructor, or preceptor, as defined by the program related approving or accrediting body, shall supervise clinical practice to provide the student with learning experiences related to the program and to monitor and assess the student's application of skills. Clinical practice may utilize experiences that simulate realistic clinical experiences to meet the curriculum and course objectives. The percentage of simulation experiences substituting for traditional clinical practice and the qualifications of faculty providing the simulation experience must comply with the guidelines of the applicable health science accrediting and approving bodies.

- C. Experiential Laboratory: Credit of one semester hour is awarded for each 32 hours of “experiential laboratory work.” Experiential laboratory work means instruction given to a student by an instructor to increase the student’s knowledge and skills without immediate student application.
- D. Faculty Directed Laboratory: Credit of one semester hour is awarded for each 48 hours of “faculty directed laboratory.” Faculty directed laboratory means instructional activities are demonstrated or conducted by an instructor with immediate student application.
- E. Work-Based Learning: Credit of one semester hour is awarded for each 160 hours of work-based learning (WBL curriculum prefix courses). Work-based learning is the development of job skills by providing the student with employment that is directly related to the educational program and coordinated by a college representative.

III. PROCEDURES FOR DETERMINING AMOUNT AND LEVEL OF CREDIT AWARDED

WCC adheres to the requirements established for the amount and level of credit to be awarded for courses as prescribed by the North Carolina Community College System’s Combined Course Library (CCL) and SBCCC 400.8 (Courses for Curriculum Programs). Instruction is provided for each course based on the number of contact hours listed in the CCL for that course.

Distance learning courses (Internet, synchronous, and hybrid) are equivalent in content to courses offered in the traditional (seated) format. The amount of credit awarded for all courses is in accordance with the Combined Course Library and, consequently, course credits are consistent, regardless of format or mode of delivery. Credit awarded for courses taken during a mini or interim term is consistent with a traditional 16-week term as the number of contact hours remain the same.

The amount and level of credit hours awarded for courses are published in the WCC Catalog. Course credit hours are also published in the online course schedule and on student schedules.

WCC adheres to the following institutional and/or state level policies/procedures for the awarding of credit by transfer or other methods.

- Courses listed in high school to community college articulation agreements
- Military education and training
- Credit by Examination
- State or Industry Recognized Credentials/Continuing Education to Curriculum Credit
- Transferring Credits from Other Regionally Accredited Colleges and Universities
- Transferring Credits from Programs Accredited by National Programmatic Accrediting Organizations that are Recognized by the Council for Higher Education Accreditation and the United States Department of Education

- Standardized Examinations
- Apprenticeship

See policy 5.1.2 Acceptance of Transfer Credit and policy 5.2.9 Credit for Prior Learning for more information.

Attendance through the ten percent (10%) date of the semester is reported using the college's online attendance tool. Faculty may begin entering their class attendance data after the drop/add period has ended. The Vice President of Instruction ("Vice President")²⁸ is responsible for setting the report due date and communicating that information to faculty each semester. The due date falls shortly after the ten percent (10%) date of the semester or course (if the course begins later in the semester).

²⁸ Or another administrator.

Any individual may audit a College class based on the following:

- a. The individual pays the normal tuition and fees. However, any person who is at least 65 years old may audit non-self-supporting basis courses without the payment of tuition for up to six hours, provided the individual meets the other criteria listed herein.
- b. Auditing students do not take tests or examinations, they do not receive grades, credit or financial aid, and cannot later change the “audit” to credit.
- c. Students auditing a course must meet the same course prerequisite and attendance standards as all other students in the course. Auditing a course will not meet the prerequisite of any sequential or higher-level course.
- d. Auditing is subject to open seats in the course and a student who audits a course shall not displace other students seeking to enroll in the course.
- e. Students who audit a course and withdraw or are dropped from the course will be issued a grade of “W”²⁹.
- f. Students must complete the class audit e-form by the end of drop/add. The office of the Registrar will register the student for the course.

²⁹ Or whatever letter the College gives to constitute a withdraw/drop.

Curriculum instructors shall include a clear explanation of the grading system in the syllabus for every course. At the end of each semester, students will receive final grades based upon the following ten-point system, unless noted otherwise in the course syllabus:

A	90-100	Excellent	4 quality points per semester hour

C	70-79	Average	2 quality points per semester hour
D	60-69	Below Average	1 quality points per semester hour
F	0-59	Failure	0 quality points per semester hour

Note: Developmental courses (any course that has 0 as the first number in the 3-digit course number) do not earn credit hours or quality points but may be used for financial aid and athletic eligibility

Curriculum course grades with no grade points awarded include:

TR Transfer Credit
 CE Credit by Exam
 I Incomplete
 IE Incomplete Emergency
 P Pass (Developmental)
 P1 Pass (Developmental)
 P2 Pass (Developmental)
 P3 Pass (Developmental)
 R Repeat (Developmental Course Not Passed or Repeated course, GPA recalculated)
 AR High School Articulation Credit
 W Withdrawal AU Audit
 WE Withdrawal Emergency
 SR Senior Audit

These special grades are defined as follows:

TR - A "TR" grade represents transfer credit awarded for courses taken at other schools, colleges or universities.

CE - A "CE" grade is awarded if a grade of 80% or better is earned on a credit by examination.

I - An "I" grade is given only under extenuating circumstances as determined by the instructor. Such a grade must be removed by the end of the following semester. If not removed within this time, the incomplete becomes a failure. Once a student has been issued an "I" grade, the grade cannot be changed to a withdrawal "W" grade.

P - A grade of “P”, “P1”, “P2”, or “P3” is awarded if a student completes and passes a developmental course.

R - A grade of “R” is awarded if a student does not complete or pass a developmental course or if a course has been repeated. A course may be repeated as deemed necessary by students. When a course is repeated, an “R” notation is made on the transcript.

AR - An “AR” grade represents credit given for courses completed while in high school as outlined in the North Carolina High School-to-Community College Articulation Agreement.

W - Following the ten percent (10%) period, a withdrawal grade of “W” is given when a student officially withdraws from a course. A withdrawal grade is awarded through the seventy-five percent (75%) point of the semester/term. An administrative withdrawal (student receives a “W” grade) may be granted for extenuating circumstances (military, court orders, natural disasters, or other extreme circumstances) and must be approved by the division dean and Vice President of Instruction. Medical Withdrawals (includes death of family member, becoming a caretaker) will still be allowed, per the current Withdrawal Policy.

AU - An “AU” grade is given when students are auditing courses.

SR - An “SR” grade is given when senior (age 65+) students are auditing courses.

This Policy shall apply to grade appeals unrelated to issues pertaining to the Code of Student conduct. The grade appeal process applies only to final course grades. In the event a student appeals a grade that prevents progression in a program, the student will be allowed to enroll and attend the following semester pending the outcome of the appeal. For sequential classes that have a clinical component, the student will be allowed to take the academic coursework but will not be allowed to participate in the clinical component of the class until the appeal is over. If the grade is upheld, the student will be administratively dropped from the course and refunded the tuition.

- A. If a student is dissatisfied with his or her grade, the student must first meet with the instructor who assigned the grade within five (5) business days after official receipt of that grade. The instructor will make a written determination and provide it to the student. In cases where the student is unable to meet in person with the instructor, the student may contact the instructor by email. If the instructor is no longer employed at the College, the student may proceed to step B.
- B. If the student is still dissatisfied with the instructor's determination, within five (5) business days thereafter, the student may meet with the Department Chair or Program Director (Health Sciences), if there is one and that person is not the instructor of the course, in which case the student should proceed to step C. The student must present the instructor's written determination. In cases where the student is unable to meet in person with the Department Chair or Program Director, the student may contact the Chair or Director by email. The Department Chair or Program Director will make a written determination and provide it to the student.
- C. If the student is dissatisfied with the Department Chair or Program Director's determination, within five (5) business days thereafter, the student may meet with the Division Dean. In cases where the student is unable to meet in person with the Dean, the student may contact the Dean by email. The Dean shall make a written determination and provide it to the student.
- D. If the student is dissatisfied with the Dean's determination, within five (5) business days thereafter, the student may file a written appeal with all documentary evidence to the Vice President of Instruction. The Dean shall also file a written response, attaching the instructor and Department Chair/Program Director's prior written decisions, to the Vice President. The Vice President shall perform an "on the record review" and will make a determination within ten (10) business days after receipt of the student's appeal. If needed for clarification, the Vice President may meet with the student or ask the student or Dean to submit additional information. The Vice President shall make a written determination and provide a copy of the decision to the student and the instructor. The Vice President's decision is final.

Academic Progress and Standards: Each student is expected to make satisfactory progress toward meeting his/her academic goals. The cumulative grade point average (GPA) is reviewed at the end of each semester and term to determine whether the student has made the expected progress. The minimum cumulative GPA to remain in good academic standing is a 2.1. Developmental courses are not included in the GPA calculation. A student whose cumulative GPA falls below 2.0 is subject to academic warning, which may be followed by probation and suspension. The GPA will be calculated using the most recent grade for each course taken at Wilkes Community College.

Academic Warning: A student failing to meet the minimum cumulative GPA during any semester or term will receive an academic warning letter and must complete two Success Skills workshops through the Academic Support Center. The warning status will be posted on the student's transcript and the student's academic advisor will be notified.

Academic Probation: A student whose cumulative GPA remains below 2.0 for a second consecutive semester or term is placed on academic probation. A student placed on academic probation will receive a letter informing the student of his/her academic status and must meet with a student services representative to review their current academic standing. Additionally, a student on academic probation must have two meetings with an Academic Support mentor to develop a personal academic success plan. While on probation, the student will be able to register for a maximum of twelve credit hours for fall and spring semesters and a maximum of six credit hours for summer term. The probation status will be posted on the student's transcript and the student's academic advisor will be notified.

Suspension: A student whose cumulative GPA falls below 2.0 for three successive semesters/term will be placed on academic suspension for one semester or term. A student on academic suspension will not be allowed to register for curriculum courses. The student may apply for re-admission after one semester or term by contacting the Student Services Office to discuss re-admission. A student who is readmitted following an academic suspension will be placed on academic probation and must comply with the requirements of academic probation. The suspension status will be posted on the student's transcript and the student's academic advisor will be notified.

Appeals: A student on academic suspension who believes extenuating circumstances exist that should prevent the suspension may appeal the academic suspension. The student must submit a written appeal to the academic appeals committee. The decision of the academic appeals committee is final.

The purpose of a prerequisite and/or a co-requisite is to ensure student success in subsequent coursework. While successful completion of prerequisites and/ or co-requisites is the traditional way students demonstrate readiness, other options exist as explained in the Credit for Prior learning policy 5.2.9. In such cases, local prerequisites or co-requisites may be waived with appropriate approvals and permission of the division dean. State pre-requisites or co-requisites may be waived by the Vice-President of Instruction. Documentation of the approved waiver will be maintained on file.

Students who are taking a course with a co-requisite or taking a RISE co-requisite will be withdrawn from the co-requisite course and/or gateway course if the student is withdrawn or withdraws from the corresponding co-requisite course. Please see policy 5.2.2 on withdrawal from courses.

I. REPEATING COURSES

A. Curriculum Courses

Courses may be repeated as deemed necessary by students. When a course is repeated, an “R” notation is made on the transcript. The highest grade earned will be used to calculate the cumulative grade point average to meet graduation requirements. Career and College Promise and Early College High School students may repeat courses where they earned a grade of F or W. However, CCP and ECHS students enrolled in a college transfer pathway course may retake an earned W, F, or D course as those would not transfer. Retaking a course will only be permissible one time. Exceptions to the retake policy may be considered when a student needs to repeat a course required for graduation.

B. Extension Education Courses

Students may enroll in extension education courses as many times as necessary to accomplish their individual educational/training goals provided they continue to show progress, do not prohibit others from participating, are willing to pay fees, and do not violate North Carolina Community College System policy. Extension Education programs/courses are designed to enable participants to progress, at their individual achievement rates, in gaining knowledge and skills in specific educational areas.

II. COURSE SUBSTITUTES

When it is determined to be in the best interest of the student’s declared educational objective, appropriate courses may be substituted for other courses for graduation purposes. Courses listed as required in the Technical Core in the NCCCS Curriculum Standard may not be substituted. All course substitutions must be approved by the student’s advisor, the division Dean, and the Vice President of Instruction. Course substitutions are submitted via electronic form and routed to the Registrar’s Office. The Registrar will record the substitution in the student’s academic record.

If a department offers credit by examination, no eligible student can be refused the opportunity to take the exam for course credit. A student must meet all pre-requisite requirements before they are eligible to take the challenge/proficiency examination for a course.

Students meeting challenge exam eligibility requirements, as provided by the State Board, state and federal law, and this policy, are responsible for submitting a challenge examination request.

Adopted: 08/08/2019

Wilkes Community College students are responsible for knowing the information, policies and procedures outlined in the Code of Student Conduct. The college reserves the right to make changes to this code as necessary and once those changes are posted online, they are in effect. Students are encouraged to check online (www.wilkescc.edu/conduct) for the updated versions of all policies and procedures.

Core Values of Student Conduct at Wilkes Community College

- A. Integrity: Students are expected to exemplify honesty, honor and a respect for the truth in all of their dealings.
- B. Community: Students are expected to build and enhance their community. They should use available campus resources to resolve differences and conflicts peacefully.
- C. Social Justice: Students are expected to be just and equitable in their treatment of all members of the community and act to discourage and/or intervene to prevent unjust and inequitable behaviors.
- D. Respect: Students are expected to show positive regard for each other, for property and for the community.
- E. Responsibility: Students are expected to follow all college policies and take ownership of individual choices and any subsequent consequences.

I. MISSION STATEMENT

The purpose of the student conduct process at Wilkes Community College is to protect the interests of the community and to address those whose behavior is not in accordance with college policies. Sanctions are intended to challenge students' moral and ethical decision-making and to help them bring their behavior into accord with community expectations. When a student is unable to conform their behavior to community expectations, the student conduct process may determine that the student should no longer share in the privilege of participating in this community.

Students should be aware that the student conduct process is different from criminal and civil court proceedings. Procedures and rights in student conduct procedures are conducted with fairness to all, but do not include the same protections of due process afforded by the courts. Due process, as defined within these procedures, assures written notice and a hearing before an objective decision-maker. No student will be found in violation of college policy without information showing that it is more likely than not that a policy violation occurred, and any sanctions will be proportionate to the severity of the violation and to the cumulative conduct history of the student.

II. DEFINITION OF TERMS

- a. The term **College** means Wilkes Community College (WCC).

- b. The term College Premises refers to all properties and facilities owned or leased by WCC and all off campus sites at which the college conducts classes, programs, services, or events.
- c. The term **Community Member** includes any person who is a student, faculty member, staff member, or any other person employed by the college.
- d. The term **Reporting Party** refers to the individual reporting a violation of the Code of Student Conduct.
- e. The term **Conduct Administrator** refers to college officials who are authorized to determine whether a student has violated the Code of Conduct and to impose sanctions during a hearing.
- f. The term **Conduct Hearing** refers to a meeting between an accused student and a conduct administrator. The purpose of the hearing is to review the complaint and the results of an investigation. The student will be asked to respond to the allegations of misconduct and provided an opportunity to share additional information. Based on a preponderance of the evidence, the conduct administrator will determine if the student violated the Code of Conduct. If the student is found in violation, appropriate sanctions will be imposed.
- g. The term **Preponderance of the Evidence** is a standard of evidence which means that it is more likely than not or there is a greater than 50 percent chance that a conduct violation has occurred. This standard requires a much lower level of proof than the beyond a reasonable doubt standard used for criminal matters.
- h. The term **Responding Party** refers to the individual who is alleged to have committed a violation of the Code of Student Conduct.
- i. The term **Student** includes anyone who has submitted an admission application and thereafter as long as the student has a continuing educational interest in the college. The term applies to all students, including basic skills, workforce development and community education, and curriculum.

III. JURISDICTION

WCC students are provided, via college email, a copy of the Code of Student Conduct each semester in the form of a link on the college website. Hard copies are available upon request from the Student Services Office or a conduct administrator. Students are responsible for reading and abiding by the provisions of the Code of Student Conduct. College email is the college's primary means of communication with students. Students are responsible for all communication delivered to their college email address.

The Code of Student Conduct and the student conduct process apply to the conduct of all students, including curriculum, workforce development and community education, and basic skills, as well as all college affiliated student organizations. For the purposes of student conduct, the college considers an individual to be a student when an admission

application has been submitted and thereafter as long as the student has a continuing educational interest in the college.

The college retains conduct jurisdiction over students for any misconduct that occurred prior to a leave of absence, withdrawal, or graduation. If sanctioned, a hold may be placed on the student's ability to re-enroll (and/or obtain official transcripts and/or graduate) and all sanctions must be satisfied prior to re-enrollment eligibility. In the event of serious misconduct committed while still enrolled but reported after the accused student has graduated, the college may invoke these procedures and should the former student be found responsible, the college may revoke that student's degree.

The Code of Student Conduct applies to behaviors that take place on college premises and at college-sponsored events. Additionally, the Code of Student Conduct applies to off-campus conduct that adversely affects the college community and/or mission/interests of the college.

The Code of Student Conduct may be applied to behavior conducted online, via email or other electronic medium. Students also should be aware that online postings such as blogs, web postings, chats and social networking sites are in the public sphere and are not private. These postings can subject a student to allegations of conduct violations if evidence of policy violations is posted online. The college does not regularly search for this information but may take action if and when such information is brought to the attention of college officials. However, most online speech by students not involving college networks or technology will be protected as free expression and not subject to this Code, with two notable exceptions:

- a. Speech posted online that a reasonable person would view as intimidating, degrading, humiliating, undermining or threatening;
- b. Speech posted online about the college or its community members that causes a significant on-campus disruption.

The Code of Student Conduct applies to guests of WCC community members whose hosts may be held accountable for the misconduct of their guests.

There is no time limit on reporting violations of the Code of Student Conduct; however, the longer someone waits to report an offense, the harder it becomes for college officials to obtain information and witness statements and to make determinations regarding alleged violations.

Though anonymous complaints are permitted, doing so may limit the college's ability to investigate and respond to a complaint. Those who are aware of misconduct are encouraged to report it as quickly as possible to a conduct administrator or campus police.

Campus police have the authority to temporarily remove any person from WCC

property for engaging in criminal activities or violating WCC policies, including the Code of Student Conduct.

IV. VIOLATIONS OF THE LAW

College conduct proceedings may be instituted against a student charged with behavior that potentially violates both criminal law and the Code of Student Conduct. Proceedings under the Code of Student Conduct may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of a conduct administrator.

Determinations made under the Code of Student Conduct are independent from any civil or criminal court outcomes related to the same incident.

V. RULES OF CONDUCT

The following section describes activities and/or behaviors that are prohibited by the college. Conduct administrators have the authority to take immediate action and begin disciplinary proceedings in response to violations of this Code of Conduct. Violation of one or more of the rules of conduct may result in one of the sanctions described in Section II of the Code of Student Conduct Procedure.

I. OVERVIEW

The College is committed to providing an excellent educational experience for all students. Academic honesty and integrity are essential to the existence and growth of an academic community. Without maintenance of high standards of honesty, members of the instructional faculty are defrauded, students are unfairly treated, and society itself is poorly served. Although the maintenance of standards of honesty and integrity is the formal responsibility of the instructional faculty, it is ultimately shared by all members of the academic community. The academic penalty for academic-related violations should be clearly stated by the instructor in each course syllabus and reviewed at the beginning of the first-class meeting.

These procedures only apply to academic-related violations, outlined herein and defined in Policy 5.3.2 – Standards of Student Conduct. For non-academic violations, see Administrative Procedures 5.3.2.2.

II. STUDENT VIOLATIONS OF ACADEMIC INTEGRITY

In this section are definitions of student violations of academic integrity.

A. *Intent* refers only to the intent to commit the dishonest action. Other aspects of the student's motive (e.g., a desire to avoid academic suspension, or to help a friend) are not material in determining whether an act of dishonesty has been performed; and

B. *Authorization* is legitimate only if given by the faculty member responsible for the evaluation of the student's work.

Cheating. Cheating is intentionally using or attempting to use unauthorized materials, information, notes, study aids or other devices in any academic exercise. This definition includes unauthorized communication of information prior to and/or during an academic exercise and having other persons complete work or take tests.

Fabrication and Falsification. Fabrication and falsification is the intentional and unauthorized alteration or invention of any information or citation in an academic exercise. Falsification is a matter of altering information, while fabrication is a matter of inventing or counterfeiting information for use in any academic exercise. Forgery and academic record tampering are included in this category.

Plagiarism. Plagiarism is presenting the work of another as one's own (i.e., without proper acknowledgement of the source).

A. An author must give due credit whenever quoting another person's actual words whenever using another person's ideas, opinions, or theories, and whenever borrowing facts, statistics, or illustrative material, unless the information is

common knowledge.

- B. Direct Quotation. Every direct quotation must be identified by quotation marks or by appropriate indentation and must be properly acknowledged. The citation must be complete and, in a style, appropriate to the academic discipline.
- C. Paraphrase. Proper acknowledgement is required when material from another source is paraphrased or summarized in whole or in part in one's own words.
- D. Borrowed Facts or Information. Information obtained in one's reading or research which is not common knowledge must be acknowledged.
- E. One citation is usually sufficient to acknowledge indebtedness when a number of connected sentences in the paper or report draw their special information from one source. When direct quotations are used, however, quotation marks must be inserted, and proper acknowledgement made. Similarly, when a passage is paraphrased, proper acknowledgement is required.

Abuse of Academic Materials. Abuse of academic materials is intentionally or knowingly destroying, stealing or making inaccessible library or other academic resource material, including equipment. Violations may be referred to civil authorities for prosecution under the law. (G.S. 14-398) **Complicity in Academic Dishonesty.** Being an accomplice is intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.

III. SANCTIONS FOR VIOLATIONS

All acts of academic dishonesty violate standards essential to the integrity of an academic community. Infractions observed by faculty member, administrator, librarian, counselor, or other personnel are to be reported to the student's instructor. In all instances of a violation of the code, the student's instructor will issue a written notice of the nature of the violation and the penalty or penalties to be assessed. The notice shall be on a standardized form and may be included in the student's official file. The penalties which may be assessed are:

- A. A formal warning;
- B. A reduced grade (including F) for the assignment;
- C. A reduced grade (including F) for the course;
- D. Temporary dismissal from class pending resolution of the offense (pending final determination of penalty);
- E. Dismissal from class for the remainder of the semester with a grade of F. Once the grade of F has been issued and recorded for violation of this policy, it supersedes the right of the student to withdraw from the course; and/or

F. Recommendation of disciplinary suspension from the college:

- The chief academic officer may suspend the student from taking credit/curriculum offerings for a period of one semester, effective the next semester; or
- The president or designee may institute suspension proceedings beyond a semester when there is a pattern of dishonesty which seems to be undeterred by imposing the penalties listed above.

When the penalty chosen by the faculty member includes a reduction of grade for the assignment or for the course, the faculty member must document the reduction and the reason for the reduction on his or her personal grade roster so that all future questions regarding the grade can be answered. All grade rosters should be kept by the instructor for three years. When an instructor leaves the assigned position, his or her rosters for the past three years should be filed with the department dean (administrative assistant for the division).

IV. INVESTIGATION AND DETERMINATION**A. Academic division investigation**

1. An instructor suspecting an incident of an academic-related violation shall present concerns to the student and provide an opportunity for the student to explain or refute the concerns.
2. Taking the student's explanation into consideration, the instructor will determine whether an academic violation has occurred and, if applicable, select and impose the appropriate sanction, explain its impact to the student, and document the process in course records. The instructor should consider the following factors in the determination of the appropriate sanction:
 - a. The nature and seriousness of the offense;
 - b. The injury or damage resulting from the misconduct;
 - c. The student's prior disciplinary record; and
 - d. The student's attitude and demeanor subsequent to the violation.
3. The instructor will inform the student of the appeal process.

V. APPEAL PROCEDURES**A. Appeal to division chair and/or dean**

1. After discussion with the instructor, if the student is dissatisfied with the decision, the student may appeal to the instructor's immediate supervisor, either the appropriate department chair ("Chair") or the division dean ("Dean"), who will investigate the matter and consult with both the instructor and student. (The chair and dean may choose to conduct a joint investigation.) The Chair or Dean may advise the instructor in a reconsideration of the violation and/or the sanction or may affirm the instructor's original determination. If the Chair upholds the original decision of the instructor, the student may choose to continue the appeal to the Dean of the division, who will follow the same process.
2. The Dean will communicate his/her findings via email to the student's official College email address within five (5) business days of the initial meeting with the student. The findings must contain, with specificity, the evidence supporting the Dean's determination. The Dean shall also inform the student of the imposed academic sanctions. The sanction will remain in place unless modified or overturned on appeal to the Vice President.

B. Appeal to the vice president

1. A student who disagrees with the Dean's decision may appeal to the Vice President of Instruction. This appeal must be submitted in writing within three (3) business days of receipt of the Dean's decision and describe, with specificity, why the student believes the Dean's findings to be in error.
2. The Vice President will conduct a formal review examining the Dean's written findings and student's written appeal. The Vice President may require the student, the instructor and any other necessary party to provide additional documents as needed, including written statements, or provide written clarification to submitted documents.
3. After considering the evidence presented, the Vice President will affirm, modify or overturn the instructor's decision.
4. The Vice President will inform the student via the student's official College email address of the decision within ten (10) business days of the receipt of the student's appeal. The decision of the Vice President will be final.

I. OVERVIEW

The Dean of Student Services (Dean) is responsible for implementing these Procedures.

These Procedures apply to non-academic violations defined in Policy 5.3.2 – Student Code of Conduct. For academic-related violations, see Procedure 5.3.2.1 – Discipline and Appeal for Academic Violations. For issues regarding sexual harassment and sexual violence, see Procedure 5.3.4.1 – Title IX Sex Discrimination and Harassment and for issues related to other forms of unlawful discrimination, see Procedure 5.3.4.2 – Unlawful Discrimination.

II. CONDUCT PROCEDURES

This section describes college conduct procedures in response to violations of the Code of Student Conduct described in Section V of the Code of Student Conduct Policy.

A. Student Conduct Authority

The chief student services officer is authorized by the President to have responsibility for the administration of the Code of Student Conduct.

The following college officials serve as conduct administrators:

1. Dean of Student Services
2. Dean of College Readiness/Basic Skills
3. Director of Alleghany Center
4. Dean of Ashe Campus
5. Associate Vice President of Workforce Development and Community Education/Ashe Campus

The conduct administrators are responsible for managing the student conduct process. Duties include investigating complaints, determining whether violations of the Code of Conduct have occurred, and imposing sanctions. When complaints are brought to the attention of conduct administrators, they are obligated to initiate and oversee timely investigations and provide updates to the reporting party and the responding party.

B. Whom to Contact

Any member of the college community may file a complaint against a student for violations of college policies. Help can be sought from any of the offices or individuals below:

1. **Curriculum Students:** Contact the Dean of Student Services;
2. **Workforce Development and Community Education Students:** Contact the Associate Vice President of Workforce Development and Community Education and Ashe Campus;
3. **Basic Skills Students:** Contact the Dean of College Readiness/Basic Skills;
4. **Alleghany Center Students:** Contact the Director of the Alleghany Center;
5. **Ashe Campus Students:** Contact the Dean of the Ashe Campus.

Individuals are urged to file a complaint as soon after an incident as possible. Individuals have the option to file a complaint online through www.wilkescc.edu/student-services/conduct. Individuals should recognize that delays in filing a complaint may significantly impair the ability of the college officials to investigate and respond to such complaints.

C. Investigation and Conduct Hearing

1. **Conduct Hearing Process:** Within seven (7) working days after the complaint is received, the conduct administrator shall complete a preliminary investigation of the complaint and meet with the accused student. Failure to attend the conduct hearing may result in the accused student being placed on interim suspension.

Prior to the conduct hearing, the conduct administrator will provide the student with written notice of the hearing and the alleged violation of the Student Code of Conduct. At the conduct hearing, the student will be given a copy of the complaint and the administrator will inform the student of the results of his/her preliminary investigation.

The student will be asked to indicate if he or she violated the conduct code. The student will also be given an opportunity to share additional information that the student would like the administrator to consider. The student cannot use any recording device at a conduct hearing.

Following the conduct hearing, the conduct administrator will take one of the actions described in Section II of the Code of Student Conduct Procedure. Unless the charges are dismissed, the student has the right to request an appeal within five (5) working days following receipt of the written decision of the conduct administrator. Failure to request an appeal within the designated timeframe constitutes a waiver of an appeal hearing, in which case the decision of the conduct administrator shall be final.

2. **Interim Suspension:** If an act of misconduct threatens the health or well-being of any member of the college community or disrupts the function or good order of the college or college premises, a conduct administrator may invoke immediate interim suspension. Interim suspension may result in exclusion from

class and/or other privileges including presence on college premises or at college-sponsored activities until a final decision has been made concerning the alleged violation. The college will also notify the student in writing of the interim suspension and the reasons for the suspension. The notice will include information about conduct procedures, including the time, date, and place of an administrative hearing.

D. Appeal Process

Should a student choose to appeal the decision of the conduct administrator, a written notice of appeal must be filed with the Vice President of Instructional Support and Student Services. An appeal of the conduct administrator's decision shall be limited to a review of the investigation and supporting documents, as indicated below, to determine if proper procedure was followed.

1. To determine whether the investigation was conducted fairly in light of the allegations and information presented, and in conformity with prescribed procedures. Deviation from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results;
2. To determine whether the decision reached regarding the student was based on preponderance of the evidence; that is, more likely than not, a violation of college policy occurred;
3. To determine whether the sanction(s) imposed were appropriate for the violation of college policy which the student was found to have committed; and/or
4. To consider new information, sufficient to alter a decision, or other relevant facts not brought out in the original investigation, because such information and/or facts were not known to the person appealing at the time of the original investigation.

The appeal must be filed within five (5) working days of the conduct administrator's decision being made known. The Vice President of Instructional Support and Student Services will conduct the process of investigating an appeal of a conduct administrator's decision. The investigation shall begin within three (3) school days after receiving the notice of appeal.

The Vice President of Instructional Support and Student Services will follow the same procedure in reviewing the case as the investigating conduct administrator. The decision of the Vice President of Instructional Support and Student Services will be final.

Note: Summary of Timeline for Conduct Hearing and Appeal Process

Conduct Investigation and Hearing	Must be completed within 7 working days after complaint is received.
Deadline to Submit Appeal	Must be submitted within 5 working days after receipt of the written decision of the conduct administrator.
Appeal Process	The VP of Instructional Support and Student Services shall begin investigation within 3 working days after receipt of the appeal.

E. Student Rights

Both the reporting party and the responding party have the following rights in the conduct process:

1. Notice of the investigation to both parties;
2. An opportunity for both parties to present witnesses and other evidence;
3. Extension of any other rights given to the responding party to the reporting party;
4. Notification of available campus and community resources;
5. An opportunity to be accompanied by an advisor of the individual's choosing, including an attorney. The college restricts the advisor's participation in the process to accompanying the reporting party and the responding party to scheduled meetings that are part of the investigation; and
6. Written notice of the outcome of the investigation and appeal, if applicable. The written notice will include the alleged policy violation, the decision and any sanction rendered, if applicable.

III. SANCTIONS

The following section describes college sanctions available to designated conduct administrators in response to violations of the Rules of Conduct described in Section V of the Code of Student Conduct Policy. The listing is not inclusive of all options which the college may choose to exercise. WCC may impose more than one sanction for one act of misconduct.

- A. Warning:** A warning is an official written notice that the student has violated college policies and/or rules and that more severe conduct action will result should the student be involved in other violations while the student is enrolled at the college.
- B. General Probation:** An individual may be placed on General Probation when involved in a minor disciplinary offense. General Probation has two (2) important implications: 1) the individual is given a chance to show capability and willingness to observe the Rules of Conduct without further penalty; and 2) if the individual violates additional college policy, further action will be taken. This probation will be in effect for no more than two (2) semesters, including the current semester.

- C. Restrictive Probation:** Restrictive Probation results in loss of good standing and becomes a matter of record in the student's file. Activity on campus is limited to attending class or visiting college offices (such as Student Services, bookstore, Learning Commons) to conduct business. Otherwise, a student must leave campus whenever not in class or conducting business with a college office. Additionally, the student will not be eligible for initiation into any local or national organization and may not receive any college award or other honorary recognition. The student may not occupy a position of leadership or responsibility with any college or student organization, publication or activity. This sanction also prohibits a student from officially representing the college or participating in any extracurricular activities. This probation will be in effect for not less than two (2) semesters, including the current semester. Involvement in further incidents during the restrictive probation period may result in additional sanctions, including suspension.
- D. Interim Suspension:** Interim suspension is the exclusion from class/campus and/or other college activities until an investigation is completed and a final decision made concerning the alleged violation.
- E. Suspension:** Suspension is the exclusion from class(es) and/or all other college privileges or activities for a specified period of time. Eligibility to return may be contingent upon satisfaction of specific conditions noted at the time of suspension. This sanction is reserved for those offenses warranting discipline more severe than probation or for repeated misconduct. During the suspension period, the student is banned from college property, functions, events, and activities without prior approval from a conduct administrator. This sanction may be enforced with a trespass action as necessary.
- F. Expulsion:** Expulsion is dismissing a student from the college for an indefinite period. The student is banned from college property and the student's presence at any college sponsored event is prohibited. This action may be enforced with a trespass action as necessary. A student may be readmitted to the college only with the approval of the President.
- G. Loss of Academic Credit or Grade:** Imposed as a result of academic dishonesty.
- H. No Contact:** A no contact order directs a student to refrain from: 1) approaching a particular student or employee at any time; 2) calling a specific student or employee at any time; 3) sending via email, social media, campus or regular mail anything to a specific student or employee; 4) contacting or communicating with a specific student or employee, including through a third party, in any way at any time.

- I. Educational Program:** Requirement to attend, present and/or participate in a program related to the violation. It may also be a requirement to sponsor or assist with a program for others on campus to aid them in learning about a specific topic or issue related to the violation for which the student or organization was found responsible.
- J. Driving/Parking Loss:** Revocation of driving and parking privileges on campus.
- K. Class Removal:** Removal from a class for the remainder of the semester/term.
- L. Loss of Technology Privileges:** Exclusion from all privileges associated with college technology access, including but not limited to email and network access and storage.
- M. Reflection Assignment:** Requirement to provide a written response to a series of questions designed to help evaluate actions and assist in making better decisions in the future. Additionally, the student may be required to have a follow-up meeting with a conduct administrator or designee.
- N. Behavioral Requirement:** This includes required activities such as but not limited to, seeking academic advising, counseling, substance abuse screening, writing a letter of apology, etc.
- O. Restitution:** Compensation for damage caused to the college or a specified person's property. This is not a fine, but a repayment for labor costs and/or the value of property destroyed, damaged, consumed, or stolen.
- P. Revocation of Degree:** The college reserves the right to revoke an awarded degree for the discovery of previously unknown serious misconduct committed by a student prior to the student's graduation.

I. PURPOSE OF ASSESSMENT

The College has an obligation to provide a safe place for its students to learn and a safe place for its employees to work. When any College employees or students have a concern about a student's potential to have a negative consequence on the safety of College employees, other students or themselves, they are encouraged to report the matter to the Dean of Student Services (Dean) or any member of the Care Team. A listing of Care Team members is available at www.wilkescc.edu/care. If warranted, the CARE Team, a cross-functional multidisciplinary group focused on prevention and early-intervention for students exhibiting concerning behaviors, may be used to address the situation. The following procedures are outlined to guide this process.

II. PROCEDURES FOR ASSESSMENT

A. Step One

College employees or students who are concerned about a student displaying elevated levels of distress, disturbance, or dysregulation (e.g. suicidal thoughts or impulses, violent and aggressive impulses, depression, disruptive behavior, physical or sexual abuse) or displaying behavior that poses a direct threat to the health, welfare and safety of the College community are encouraged to contact the Dean or any member of the Care Team. Additionally, an online report form is available at www.wilkescc.edu/care. In an emergency or situations that are deemed urgent, the initial contact for staff, faculty, and students should be Campus Police or 911. A student may be temporarily removed from the college until a review has been conducted.

B. Step Two

The Dean or another designated Care Team member will conduct an initial review based on the report. When conducting the review, the Dean or designee shall consider, among other things: (a) the severity of the reported behavior; (b) whether the reported behavior represents a direct threat to the health, welfare and safety of the College's community; (c) the student's academic, attendance and discipline records; (d) whether this type of behavior has been reported in the past; and (e) whether or not the reported behavior, if true, violates the Code of Student Conduct. When conducting the review, the Dean or designee may: (a) speak with the student; (b) gather additional evidence or information by interviewing members of the College community; (c) compile additional documentation; and (d) review other evidentiary sources. Based on the result of the conduct review, the Dean or designee may do the following: (a) treat the matter as a disciplinary action pursuant to Procedure 5.3.2 – Student Code of Conduct, if a violation is believed to have occurred; (b) make a written referral of his/her findings to the CARE Team for review; or (c) take no further action.

III. CARE Team Membership, Function, and Review**A. Team Membership**

1. Dean of Student Services (Chair)
2. Student Services Counselors
3. Vice President of Instruction
4. Vice President of Instructional Support & Student Services
5. Chief of Police
6. Dean of College and Career Readiness
7. Director of Disability Services
8. Associate Dean of Admissions and Advising
9. Dean of Ashe Campus
10. Director of Alleghany Center
11. Director of Resource Connections

B. Team Function

The purpose of the Care Team is to serve as a resource for students, faculty, and staff who have concerns regarding alarming, problematic, worrisome, and/or disruptive student behavior. The team uses a proactive approach to discuss potential problems, intervene early, and develop appropriate courses of action for referred students. The goal is to support students who may be in distress and/or whose behavior is of concern to others before situations rise to crisis levels.

The Care Team is not an administrative, treatment, or disciplinary group. The Care Team does not directly adjudicate, discipline, or impose sanctions against any member of the campus community, nor does it provide or mandate treatment.

C. Team Review

All matters referred to or received by the Care Team will be reviewed to determine if the speech or behavior in question is creating, or may lead to, an unsafe environment and/or impede the success of the student in question. The team may recommend any of the following actions as part of an intervention plan:

1. Refer to the college counseling center and/or community counseling resources for assessment;
2. Forward information to a conduct officer and/or designee when the student of concern has engaged in behavior that may be in violation of the Code of Student Conduct;
3. Forward information to the Title IX Coordinator and/or a Deputy Title IX Coordinator when a student of concern has engaged in behavior that may be in violation of the college's Title IX Sex Discrimination and Harassment Policy;
4. Forward information to Campus Police when a student of concern has engaged in behavior that may be in violation of local, state, or federal law or has demonstrated or stated intent to harm self or others;

5. Consider, within FERPA guidelines, notifying parents, guardians, and/or emergency contact;
6. Forward recommendations to appropriate college personnel regarding conditions for an individual to return as an active member of the college community.

II. Notice of Nondiscrimination

Wilkes Community College (WCC), in compliance with and as required by Title IX of the Education Amendments Act of 1972 and its implementing regulations (“Title IX”) and other civil rights laws, as well as in furtherance of its own values as a higher education institution, does not discriminate in any Education Program or Activity that it operates on the basis of race, color, national origin, sex, sex stereotypes, sex characteristics, sexual orientation, gender, gender identity, gender expression, pregnancy or related conditions, disability, age, religion, veteran status, or any other characteristic or status protected by applicable local, state, or federal law in admission, treatment, access to, or employment in, its programs and activities.

Wilkes Community College is also committed to fostering a community that promotes prompt reporting and fair and timely resolution of those behaviors.

III. **Reporting and Period of Limitations**

Any person may report sex discrimination or Sex Based Harassment in person, by mail, by telephone, or by electronic mail, using the contact information for the Title IX Coordinator or Deputy Title IX Coordinators listed in this document, or by any other means that results in the Title IX Coordinator or Deputy Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours).

Wilkes Community College requires all employees and other members of the Wilkes Community College community to promptly report concerns regarding suspected or known sex discrimination and/or Sex-Based Harassment to the Title IX Coordinator.

Additionally, Wilkes Community College has designated the following employees as Confidential Employees:

Name	Contact Information
Amber Cook Counselor	336-838-6229 alcook636@wilkescc.edu
Mike Roope, LCMHC Director of Counseling, Career Services and Student Life	336-838-6147 mroope085@wilkescc.edu

Information about sex discrimination or harassment shared with these Confidential Employees typically will not be reported to other Wilkes Community College personnel (including the Title IX Coordinator or Deputy Title IX Coordinator), to the Respondent, or to others, unless the disclosing individual gives their consent to the disclosure or the law requires it (as may be the case with abuse involving a minor or under conditions

involving imminent physical harm, for example). Confidential Employees may report non-identifying statistical information to the Title IX Coordinator and/or Deputy Title IX Coordinator for recordkeeping and compliance purposes.

Wilkes Community College requires Confidential Employees to explain to any person who informs them of conduct that reasonably may constitute sex discrimination: (1) the employee's status as confidential, including the circumstances in which the employee is not required to notify the Title IX Coordinator or Deputy Title IX Coordinator about conduct that reasonably may constitute sex discrimination; (2) how to contact Wilkes Community College's Title IX Coordinator and/or Deputy Title IX Coordinator and how to make a Complaint of sex discrimination; and (3) that the Title IX Coordinator and/or Deputy Title IX Coordinator may be able to offer and coordinate Supportive Measures, as well as initiate an informal resolution process or an investigation under Wilkes Community College's Title IX grievance procedures.

Wilkes Community College will address allegations of sex discrimination and Sex-Based Harassment appropriately no matter the length of time that has passed since the alleged conduct. However, Wilkes Community College strongly encourages prompt reporting to preserve evidence for a potential legal or disciplinary proceeding. Delay may compromise the ability to investigate, particularly if the individuals involved in the alleged conduct are no longer Wilkes Community College students or employees.

IV. Public Awareness Events:

To the extent information about conduct that reasonably may constitute sex discrimination (including Sex-Based Harassment) under Title IX was provided by a person during a public event to raise awareness about sex discrimination that was held either on campus or through an online platform sponsored by Wilkes Community College, Wilkes Community College is not obligated to act in response to the information, unless it indicates an imminent and serious threat to the health or safety of a Complainant, any Students, employees, or other persons. Wilkes Community College will use this information, however, to inform its efforts to prevent sex discrimination, including by providing tailored training to address alleged sex discrimination in a particular part of its Education Program or Activity or at a specific location when information indicates there may be multiple incidents of sex discrimination.

V. Effect of Respondent Withdrawal, Graduation, or Resignation During Grievance Process

At the discretion of Wilkes Community College, a Respondent who withdraws or resigns from Wilkes Community College during the pendency of a grievance process under the grievance procedures set forth below may be barred from Wilkes Community College property and Wilkes Community College activities and events and may be ineligible for re-enrollment or to be re-hired. If a Respondent completes all requirements to graduate during the grievance process, Wilkes Community College may hold the Respondent's diploma until full resolution of the Complaint.

VI. Privacy and Disclosure

Except as may be permitted by FERPA or as required by law or to carry out an investigation or resolution of sex discrimination and/or Sex-Based Harassment allegations, Wilkes Community College will keep private the identity of any individual who has made a report or Complaint of sex discrimination and/or Sex-Based Harassment, any Complainant, any Respondent, and any witness.

Wilkes Community College may report alleged sex discrimination (including Sex-Based Harassment) to local law enforcement if warranted by the nature of the allegations at issue, and Wilkes Community College administrators will share information regarding alleged sex discrimination, as appropriate and necessary, in order to address and resolve the allegation(s) at issue, prevent the recurrence of similar sex discrimination, and address the effects of the Sex-Based Harassment. Additionally, information regarding alleged sex discrimination may be used as a statistical, anonymous report for data collection purposes under the Clery Act.

To comply with FERPA, Title IX, and other applicable laws and to provide an orderly process for the presentation and consideration of Relevant information without undue intimidation or pressure, grievance processes carried out under these Title IX Grievance Procedures are not open to the general public. Accordingly, documents prepared in connection with such processes; documents, statements, or other information introduced in interviews, meetings, and proceedings; and the final outcome letter may not be disclosed outside of those processes, except as may be required or authorized by law. As permitted by and subject to the limitations of FERPA, Wilkes Community College reserves the right to notify parent(s) or guardian(s) of a Student Respondent of the outcome of any investigation involving that Respondent, redacting names of any other Students who do not consent to the disclosure of their information. At the written request of a Party, Wilkes Community College may include a Party's advisor on communications and share access to documents, including the investigation report. This access is subject to the advisor's acknowledgment and agreement to maintain the confidentiality of the documents.

While Wilkes Community College strongly encourages Parties to maintain privacy in connection with a grievance process, Wilkes Community College does not prohibit Parties from discussing the allegations under investigation or in any way inhibit the Parties from gathering or presenting Relevant evidence. In addition, Wilkes Community College's policy does not prohibit disclosure of the final outcome letter by either the Complainant or the Respondent.

VII. Academic Freedom

Wilkes Community College affirms its commitment to academic freedom but notes that academic freedom does not allow any form of sex discrimination, including Sex-Based

Harassment. Wilkes Community College recognizes that an essential function of education is a probing of opinions and an exploration of ideas, some of which, because they are controversial, may cause Students and others discomfort. This discomfort, as a product of free academic inquiry within a faculty member's area(s) of expertise, shall in no way be considered or construed to constitute sex discrimination or Sex-Based Harassment. Academic inquiry may involve teaching, research, and extramural speech. Furthermore, nothing in this document shall be interpreted to prohibit bona fide academic requirements for a specific Wilkes Community College program or activity. When investigating Complaints that a Party, Title IX Coordinator or Deputy Title IX Coordinator believes may involve issues of academic freedom, the Title IX Coordinator and/or Deputy Title IX Coordinator will consult with the Vice President of Instruction with respect to contemporary academic practices and standards.

VIII. Documentation

Wilkes Community College will retain documentation (including but not limited to any Complaint, notifications, recording or transcripts of interviews, investigate report, written findings of fact, petitions for appeal, notifications of decisions (including the final outcome letter), audio recordings of hearings, and written communication with the Complainant and Respondent), for no less than seven years.

IX. Amnesty

Wilkes Community College considers the reporting and adjudication of sex discrimination and Sex-Based Harassment to be of paramount importance. Wilkes Community College does not condone underage drinking or the use of illegal drugs; however, Wilkes Community College may extend amnesty to Complainants, Respondents, witnesses, and others involved in a Title IX grievance process from punitive sanctioning for illegal use of drugs and/or alcohol when evidence of such use is discovered or submitted in the course of a Title IX grievance process. Similarly, Wilkes Community College may, in its discretion, provide amnesty for other conduct code violations that are discovered in the course of a grievance process.

X. Individuals with Disabilities

Wilkes Community College will make arrangements to ensure that individuals with disabilities are provided appropriate adjustments, to the extent necessary and available, to participate in Wilkes Community College's grievance processes. Student requests for accommodation must be made to Renee Macemore, Director of Disability, Inclusion, and Diversity (336-838-6560; rmmacemore052@wilkescc.edu). All other requests for accommodation must be made to Sherry Cox, Executive Director of Human Resources/Title IX Coordinator (336-838-6422; spcox072@wilkescc.edu).

Definitions:

Complainant means: (1) A Student or employee who is alleged to have subjected to conduct that could constitute sex discrimination under Title IX or its regulations; or (2) A person other than a Student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX or its regulations and who was participating or attempting to participate in Wilkes Community College's Education Program or Activity at the time of the alleged sex discrimination.

Complaint means an oral or written request to Wilkes Community College that objectively can be understood as a request for Wilkes Community College to investigate and make a determination about alleged discrimination under Title IX or its regulations.

Confidential Employee means: (1) An employee whose communications are privileged or confidential under Federal or State law. The employee's confidential status, for purposes of this part, is only with respect to information received while the employee is functioning within the scope of their duties to which privilege or confidentiality applies; (2) An employee whom the recipient has designated as confidential under this part for the purpose of providing services to persons related to sex discrimination. If the employee also has a duty not associated with providing those services, the employee's confidential status is only with respect to information received about sex discrimination in connection with providing those services; or (3) An employee who is conducting an Institutional Review Board-approved human-subjects research study designed to gather information about sex discrimination-but the employee's confidential status is only with respect to information received while conducting the study.

Consent is informed, freely and actively given, mutually understandable words or actions that indicate a willingness and readiness to participate in mutually agreed upon sexual activity. Consent is mutually understandable when a reasonable person would consider the words or actions of the Parties to have manifested a clear and unambiguous agreement between them to engage in certain conduct with each other. Consent cannot be gained by ignoring or acting in spite of the objections of another.

Consent cannot be inferred from: silence, passivity, or lack of resistance alone; a current or previous dating or sexual relationship alone (or the existence of such a relationship with anyone else); attire; the buying of dinner or the spending of money on a date; or Consent previously given (i.e., Consenting to one sexual act does not imply Consent to another sexual act).

Consent is not effective if it is obtained through the use of physical force, violence, duress, deception, intimidation, coercion, or the threat, expressed or implied, of bodily injury. Whether a Party used any of these means to obtain Consent will be determined by reference to the perception of a reasonable person found in the same or similar circumstances.

Consent may never be given by the following individuals: minors, even if the other participant did not know the minor's age; mentally disabled persons, if their disability was reasonably knowable to a person who is not mentally disabled; or persons who are Incapacitated. The use

of alcohol or drugs does not diminish one's responsibility to obtain Consent and does not excuse conduct that constitutes Sex-Based Harassment.

If at any time during a sexual act any confusion or ambiguity is or should reasonably be apparent on the issue of Consent, it is incumbent upon each individual involved in the activity to stop and clarify the other's willingness and readiness to continue and capacity to Consent. Neither Party should make assumptions about the other's willingness and readiness to continue.

Disciplinary Sanctions means consequences imposed on a Respondent following a determination under Title IX that the Respondent violated Wilkes Community College's prohibition on sex discrimination.

Education Program or Activity means all of Wilkes Community College's operations and includes conduct that (1) occurs in any building owned or controlled by a student organization that is officially recognized by Wilkes Community College, and (2) is subject to Wilkes Community College's disciplinary authority. The obligation to address a Sex-based hostile environment under Wilkes Community College's Education Program or Activity may extend to some conduct that occurred outside Wilkes Community College's Education Program or Activity or outside the United States, if such conduct is alleged to be contributing to the hostile environment.

Incapacitated means lacking the physical and/or mental ability to make informed, rational judgments. A person may be Incapacitated for a variety of reasons, including but not limited to being asleep or unconscious, having consumed alcohol or taken drugs, or experiencing blackouts or flashbacks.

Party means a Complainant or Respondent.

Relevant means related to the allegations of sex discrimination under investigation as part of these grievance procedures. Questions are Relevant when they seek evidence that may aid in showing whether the alleged sex discrimination occurred, and evidence is Relevant when it may aid a decisionmaker in determining whether the alleged sex discrimination occurred.

Remedies means measures provided, as appropriate, to a Complainant or any other person Wilkes Community College identifies as having had their equal access to Wilkes Community College's Education Program or Activity limited or denied by sex discrimination. These measures are provided to restore or preserve that person's access to Wilkes Community College's Education Program or Activity after Wilkes Community College determines that sex discrimination occurred.

Respondent means a person who is alleged to have violated Wilkes Community College's prohibition on sex discrimination.

Retaliation means intimidation, threats, coercion, or discrimination against any person by

Wilkes Community College, a Student, or an employee or other person authorized by Wilkes Community College to provide aid, benefit, or service under the Wilkes Community College's Education Program or Activity, for the purpose of interfering with any right or privilege secured by Title IX or its regulations, or refused to participate in any manner in an investigation, proceeding, or hearing under the Title IX regulations.

Sex-Based Harassment is a form of sex discrimination and means sexual harassment and other harassment on the basis of sex, including on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity, that is:

Quid pro quo harassment. An employee, agent, or other person authorized by Wilkes Community College to provide an aid, benefit, or service under Wilkes Community College's Education Program or Activity explicitly or impliedly conditioning the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct;

Hostile environment harassment. Unwelcome Sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from Wilkes Community College's Education Program or Activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:

- f) The degree to which the conduct affected the Complainant's ability to access Wilkes Community College's Education Program or Activity;
- g) The type, frequency, and duration of the conduct;
- h) The Parties' ages, roles within Wilkes Community College's Education Program or Activity, previous interactions, and other factors about each Party that may be Relevant to evaluating the effects of the conduct;
- i) The location of the conduct and the context in which the conduct occurred; and
- j) Other Sex-Based Harassment in the Wilkes Community College Education Program or Activity; or

Grievance Procedures for General Complaints of Sex Discrimination:¹

Wilkes Community College has adopted grievance procedures that provide for the prompt and equitable resolution of Complaints made by Students, employees, or other individuals who are participating or attempting to participate in its Education Program or Activity, or by the Title IX Coordinator or Deputy Title IX Coordinator, alleging any action that would be prohibited by Title IX or the Title IX regulations.

Complaints:

The following people have a right to make a Complaint of sex discrimination, including Complaints of Sex-Based Harassment, requesting that Wilkes Community College investigate and make a determination about alleged discrimination under Title IX:

- A “Complainant,” which includes:
 - a Student or employee of Wilkes Community College who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX; or
 - a person other than a Student or employee of Wilkes Community College who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX at a time when that individual was participating or attempting to participate in Wilkes Community College’s] Education Program or Activity;
- A parent, guardian, or other authorized legal representative with the legal right to act on behalf of a Complainant; or
- Wilkes Community College’s Title IX Coordinator or Deputy Title IX Coordinator.

Note that a person is entitled to make a Complaint of Sex-Based Harassment only if they themselves are alleged to have been subjected to the Sex-Based Harassment, if they have a legal right to act on behalf of such person, or if the Title IX Coordinator or Deputy Title IX Coordinator initiates a Complaint.

With respect to Complaints of sex discrimination other than Sex-Based Harassment, in addition to the people listed above, the following persons have a right to make a Complaint:

- Any Student or employee Wilkes Community College; or
- Any person other than a Student or employee who was participating or attempting to participate in Wilkes Community College’s Education Program or Activity at the time of the alleged sex discrimination.

¹This procedure addresses Wilkes Community College’s grievance procedures for Complaints of sex discrimination other than Complaints of Sex-Based Harassment involving a Student Complainant or Student Respondent. The grievance procedures for Complaints of Sex-Based Harassment involving a Student Complainant or Student Respondent are addressed in Procedure 5.3.4.1A Title IX Nondiscrimination, Sex Discrimination and Sex-Based Harassment Involving Student Complainant or Student Respondent.

Initiation of Complaint by Title IX Coordinator or Deputy Title IX Coordinator:

In the absence of a Complaint or the withdrawal of any or all of the allegations in a Complaint, and in the absence or termination of an informal resolution process, the Title IX Coordinator and/or Deputy Title IX Coordinator will determine whether to initiate a Complaint of sex discrimination.

To make this fact- specific determination, the Title IX Coordinator and/or Deputy Title IX Coordinator must consider, at a minimum, the following factors:

- (1) The Complainant's request not to proceed with initiation of a Complaint;
- (2) The Complainant's reasonable safety concerns regarding initiation of a Complaint;
- (3) The risk that additional acts of sex discrimination would occur if a Complaint is not initiated;
- (4) The severity of the alleged sex discrimination, including whether the discrimination, if established, would require the removal of a Respondent from campus or imposition of another Disciplinary Sanction to end the discrimination and prevent its recurrence;
- (5) The age and relationship of the Parties, including whether the Respondent is an employee of Wilkes Community College;
- (6) The scope of the alleged sex discrimination, including information suggesting a pattern, ongoing sex discrimination, or sex discrimination alleged to have impacted multiple individuals;
- (7) The availability of evidence to assist a decisionmaker in determining whether sex discrimination occurred; and
- (8) Whether Wilkes Community College could end the alleged sex discrimination and prevent its recurrence without initiating its Title IX grievance procedures.

If after considering these and other Relevant factors, the Title IX Coordinator and/or Deputy Title IX Coordinator determines that the conduct as alleged presents an imminent and serious threat to the health or safety of the Complainant or other person, or that the conduct as alleged prevents Wilkes Community College from ensuring equal access on the basis of sex to its Education Program or Activity, the Title IX Coordinator and/or Deputy Title IX Coordinator may initiate a Complaint.

If initiating a Complaint, the Title IX Coordinator and/or Deputy Title IX Coordinator will notify the Complainant prior to doing so and appropriately address reasonable concerns about the Complainant's safety or the safety of others, including by providing Supportive Measures and, regardless of whether a Complaint is initiated, taking other appropriate prompt and effective steps, in addition to steps necessary to effectuate the Remedies provided to an individual Complainant, if any, to ensure that sex discrimination does not continue or recur within Wilkes Community College's Education Program or Activity.

A Title IX Coordinator or Deputy Title IX Coordinator is not required to consider initiating a Complaint upon being notified of conduct that may constitute sex discrimination if the Title IX Coordinator or Deputy Title IX Coordinator reasonably determines that the conduct as alleged could not constitute sex discrimination under Title IX.

Complaint Consolidation:

Wilkes Community College may consolidate Complaints of sex discrimination against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one Party against another Party, when the allegations of sex discrimination arise out of the same facts or circumstances; provided, however, that the affected Parties consent to the disclosure of their education records in accordance with FERPA requirements. When more than one Complainant or more than one Respondent is involved, references below to a Party, Complainant, or Respondent include the plural, as applicable.

Complaint Processing Parameters:

Wilkes Community College will treat Complainants and Respondents equitably.

Wilkes Community College requires that any Title IX Coordinator, Deputy Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent.

As set forth below, the Parties have an opportunity to challenge the participation of the investigator(s) and/or decisionmaker(s) for alleged conflict of interest or bias.

Wilkes Community College presumes that the Respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

Wilkes Community College has established the following timeframes for the major stages of the grievance procedures:

- decision whether to dismiss or investigate a Complaint within 15 business days after the Title IX Coordinator or Deputy Title IX Coordinator's receipt of the Complaint;
- completion of any investigation within 45 business days after the Title IX Coordinator or Deputy Title IX Coordinator's receipt of the Complaint;
- issuance of any responsibility determination within 60 business days after the Title IX Coordinator or Deputy Title IX Coordinator's receipt of the Complaint; and
- decision on any appeal within 15 business days after the Title IX Coordinator or Deputy Title IX Coordinator's receipt of the Party's appeal materials.

The timelines set forth above may be altered for good cause with written notice to the Parties of any delay or extension and the supporting reasons. Good cause may include considerations such as the absence of a Party, a Party's advisor, or a witness; concurrent law enforcement activity; natural disasters, pandemic restrictions, and similar occurrences; or the need for language assistance or accommodation of disabilities.

Either Party may request an extension of any deadline by providing the Title IX Coordinator or Deputy Title IX Coordinator with a written request that includes the length of the proposed extension and the basis for the request. The Title IX Coordinator or Deputy Title IX Coordinator will review the request and make a determination to grant or deny within three

business days.

Wilkes Community College will take reasonable steps to protect the privacy of the Parties and witnesses during its grievance procedures. These steps will not restrict the ability of the Parties to obtain and present evidence, including by speaking to witnesses; consult with their family members, Confidential Employees, or advisors; or otherwise prepare for or participate in the grievance procedures. The Parties cannot engage in Retaliation, including against witnesses.

Evidentiary Issues

Wilkes Community College will objectively evaluate all evidence that is Relevant and not otherwise impermissible including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person's status as a Complainant, Respondent, or witness.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be accessed or considered, except by Wilkes Community College to determine whether one of the exceptions listed below applies; will not be disclosed; and will not otherwise be used), regardless of whether they are Relevant:

- Evidence that is protected under a privilege recognized by Federal or State law or evidence provided to a Confidential Employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- Party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the Party or witness, unless Wilkes Community College obtains that Party's or witness's voluntary, written consent for use in its grievance procedures; and
- Evidence that relates to the Complainant's sexual interests or prior sexual conduct, unless evidence about the Complainant's prior sexual conduct is offered to prove that someone other than the Respondent committed the alleged conduct or is evidence about specific incidents of the Complainant's prior sexual conduct with the Respondent that is offered to prove Consent to the alleged Sex-Based Harassment. The fact of prior consensual sexual conduct between the Complainant and Respondent does not by itself demonstrate or imply the Complainant's Consent to the alleged Sex-Based Harassment or preclude determination that Sex-Based Harassment occurred.

Notice of Allegations:

Upon initiation of Wilkes Community College's Title IX grievance procedures, Wilkes Community College will notify the Complainant, or if the Complainant is unknown, the individual who reported the conduct, and the Respondent of the following:

- Wilkes Community College's Title IX grievance procedures and informal resolution process;
- Sufficient information available at the time to allow the Parties to respond to the allegations, including the identities of the Parties involved in the incident(s), the

conduct alleged to constitute sex discrimination, and the date(s) and location(s) of the alleged incident(s);

- Retaliation is prohibited, and allegations of Retaliation in connection with a Title IX grievance process will be addressed under this document's Section IV. grievance procedures; and
- The Parties are entitled to an equal opportunity to access the Relevant and not otherwise impermissible evidence or an accurate description of this evidence. If Wilkes Community College provides a description of the evidence, the Parties are entitled to an equal opportunity to access the Relevant and not otherwise impermissible evidence upon the request of any Party.

If, in the course of an investigation, Wilkes Community College decides to investigate additional allegations of sex discrimination by the Respondent toward the Complainant that are not included in the notice provided or that are included in a Complaint that is consolidated, Wilkes Community College will notify the Parties of the additional allegations.

Complaint Dismissal:

Wilkes Community College may dismiss a Complaint of sex discrimination if:

- Wilkes Community College is unable to identify the Respondent after taking reasonable steps to do so;
- The Respondent is not participating in Wilkes Community College's Education Program or Activity and is not employed by Wilkes Community College;
- The Complainant voluntarily withdraws any or all of the allegations in the Complaint, the Title IX Coordinator declines to initiate a Complaint, and Wilkes Community College determines that, without the Complainant's withdrawn allegations, the conduct that remains alleged in the Complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- Wilkes Community College determines the conduct alleged in the Complaint, even if proven, would not constitute sex discrimination under Title IX. Before dismissing the Complaint, Wilkes Community College will make reasonable efforts to clarify the allegations with the Complainant.
- Upon dismissal, Wilkes Community College will promptly notify the Complainant of the basis for the dismissal. If the dismissal occurs after the Respondent has been notified of the allegations, then Wilkes Community College will also notify the Respondent of the dismissal and the basis for the dismissal promptly following notification to the Complainant, or simultaneously if notification is in writing. Wilkes Community College will provide the Complainant with an opportunity to appeal the dismissal of a Complaint. And, if the dismissal occurs after the Respondent has been notified of the allegations, then Wilkes Community College will also notify the Respondent that the dismissal may be appealed.

Dismissals may be appealed on the following bases:

- Procedural irregularity that would change the outcome;
- New evidence that would change the outcome and that was not reasonably available when the dismissal was made; and/or

- The Title IX Coordinator or Deputy Title IX Coordinator had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent that would change the outcome.
- When a Complaint is dismissed, Wilkes Community College will, at a minimum:
- Offer Supportive Measures to the Complainant as appropriate;
- If the Respondent has been notified of the allegations, offer Supportive Measures to the Respondent as appropriate; and
- Take other prompt and effective steps, as appropriate, through the Title IX Coordinator or Deputy Title IX Coordinator to ensure that sex discrimination does not continue or recur within Wilkes Community College's Education Program or Activity.

Investigation Parameters

Wilkes Community College will provide for adequate, reliable, and impartial investigation of Complaints.

The burden is on Wilkes Community College—not on the Parties—to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred.

Wilkes Community College will provide an equal opportunity for the Parties to present fact witnesses and other inculpatory and exculpatory evidence that are Relevant and not otherwise impermissible.

Wilkes Community College will review all evidence gathered through the investigation and determine what evidence is Relevant and what evidence is impermissible regardless of relevance.

Wilkes Community College will provide each Party with an equal opportunity to access the evidence that is Relevant to the allegations of sex discrimination and not otherwise impermissible.

Wilkes Community College will provide each Party a reasonable opportunity to respond to the evidence; and

Wilkes Community College will take reasonable steps to prevent and address the Parties' unauthorized disclosure of information and evidence obtained solely through the grievance procedures. Disclosures of such information and evidence for purposes of administrative proceedings or litigation related to the Complaint of sex discrimination are authorized.

Appointment of the Investigator(s) and Decisionmaker and Challenging of the Same:

Unless a Complaint is dismissed or the Parties elect to participate in informal resolution, the Title IX Coordinator or Deputy Title IX Coordinator will promptly appoint an investigator or investigators, who may be the Title IX Coordinator or Deputy Title IX Coordinator as expressly permitted by Title IX and will also appoint a decisionmaker. The investigators and decisionmaker may be a Wilkes Community College employee or a non-employee contractor. If a faculty member is the Respondent, the College's Vice President of Instruction will serve as the decisionmaker. If a staff member is the Respondent, the College's Senior Vice President of Finance and

Administration will serve as the decisionmaker.

The Title IX Coordinator or Deputy Title IX Coordinator will contemporaneously share the investigator(s) and decisionmaker names with the Complainant and/or Respondent. Within two business days of that notification the Complainant or the Respondent may identify to the Title IX Coordinator or Deputy Title IX Coordinator in writing any alleged conflicts of interest or bias on the part of any assigned investigators and/or decisionmakers.

The Title IX Coordinator or Deputy Title IX Coordinator will consider such statements and will promptly assign different investigator(s) and/or decisionmaker if the Title IX Coordinator or Deputy Title IX Coordinator determines that a material conflict of interest or material bias exists.

If the Title IX Coordinator or Deputy Title IX Coordinator is the designated investigator, Wilkes Community College's Vice President of Instructional Support and Student Services and/or Senior Vice President of Finance and Administration will consider any alleged conflicts of interest or bias submitted by the Parties pursuant to the previous paragraph and, if the Vice President of Instructional Support and Student Services and/or Senior Vice President of Finance and Administration determines that a material conflict of interest or material bias exists, will appoint a new investigator.

The Investigator(s) Activities, Including Questioning of Parties and Witnesses:

The investigator will take steps such as interviewing the Complainant, the Respondent, and witnesses (including expert witnesses, where applicable); recording, transcribing, and/or summarizing such interviews in writing; collecting and reviewing relevant documents; visiting, inspecting, and taking or reviewing photographs of Relevant sites; and collecting and reviewing other Relevant and not impermissible evidence.

The investigator will question the Parties and witnesses in individual meetings to gather evidence and also to assess credibility to the extent credibility is both in dispute and Relevant to one or more allegations of sex discrimination.

Evidence Review:

The investigator will compile all Relevant and not inadmissible evidence (including items such as the Complaint, written statements of position, summaries or transcripts of all interviews conducted, photographs, descriptions of Relevant evidence, and summaries or copies of Relevant electronic records) and send to each Party an electronic or hard copy of such evidence.

The Parties then will have ten business days from the time that the evidence is provided to submit to the investigator(s) a written response to the evidence. In the response, the Parties may address the relevancy of any evidence that the Parties believe should be included in or excluded from the investigator(s)' report and/or the decisionmaker(s)' analysis and may also address any further investigation activities or questions that they believe are necessary. If a Party wishes to submit additional evidence at this stage, they should explain how the evidence is Relevant and why it was not previously provided.

Due to the sensitive nature of the evidence in question, the Parties may not copy, publish, photograph, print, image, record, or in any other manner duplicate the evidence or any part thereof. Parties who violate these restrictions may be disciplined. Nothing in this document restricts the ability of either Party to discuss the allegations under investigation or to gather, preserve, and/or present Relevant evidence.

Determination Whether Sex Discrimination Occurred:

Following an investigation and evaluation of all Relevant and not otherwise impermissible evidence, the investigator(s) will present their final report to the decisionmaker. The decision maker will then:

- Use the preponderance of the evidence standard of proof to determine whether sex discrimination occurred by (1) evaluating Relevant and not otherwise impermissible evidence for its persuasiveness and, (2) determining whether the evidence establishes that it is more likely than not that sex discrimination occurred. If the decisionmaker are not persuaded under the applicable standard by the evidence that sex discrimination occurred, whatever the quantity of the evidence is, the decisionmaker will not determine that sex discrimination occurred.
- Notify the Parties in writing of the determination whether sex discrimination occurred under Title IX, including the rationale for such determination and the procedures and permissible bases for the Complainant and Respondent to appeal.
- Not impose discipline on a Respondent for sex discrimination prohibited by Title IX unless there is a determination at the conclusion of the grievance procedures that the Respondent engaged in prohibited sex discrimination.
- If there is a determination that sex discrimination occurred, the Title IX Coordinator or Deputy Title IX Coordinator will, as appropriate:
 - Coordinate the provision and implementation of Remedies to a Complainant and other people Wilkes Community College identified as having had equal access to Wilkes Community College's Education Program or Activity limited or denied by sex discrimination;
 - Coordinate the imposition of any Disciplinary Sanctions on a Respondent, including notification to the Complainant of any such Disciplinary Sanctions; and
 - Take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within Wilkes Community College's Education Program or Activity.
- Comply with the grievance procedures before the imposition of any Disciplinary Sanctions against a Respondent; and
- Not discipline a Party, witness, or others participating in the grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on the determination whether sex discrimination occurred.²

² Wilkes Community College may address false statements by initiating a disciplinary process under its code of conduct so long as there is evidence of such independent of the determination whether sex discrimination occurred.

Appeal of Dismissal and/or Determination

The Complainant or the Respondent may appeal Complaint dismissal and/or the decisionmaker's determination.

The following are the only permissible grounds for appeal:

- 1) procedural irregularity that affected the outcome;
- 2) new evidence that was not reasonably available at the time of the dismissal or determination and that could affect the outcome; and (3) the Title IX Coordinator, or the Deputy Title IX Coordinator, or the investigators or the decisionmaker had a conflict of interest or bias that affected the outcome.

Appeals must be submitted in writing to the Title IX Coordinator or Deputy Title IX Coordinator within three business days of the Party's receipt of notification of the dismissal or determination. The Title IX Coordinator or Deputy Title IX Coordinator will promptly inform the other Party of the filing of the appeal, and the other Party will have three business days from such notification to submit a written response to the appeal.

Upon receipt of an appeal, the Title IX Coordinator or Deputy Title IX Coordinator will appoint an appeal officer, who is a WCC vice president and is someone other than the person who made the dismissal or determination in question and will notify the Parties of that appointment. If the appeal is submitted by an employee Respondent, The College President will serve as the appeal officer. The President's decision is final and cannot be appealed.

Within two business days of receiving notification of the appointment, the Complainant or the Respondent may identify to the Title IX Coordinator or Deputy Title IX Coordinator in writing alleged conflicts of interest or bias posed by assigning that appeal officer. The Title IX Coordinator or Deputy Title IX Coordinator will carefully consider such statements and will promptly assign a different appeal officer if the Title IX Coordinator or Deputy Title IX Coordinator determines that a material conflict of interest or material bias exists.

Within ten business days of the receipt of the appeal or the written response to such appeal, whichever is later, the appeal officer will determine (a) that the dismissal or determination should stand; or (b) that the dismissal or determination should be overturned and will issue a written explanation of that result and the rationale behind it.

Informal Resolution:

In lieu of resolving a Complaint through Wilkes Community College's Title IX grievance procedures, the Parties may instead elect to participate voluntarily in an informal resolution process facilitated by the Title IX Coordinator, Deputy Title IX Coordinator, or the Coordinator's designee. Wilkes Community College has discretion to determine whether it is appropriate to offer an informal resolution process and, even when such process may be applicable to conduct that reasonably may constitute sex discrimination under Title IX, may decline to offer informal resolution despite one or more of the Parties' wishes.

Wilkes Community College does not offer informal resolution to resolve a Complaint that includes allegations that an employee engaged in Sex-Based Harassment of an elementary or secondary school Student or when such a process would conflict with Federal, State, or local law.

Before the initiation of an informal resolution process, Wilkes Community College will explain in writing to the Parties:

- The allegations;
- The requirements of the informal resolution process;
- That any Party has the right to withdraw from the informal resolution process and initiate or resume grievance procedures at any time before agreeing to a resolution;
- That if the Parties agree to a resolution at the end of the informal resolution process, they cannot initiate or resume grievance procedures arising from the same allegations;
- The potential terms that may be requested or offered in an informal resolution agreement, including notice that an informal resolution agreement is binding only on the Parties;
- That measures the Parties agree to in the informal resolution process may include (but are not limited to): alcohol education classes for the Respondent; completion of online sexual harassment training; completion of an intervention program; regular meetings with an appropriate individual, unit or resource; permanent or temporary no contact order; restrictions for participation in certain activities, organizations, programs or classes; restriction of participation in certain events; reflection paper or written apology; counseling sessions; and/or Respondent's completion of an educational or behavioral plan; and
- The fact that any statements that the Parties make during the informal resolution process cannot be introduced in any other investigative or adjudicative proceeding, including if informal resolution is terminated and formal Complaint processing resumes under Wilkes Community College's Title IX grievance procedures.

A resolution reached pursuant to the informal resolution process is final and not subject to appeal.

Supportive Measures

The Title IX Coordinator and/or Deputy Title IX Coordinator will offer and coordinate Supportive Measures as appropriate for the Complainant and/or Respondent to restore or preserve that person's access to Wilkes Community College's Education Program or Activity or provide support during Wilkes Community College's Title IX grievance procedures or during the informal resolution process.

Supportive Measures will vary depending on specific circumstances and may include but are not limited to: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more Parties; leaves of absence; changes in class, work, or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs related to sex discrimination.

Supportive Measures will not unreasonably burden either Party and are designed to protect the safety of the Parties or Wilkes Community College's educational environment and/or to provide support during Title IX grievance procedures or informal resolution. Such measures may, as appropriate, be

modified or terminated at the conclusion of the grievance procedures or informal resolution process.

Complainants or Respondents may seek modification or reversal of Supportive Measures applicable to them by submitting a written request within three business days of notification of the measure(s) in question to the Title IX Coordinator or Deputy Title IX Coordinator, who will assign an impartial Wilkes Community College employee to evaluate and respond to the request.

Wilkes Community College will not disclose information about any Supportive Measures to persons other than the person to whom they apply, including informing one Party of Supportive Measures provided to another Party, unless necessary to provide the supportive measure or restore or preserve a Party's access to the Education Program or Activity.

If any Party has a disability, the Title IX Coordinator or Deputy Title IX Coordinator may consult, as appropriate, with Wilkes Community College's Office of Disability, Inclusion and Diversity in the implementation of Supportive Measures.

Emergency Removal:

Wilkes Community College may remove a Respondent from its Education Program or Activity on an emergency basis, provided that Wilkes Community College undertakes an individualized safety and risk analysis; determines that an imminent and serious threat to the health or safety of a Complainant or any Students, employees, or other persons arising from the allegations of sex discrimination justifies removal; provides the Respondent with notice and an opportunity to challenge the decision immediately following the removal; and does so in accordance with the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act, as applicable.

Administrative Leave:

Wilkes Community College may place an employee Respondent on administrative leave from employment responsibilities during the pendency of the grievance procedures, provided that it does so in accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act.

Disciplinary Sanctions and Remedies:

Following a determination that sex discrimination occurred, Wilkes Community College may impose Disciplinary Sanctions. Sanctions depend upon the nature and gravity of the misconduct, any record of prior discipline, or both.

Sanctions for employees may include, but are not limited to, withholding a promotion or pay increase, reassigning employment, terminating employment, temporary suspension without pay, and compensation adjustments. In the event the decisionmaker(s) determine that an employee Respondent engaged in sex discrimination in violation of Title IX or its regulations, the recommended disciplinary sanction(s) will be referred to the College's President for final decision; the President will then either affirm or revise the recommended disciplinary sanctions.

Sanctions for Students may include, but are not limited to, expulsion or suspension, disciplinary probation, social restrictions, suspension or revocation of admission, suspension or revocation of degree, written warning, mandated counseling, completion of an intervention program, completion of violence risk assessment, parental notification, and/or education sanctions (such as community service, reflection paper(s), and/or fines).

Wilkes Community College may also provide Remedies to the Complainant and others affected by the sex discrimination in question. Those Remedies will vary depending on specific circumstances and may include, but are not limited to: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more Parties; leaves of absence; changes in class, work, or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs.

Grievance Procedures for Complaints of Sex-Based Harassment Involving a Student Complainant or Student Respondent

Wilkes Community College has adopted Title IX grievance procedures that provide for the prompt and equitable resolution of Complaints made by Students, employees, or other individuals who are participating or attempting to participate in its Education Program or Activity, or by the Title IX Coordinator.

When a Party is both a student and an employee, Wilkes Community College's Title IX Coordinator or Deputy Title IX Coordinator will make a fact-specific inquiry to determine whether the. Procedure 5.3.4.1 Nondiscrimination, Sex Discrimination and Sex-Based Harassment General Complaints of Sex Discrimination or Procedure 5.3.4.1A Title IX Nondiscrimination, Sex Discrimination and Sex-Based Harassment Involving Student Complainant or Student Respondent apply. In making this determination, the Title IX Coordinator or Deputy Title IX Coordinator will, at a minimum, consider whether the Party's primary relationship with Wilkes Community College is to receive an education and whether the alleged Sex-Based Harassment occurred while the Party was performing employment-related work.

Complaints:

The following people have a right to make a Complaint of sex discrimination, including Complaints of Sex-Based Harassment, requesting that Wilkes Community College investigate and make a determination about alleged discrimination under Title IX:

- A "Complainant," which includes:
 - a Student or employee of Wilkes Community College who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX; or
 - a person other than a Student or employee of Wilkes Community College who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX at a time when that individual was participating or attempting to participate in Wilkes Community College' Education Program or Activity;
- A parent, guardian, or other authorized legal representative with the legal right to at on behalf of a Complainant; or
- Wilkes Community College's Title IX Coordinator or Deputy Title IX Coordinator.

Note that a person is entitled to make a Complaint of Sex-Based Harassment only if they themselves are alleged to have been subjected to the Sex-Based Harassment, if they have a legal right to act on behalf of such person, or if the Title IX Coordinator initiates a Complaint.

Initiation of Complaint by Title IX Coordinator or Deputy Title IX Coordinator:

In the absence of a Complaint or the withdrawal of any or all of the allegations in a Complaint, and in the absence or termination of an informal resolution process, the Title IX Coordinator and/or Title IX Coordinator will determine whether to initiate a Complaint of Sex-Based Harassment.

To make this fact-specific determination, the Title IX Coordinator and/or Deputy Title IX Coordinator must consider, at a minimum, the following factors:

- 1) The Complainant's request not to proceed with initiation of a Complaint;
- 2) The Complainant's reasonable safety concerns regarding initiation of a Complaint;
- 3) The risk that additional acts of Sex-Based Harassment would occur if a Complaint is not initiated;
- 4) The severity of the alleged Sex-Based Harassment, including whether the Sex-Based Harassment, if established, would require the removal of a Respondent from campus or imposition of another disciplinary sanction to end the discrimination and prevent its recurrence;
- 5) The age and relationship of the Parties, including whether the Respondent is an employee of Wilkes Community College;
- 6) The scope of the alleged Sex-Based Harassment, including information suggesting a pattern, ongoing sex discrimination, or Sex-Based Harassment alleged to have impacted multiple individuals;
- 7) The availability of evidence to assist a decisionmaker in determining whether Sex-Based Harassment occurred; and
- 8) Whether Wilkes Community College could end the alleged Sex-Based Harassment and prevent its recurrence without initiating its Title IX grievance procedures.

If, after considering these and other relevant factors, the Title IX Coordinator and/or Deputy Title IX Coordinator determines that the conduct as alleged presents an imminent and serious threat to the health or safety of the Complainant or other person, or that the conduct as alleged prevents Wilkes Community College from ensuring equal access on the basis of sex to its Education Program or Activity, the Title IX Coordinator and/or Deputy Title IX Coordinator may initiate a Complaint.

If initiating a Complaint, the Title IX Coordinator or Deputy Title IX Coordinator will notify the Complainant prior to doing so and appropriately address reasonable concerns about the Complainant's safety or the safety of others, including by providing Supportive Measures and, regardless of whether a Complaint is initiated, taking other appropriate prompt and effective steps, in addition to steps necessary to effectuate the Remedies provided to an individual Complainant, if any, to ensure that Sex-Based Harassment does not continue or recur within Wilkes Community College's Education Program or Activity.

A Title IX Coordinator and/or Deputy Title IX Coordinator is not required to consider initiating a Complaint upon being notified of conduct that may constitute Sex-Based Harassment if the Title IX Coordinator and/or Deputy Title IX Coordinator reasonably determines that the conduct as alleged could not constitute Sex-Based Harassment under Title IX.

Complaint Consolidation:

Wilkes Community College may consolidate Complaints of Sex-Based Harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one Party against another Party, when the allegations of Sex-Based Harassment arise out of the same facts or circumstances; provided, however, that the affected Parties consent to the disclosure of their education records in accordance with FERPA requirements. When more than one Complainant or more than one Respondent is involved, references below to a Party, Complainant, or Respondent include the plural, as applicable.

Complaint Processing Parameters

Wilkes Community College will treat Complainants and Respondents equitably.

Wilkes Community College requires that any Title IX Coordinator, Deputy Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent.

As set forth below, the Parties have an opportunity to challenge the participation of the investigator(s) and/or decisionmaker(s) for alleged conflict of interest or bias.

Wilkes Community College presumes that the Respondent is not responsible for the alleged Sex-Based Harassment until a determination is made at the conclusion of its grievance procedures.

Wilkes Community College has established the following timeframes for the major stages of the grievance procedures:

- decision whether to dismiss or investigate a Complaint within 15 business days after the Title IX Coordinator or Deputy Title IX Coordinator's receipt of the Complaint;
- completion of any investigation within 45 business days after the Title IX Coordinator or Deputy Title IX Coordinator's receipt of the Complaint;
- issuance of any responsibility determination within 60 business days after the Title IX Coordinator or Deputy Title IX Coordinator's receipt of the Complaint; and
- decision on any timely-filed appeal within 15 business days after the Title IX Coordinator or Deputy Title IX Coordinator's receipt of the Party's appeal materials.

The timelines set forth above may be altered for good cause with written notice to the Parties of any delay or extension and the supporting reasons. Good cause may include considerations such as the absence of a Party, a Party's advisor, or a witness; concurrent law enforcement activity; natural disasters, pandemic restrictions, and similar occurrences; or the need for language assistance or accommodation of disabilities.

Either Party may request an extension of any deadline by providing the Title IX Coordinator or Deputy Title IX Coordinator with a written request that includes the length of the proposed extension and the basis for the request. The Title IX Coordinator or Deputy Title IX Coordinator will review the request and make a determination to grant or deny within three business days.

Wilkes Community College will take reasonable steps to protect the privacy of the Parties and witnesses during its grievance procedures. These steps will not restrict the ability of the Parties to obtain and present evidence, including by speaking to witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The Parties cannot engage in Retaliation, including against witnesses.

Evidentiary Issues:

Wilkes Community College will objectively evaluate all evidence that is Relevant and not otherwise impermissible including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person's status as a Complainant, Respondent, or witness.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be accessed or considered, except by Wilkes Community College to determine whether one of the exceptions listed below applies; will not be disclosed; and will not otherwise be used), regardless of whether they are Relevant:

- Evidence that is protected under a privilege recognized by Federal or State law or evidence provided to a Confidential Employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- A Party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the Party or witness, unless Wilkes Community College obtains that Party's or witness's voluntary, written consent for use in its grievance procedures; and
- Evidence that relates to the Complainant's sexual interests or prior sexual conduct, unless evidence about the Complainant's prior sexual conduct is offered to prove that someone other than the Respondent committed the alleged conduct or is evidence about specific incidents of the Complainant's prior sexual conduct with the Respondent that is offered to prove Consent to the alleged Sex-Based Harassment. The fact of prior consensual sexual conduct between the Complainant and Respondent does not by itself demonstrate or imply the Complainant's Consent to the alleged Sex-Based Harassment or preclude determination that Sex-Based Harassment occurred.

Written Notice of Allegations:

Upon initiation of these Sex-Based Harassment Title IX grievance procedures, Wilkes Community College will notify the Parties in writing of the following with sufficient time for the Parties to prepare a response before any initial interview:

- Wilkes Community College's Title IX grievance procedures and any informal resolution process;
- Sufficient information available at the time to allow the Parties to respond to the allegations, including the identities of the Parties involved in the incident(s), the conduct alleged to constitute Sex-Based Harassment, and the date(s) and location(s) of the alleged incident(s);
- Retaliation is prohibited, and allegations of Retaliation in connection with a Title IX grievance process will be addressed under this document's Section IV. grievance procedures;

- The Respondent is presumed not responsible for the alleged Sex-Based Harassment until a determination is made at the conclusion of these grievance procedures. Prior to such a determination, the Parties will have an opportunity to present Relevant and not otherwise impermissible evidence to a trained, impartial decisionmaker;
- The Parties may have an advisor of their choice who may be, but is not required to be, an attorney. Parties must provide the name and contact of their advisor to the Title IX Coordinator or Deputy Title IX Coordinator in writing as soon as reasonably possible and must provide updated information if their advisor changes. All advisors will be required to assent to Wilkes Community College's Expectations for Advisors;
- The Parties are entitled to an equal opportunity to access the Relevant and not otherwise impermissible evidence or an investigative report that accurately summarizes this evidence. If Wilkes Community College provides access to an investigative report: The Parties are entitled to an equal opportunity to access the Relevant and not impermissible evidence upon the request of any Party; and
- Section D of Wilkes Community College's Code of Student Conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance procedures.¹

If, in the course of an investigation, Wilkes Community College decides to investigate additional allegations of Sex-Based Harassment by the Respondent toward the Complainant that are not included in the written notice or that are included in a consolidated Complaint, it will provide written notice of the additional allegations to the Parties.

Complaint Dismissal

Wilkes Community College may dismiss a Complaint if:

- Wilkes Community College Is unable to identify the Respondent after taking reasonable steps to do so;
- The Respondent is not participating in Wilkes Community College's Education Program or Activity and is not employed by Wilkes Community College;
- Wilkes Community College obtains the Complainant's voluntary withdrawal in writing of any or all of the allegations, the Title IX Coordinator or Deputy Title IX Coordinator declines to initiate a Complaint, and Wilkes Community College determines that, without the Complainant's withdrawn allegations, the conduct that remains alleged in the Complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- Wilkes Community College determines the conduct alleged in the Complaint, even if proven, would not constitute sex discrimination under Title IX.

Before dismissing the Complaint, Wilkes Community College will make reasonable efforts to clarify the allegations with the Complainant. Upon dismissal, Wilkes Community College will promptly notify the Complainant in writing of the basis for the dismissal.

¹ Wilkes Community College may address false statements by initiating a disciplinary process under its code of conduct so long as there is evidence of such independent of the determination whether sex discrimination occurred.

If the dismissal occurs after the Respondent has been notified of the allegations, then Wilkes Community College will notify the Parties simultaneously in writing.

Wilkes Community College will notify the Complainant that a dismissal may be appealed on the bases outlined in the Appeals section.

If dismissal occurs after the Respondent has been notified of the allegations, then Wilkes Community College will also notify the Respondent that the dismissal may be appealed on the same bases. If a dismissal is appealed, Wilkes Community College will follow the procedures outlined in the Appeals section.

When a Complaint is dismissed, Wilkes Community College will, at a minimum:

- Offer Supportive Measures to the Complainant as appropriate;
- If the Respondent has been notified of the allegations, offer Supportive Measures to the Respondent as appropriate; and
- Take other prompt and effective steps, as appropriate, through the Title IX Coordinator or Deputy Title IX Coordinator to ensure that sex discrimination does not continue or recur within Wilkes Community College's Education Program or Activity.

Investigation Parameters

Wilkes Community College will provide for adequate, reliable, and impartial investigation of Complaints.

The burden is on Wilkes Community College, not on the Parties, to conduct an investigation that gathers sufficient evidence to determine whether Sex-Based Harassment occurred.

Wilkes Community College will provide to a Party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all meetings or proceedings with sufficient time for the Party to prepare to participate.

Wilkes Community College will provide the Parties with the same opportunities to be accompanied to any meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney.

- Wilkes Community College will not limit the choice or presence of the advisor for the Complainant or Respondent in any meeting or proceeding.
- Wilkes Community College may establish restrictions regarding the extent to which the advisor may participate in these grievance procedures, as long as the restrictions apply equally to the Parties.

Wilkes Community College will provide the Parties with the same opportunities, if any, to have people other than the advisor of the Parties' choice present during any meeting or proceeding.

Wilkes Community College does not allow the Parties to present expert witnesses.

Wilkes Community College will provide an equal opportunity for the Parties to present fact witnesses and other inculpatory and exculpatory evidence that is Relevant and not otherwise impermissible.

Wilkes Community College will review all evidence gathered through the investigation and determine what evidence is Relevant and what evidence is impermissible regardless of relevance.

Wilkes Community College will provide each Party and the Party's advisor, if any, with an equal opportunity to access the evidence that is Relevant to the allegations of Sex-Based Harassment and not otherwise impermissible, in the following manner:

- Wilkes Community College will provide an equal opportunity to access either the Relevant and not otherwise impermissible evidence, or the same written investigative report that accurately summarizes this evidence. If Wilkes Community College provides access to an investigative report, it will further provide the Parties with an equal opportunity to access the Relevant and not otherwise impermissible evidence upon the request of any Party;
- Wilkes Community College will provide a reasonable opportunity to review and respond to the evidence or the investigative report; and
- Wilkes Community College will take reasonable steps to prevent and address the Parties' and their advisors' unauthorized disclosure of information and evidence obtained solely through the Sex-Based Harassment grievance procedures.

Appointment of the Investigator or Decisionmaker and Challenging of the Same:

Unless a Complaint is dismissed or the Parties elect to participate in informal resolution, the Title IX Coordinator or Deputy Title IX Coordinator will promptly appoint an investigator or investigators, who may be the Title IX Coordinator or Deputy Title IX Coordinator. At or before the completion of the investigation, the Title IX Coordinator or Deputy Title IX Coordinator will also appoint a decisionmaker. The investigator(s) and decisionmaker may be College employees or non-employee contractors. If a faculty member is the Respondent, the College's Vice President of Instruction will serve as the decisionmaker. If a staff member is the Respondent, the College's Senior Vice President of Finance and Administration will serve as the decisionmaker.

The Title IX Coordinator or Deputy Title IX Coordinator will contemporaneously share the investigator and decisionmaker names, as appropriate, with the Complainant and Respondent. Within two business days of that notification or notifications the Complainant or the Respondent may identify to the Title IX Coordinator or Deputy Title IX Coordinator in writing any alleged conflicts of interest or bias on the part of any of the assigned investigators and/or decisionmaker.

The Title IX Coordinator or Deputy Title IX Coordinator will consider such statements and will promptly assign a different investigator and/or decisionmaker if the Title IX Coordinator or Deputy Title IX Coordinator determines that a material conflict of interest or material bias exists.

If the Title IX Coordinator or Deputy Title IX Coordinator is the designated investigator, Wilkes Community College's Vice President of Instructional Support and Student Services and/or Senior Vice President of Finance and Administration will consider any alleged conflicts of interest or bias

submitted by the Parties pursuant to the previous paragraph and, if the Vice President of Instructional Support and Student Services and/or Senior Vice President of Finance and Administration determines that a material conflict of interest or material bias exists, will appoint a new investigator or decisionmaker.

The Investigator(s) and Decisionmaker's Activities, Including Questioning of Parties and Witnesses:

The investigator(s) will take such steps as interviewing the Complainant, the Respondent, and witnesses (including expert witnesses, where applicable); recording, transcribing, and/or summarizing such interviews in writing; collecting and reviewing Relevant documents; visiting, inspecting, and taking or reviewing photographs of Relevant sites; and collecting and reviewing other Relevant and not impermissible evidence.

The investigator(s) and/or decisionmaker(s) will question the Parties and witnesses in individual meetings to gather evidence and also to assess credibility to the extent credibility is both in dispute and Relevant to one or more allegations of sex discrimination.

Wilkes Community College's process for proposing and asking Relevant and not otherwise impermissible questions and follow-up questions of Parties and witnesses, including questions challenging credibility, will:

- Allow the investigator(s) and/or decisionmaker to ask such questions during individual meetings with a Party or witness;
- Allow each Party to propose such questions that the Party wants asked of any Party or witness and have those questions asked by the investigator(s) and/or decisionmaker(s) during one or more individual meetings, including follow-up meetings, with a Party or witness, subject to the procedures for evaluating and limiting questions discussed below; and
- Provide each Party with an audio or audiovisual recording or transcript with enough time for the Party to have a reasonable opportunity to propose follow-up questions.

Procedures for the Investigator(s)/Decisionmaker to Evaluate the Questions and Limitations on Questions:

The investigator(s) and/or decisionmaker will determine whether a proposed question is Relevant and not otherwise impermissible before the question is posed and will explain any decision to exclude a question as not Relevant or otherwise impermissible. Questions that are unclear or harassing of the Party or witness being questioned will not be permitted. The investigator(s) and/or decisionmaker will give a Party an opportunity to clarify or revise a question that the decisionmaker determines is unclear or harassing. If the Party sufficiently clarifies or revises the question, the question will be asked.

Refusal to respond to questions and inferences based on refusal to respond to questions:

The decisionmaker may choose to place less or no weight upon statements by a Party or witness who refuses to respond to questions deemed Relevant and not impermissible. The decisionmaker will not draw an inference about whether Sex-Based Harassment occurred based solely on a Party's or witness's refusal to respond to such questions.

Evidence Review:

The investigator(s)er will compile all Relevant and not inadmissible evidence (including items such as the Complaint, written statements of position, summaries or transcripts of all interviews conducted, photographs, descriptions of Relevant evidence, and summaries or copies of Relevant electronic records) and send to each Party an electronic or hard copy of such evidence and also provide each Party with an audio or audiovisual recording or transcript of Party and witness interviews with enough time for the Party to have a reasonable opportunity to propose follow-up questions.

The Parties then will have ten business days from the time that the evidence is provided to submit to the investigator/decisionmaker a written response to the evidence. In their responses, the Parties may address the relevancy of any evidence that the Parties believe should be included in the investigator(s)' report and/or excluded from the decisionmaker(s)' analysis and may also address any further investigation activities or questions that they believe are necessary. If a Party wishes to submit additional evidence at this stage, they should explain how the evidence is Relevant and why it was not previously provided.

Due to the sensitive nature of the evidence in question, the Parties may not copy, publish, photograph, print, image, record, or in any other manner duplicate it. Parties who violate these restrictions may be disciplined.

Nothing in this document restricts the ability of either Party to discuss the allegations under investigation or to gather, preserve, and/or present Relevant evidence.

Post-Evidence-Review Follow-Up Meetings:

Following the Parties' review of and response to the evidence, the investigator(s) and/or decisionmaker(s) may need to meet again with the Parties (and with witnesses, as necessary and appropriate) to ask follow-up questions, including those raised by the Parties' response to the evidence and/or specifically suggested by the Parties in that response.

Written Determination Whether Sex-Based Harassment Occurred:

Following an investigation and evaluation of all Relevant and not otherwise impermissible evidence, Wilkes Community College will:

- Use the preponderance of the evidence standard of proof to determine whether Sex-Based Harassment occurred. The standard of proof requires the decisionmaker to evaluate Relevant and not otherwise impermissible evidence for its persuasiveness. If the decisionmaker are not persuaded under the applicable standard by the evidence that Sex-Based Harassment occurred, whatever the quantity of the evidence is, the decisionmakers will not determine that Sex-Based Harassment occurred.
- Notify the Parties simultaneously in writing of the determination whether Sex-Based Harassment occurred under Title IX including:
 - A description of the alleged Sex-Based Harassment;
 - Information about the policies and procedures that Wilkes Community College used to evaluate the allegations;

- The decisionmaker's evaluation of the Relevant and not otherwise impermissible evidence and determination whether Sex-Based Harassment occurred;
- When the decisionmaker finds that Sex-Based Harassment occurred, any Disciplinary Sanctions Wilkes Community College will impose on the Respondent, whether Remedies other than the imposition of Disciplinary Sanctions will be provided by Wilkes Community College to the Complainant, and, to the extent appropriate, other Students identified by Wilkes Community College to be experiencing the effects of the Sex-Based Harassment; and
- Wilkes Community College's procedures and permissible bases for the Complainant and Respondent to appeal.
- Wilkes Community College will not impose discipline on a Respondent for sex discrimination prohibited by Title IX unless there is a determination at the conclusion of the Title IX grievance procedures that the Respondent engaged in prohibited Sex-Based Harassment.
- If there is a determination that sex discrimination occurred, as appropriate, the Title IX Coordinator or Deputy Title IX Coordinator will:
 - Coordinate the provision and implementation of Remedies to a Complainant and other people Wilkes Community College identifies as having had equal access to Wilkes Community College's Education Program or Activity limited or denied by Sex-Based Harassment;
 - Coordinate the imposition of any Disciplinary Sanctions on a Respondent, including notification to the Complainant of any such Disciplinary Sanctions; and
 - Take other appropriate prompt and effective steps to ensure that Sex-Based Harassment does not continue or recur within Wilkes Community College's Education Program or Activity.
 - Comply with the Title IX grievance procedures before the imposition of any Disciplinary Sanctions against a Respondent; and
 - Not discipline a Party, witness, or others participating in the Title IX grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on the determination whether Sex-Based Harassment occurred.

The determination regarding responsibility becomes final either on the date Wilkes Community College provides the Parties with the written determination of the result of any appeal, or, if no Party appeals, the date on which an appeal would no longer be considered timely.

Appeal of Dismissal and/or Determination:

The Complainant or the Respondent may appeal Complaint dismissal and/or the decisionmaker's determination whether Sex-Based Harassment occurred.

The following are the only permissible grounds for appeal:

- 1) procedural irregularity that would change the outcome;
- 2) new evidence that would change the outcome and was not reasonably available at the time of the dismissal or determination; and

- 3) the Title IX Coordinator or the investigator(s) or decisionmaker had a conflict of interest or bias for or against complainants or respondents generally or the individual Complainant or Respondent that would change the outcome.

Appeals must be submitted in writing to the Title IX Coordinator or Deputy Title IX Coordinator within three business days of the Party's receipt of notification of the dismissal or determination. The Title IX Coordinator or Deputy Title IX Coordinator will promptly inform the other Party in writing of the filing of the appeal, and the other Party will have three days from such notification to submit a written response to the appeal.

Upon receipt of an appeal, the Title IX Coordinator or Deputy Title IX Coordinator will appoint an appeal officer, who is a WCC vice president and is someone other than the person who investigated and made the dismissal or determination in question and will notify the Parties of that appointment. If the appeal is submitted by an employee Respondent, The College President will serve as the appeal officer. The President's decision is final and cannot be appealed.

Within two business days of receiving notification of the appointment, the Complainant or the Respondent may identify to the Title IX Coordinator or Deputy Title IX Coordinator in writing alleged conflicts of interest or bias posed by assigning that appeal officer. The Title IX Coordinator or Deputy Title IX Coordinator will carefully consider such statements and will promptly assign a different appeal officer if the Title IX Coordinator or Deputy Title IX Coordinator determines that a material conflict of interest or material bias exists.

Within ten business days of the receipt of the appeal the appeal officer will determine (a) that the dismissal or determination should stand; or (b) that the dismissal or determination should be overturned and will issue a written explanation of that result and the rationale behind it.

Informal Resolution

In lieu of resolving a Complaint through Wilkes Community College's Title IX grievance procedures, the Parties may instead elect to participate voluntarily in an informal resolution process facilitated by the Title IX Coordinator, Deputy Title IX Coordinator, or the Coordinator's designee. Wilkes Community College has discretion to determine whether it is appropriate to offer an informal resolution process and, even when such process may be applicable to conduct that reasonably may constitute sex discrimination under Title IX, may decline to offer informal resolution despite one or more of the Parties' wishes.

Wilkes Community College does not offer informal resolution to resolve a Complaint that includes allegations that an employee engaged in Sex-Based Harassment of an elementary or secondary school student or when such a process would conflict with Federal, State, or local law.

Before the initiation of an informal resolution process, Wilkes Community College will explain in writing to the Parties:

- The allegations;
- The requirements of the informal resolution process;

- That any Party has the right to withdraw from the informal resolution process and initiate or resume grievance procedures at any time before agreeing to a resolution;
- That if the Parties agree to a resolution at the end of the informal resolution process, they cannot initiate or resume grievance procedures arising from the same allegations;
- The potential terms that may be requested or offered in an informal resolution agreement, including notice that an informal resolution agreement is binding only on the Parties;
- That measures the Parties agree to in the informal resolution process may include (but are not limited to): alcohol education classes for the Respondent; completion of online sexual harassment training; completion of an intervention program; regular meetings with an appropriate individual, unit or resource; permanent or temporary no contact order; restrictions for participation in certain activities, organizations, programs or classes; restriction of participation in certain events; reflection paper or written apology; counseling sessions; and/or Respondent's completion of an educational or behavioral plan; and
- The fact that any statements that the Parties make during the informal resolution process cannot be introduced in any other investigative or adjudicative proceeding, including if informal resolution is terminated and formal Complaint processing resumes under Wilkes Community College's Title IX grievance procedures.

A resolution reached pursuant to the informal resolution process is final and not subject to appeal.

Supportive Measures:

The Title IX Coordinator and/or Deputy Title IX Coordinator will offer and coordinate Supportive Measures as appropriate for the Complainant and/or Respondent to restore or preserve that person's access to Wilkes Community College's Education Program or Activity or provide support during Wilkes Community College's Title IX grievance procedures or during the informal resolution process. For Complaints of Sex-Based Harassment, these Supportive Measures may include counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more Parties; leaves of absence; changes in class, work, or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs related to Sex-Based Harassment.

Supportive Measures will not unreasonably burden either Party and are designed to protect the safety of the Parties or Wilkes Community College's educational environment and/or to provide support during Title IX grievance procedures or informal resolution. Such measures may, as appropriate, be modified or terminated at the conclusion of the grievance procedures or informal resolution process.

Complainants or Respondents may seek modification or reversal of Supportive Measures applicable to them by submitting a written request—within three business days of notification of the measure(s) in question—to the Title IX Coordinator or Deputy Title IX Coordinator, who will assign an impartial Wilkes Community College employee to evaluate and respond to the request.

Wilkes Community College will not disclose information about any Supportive Measures to persons other than the person to whom they apply, including informing one Party of Supportive Measures

provided to another Party, unless necessary to provide the supportive measure or restore or preserve a Party's access to the Education Program or Activity.

Emergency Removal:

Wilkes Community College may remove a Respondent from its Education Program or Activity on an emergency basis, provided that Wilkes Community College undertakes an individualized safety and risk analysis, determines that an imminent and serious threat to the health or safety of a Complainant or any Students, employees, or other persons arising from the allegations of Sex-Based Harassment justifies removal, provides the Respondent with notice and an opportunity to challenge the decision immediately following the removal, and does so in accordance with the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act, as applicable.

Administrative Leave

Wilkes Community College may place an employee Respondent on administrative leave from employment responsibilities during the pendency of the grievance procedures, provided that it does so in accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act.

Disciplinary Sanctions and Remedies

Following a determination that Sex-Based Harassment occurred, Wilkes Community College may impose Disciplinary Sanctions which may include: expulsion or suspension, disciplinary probation, social restrictions, suspension or revocation of admission, suspension or revocation of degree, written warning, mandated counseling, completion of an intervention program, completion of violence risk assessment, parental notification, and/or education sanctions (such as community service, reflection paper(s), and/or fines).

Wilkes Community College may also provide Remedies which may include: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more Parties; leaves of absence; changes in class, work, or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs.

Revised: 08/01/2024, approved 08/15/2024

Adopted: 08/10/2020

The College strives to make its campuses inclusive, safe and a welcome learning environment for all members of the College community. Pursuant to multiple federal and state laws and administrative regulations and pursuant to College policy, the College prohibits discrimination in its activities, services and programs based on race, color, national origin, religion, pregnancy, disability, genetic information, age, political affiliation or veterans' status, sex, sexual orientation, gender, gender identity, gender expression.

I. DEFINITIONS

The following definitions shall apply to this Procedure and shall be collectively referred to herein as "Unlawful Discrimination".

The definitions are not intended to operate as speech codes, promote content and viewpoint discrimination or suppress minority viewpoints in the academic setting. Indeed, just because a student's speech or expression is deemed offensive by others does not mean it constitutes discrimination or harassment.

In applying these definitions, College administrators shall view the speech or expression in its context and totality and shall apply the following standard: the alleged victim subjectively views the conduct as discrimination or harassment and that the conduct is objectively severe or pervasive enough that a reasonable person would agree that the conduct is discriminatory or harassing.

A. Discrimination:

any act or failure to act that unreasonably differentiates treatment of others based solely on their Protected Status and is sufficiently serious, based on the perspective of a reasonable person, to unreasonably interfere with or limit the ability of that individual to participate in, access or benefit from the College's programs and activities. Discrimination may be intentional or unintentional.

B. Harassment:

a type of Discrimination that happens when verbal, physical, electronic or other behavior based on a person's Protected Status interferes with a person's participation in the College's programs and activities and it either creates an environment that a reasonable person would find hostile, intimidating, abusive or where submitting to or rejecting the conduct is used as the basis for decisions that affect the person's participation in the College's programs and activities.

Harassment may include but is not limited to: threatening or intimidating conduct directed at another because of the individual's Protected Status; ethnic slurs, negative stereotypes and hostile acts based on an individual's

Protected Status.

C. Protected Status:

race, color, national origin, religion, pregnancy, disability, genetic information, age, political affiliation or veterans' status., sex, sexual orientation, gender, gender identity, gender expression.

D. Standard of Evidence:

the College uses the preponderance of the evidence as the standard for proof of whether a violation occurred. In the student due process hearing and employee grievance process, legal terms like "guilt, "innocence" and "burden of proof" are not applicable. Student and employee due process hearings are conducted to take into account the totality of all evidence available from all relevant sources. The College will find the alleged Perpetrator either "responsible" or "not responsible" for violating these Procedures.

II. STATEMENTS OF PROHIBITION

A. Prohibition of Retaliation.

The College strictly prohibits punishing students or employees for asserting their rights to be free from Unlawful Discrimination. Retaliation against any person participating in connection with a complaint of Unlawful Discrimination is strictly prohibited. Reports of retaliation will be addressed through this procedure and/or other applicable College procedures. Retaliation includes, but is not limited to, any form of intimidation, punitive actions from authority figures or peers, reprisals (acts of vengeance) or harassment. Retaliation is a serious violation and should be reported immediately. The College will take appropriate disciplinary action against any employee or student found to have retaliated against another.

B. Prohibition of Providing False Information.

Any individual who knowingly files a false report or complaint, who knowingly provides false information to College officials, or who intentionally misleads College officials involved in the investigation or resolution of a complaint may be subject to disciplinary action including, but not limited to expulsion or employment termination. The College recognizes that an allegation made in good faith will not be considered false when the evidence does not confirm the allegation(s) of Unlawful Discrimination.

III. REQUESTING ACCOMMODATIONS

A. Students.

Students with disabilities wishing to make a request for reasonable accommodations, auxiliary communication aids or services, or materials in

alternative accessible formats should contact the College's Office of Disability Services. Information provided by students is voluntary and strict confidentiality is maintained. All requests for accommodations will be considered following the appropriate federal and state laws.

The College will also provide reasonable accommodation of a student's religious beliefs/practices provided such expression/practice does not create a hostile environment for other students and employees and/or the accommodation does not cause an undue hardship for the College.

B. Employees.

Employees with disabilities wishing to make a request for reasonable accommodations, auxiliary communication aids or services, or materials in alternative accessible formats should contact the College's Office of Human Resources. Information provided by employees is voluntary and strictly confidential.

The College will also provide reasonable accommodation of an employee's religious beliefs/practices provided such expression/practice does not create a hostile environment for other employees and students and/or the accommodation does not cause an undue hardship for the College.

IV. REPORTING OPTIONS**A. Student Complaints.**

Any student wishing to make a report relating to Unlawful Discrimination may do so by reporting the concern to the Dean of Student Services.

For Unlawful Discrimination incidents between students and employees, the Dean of Student Services will work in partnership with the Executive Director of Human Resources to investigate and resolve the allegations.

B. Employee Complaints.

Any employee wishing to make a report related to Unlawful Discrimination may do so by reporting the concern to the College's Executive Director of Human Resources.

V. INITIAL INVESTIGATION

As these Procedures apply to both students and employees as either the Complainant or the Respondent, the administrator receiving the incident report will determine if the case should be handled by: 1) the Dean, or designee (student/student); 2) the Executive Director of Human Resources, or designee (employee/employee); or 3) both

(student/employee). For incidents involving students and employees, the College will utilize the process for both the student investigation and the employee investigation sections as applicable.

A. Student Investigation.

1. Students filing complaints (“Complainants”) are urged to do so in writing as soon as possible but no later than thirty (30) days after disclosure or discovery of the facts giving rise to the complaint. Complaints submitted after the (30) day period will still be investigated; however, Complainants should recognize that delays in reporting may significantly impair the ability of College officials to investigate and respond to such complaints. The Dean shall fully investigate any complaints and will, as needed, and if the complaint also involves an employee, collaborate with the College’s Executive Director of Human Resources. During the course of the investigation, the Dean may consult with other relevant College administrators and the College attorney.
2. During the investigation, and if applicable to the complaint³¹, the Dean shall meet with the Complainant and the Respondent separately and give each party an equal opportunity to provide evidence, including informing the Dean of any potential witnesses. Both parties will be given access to any information provided by the other in accordance with any federal or state confidentiality laws.
3. During the investigation process, the Dean may implement temporary measures in order to facilitate an efficient and thorough investigation process as well as to protect the rights of all parties involved. The temporary actions include but are not limited to; reassignment of class schedules; temporary suspension from campus (but be allowed to complete coursework); or directives that include no contact between the involved parties.
4. A confidential file regarding the complaint shall be maintained by the Dean. To the extent possible, the College will keep all information relating to the complaint and investigations confidential; however, to maintain compliance with the Clery Act, both parties will be informed of the outcome of any institutional proceedings under these Procedures.
5. The Dean shall make every effort to conclude the investigation as soon as possible but no later than thirty (30) calendar days. If the nature of the investigation requires additional time, the Dean may have an additional ten (10) calendar days to complete the investigation. The Dean shall notify the parties of this extension.
6. Complainants will be notified of available counseling services and their options of changing academic situations and other interim protective measures.

³¹ The Complainant’s complaint need not necessarily be against a specific individual but could concern an action, policy, procedure or decision by the College that the individual believes constitutes Unlawful Discrimination.

B. Employee Investigations.

1. Employees filing complaints (“Complainants”) are urged to do so in writing as soon as possible but no later than thirty (30) days after disclosure or discovery of the facts giving rise to the complaint. Complaints submitted after the thirty (30) day period will still be investigated; however, Complainants should recognize that delays in reporting may significantly impair the ability of College officials to investigate and respond to such complaints. The Executive Director of Human Resources shall fully investigate any complaints. During the course of the investigation, the Executive Director of Human Resources may consult with other relevant College administrators and the College Attorney.
2. During the investigation, and if applicable to the complaint³², the Executive Director of Human Resources shall meet with the Complainant and the alleged Perpetrator (“Respondent”) separately and give each party an equal opportunity to provide evidence, including informing the Executive Director of Human Resources of any potential witnesses. Both parties will be given access to any information provided by the other in accordance with any federal or state confidentiality laws.
3. During the investigation process, the Executive Director of Human Resources may implement temporary measures in order to facilitate an efficient and thorough investigation process as well as to protect the rights of all parties involved. The Executive Director of Human Resources may suspend an employee with pay pending an investigation if such action is in the College’s best interest.
4. A confidential file regarding the complaint shall be maintained by the Executive Director of Human Resources. To the extent possible, the College will keep all information relating to the complaint and investigations confidential; however, to maintain compliance with the Clery Act, both parties will be informed of the outcome of any institutional proceedings under these Procedures.
5. The Executive Director of Human Resources shall make every effort to conclude the investigation as soon as possible but no later than thirty (30) calendar days. If the nature of the investigation requires additional time, the Executive Director of Human Resources may have an additional ten (10) calendar days to complete the investigation and shall notify the parties of this extension.
6. Complainants will be notified of available counseling services and other interim protective measures.

³² See footnote 1.

I. RECOMMENDATION AND APPEAL**A. Students.**

1. After the investigation is complete, the Dean will put forward a recommendation of finding, based on the Standard of Evidence, and sanction(s) to both the Complainant and Respondent. If the recommendation is accepted by both parties involved, the recommendation and sanction(s) will become effective. The Dean will submit to each party a final outcome letter that will include, but is not limited to, the following:
 - a. Determination if the Respondent is responsible or not responsible for violating these Procedures;
 - b. Sanction;
 - c. Whether monitoring of academic schedules is needed between the parties to ensure that the individuals involved are not in classes together (the Vice President will assist in this process).
 - d. Short-term College counseling services available to each party.
2. If the Dean's recommendations are not accepted by either the Complainant or the Respondent, both may appeal and request a formal hearing. The Vice President will convene a hearing panel and preside over the hearing as the Presiding Officer. The process for the hearing is outlined below:
 - a. Prior to the hearing, the Complainant and the Respondent have the right to review all evidence, including written statements by the Respondent, the Complainant, or witnesses. Strict rules of evidence do not apply. The Standard of Evidence shall apply for the hearing.
 - b. Written notice including the date, time, and location of the hearing will be sent to all parties.
 - c. At the hearing, all pertinent parties have a right to speak and be questioned by the Presiding Officer. Cross-examination between parties is not permitted. The College will provide options for questioning without confrontation. Each phase of the hearing will be heard by both parties in separate rooms by use of a speaker phone.
 - d. The Complainant and the Respondent are allowed to be accompanied by an advisor. The advisor may not present on behalf of either party unless otherwise instructed to do so by the Presiding Officer. If the Complainant or the Respondent chooses to have an advocate who is an attorney, notification must be provided to the Presiding Officer at least three (3) College business days prior to the hearing date. In this case, the College Attorney will also be present.

- e. Both parties have a right to a written notice of the hearing outcome.

B. Employees.

1. After the investigation is complete, the Director of Human Resources will put forward a recommendation of finding, based on the Standard of Evidence, to both the Complainant and Respondent. If the recommendation is accepted by both parties involved, the recommendation will become effective. A final outcome letter will be submitted to the Complainant and Respondent that may include, but not limited to, the following:
 - a. Determination if the Respondent is responsible, not responsible, or if the decision is deemed inconclusive, or shared responsibility.
 - b. Sanction(s), if appropriate.

Drug and Alcohol Policy Prevention Program

STUDENTS

I. POLICY

The manufacture, distribution, dispensation, sale, possession, and/or use of alcohol, drugs, controlled substances, banned substances, and/or illegal substances is prohibited on college premises or as a part of any of its activities. Equally, being under the influence or intoxicated on alcohol, drugs, controlled substances, and/or illegal substances is prohibited on college premises or as part of any of its activities. *Alcohol* means any beverage containing at least one-half of one percent (.05%) alcohol by volume, including malt beverages, unfortified wine, fortified wine, spirituous liquors and mixed beverages. *Controlled substance* means any substance listed in Article V, Chapter 90 of the North Carolina General Statutes. Generally, this term refers to drugs whose manufacture, use, or possession is controlled by government and includes, but is not limited to narcotics, hallucinogens, stimulants, depressants, anesthetics, opioids, and steroids. This term also includes any drugs that are illegal under federal, state, or local laws and legal drugs that have been obtained illegally or without a prescription by a licensed healthcare provider or are not intended for human consumption. *Banned substances* include all smokeless tobacco products (chews, dips, snuff, snus, dissolvable products); energy dips/flavored dips; nicotine water and nicotine gel; hookahs/hookah products, all vaping products (vaporizers, electronic cigarettes, cigars, pipes, pens, and flavored cartridges), and any other items containing or reasonably resembling tobacco or tobacco products. Furthermore, any substance taken that may cause impairment, including but not limited to bath salts, inhalants, or synthetic herbs is also considered a violation of the Drug and Alcohol Policy. WCC faculty and staff have the right to ban any substance or any smoking/inhalation device, whether legal or illegal, whether characterized as a tobacco product or not, that can potentially create a biohazard for other employees and students on campus. The college maintains a separate Tobacco-Free College Policy (Policy 2.2.1) for further reference. Exceptions to the alcohol possession and use provision may be made by the president in accordance with local, state, and federal laws in specific circumstances and designated areas. Violation of this policy may result in consequences such as, but not limited to, a counseling assessment, required treatment, probation, dismissal, suspension, expulsion from the college, and/or referral for prosecution, consistent with local, State, and Federal law.

It is the responsibility of each student to comply with all provisions of the Drug and Alcohol Policy while participating in college-sponsored events, athletics, student activities, and instructional activities. The scope of the policy includes all WCC campuses and centers, off-campus instructional sites, clinical sites, athletic fields, college-sponsored transportation (including, but not limited to, WCC vans and rented or chartered buses), and any other property that is owned, leased, or controlled by WCC. Each student is required to inform the college, in writing, within five days after he/she is convicted for violations of any federal, state, or local criminal drug statute or alcoholic beverage control statute where such violation

occurred while on or at a college location. Failure to do so could result in disciplinary action.

Students engaged in off-campus instructional or clinical activities (including internships, practicums, externships, and work-based learning) may expect to be subjected to the additional drug and alcohol policies of those sites. Those policies may include provisions for drug and alcohol testing prior to and during placement at those sites. Those policies are enacted and enforced by the management of those specific facilities. Violations of a specific site's policy does not exclude consequences under WCC's Drug and Alcohol Policy, as clinical placement for academic credit is considered a college-sponsored activity.

The illegal use of drugs and alcohol constitutes a serious crime under federal, state, and local laws. Convictions may result in imprisonment, fines, and/or mandatory community service.

Every student is entitled to procedural due process; these procedures are published and accessible to students in the general catalog of the college, published under the heading "Student Grievance Process."

II. LEGAL CONSEQUENCES

North Carolina law makes it illegal to possess, manufacture, sell, deliver, possess with intent to sell or deliver, or traffic in controlled substances. Violations of North Carolina law may result in imprisonment, fine, court costs, mandatory community services, and/or loss of driving privileges. Individuals convicted of drug or alcohol violations may have a criminal history that could affect them for the rest of their lives. Graduate schools, limited admissions programs, professional organizations, and employers could use such a record to reject an applicant. Though not inclusive, the following information represents some of the N.C. laws pertaining to substance use:

III. UNDERAGE DRINKING AND DRUNK DRIVING

- A. The drinking age in North Carolina is 21. The legal blood alcohol limit to drive on the highway or state right-of-way is .08%. Driving with any amount of alcohol in the body is illegal for those under 21. A person can be charged with driving while impaired with blood alcohol concentrations less than .08% if law enforcement observes erratic driving and/or the driver fails field sobriety tests.
- B. Driving-Under-Influence convictions carry a range of sentences and fines, depending on prior convictions. Penalties can include from 24 hours to two years in prison, between \$100 and \$2,000 court fines, and from one year to permanent suspension of license. If someone is injured or dies because of your drunk driving, you can face additional criminal and civil charges and go to jail for much longer.
- C. If you are under 21 years of age, it is illegal to purchase, attempt to purchase, or possess alcohol (including beer, fortified wines, spirits, and mixed drinks). The legal penalties include fines, court costs, and possible imprisonment.

- D. It is a criminal offense to aid or abet in the purchase of alcoholic beverages or give alcoholic beverages to anyone under the age of 21. If you buy an underage person alcohol you can face fines, court costs, possible imprisonment, and loss of driver's license for a year. Additionally, if you serve underage persons alcohol while under your supervision or provide or aid underage persons in consuming alcohol resulting in death or serious injury, North Carolina laws allow suit for civil damages up to \$500,000 per occurrence.
- E. If you use a fake, altered, or borrowed ID to buy alcohol (including at concerts) or lend your ID to someone, you risk criminal charges and having your own driver's license suspended.
- F. It is illegal to have an open container of alcohol in any part of a vehicle's passenger area if the driver has any blood alcohol content. Open containers of spirituous liquors or fortified wine in the passenger area are unlawful regardless of driver consumption. It is illegal to transport spirituous liquors or fortified wine in any container other than in the manufacturer's original unopened container.

For more complete information on laws and consequences pertaining to alcohol, contact the N.C. Highway Patrol, local DMV, or visit the following websites: <https://www.ncleg.gov/Laws/GeneralStatutes> (search text: alcohol); <https://abc.nc.gov> (click on the "Legal" tab); and www.ncdps.gov.

IV. ILLEGAL POSSESSION OF A CONTROLLED SUBSTANCE

- A. The Controlled Substance Act is the federal law that prohibits the manufacture, importation, possession, distribution, and use of certain substances. The CSA created five schedules of substances, ranked according to the substance's potential for abuse and accepted medical use. Schedule I drugs rank high in potential for abuse with no accepted medical value (e.g., marijuana and heroin). Schedule V drugs rank low in abuse and dependence potentials and high in medical value (e.g., anticonvulsants, cough medicine).
- B. Controlled substances include narcotics, hallucinogens, stimulants, depressants, anesthetics, opiates, and steroids. They are all ranked in the CSA Schedule I-V classification system.
- C. The federal penalties and sanctions depend upon the drug schedule, prior convictions, and type of use (i.e., trafficking vs. personal use). Based on these factors, legal consequences can include between 15 days and 20 years in prison; fines between \$1,000 and \$250,000; forfeiture of housing, vehicles, boats, or aircraft used to possess or transport; and civil fines of up to \$100,000.
- D. For more information concerning schedules of drugs and penalties, please see www.deadiversion.usdoj.gov/schedules/index.html or Title 21 (Sections 844, 853, 881) of the United States Code at <http://uscode.house.gov/search/criteria.shtml>.

Additionally, if convicted of an alcohol or drug-related offense, there can be other tangible consequences. Federal and state sanctions can cause revocation of certain licenses such as pilot licenses, public housing tenancy, and professional licenses. There may be increases in insurance premiums or denial of benefits in such areas as student loans, grants, contracts, and professional and commercial licenses. A record of a misdemeanor or felony conviction may prevent a person from entering a chosen career.

V. HEALTH RISKS

A. Illegal Drugs

No illicit drug is free of health risks. Most carry the danger of psychological or physical addiction or both. All cause distortion of brain functioning and can alter thinking, perception, and memory, as well as affect behavior. Risk to health involves factors such as frequency of abuse, degree of tolerance, amounts ingested, and interactions with medical conditions. Though not comprehensive, the following list shows category of drugs, examples/street names, and possible health consequences of drugs within that category:

1. cannabis (marijuana, hash, Mary Jane, weed) – impaired coordination, respiratory infections, memory problems, anxiety, depression, certain cancers when smoked.
2. depressants (barbiturates, benzodiazepines, downers, yellow jackets, roofies) – sedation, respiratory depression, drowsiness, life-threatening withdrawal, coma, death.
3. hallucinogens (LSD, PCP, acid, mushrooms) – altered perceptions, hallucinations, increased blood pressure/temperature/heart rate, tremors, paranoia.
4. opioids (morphine, fentanyl, heroin, codeine, opiates, roxys, oxys, pink, smack, white horse, big O) – euphoria, respiratory failure, sedation coma, death.
5. steroids (testosterone, roids, juice) – hostility and aggression, acne, liver/kidney/prostate cancer, male sexual impotence, development of masculine characteristics.
6. stimulants (cocaine, crack, amphetamines, meth, ecstasy, crank, speed)
– increased temperature and heart rate, chest pain, cardiac and neurological damage, respiratory failure, psychotic behavior, violence.
7. club drugs/designer drugs (often share categories--MDMA, ecstasy, rohypnol, GHB, Eve, roofies, Georgia Home Boys, forget pill)— emphatic feelings, lowered inhibition, sweating, memory loss, seizures, coma
8. bath salts (K2, spice, black mamba, bliss)—agitation, increased heart rate, confusion, hallucinations, paranoia, psychotic behavior, violence.

The use of intravenous drugs adds layers of danger by introducing the risk of skin infections and lesions, along with potentially deadly blood-borne diseases (e.g., HIV, AIDS, hepatitis). Generalized health problems may also develop as result of damage to the respiratory, circulatory, and other body systems (e.g., endocarditis). Every illicit drug has the potential to result in death, whether from the body's own reaction to the abuse of drugs or from accidents caused by persons who are impaired.

For further information, the [National Institute on Drug Abuse's \(NIDA\) website, https://www.drugabuse.gov/](https://www.drugabuse.gov/), has charts containing commonly abused drugs, street names, short-term and long-term health effects, and treatment options.

B. Alcohol

Although alcohol is not an illegal substance when consumed by adults over the age of 21, it presents many of the same health risks as illicit drugs. Alcohol consumption causes various marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol increase the incidences of a variety of aggressive acts, including partner relational violence, child abuse, and sexual assault. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other central nervous system depressants, much lower doses of alcohol will produce the effects just described. Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol after established dependence can produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, convulsions, and seizures. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol can also lead to permanent damage to vital organs such as the brain and liver and increases the risk of certain cancers, stroke, and cirrhosis. Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants may suffer irreversible physical abnormalities and intellectual deficiencies. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

C. Tobacco

The use of tobacco and tobacco products, including cigarettes, energy dips, chews, pipes, dissolvable strips, and snus introduces nicotine into the bloodstream via smoking, inhalation, chewing, or consumption. Nicotine is a central nervous system stimulant, and increases heart rate, respiration, and blood pressure, while increasing neurotransmitter levels responsible for pleasurable feelings. Tobacco has been clinically linked to lung cancer, oral cancer, heart disease, respiratory infections, and stroke. Tobacco moves from use stages to addiction stages within weeks. Withdrawal from tobacco products, such as depressive symptoms and irritability, lead individuals back to the drug.

D. Electronic cigarettes/Vaping pens

Electronic cigarettes (e cigs), vaping pens, and vaping devices use electronic elements to heat flavored or nicotine cartridges. E cigs and vaping devices are not approved by the FDA as acceptable smoking cessation devices. Almost one-third of e cig users eventually escalate to tobacco cigarettes use. Harmful chemicals, such as diacetyl, acetaldehyde, and formaldehyde have been found in vaping cartridges, chemicals that damage the lining of mouth, throat, and lungs, and are possibly linked to heart damage, lung damage, and cancer. Continued use of vaping pens and e-cigs have been shown to cause obliterative bronchiolitis, or “popcorn lung,” an irreversible inflammation and obstruction of the bronchioles, the smallest airways of the lungs.

VI. AVAILABLE RESOURCES AND TREATMENT/PREVENTION PROGRAM

Student Services provides mental health and substance abuse assessments for students free of charge. Appointments are preferred, but drop-ins are welcome. Sessions are available at no cost but are limited to short-term treatment needs. Short-term issues can range from depression and anxiety to relational issues or adjustment problems. If issues cannot be resolved within a few sessions, a counselor will speak to you about a referral to a more comprehensive community program. For faculty and staff, the college maintains an Employee Assistance Program (EAP), which provides three treatment sessions with a community provider at no cost to the employee. Staff or faculty requesting EAP assistance can contact the director of Human Resources at 336-838-6422.

Resources include public and private agencies for those needing assistance with drug or alcohol issues. Public resources have 24-hour emergency care services. The following numbers reach the public mental health system serving our region:

- A. Wilkes County: 336-667-5151
- B. Alleghany County: 336-372-4095
- C. Ashe County: 336-246-4542
- D. 24-hour, toll-free crisis number 1-877-492-2785.

Another resource is the federal government hotline 1-800-662-HELP. This is the Substance Abuse and Mental Health Services Administration’s Treatment Referral Routing Service where individuals can get information and referrals to appropriate treatment facilities. The National Alliance on Mental Illness (NAMI) maintains a website, www.naminc.org, that includes links to a helpline for finding treatment facilities in North Carolina. Additionally, a variety of referral information is available on the college website at www.wilkescc.edu/student-resources/counseling.

For lists or information about treatment options and assistance with determining the most appropriate actions, contact a Student Services counselor at 336-838-6135.

Drug-free events abound throughout the year. The college has walking trails, student commons, a gymnasium, and a wellness center that are drug and alcohol-free and promote wellness. Additionally, any student activities sponsored through WCC (e.g., Spring Fling, Fall Festival, outings, SGA, club events) are drug and alcohol-free.

Educational activities and information are provided for students and employees to emphasize prevention. These activities are offered throughout the year. Events are promoted through local media, social media, the college website, and advertisements throughout the campus. Events include guest speakers, interactional demonstrations, and promotional items that encourage a drug and alcohol-free lifestyle. Counselors are available throughout the year for classroom educational presentations, based on instructor request. Student and college personnel participation is encouraged in all aspects of WCC's program to prevent illegal drug use and alcohol abuse.

VII. DISSEMINATION TO COLLEGE COMMUNITY

All students are introduced to the policy during new student orientation and via orientation handbooks. The policy is maintained on the college's website and students are sent emails each semester, containing linkages to the policy and descriptions of upcoming educational events. Further, students are reminded of the policy through ACA and general course syllabi and through policy signs located in all WCC buildings.

EMPLOYEE

I. POLICY

The manufacture, distribution, dispensation, sale, possession, and/or use of alcohol, drugs, controlled substances, banned substances, and/or illegal substances is prohibited on college premises or as a part of any of its activities. Equally, being under the influence or intoxicated on alcohol, drugs, controlled substances, and/or illegal substances is prohibited on college premises or as part of any of its activities. *Alcohol* means any beverage containing at least one-half of one percent (.05%) alcohol by volume, including malt beverages, unfortified wine, fortified wine, spirituous liquors and mixed beverages. *Controlled substance* means any substance listed in Article V, Chapter 90 of the North Carolina General Statutes. Generally, this term refers to drugs whose manufacture, use, or possession is controlled by government and includes, but is not limited to narcotics, hallucinogens, stimulants, depressants, anesthetics, opioids, and steroids. This term also includes any drugs that are illegal under federal, state, or local laws and legal drugs that have been obtained illegally or without a prescription by a licensed healthcare provider or are not intended for human consumption. *Banned substances* include all smokeless tobacco products (chews, dips, snuff, snus, dissolvable products); energy dips/flavored dips; nicotine water and nicotine gel; hookahs and hookah products; all vaping products (vaporizers, electronic cigarettes, cigars, pipes, pens, flavored cartridges), and any other items containing or reasonably resembling tobacco or tobacco products. Further, WCC faculty and staff have the right to ban any substance or any smoking/inhalation device, whether legal or illegal, whether characterized as a tobacco product or not, that can potentially create a biohazard for other employees and students on campus. The college maintains a separate Tobacco-Free College Policy (Policy 7.15) for further reference.

An employee who violates any of these prohibited acts is subject to disciplinary actions such as, but not limited to, a counseling assessment, required treatment, probation, suspension, or

dismissal from the college. An exception to the alcohol possession and use provision may be made by the president in accordance with local, state, and federal laws in specific circumstances and designated areas.

It is the responsibility of each employee to comply with all provisions of the Drug and Alcohol Policy while participating in college-sponsored events, athletics, student activities, and instructional activities. The scope of the policy includes all WCC campuses and centers, off-campus instructional sites, clinical sites, athletic fields, and college-sponsored transportation (including but not limited to WCC vehicles, rented/chartered vans/buses and any other property that is owned, leased, or controlled by WCC). Employees will not report to or remain at the campus or any campus worksites when unable to adequately perform their duties because of the effect of any alcoholic beverage, controlled substances, and/or drugs whether illegal, prescribed, or over-the-counter.

Any employee found in violation of this policy will be subject to disciplinary action, including suspension, termination, or dismissal, at the discretion of the president. Administrative response to such situations will be in accordance with the requirements and other procedures established in support of this policy:

- A. any employee determined to be involved in the unlawful manufacture, distribution, dispensing, and/or selling of alcoholic beverages, illegal drugs, and/or controlled substances on the college premises or any college worksite will be terminated.
- B. Any employee determined to be in possession of alcohol or illegal drugs on the college premises or any college worksite will receive one written warning unless the offense is so serious that the president determines that it is cause for suspension, demotion, or dismissal. A second offense will be grounds for dismissal.
- C. Any employee determined to be using or impaired by alcohol on the college premises or any college worksite will receive a written warning unless the offense is so serious that the president determines that it is cause for suspension, demotion, or dismissal and will be referred for counseling assistance. If the employee fails to receive counseling or fails to participate in recommended action, he/she may be dismissed. A second offense will be grounds for dismissal.
- D. Any employee determined to be using and/or impaired by an illegal drug or controlled substance on the college premises or any college worksite will be subject to drug screening tests. Such determination will be based on reasonable suspicion and such tests will be authorized only by the president/designee. The employee will be suspended with pay pending the outcome of the test results. The employee will have the right to request a backup test. The employee will bear the cost of such backup testing. If test results are positive, the employee will be given one written warning and will be referred for counseling assistance. If the employee fails to receive counseling assistance and/or fails to participate in recommended action, he/she may be dismissed. Refusal to submit to such test will result in disciplinary actions, which may include dismissal. A second offense

will be grounds for dismissal. Any employee who intentionally tampers with a sample provided for drug screening, violates a chain-of-custody or identification procedures, or falsifies a test result will be subject to dismissal.

The college will report illegal drug and/or alcoholic use activity defined by this policy to the appropriate law enforcement authority.

Any employee convicted of any criminal drug and/or alcoholic beverage law, statute, or regulation occurring on college premises or any college worksite will notify the president/designee no later than (5) five calendar days after such conviction. Failure to report such information will be grounds for automatic dismissal. When required by federal law, the college administration will notify the appropriate federal agency of such a conviction within (10) ten days of college notification.

All employees, as a condition of employment, will be required, upon the request of the president/designee, based on reasonable suspicion of a violation of this policy, to submit to the following: searches of college and personal vehicles brought on or parked on college premises or any college worksite; reasonable searches of all clothing, packages, purses, briefcases, tool boxes, lunch boxes, or other containers on college premises or any college worksite; searches of desks, file cabinets, lockers, or other office or shop equipment in or on college premises or any college worksite. Failure to comply with such a request as part of an administrative investigation will be deemed grounds for disciplinary actions, which may include dismissal.

If the employee has reason to believe that an error was made, an appeal may be made utilizing the due process policy set forth in Section 2 of the policy manual.

II. LEGAL CONSEQUENCES

North Carolina law makes it illegal to possess, manufacture, sell, deliver, possess with intent to sell or deliver, or traffic in controlled substances. Violations of North Carolina law may result in imprisonment, fine, court costs, mandatory community services, and/or loss of driving privileges. Individuals convicted of drug or alcohol violations may have a criminal history that could affect them for the rest of their lives. Graduate schools, limited admissions programs, professional organizations, and employers could use such a record to reject an applicant. Though not inclusive, the following information represents some of the N.C. laws pertaining to substance use:

II. UNDERAGE DRINKING AND DRUNK DRIVING

- B. The drinking age in North Carolina is 21. The legal blood alcohol limit to drive on the highway or state right-of-way is .08%. Driving with any amount of alcohol in the body is illegal for those under 21. A person can be charged with driving while impaired with blood alcohol concentrations less than .08% if law enforcement observes erratic driving and/or the driver fails field sobriety tests.

- C. Driving-Under-Influence convictions carry a range of sentences and fines, depending on prior convictions. Penalties can include from 24 hours to two years in prison, between \$100 and \$2,000 court fines, and from one year to permanent suspension of license. If someone is injured or dies because of your drunk driving, you can face additional criminal and civil charges and go to jail for much longer.
- D. If you are under 21 years of age, it is illegal to purchase, attempt to purchase, or possess alcohol (including beer, fortified wines, spirits, and mixed drinks). The legal penalties include fines, court costs, and possible imprisonment.
- E. It is a criminal offense to aid or abet in the purchase of alcoholic beverages or give alcoholic beverages to anyone under the age of 21. If you buy an underage person alcohol you can face fines, court costs, possible imprisonment, and loss of driver's license for a year. Additionally, if you serve underage persons alcohol while under your supervision or provide or aid underage persons in consuming alcohol resulting in death or serious injury, North Carolina laws allow suit for civil damages up to \$500,000 per occurrence.
- F. If you use a fake, altered, or borrowed ID to buy alcohol (including at concerts) or lend your ID to someone, you risk criminal charges and having your own driver's license suspended.
- G. It is illegal to have an open container of alcohol in any part of a vehicle's passenger area if the driver has any blood alcohol content. Open containers of spirituous liquors or fortified wine in the passenger area are unlawful regardless of driver consumption. It is illegal to transport spirituous liquors or fortified wine in any container other than in the manufacturer's original unopened container.

For more complete information on laws and consequences pertaining to alcohol, contact the N.C. Highway Patrol, local DMV, or visit the following websites: <https://www.ncleg.gov/Laws/GeneralStatutes> (search text: alcohol); <https://abc.nc.gov> (click on the "Legal" tab); and www.ncdps.gov.

III. ILLEGAL POSSESSION OF A CONTROLLED SUBSTANCE

- A. The Controlled Substance Act is the federal law that prohibits the manufacture, importation, possession, distribution, and use of certain substances. The CSA created five schedules of substances, ranked according to the substance's potential for abuse and accepted medical use. Schedule I drugs rank high in potential for abuse with no accepted medical value (e.g., marijuana and heroin). Schedule V drugs rank low in abuse and dependence potentials and high in medical value (e.g., anticonvulsants, cough medicine).
- B. Controlled substances include narcotics, hallucinogens, stimulants, depressants, anesthetics, opiates, and steroids. They are all ranked in the CSA Schedule I–V classification system.
- C. The federal penalties and sanctions depend upon the drug schedule, prior convictions, and type of use (i.e., trafficking vs. personal use). Based on these factors, legal consequences can include between 15 days and 20 years in prison;

finer between \$1,000 and \$250,000; forfeiture of housing, vehicles, boats, or aircraft used to possess or transport; and civil fines of up to \$100,000.

- D. For more information concerning schedules of drugs and penalties, please see www.deadiversion.usdoj.gov/schedules/index.html or Title 21 (Sections 844, 853, 881) of the United States Code at <http://uscode.house.gov/search/criteria.shtml>.

Additionally, if convicted of an alcohol or drug-related offense, there can be other tangible consequences. Federal and state sanctions can cause revocation of certain licenses such as pilot licenses, public housing tenancy, and professional licenses. There may be increases in insurance premiums or denial of benefits in such areas as student loans, grants, contracts, and professional and commercial licenses. A record of a misdemeanor or felony conviction may prevent a person from entering a chosen career.

IV. HEALTH RISKS

B. Illegal Drugs

No illicit drug is free of health risks. Most carry the danger of psychological or physical addiction or both. All cause distortion of brain functioning and can alter thinking, perception, and memory, as well as affect behavior. Risk to health involves factors such as frequency of abuse, degree of tolerance, amounts ingested, and interactions with medical conditions. Though not comprehensive, the following list shows category of drugs, examples/street names, and possible health consequences of drugs within that category:

1. cannabis (marijuana, hash, Mary Jane, weed) – impaired coordination, respiratory infections, memory problems, anxiety, depression, certain cancers when smoked.
2. depressants (barbiturates, benzodiazepines, downers, yellow jackets, roofies) – sedation, respiratory depression, drowsiness, life-threatening withdrawal, coma, death.
3. hallucinogens (LSD, PCP, acid, mushrooms) – altered perceptions, hallucinations, increased blood pressure/temperature/heart rate, tremors, paranoia.
4. opioids (morphine, fentanyl, heroin, codeine, opiates, roxys, oxys, pink, smack, white horse, big O) – euphoria, respiratory failure, sedation coma, death.
5. steroids (testosterone, roids, juice) – hostility and aggression, acne, liver/kidney/prostate cancer, male sexual impotence, development of masculine characteristics.
6. stimulants (cocaine, crack, amphetamines, meth, ecstasy, crank, speed) – increased temperature and heart rate, chest pain, cardiac and neurological damage, respiratory failure, psychotic behavior, violence.
7. club drugs/designer drugs (often share categories--MDMA, ecstasy, rohypnol, GHB, Eve, roofies, Georgia Home Boys, forget pill)—emphatic feelings, lowered inhibition, sweating, memory loss, seizures, coma

8. bath salts (K2, spice, black mamba, bliss)—agitation, increased heart rate, confusion, hallucinations, paranoia, psychotic behavior, violence.

The use of intravenous drugs adds layers of danger by introducing the risk of skin infections and lesions, along with potentially deadly blood-borne diseases (e.g., HIV, AIDS, hepatitis). Generalized health problems may also develop as result of damage to the respiratory, circulatory, and other body systems (e.g., endocarditis). Every illicit drug has the potential to result in death, whether from the body's own reaction to the abuse of drugs or from accidents caused by persons who are impaired.

For further information, the [National Institute on Drug Abuse's \(NIDA\) website, https://www.drugabuse.gov/](https://www.drugabuse.gov/), has charts containing commonly abused drugs, street names, short-term and long-term health effects, and treatment options.

C. Alcohol

Although alcohol is not an illegal substance when consumed by adults over the age of 21, it presents many of the same health risks as illicit drugs. Alcohol consumption causes various marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol increase the incidences of a variety of aggressive acts, including partner relational violence, child abuse, and sexual assault. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other central nervous system depressants, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol after established dependence can produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, convulsions, and seizures. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol can also lead to permanent damage to vital organs such as the brain and liver and increases the risk of certain cancers, stroke, and cirrhosis. Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants may suffer irreversible physical abnormalities and intellectual deficiencies. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

D. Tobacco

The use of tobacco and tobacco products, including cigarettes, energy dips, chews, pipes, dissolvable strips, and snus introduces nicotine into the bloodstream via smoking, inhalation, chewing, or consumption. Nicotine is a central nervous system stimulant, and increases heart rate, respiration, and blood pressure, while increasing neurotransmitter levels.

responsible for pleasurable feelings. Tobacco has been clinically linked to lung cancer, oral cancer, heart disease, respiratory infections, and stroke. Tobacco moves from use stages to addiction stages within weeks. Withdrawal from tobacco products, such as depressive symptoms and irritability, lead individuals back to the drug.

E. Electronic cigarettes/Vaping pens

Electronic cigarettes (e cigs), vaping pens, and vaping devices use electronic elements to heat flavored or nicotine cartridges. E cigs and vaping devices are not approved by the FDA as acceptable smoking cessation devices. Almost one-third of e cig users eventually escalate to tobacco cigarettes use. Harmful chemicals, such as diacetyl, acetaldehyde, and formaldehyde have been found in vaping cartridges, chemicals that damage the lining of mouth, throat, and lungs, and are possibly linked to heart damage, lung damage, and cancer. Continued use of vaping pens and e-cigs have been shown to cause obliterative bronchiolitis, or “popcorn lung,” an irreversible inflammation and obstruction of the bronchioles, the smallest airways of the lungs.

V. AVAILABLE RESOURCES AND TREATMENT/PREVENTION PROGRAM

The college will maintain a prevention program to inform employees and students about the dangers of alcohol and drug abuse. The college maintains an Employee Assistance Program (EAP), which can authorize three treatment sessions with a community provider at no cost to the employee. Staff or faculty needing further information about the EAP can contact the director of Human Resources at 336-838-6422. Resources include public and private agencies for those needing assistance with drug or alcohol issues. Public resources have 24-hour emergency care services. The following numbers reach the public mental health system serving our region:

- A. Wilkes County: 336-667-5151
- B. Alleghany County: 336-372-4095
- C. Ashe County: 336-246-4542
- D. 24-hour, toll-free crisis number 1-877-492-2785.

Another resource is the federal government hotline 1-800-662-HELP. This is the Substance Abuse and Mental Health Services Administration’s Treatment Referral Routing Service where individuals can get information and referrals to appropriate treatment facilities. The National Alliance on Mental Illness (NAMI) maintains a website, www.naminc.org, that includes links to a helpline for finding treatment facilities in North Carolina. Additionally, a variety of referral information is available on the college website at www.wilkescc.edu/student-resources/counseling.

Drug-free events abound throughout the year. The college has walking trails, a gymnasium, and a wellness center that are drug and alcohol-free and promote wellness.

Educational activities and information are provided for students and employees to stress prevention. These activities are highlighted each October during Drug and Alcohol Prevention Month. Events are promoted through local media, social media, the college website, and

throughout the campus. Events include guest speakers, interactional demonstrations, and promotional items that encourage a drug and alcohol-free lifestyle. Counselors are available throughout the year for classroom educational presentations, based on instructor request. College personnel participation is encouraged in all aspects of WCC's program to prevent illegal drug use and alcohol abuse.

II. DISSEMINATION TO COLLEGE COMMUNITY

The president will designate the responsibility of the Drug and Alcohol Prevention Program to the director of Human Resources and Student Services personnel. Every employee will be given a copy of this policy regarding an alcohol and drug-free worksite during new employee orientation. All employees will be required to report to their immediate supervisors any observed and/or suspected violations of this policy. While visiting campus, members of the public are required to adhere to this policy.

The board of trustees will update the Drug and Alcohol Policy as necessary, based upon recommendations of the president/designee. The president/designee will distribute the policy to employees and students and provide notification of changes through a variety of methods, which include reminder email messages each semester to all students and employees, new student orientation presentations and handbooks, policy pamphlets during new employee orientations, advertisements for upcoming educational events, ACA and general course syllabi, policy signs located in all WCC buildings, and multiple links on the college website.

I. GRIEVANCE PROCESS OVERVIEW

In order to maintain a harmonious and cooperative environment between and among the College and its students, the College provides for the settlement of problems and differences through an orderly grievance procedure. Every student shall have the right to present his/her problems or grievances free from coercion, restraint, discrimination or reprisal. This Policy provides for prompt and orderly consideration and determination of student problems and grievances by College administrators and ultimately the President.

A grievance is any matter of student concern or dissatisfaction with the College's control except: (a) student discipline matters regarding academic and non-academic violations (Policy 5.3.2 – Student Conduct); (b) discrimination and unlawful harassment, including sexual harassment and sexual violence (Policy 5.3.4 – Discrimination and Unlawful Harassment); (c) a grade appeal (Policy 2.5.2 – Grade Appeal); or (d) any other matter that has a specific grievance process outlined in that policy or procedure.

II. GRIEVANCE PROCESS

A. Informal Grievance – Step One

In the event the alleged grievance lies with an instructor/staff member, the student must first go to that instructor/staff member and attempt to informally resolve the matter within five school days. Both the student and instructor/staff member must have an informal conference to discuss the situation and document the attempts taken to resolve the grievance at this level. If the attempt to resolve the complaint is unsuccessful, the student may pursue resolution with the employee's supervisor. If the complaint is still unresolved, the student may pursue resolution with the supervisory succession through the division dean. In the event that the student is unsatisfied with the resolution reached at the informal conference, he/she may proceed to Step Two within five (5) business days after the informal conference. Not proceeding to Step Two within the time period will result in the grievance not being heard and the matter being closed.

If the grievance concerns issues unrelated to a particular instructor/staff member (for example, an issue with College policy), the student can skip the informal process and proceed to Step Two.

B. Formal Grievance – Step Two

If the grievance is not resolved at Step One (or, given the nature of the

grievance, Step Two begins the process) the student may submit a written grievance to the senior instructional, workforce development or student services officer (Vice President). A written/formal grievance is defined as a written expression of dissatisfaction with the performance of a college employee, a specific college experience, and/or a college procedure. The written grievance must contain, with specificity, the facts supporting the grievance and the attempt, if applicable, to resolve the grievance at the informal level.

The Vice President shall review the written grievance and conduct whatever further investigation, if any, is necessary to determine any additional facts that are needed to resolve the grievance. The Vice President shall provide his/her written decision within five (5) business days after receipt of the grievance.

If the student is unsatisfied with the resolution reached by the Vice President, he/she may proceed to Step Three within five (5) business days after receipt of the Vice President's written determination. Not proceeding to Step Three within the time period will result in the grievance not being heard and the matter being closed.

Formal Grievance – Step Three

If the complaint is not resolved with steps one and two, a grievance committee may be convened. In cases resulting in a grievance committee, a Vice President or designee who has not previously heard the grievance will chair the grievance committee and will explain the grievance process to the person(s) filing the grievance. An appeal of a Vice President's decision shall be limited to a review of the investigation and supporting documents, as indicated by items below, to determine if proper procedure was followed.

1. To determine whether the investigation was conducted fairly in light of the allegations and information presented, and in conformity with prescribed procedures. Deviation from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results;
2. To determine whether the decision reached was based on preponderance of the evidence; that is, more likely than not, a violation of college policy occurred;
3. To determine whether the sanction(s) imposed were appropriate for the violation of college policy; and/or
4. To consider new information, sufficient to alter a decision, or other relevant facts not brought out in the original investigation, because such information and/or facts were not known to the person appealing at the time of the original investigation.

Should cases involve suspension from course(s), the student must obtain permission from the Vice President to attend course(s) pending resolution. Upon reviewing both sides of the grievance, the committee will render a decision by majority vote. All

parties will be informed of the committee's decision. The committee decision is final.

Complaints entered into the grievance process are to be handled diligently so as to protect the rights, privileges, and confidentiality of the college's students and employees. All parties involved are expected to make the resolution of these matters a top priority to bring the grievance to a rapid but fair conclusion.

Pursuant to the Student Right to Know and Campus Security Act (the “Act”), the College is required to publicly disclose relevant graduation and transfer rate information for its students. The Act is a consumer information report designed for public access to relevant graduation and transfer information to enable students to make informed decisions regarding their college choice. The College makes available to currently enrolled as well as prospective students the graduation and transfer rate for the most recent cohort of entering students based on a one-year reporting period.

The Acts’ report is a cohort-based study. The cohort is made up of students who enrolled as first- time college students who attended full-time (i.e., twelve [12] or more hours) and had declared themselves as degree seeking. The graduation and transfer rate for the cohort is calculated one year after the cohort's initial date of enrollment. These numbers can be misleading because many community college students attend part-time. Those students are not included in this report. Moreover, students with academic goals other than transfer or degree seeking students are not included in this report. Also, not included with the report are those students who leave school to serve in the armed services, an official church mission or with a recognized foreign aid service of the Federal government.

The report is updated annually and is available in the Student Services Office.

I. POLICY OVERVIEW

The College is committed to providing a safe and secure environment for all members of the College's community and visitors. The College shall comply with the Crime Awareness and Security Act of 1990, as amended by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

II. DEFINITIONS

A. *Campus Security Authority* ("CSA") is a Clery-specific term that encompasses four groups of individuals and organizations associated with an educational institution:

1. A member of the educational institution's police department or campus security department;
2. Any individual(s) who has responsibility for campus security but who does not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into the College's property);
3. Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses. For purposes of this College, this individual is the Vice President of Student Services; and
4. An official or someone who has significant responsibility for student and campus activities, including, but not limited to: student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on the College's behalf.

B. *Clery Act Crimes* are the following crimes that must be reported by Campus Security Authorities to law enforcement and crimes that are listed in the College's Annual Security Report:

1. Murder/non-negligent manslaughter; negligent manslaughter; sex offenses (forcible and non-forcible); domestic and dating violence; stalking; robbery; aggravated assault; burglary; motor vehicle theft; and arson;
2. Hate Crimes: any of the above-mentioned offenses, and any incidents of larceny-theft; simple assault; intimidation; or destruction/damage/vandalism of property that was motivated by

bias on race, religion ethnicity, national origin, gender, sexual orientation, gender identity or disability; and

3. Arrests and referrals for disciplinary action for weapons (carrying, possessing, etc); drug abuse violations and liquor law violations.

C. *College Property* is all the following property:

3. Public Property – All thoroughfares, streets, sidewalks, and parking facilities that are within the campus, or immediately adjacent to and accessible from the campus.

III. SAFETY AND REPORTING PROCEDURES

The College encourages all members of the College community to report suspicious or criminal activity to law enforcement as soon as possible. Crimes may be reported anonymously. In the event of a crime in progress or at any time there is a risk of harm to persons or property, call 911.

In addition, CSAs have a legal obligation to file a report of suspected criminal activity with law enforcement and with the Vice President of Student Service's Office to ensure statistical inclusion of all Clery Act Crimes in the College's Annual Security Report when those crimes occur on or near College Property. Any individual identified by the College as a CSA shall receive notification of that designation and the requirement that the individual report information about Clery Act Crimes. Training will also be provided to all so designated persons. While CSAs must report any Clery Act Crime that comes to their attention, at the request of the victim, the victim's identity may remain anonymous.

To promote safety and security at the College, and in compliance with the Clery Act, the College shall:

- A. Submit crime statistics to the United States Department of Education;
- B. Maintain a daily crime log (open to public inspection);
- C. Issue campus alerts to timely warn the College community when there is information that a Clery Act Crime has occurred that represents a serious or ongoing threat to campus safety;
- D. Issue emergency notifications upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. The College tests the emergency notification procedure bi-annually.
- E. Publishes and maintains an Annual Security Report containing safety and security related policy statements and statistics of Clery Act Crimes occurring on College Property. To prepare the Annual Security Report, the College collects, classifies and counts crime reports and crime statistics. The Annual Security Report is available on the College's website and hard copies are available through the Office of Student Services for inspection.

The College shall provide every student with an annual notice of their rights under FERPA. The Dean of Student Services, or his/her designee, is responsible for preparing and delivering this annual notice.

III. RIGHT TO INSPECT RECORDS

- A. Students who want to inspect their education records should direct that request to the Registrar and within the timeframe as designated in the annual notice. Records which are available for inspection shall be provided to the student during regular business hours.

When copies are provided, the student may be charged a reasonable fee for the actual copying expense. Students may also make arrangements to view their educational records at another school.

IV. DIRECTORY INFORMATION

- A. The College may release Directory Information without student consent. The College designates the following information as Directory Information³⁴:

 - 2. Major field of study
 - 3. Most recent previous school attended

³⁴ The items included as Directory Information are listed in items 1-8 (there are more things that could be designated). However, many community colleges are significantly restricting what they designate as Directory Information due to increasing requests for Directory Information and wanting to provide their students with more confidentiality. Many schools are limiting their Directory Information designation to items 1, 5-8 and omitting 2-4. If you alter the list, be sure to revise in Section E in Procedure 5.4.3.2 – FERPA Annual Notice.

4. Full or part-time enrollment status
 5. Terms and dates of enrollment
 6. President's list, Dean's list, and other officially recognized student honors, awards and special achievements

- C. Students who do not wish to have their Directory Information released to the individuals and organizations identified above shall comply with the "opt out" provisions designated in the FERPA Annual Notice Procedure 5.4.3.2.

V. RELEASE OF EDUCATIONAL RECORDS

- A. The College will not release a student's educational records, aside from Directory Information, to any third-party unless the student consents to the release or a valid, legal exception applies.

Each area of the campus that handles student records shall establish internal procedures to protect the security and confidentiality of student information, including hard copy and digital formats. The following guidelines must be followed when accessing confidential information and student records.

I. TRAINING

To ensure compliance and confidentiality, all new employees must successfully complete a FERPA course provided through the college's third-party online training system before they are given access to student information systems or any student information. All full-time and part-time employees must complete the FERPA training on an annual basis. If an employee fails to complete the training in the allotted time, the employee's accounts will be disabled until the training has been completed.

II. HARD COPY DATA

- A. Student information with social security numbers and birth dates shall not to be placed on hard copy file folder labels (use student ID instead).

- D. Any documents containing student information that is confidential should be shredded before discarding.
- E. Interoffice mail containing sensitive student information shall be sent using a sealed, opaque envelope.

III. ELECTRONIC DATA

- A. Electronic data shall be maintained by ITS and shall be backed up to a separate location daily. The only exception to this is that Distance Learning student course records are housed off-campus through Remote-Learner. These records do not contain student SSN and are also backed up daily by Remote-Learner.
- B. Electronic student and confidential information is only accessible to appropriate personnel in accordance with procedures approved by ITS.

- C. Access to information systems is only given to appropriate personnel upon permission by a staff member's supervisor. Permission records will be maintained by ITS.
- D. Personnel who have been granted authority to access student information will be issued an ID and password by ITS to access information systems.
- E. Each staff member is only to use his/her designated ID and password to access student and confidential information. Under no circumstances should an ID and password be shared or should a staff member access College information systems under an ID and password that has not been issued to him or her.
- F. Student information with social security numbers and birth dates is not to be distributed or transmitted through email or otherwise made accessible to users without clearance to see this information.
- G. The student ID generated by the College's operating system will be used in place of the social security number for identification purposes and in all communications.
- H. ITS reserves the right to revoke all privileges to information systems if College Information Technology policies and procedures are not followed.
- I. Faxing of sensitive student information shall be done by first verifying the fax number. Once the number has been verified the intended recipient must be readily available to retrieve the information.

IV. STUDENT COMMUNICATIONS

- A. Students are required to create a unique password upon setting up their accounts in the College's information systems.
- B. Electronic communication with an active student should only be sent to that student's College email address. Communication with prospective students or past students may be sent to the student's personal email, but should not include any sensitive information (e.g., student grades).
- C. When communicating with students regarding technical support, registration, transcripts, financial aid and financial information, students should not be asked for a social security number or birth date in public/within hearing distance of other people.

- D. Two forms of authentication must be requested when verbally verifying student identification. Appropriate forms of authentication include the student Colleague ID number, current program of study, name of WCC class in which the student is enrolled, name of WCC course completed, and last term enrolled.
- E. When requested to disclose information by telephone, institutions must use reasonable methods to authenticate student's identity by asking identifying questions specific to the student. A comprehensive list of FERPA complaint question is maintained by the Registrar.

V. SECURITY BREACH

- A. Any security breach or loss of records should be reported to one's immediate supervisor immediately upon discovery of the breach/records loss.
- B. Any student that has had their sensitive information compromised shall be contacted within 24 hours via telephone. In the event that the student cannot be reached, the College will use the emergency contacts to try to establish communications with the student. After the College has exhausted these resources the next form of contact will be First Class mail or other traceable delivery service in accordance with N.C.G.S. § 75-65.
- C. While sensitive student information is in transport to the College, the information shall remain locked in the trunk or other secure area of the vehicle. If the vehicle does not have a secure location, the sensitive student information must not be transported until the information can be transported securely unless it will be transported with no stops that will require the vehicle to be left unattended.
- D. Any student information that is collected off-campus or after campus hours shall remain in the custody of the student, agency or business until the sensitive student information can be delivered to the College.
- E. With the exception of coursework to be graded, no College employee will have hard copies of sensitive student information in their possession overnight without prior approval from that employee's supervisor or the college president. Any digital records removed from campus should be encrypted and password protected.

As a condition of enrollment at the College, the student grants the College a non-exclusive, perpetual, world-wide, royalty-free right and license to reproduce and publicly or privately display, distribute, or perform the student's work, in whole or in part, for the College's own educational purposes. This includes:

- A. The use of student work in order to demonstrate compliance with accrediting bodies.
- B. Research conducted by College personnel and presentation or publication resulting from such research.
- C. The use of student work in order to demonstrate student and instructor activities for the purposes of promoting the college and its endeavors.

Nothing herein permits the disclosure of a student's educational record, including student grades, nor can student work be presented in a personally identifiable manner without the student's exclusive permission. This license does not extend to commercialization of the work. Intellectual property created by the student for commercial purposes singularly or in cooperation with the College shall be governed by the Policy 4.2.2 – Intellectual Property.

Adopted: 08/08/2019

I. OVERVIEW

In accordance with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 and other applicable federal and state law, the College may be required to accommodate an otherwise qualified individual with a disability by making a reasonable modification in its services, programs or activities. This Policy addresses the use of Service Animals and other animals on campus by qualified individuals with disabilities or individuals authorized to provide training.

II. DEFINITIONS

A. Emotional Support Animal – an animal selected or prescribed to an individual with a disability by a healthcare or mental health professional to play a significant part in a person's treatment process (e.g., in alleviating the symptoms of that individual's disability). An emotional support animal does not assist a person with a disability with activities of daily living and does not accompany a person with a disability at all times. An emotional support animal is not a "Service Animal".

B. Service Animal – an animal that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a Service Animal must be directly related to the handler's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing nonviolent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. Service Animals may or may not have been licensed by a state or local government or a private agency. Service Animals are limited to service dogs and, in some cases, miniature horses.

C. Pets – any animal that is not an Emotional Support Animal or a Service Animal.

III. ANIMALS ON CAMPUS

Pets are not permitted on campus and may not be left in vehicles on College property. There are occasions when a student or employee may need to bring an animal onto campus for the purpose of meeting an educational objective. Such requests should be made to the appropriate academic Dean prior to the animal being allowed onto campus. Subject to the rules set forth in section IV and V below, Emotional Support Animals and Service Animals

are permitted in any area of campus where employees or students are permitted, with a few exceptions for health and safety reasons.

IV. PROCEDURES REGARDING SERVICE/ EMOTIONAL SUPPORT ANIMALS

A. Responsibilities of the Service/Emotional Support Animal Owner/Handler

1. Registration

a. Service Animals

Students and employees are not required to register Service Animals. However, they are encouraged to notify the Disability Services Office (students) or the Office of Human Resources (employees) if they intend to use a Service Animal on campus so that appropriate College officials are aware of the animal's presence and to assist with the Service Animal's access to areas within the College's campus. Visitors with Services Animals are not required to register their animals.

b. Emotional Support Animals

After the College has made a determination that an Emotional Support Animal is allowed on campus (see Section B.2), the student or employee must register the animal with the Disability Services Office (students) or the Office of Human Resources (employees).

2. Care and Supervision

- a. The care and supervision of a Service/Emotional Support Animal is the responsibility of the animal's owner and/or handler. The handler must ensure the animal is in good health and has been inoculated and licensed in accordance with local regulations with the burden of proving licensure and inoculation on the person with a disability. Dogs must wear a rabies tag at all times.
- b. The Service/Emotional Support Animal must be under the control of the handler at all times and may not be left alone. A Service/Emotional Animal must be restrained by a leash or other appropriate device that does not exceed six (6) feet in length. In situations where a leash or other device interferes with a Service Animal's ability to perform its task or service, the Service Animal must remain under the control of the handler at all times.

-
- c. The owner and handler of the Service/Emotional Support Animal is responsible for any damage of personal property or any injuries to an individual caused by the Service/Emotional Support Animal.
 - d. The handler must ensure the animal is “housebroken” and trained and must clean up and remove all animal waste created by the animal.
 - e. The Service/Emotional Support Animal may not disrupt the operation of the College or any class.

B. Responsibilities of the College Community

1. Service Animals

If the need for a Service Animal is obvious, College officials may not question the presence of the animal on campus. If the need for a Service Animal is not obvious, College officials are permitted to ask the handler two questions:

- a. Is the animal required because of a disability?
- b. What work or task(s) has the animal been individually trained to perform?

At no time may a College official require a Service Animal to demonstrate the tasks for which they have been trained nor may they inquire as to the nature of the individual’s disability.

If another person on campus has a covered disability under the ADA and it includes an allergic reaction to animals and that person has contact with a Service Animal, a request for accommodation should be made by the individual to the Director of Human Resources (if an employee) or the Disability Services Office (if a student). All facts surrounding the concern will be considered in an effort to resolve the concern and provide reasonable accommodation for both individuals.

2. Emotional Support Animals

The determination of whether a student or employee with a disability is allowed to have an Emotional Support Animal on campus shall be made on a case-by-case basis. Students and employees may request, as a reasonable accommodation for a disability, the need to have an Emotional Support Animal on campus. The College is not required to grant reasonable accommodations that would result in a fundamental alternation of a program or would constitute an undue burden. Any requests for a reasonable accommodation for an Emotional Support Animal shall be directed to the Disability Service Office (students) or the Office of Human Resources (employees).

In determining request for accommodations for an Emotional Support Animal, the consideration is: 1) does the person have a disability (i.e., a physical or mental impairment that substantially limits one or more major life activities); 2) does the Emotional Support Animal perform tasks or services for the benefit of the person or provide emotional support that alleviates one of more of the identified symptoms or effects of the person's existing disability; and 3) is the request an undue burden on the College or does it fundamentally alter a College program.

C. Removal of Service/Emotional Support Animals

The College has the authority to remove a Service/Emotional Support Animal from its facilities or properties if the Service/Emotional Support Animal becomes unruly or disruptive, unclean and/or unhealthy, and to the extent that the animal's behavior or condition poses a direct threat to the health or safety of others or otherwise causes a fundamental alteration in the College's services, programs, or activities. It is a Class 3 misdemeanor "to disguise an animal as a service animal or service animal in training".

N.C.G.S. § 168-4.5. In other words, it is a crime under North Carolina law to attempt to obtain access for an animal under the false pretense that it is a Service Animal.

Additionally, any employee or student who violates any portion of this procedure is subject to disciplinary action.

I. OVERVIEW

The College attempts to provide extracurricular activities for students since the College believes that such activities contribute to the overall growth and educational development of an individual. Students are expected to exhibit high standards of responsible citizenship during all College functions whether on or off campus. The Division of Student Services encourages and helps conduct a program of student activities. The student activity program is a part of the educational experience available to all students. Admission for all student activities shall be non-discriminatory.

II. STUDENT GOVERNMENT ASSOCIATION

- A. The Student Government Association (“SGA”) is made up of representatives from the student body. The SGA coordinates and regulates student activities and serves as the student body’s official voice. The President of the SGA is a non-voting member of the College’s Board of Trustees.
- B. The SGA’s organizational documents shall be updated and shall be on file with the College’s Student Life Coordinator. (“Coordinator”)³⁵. Any revisions to the SGA’s organizational documents shall be reviewed and approved by the Dean of Students and Vice President of Instructional Support and Student Services.
- C. State funds cannot be used for athletics or other extracurricular activities; therefore, almost all student activities are established and maintained by student activity fees. The student activity budget will be approved by the SGA and Student Life Coordinator and submitted for approval by the Dean of Student Services as early in the school year as possible. Once approved, no further approvals for expenditure of funds will be required by the SGA unless changes to the budget are adopted. All expenditures of funds must still be approved by the Coordinator.

III. OTHER STUDENT CLUBS AND ORGANIZATIONS

- A. The College maintains that extracurricular activities compliment the academic programs. Students are encouraged to participate in all phases of the student activities program as long as such participation is consistent with sound educational practices.
- B. The following criteria must be considered by clubs who seek recognition as an official College student organization:

- 1. The organization must serve an area of student activity need;

³⁵Or appropriate administrator.

2. The membership provisions must not exclude anyone because of his/her race, color, religion, sex, gender, national origin, age, disability or sexual orientation;
 3. The organization must agree to abide by the College's policies and administrative procedures;
 4. The organization's purpose must be compatible with the College's philosophy and educational objectives; and
 5. Such other reasonable rules and regulations required by the President.
- C. **Recognized Student Clubs and Organizations.** Only officially recognized student clubs and organizations shall be allowed to function on the College's campus. In order to achieve recognition, the applying club or organization must complete an official application, on file with the Coordinator, and receive approval by the SGA and the Dean of Student Services.

IV. FUNDRAISING

The President, in consultation with the Vice President for Student Services and the Coordinator, shall establish rules and regulations regarding student clubs and organizations' fundraising activities. In addition to such rules and regulations, student clubs and organizations are limited as follows:

- A. **Raffles** - The North Carolina General Statutes consider raffles as a form of gambling and are generally unlawful in the state of North Carolina. However, there is an exception that allows two (2) raffles per year for each tax exempt non-profit organization. The total cash prizes offered or paid by any exempt non-profit organization may not exceed ten thousand dollars (\$10,000) in any calendar year.

Student clubs and organizations are encouraged to use alternative methods of fundraising aside from raffles.

- B. **Food** – Unless clubs and organizations have prior, written permission from the President or designee, clubs and organizations may only sell pre-packaged food items, professionally prepared food items prepared by a permitted entity, pre-wrapped items and beverages in sealed containers and must comply with all local Health Department regulations. Examples of these items include bottled/canned soft drinks, pre-wrapped sub sandwiches, wrapped/packaged desserts, etc. Muffins or cookies must be pre-packaged. The sale of food prepared or assembled at point of sale, such items as tacos, hot dogs, chili, sandwiches, etc. is

prohibited unless prior authorization by the President or designee. The sale of potentially hazardous foods as described in 15A NCAC 18A .2635(9) shall not be allowed.

Pursuant to N.C.G.S. § 130A-250(7), the College, as a tax-exempt entity, is exempted from temporary food establishment permitting requirements for preparing or serving food or drink, for pay, no more frequently than once a month for a period not to exceed two consecutive days.

I. TUITION AND FEES GENERAL REQUIREMENTS

Tuition and fees shall be charged in accordance with state statutes and according to schedules established by the North Carolina State Board of Community Colleges (“State Board”) and/or the College’s Board of Trustees (“Board”). The State Board establishes a general and uniform semester tuition rate for curriculum students. The State Board establishes both a North Carolina resident rate and a nonresident rate. Whether a student is a resident for tuition purposes shall be established in accordance with N.C.G.S. § 116-143.1 and -143.3 (for purposes of Armed Forces personnel and their dependents). For more information concerning residency requirements, see Policy 6.1.2 – Tuition Residency Requirements. The rate for auditing a course is the same as taking the course for credit.

II. TUITION AND REGISTRATION FEE WAIVERS

The North Carolina General Assembly and the State Board have promulgated statutes and administrative regulations dealing with authorized groups of students with respect to tuition and registration fee waivers. For information concerning tuition and registration waivers, see N.C.G.S. §§ 115B-1, 115D-5, 1E SBCCC 800.2 and the [North Carolina Community Colleges Tuition and Registration Fee Waiver Reference Guide](#).

To obtain a tuition and registration fee waiver, individuals must establish proof of eligibility as a member of an authorized group. To be eligible for a tuition or registration fee waiver, trainees enrolled in Basic Law Enforcement Training (BLET) courses must obtain a letter of sponsorship from a state, county, or municipal law enforcement agency prior to enrollment and uphold the terms of the sponsorship until completion of the BLET course. The College must maintain documentation of the sponsorship on file. The College shall not grant tuition and registration fee waivers to students enrolled in self-supporting courses. The College shall charge the student the self-supporting fee or use institutional funds to pay for the self-supporting fee on the student’s behalf.

Annually, the President shall report to the State Board the amount of tuition and registration fees waived by the College on behalf of individuals who are members of authorized groups.

III. LOCAL FEES

A. Authorization

Pursuant to 1E SBCC 700.1, the Board adopts the following local fees. The College shall deposit receipts derived from local fees in an unrestricted institutional account. The College will only use the local fee receipts for the purposes for which the local fee was approved. The President shall annually report all required local fees to the State Board.

B. Local Fee Waiver³⁷

The following groups are exempt from the Student Activity Fee, the Instructional Technology Fee and the College Access and Parking Fee: 1) all students who are exempt from paying tuition and registration fees; 2) continuing education students, except as other listed herein; and 3) individuals who participate only in meetings and seminars organized by the College (i.e., a group of people gathered for a one-time basis primarily for discussion under the direction of a leader or resource person).

All students will be required to pay applicable Specific Fees and Other Fees.

C. Authorized Local Fees³⁸**1. Student Activity Fee**

Pursuant to 1E SBCCC 700.2, the Board establishes a Student Activity Fee³⁹ as follows: \$3.25 per credit hour up to a maximum of \$32.50 per semester (fall and spring) for all curriculum students.

The Student Activity Fee receipts shall be used for the permissible activities and expenses listed in 1E SBCCC 700.2(b)(1)-(2).

2. Instructional Technology Fee

Pursuant to 1E SBCCC 700.3, the Board establishes an Instructional Technology Fee⁴⁰ as follows: \$4 per credit hour up to a maximum of \$16 per semester (fall and summer) for all curriculum students; continuing education students - \$5 per course⁴¹.

The Instructional Technology Fee receipts shall be used to support costs of procuring, maintaining and operating instructional technology used primarily for instructional purposes and specialized instruction equipment necessary for hands-on instruction.

³⁷ This is a local board decisions as to whom is exempt from local fees. 1E SBCCC 800.2. This is our model policy language but does not have to be used. Any language regarding waivers for Local Fees should be included in this section.

³⁸ These are all the possible categories of Local Fees authorized by the SBCC Code.

³⁹ Per 1E SBCCC 700.2, this fee may not be more than \$35 per academic semester. The language is based on your current activity fee. Do you want to charge this fee to continuing education students, if so, at same rate or different rate?

⁴⁰ Per 1E SBCCC 700.3, this fee may not exceed more than \$48 per academic semester for curriculum students. The language is based on your current technology fee.

⁴¹ The SBCC Code allows the College to charge this to continuing education students. It is not, however, required.

3. College Access and Parking (“CAP”) Fee

Pursuant to 1E SBCCC 700.4, the Board establishes a CAP Fee⁴² at a rate of \$20 for each academic semester (fall, spring and summer) for all curriculum students. The CAP Fee receipts shall only be used to support costs of acquiring, constructing and maintaining the College’s parking facilities, parking enforcement and security of College property.

4. Required Specific Fees⁴³

Pursuant to 1E SBCCC 700.5, specific fees will be charged to students for select courses to cover academic costs for consumable goods or services that are specifically required for that course. Such academic costs include, but are not limited to: tools, uniforms, insurance, certification/licensure fees, e-text, labs and other consumable supplies. The specific fee rate must be based on the estimated cost of providing the good or service.

The Board hereby delegates to the President the authority to approve all specific fees under \$300 per course. Any specific fees over \$300 per course must be approved in advanced by the Board. A list of all approved specific fees will be maintained in the College’s business office and the President shall provide an annual report to the Board regarding such specific fees.

5. Other Fees⁴⁴

Pursuant to 1E SBCCC 700.6, other fees will be charged to students to support costs of goods or services provided by the College that are not required for enrollment. Examples include but are not limited to student health and other insurance fees; graduation fees; transcript fees; optional assessment fees; library/equipment replacement fees and fees to participate in a specific event or activity.

The Board hereby delegates to the President the authority to approve all other fees under \$300. Any other fees over \$300 must be approved in advanced by the Board. A list of all approved specific fees will be maintained in the College’s business office and the President shall provide an annual report to the Board regarding such other fees.

⁴² 1E SBCCC 700.4 does not provided a limit as to the amount of this fee. The language is based on your current “campus access fee”. As with student activity fee, do you want to charge to continuing educations students, if so, at same rate of different rate?

⁴³ The President could create Procedure 6.1.1.1 – Required Specific and Other Fees, and list all the types of specific and other fees (i.e., insurance, transcript, graduation, etc.) that have been approved by the President under the waiver (\$300) or already approved by the Board. Given that these will likely change often, best to have in a procedure than listed out in a policy.

⁴⁴ See footnote 7.

6. Excess Receipts

The fees collected under subsection 4 and 5 above, receipts shall be used for the purpose for which they are charged. If the receipts exceed expenditures for the purpose for which they are charged, the College shall use excess receipts to support to the costs of either instruction, student support services, student financial aid (e.g., scholarships, grants, and loans), student refunds, student activities, curriculum development, professional development, promotional giveaway items, instructional equipment, and capital improvements and acquisition of real property.

Excess receipts shall not be used for any of the following purposes: supplemental compensation or benefits of any personnel, administrative costs, entertainment expenses, and fundraising expenses.

IV. TUITION AND FEE DEFERMENT⁴⁵

All students, after registering for courses for the specific term, must pay or establish a payment plan through a provider approved by the College on or before a specific date prescribed by the College that is on or before the first date of the course section. Students applying for financial aid that completed their application before the established deadline, and appear to be eligible for assistance, will be allowed to remain in their courses until their financial aid is processed. Students that did not apply for financial aid prior to the established deadline may establish a payment plan.

- A.** Students wanting to enroll but lacking funds to pay tuition and fees must meet one of three criteria to defer their payment beyond the payment deadline set by the registrar's office:
 - 1. Must have applied for financial aid by the application deadline set by the financial aid office and, through preliminary review, appear to qualify for assistance;
 - 2. Must provide (or have their sponsor provide) documentation in writing from a valid third-party agency that the student may be sponsored by the third-party agency once a final review is complete; or
 - 3. Must enroll in a payment plan to satisfy the outstanding balance through a third-party provider contracted by the College. All balances must be paid before the last day of the semester.
- B.** Students who have not completed all requirements by the financial aid office, not supplied a final authorization from their third-party agency or who fail to pay the balance owed by the end of the semester will be subject to the following restrictions until payment in full has been received or until assistance is granted to satisfy the account balance:
 - 1. Grades for the term shall be withheld;
 - 2. Transcripts shall not be released;

⁴⁵ From current Policy 5.04 and Procedure 5.04A.

3. Registration for future terms shall not be permitted; and
 4. Permission to participate in graduation shall be denied.
- C. Students with outstanding balances shall be notified by a Statement of Account showing the account balance and the nature of the charges and shall be dealt with pursuant to Policy 6.2.9 – Debt Collection.

I. DEFINITIONS

- A. *Domicile*: a person's fixed, and permanent home and place of habitation of indefinite duration (for an indefinite period of time); it is the place where he or she intends and is able to remain permanently and to which, whenever the person is absent, he or she expects to return. Domicile may be established by birth, law and/or choice.
- B. *Nonresident*: is a person who does not qualify as being domiciled in North Carolina.
- C. *Residence*: a place of abode, whether permanent or temporary. A person may have may residences but only one permanent residence.
1. *Permanent Residence*: the legal residence or domicile.
 2. *Temporary Residence*: one's abode for an undetermined or temporary duration.
- D. *Resident*: is a person who qualifies as being domiciled in North Carolina.

For more complete definitions of these and other terms, consult the North Carolina Residency Determination Service ("RDS") [Guidebook](#). All the definitions contained in the [RDS Guidebook](#) are incorporated herein by reference.

II. RESIDENCY STATUS

A. Establishing Residency

Residency status of all applicants must be determined for the purpose of tuition assessment. Nonresidents are admitted under the same admission requirements as residents but are required to pay out-of-state tuition except for courses classified as self-supporting curriculum courses or continuing education courses.

To qualify as a resident, an applicant must have established a permanent residence in North Carolina and maintained that permanent residence for at least 12 uninterrupted months immediately prior to his or her classification as a resident. The applicant must maintain his/her residence for purposes of maintaining a bona fide domicile rather than maintaining a mere residence for purposes of enrollment in an institution of higher education. All applicants for admission shall be required to make a statement as to his/her length of residence in the State. An applicant shall not be classified as a resident until s/he provides evidence related to his/her legal residence and its duration.

To determine whether a student has established a domicile in North Carolina, as opposed to a mere temporary residence, one must first determine if the student has capacity to establish residency and then reach a conclusion about the intent of the student, as measured by objectively verifiable conduct of the student. The conduct of the student, taken in total, must demonstrate an intention to make North Carolina his or her permanent dwelling place. The determination of domicile does not depend on one fact or a required combination of certain circumstances. The determination is made based on all the facts and circumstances taken together and viewed as a whole showing by a preponderance of evidence (more likely than not) that some particular location is the student's domicile. Oftentimes, this evidence will include personal statements provided by the student regarding his/her intention to make a residence his/her domicile. While such statements are appropriate evidence to consider, there is no requirement that they be accepted at face value. Student's personal statements should be considered carefully but also cautiously even if there is no concrete evidence that the student is being untruthful. The student's conduct and actions taken toward establishing a domicile are generally of greater evidentiary value than personal statements, especially when the student's conduct and actions are inconsistent or in conflict with the student's statements of intent. Statements of a student's intent to take actions towards establishing domicile at some time in the future generally are not considered sufficient.

For a student to be classified as a resident, the balancing of all the evidence must show that there is a preponderance of evidence supporting the student's claim of domicile. To satisfy this requirement, more of the evidence than not must consist of a cluster, focus or accumulation of favorable information that the student established a domicile in North Carolina at a point in time at least 12 months prior to the domiciliary classification. Because there is almost always variation among cases and individuals, the domiciliary inquiry is more a function of reasonable review and balancing of the total circumstances of each individual case rather than a formulaic computation.

Each applicant for admission is required to complete the RDS application for initial consideration concerning residency before, during or after submitting an application for admission.

B. Special Rules for Domicile

In addition to establishing a person's domicile as noted above, the determination of domicile and residence status for tuition purposes is also affected by special rules set out in North Carolina statutes. For some, but not all, of these special rules, eligible nonresidents remain classified as out-of-state students and are charged in-state tuition rates. For more specific information regarding these special results, consult the Manual.

These special rules impact the following categories of students:

1. Minors;
2. Members of the Armed Forces and their families;
3. Non-military federal personnel, volunteers and missionaries;
4. Non-U.S. citizens;
5. Prisoners/inmates;
6. Married persons; and
7. Special Exemptions for certain community college students:
 - a. Business-sponsored students - When an employer (other than the armed services) pays tuition for an employee to attend a community college and the employee works at a North Carolina business location, the employer shall be charged the in-state tuition rate.
 - b. Business and military transferred families - A community college may charge in-state tuition to up to one percent (1%) of its out-of- state students (rounded up to the next whole number) to accommodate the families transferred into North Carolina by business or industry, or civilian families transferred into North Carolina by the military. A student seeking this benefit shall provide evidence of the following:
 - i. Relocation to North Carolina by the student and if applicable, the student's family, within the 12 months preceding enrollment;
 - ii. Written certification by the employer on corporate letterhead that the student or some member of the student's family was transferred to North Carolina for employment purposes;
 - iii. Certification of student's compliance with the requirements of the Selective Service System, if applicable; and
 - iv. If a family member of the transferred individual is applying for this benefit, the family member must also establish the familial relationship with the transferred individual; live in the same residence as the transferred individual; and provide evidence of financial dependence on the transferred individual.
 - v. Students sponsored by a non-profit entity - A lawfully admitted nonresident of the United States who is sponsored by a North Carolina non-profit entity is eligible for the in- state resident community college tuition rate. The student is considered to be "sponsored" by a North Carolina nonprofit entity if the student

resides in North Carolina while attending the community college and the North Carolina nonprofit entity provides a signed affidavit to the community college verifying that the entity accepts financial responsibility for the students tuition and any other required educational fees. A North Carolina nonprofit may sponsor no more than five nonresident students annually under this provision. This provision does not make a person a resident of North Carolina for any other purpose.

- vi. N.C. public school graduates – Any person lawfully admitted to the United States who satisfied the qualifications for assignment to a public school under North Carolina law (G.S. 115C-366) and graduated from the public school to which the student was assigned shall be eligible for the State resident community college tuition rate.
- vii. Refugees – A refugee who lawfully entered the United States and who is living in this State shall be deemed to qualify as a domiciliary of this State under G.S. 116-143.1(a)(1) and as a State resident for community college tuition purposes. While the refugee must live in North Carolina to be eligible for in-state tuition, the refugee is not required to be domiciled in North Carolina for the 12-month qualifying period.
- viii. Nonresidents of the United States – A non resident of the United States who has resided in North Carolina for a 12-month (365 days) qualifying period and has filed an immigrant petition (Forms I-130, I-360, or I-140) with the United States Citizen and Immigration Service (USCIS) shall be considered a North Carolina resident for community college tuition purposes.
- ix. Federal law enforcement officers, firefighters, EMS personnel and rescue and life-saving personnel – Federal law enforcement officers, firefighters, EMS personnel, and rescue and lifesaving personnel whose permanent duty stations are within North Carolina are eligible for the State resident community college tuition rate for courses that support their organizations' training needs. The State Board of Community Colleges must approve the courses designed to support law enforcement officers, firefighters, EMS personnel, and rescue and lifesaving personnel's training needs prior to the college awarding the State resident community college tuition rate.

C. Loss of Resident Status

If a person has been properly classified as a resident for tuition purposes and enjoyed that status while enrolled at an institution of higher education in this state, a change in that person's state of residence does not result in an immediate, automatic loss of entitlement to the in-state tuition rate. Students in this situation are allowed a "grace period" during which the in-state rate will still be applicable even though the student is no longer a legal resident of North Carolina. The grace period can apply under certain circumstances both to currently enrolled students as well as to students who are no longer enrolled or who have graduated.

8. Currently Enrolled Students

To qualify for the grace period if the student is currently enrolled, the student must satisfy the following conditions:

- a. The student must have been properly classified as a resident for tuition purposes on the basis of a valid finding that the student in fact was domiciled in North Carolina and had been for the required 12-month period prior to classification; and
- b. At the time of change of legal residence to a state other than North Carolina, the individual must have been enrolled in an institution of higher education in North Carolina. "Enrolled" shall include both persons who are actually attending the institution during an academic term as well as those whose consecutive attendance of academic terms has been interrupted only by institutional vacation or summer recess periods. A person whose change in legal residence occurred during a period while not enrolled is not entitled to the benefit of the grace period.

The grace period extends for 12 months from the date of the change in legal residence, plus any portion of a semester or academic term remaining at the time the change in legal residence occurred. No change in applicable tuition rates resulting from the expiration of the basic 12-month grace period will be effective during a semester, quarter, or other academic term in which the student is enrolled; the change in tuition rates are effective at the beginning of the following semester, quarter, or other academic term. Once perfected, the grace period is applicable for the entire period at any institution of higher education in the State.

9. Students who are no Longer Enrolled

To qualify for the grace period if the student is no longer enrolled, the student must satisfy the following conditions:

- a. The student must have been properly classified as a resident for the tuition purposes at the time the student ceased to be enrolled or graduated from an institution of higher education in this state; and
- b. If the student subsequently abandons his/her domicile in North Carolina and then reestablishes domicile in this state within twelve (12) months of abandonment, the student may reenroll at an institution of higher education in this state as a resident for tuition purposes without having to satisfy the 12-month durational requirement as long as the student continuously maintains his/her reestablished domicile in North Carolina at least through the beginning of the academic term for which in-state tuition status is sought.

It is important to note that a student may benefit from this particular grace period only once during his/her life. There is no such limitation on the grace period available to students who experience a change in residence status while still enrolled at an institution of high education in this state.

III. RECONSIDERATION AND APPEAL OF RESIDENCY DECISIONS

If the student does not agree the initial consideration concerning his/her residency status, the student may seek a reconsideration or appeal with RDS. For more information concerning the reconsideration and appeal process and deadlines, the student should consult with the [RDS Guidebook](#).

I. AUTHORITY TO CHARGE SELF-SUPPORTING FEES

Pursuant to North Carolina law, the College is authorized to offer curriculum and continuing education course sections on a self-supporting basis and charge self-supporting fees to students who enroll in self-supporting course sections.

II. SELF-SUPPORTING FEE RATES

A. Differing Rates

The College may adopt different self-supporting fees for different courses and activities.

B. Curriculum Self-Supporting Fee Rates

The College must determine self-supporting fees for curriculum courses using one of two methods:

1. **Pro-Rata Share Method.** The amount charged to each student shall approximate the pro-rata share of the direct and indirect costs associated with providing self-supporting instruction. Unless the College can demonstrate a need for a higher rate, the College may estimate indirect costs by applying its federal indirect cost rate or a rate up to twenty-five percent (25%), whichever is higher, to the direct costs of providing the self-supporting activity. The amount charged to the student shall be calculated based on either: 1) the estimated costs of an individual self-supporting course section divided by the number of students expected to enroll in the course section; or 2) the estimated costs of a set of self-supporting course sections divided by the number of students expected to enroll in the set of course sections. Each student must pay the self-supporting fee even if the sum of the curriculum tuition and self-supporting fees charged to the student for the academic term exceeds the maximum tuition rate set by the State Board and academic term.
2. **Transparent Rate Method.** The College shall charge each student an amount consistent with the curriculum tuition rate based on residency status. The transparent rate method shall only be used if the receipts generated through this method can adequately support the direct and indirect costs of the self-supporting instruction.

C. Continuing Education Self-Supporting Fee Rates

The College shall set self-supporting fees for continuing education course sections at a level at or below the local market rate for the type of continuing education instruction provided.

III. USE OF SELF-SUPPORTING FEES

A. Deposit of Self-Supporting Fees

The College shall deposit self-supporting fee receipts in an institutional unrestricted general ledger account. Any course section initially designated as self-supporting cannot be changed to a State-funded designation after the College collects any receipts for the course section.

B. Use of Self-Supporting Fee Receipts

Self-supporting fee receipts shall be used to support the direct and indirect costs of the self-supporting course sections. The College shall not use state funds for direct costs of self-supporting course sections. If a full-time curriculum instructor teaches a self-supporting course section, the College shall either: 1) pro-rate the instructor's salary based on the time allocated between state-funded and self-supporting course sections in the instructor's course load; or 2) reimburse State funds an amount equal to the number of instructional hours associated with self-supporting course section multiplied by the instructor's hourly rate of pay.

C. Excess Receipts

Specific fee receipts shall be used for the purpose for which they are charged. If self-supporting receipts exceed expenditures for the purpose for which they are charged, the College shall use excess receipts to support the costs of future self-supporting course sections, instruction, student support services, student financial aid (e.g. scholarships, grants, and loans), student refunds, student activities, curriculum development, professional development, promotional giveaway items, instructional equipment, and capital improvements and acquisition of real property.

Excess receipts shall not be used for any of the following purposes: supplemental compensation or benefits of any personnel, administrative costs, entertainment expenses, and fundraising expenses.

I. STUDENT DEBT COLLECTION

Tuition and fees for all College students are due and payable prior to the beginning of each term. A student's registration will be subject to cancellation when prior term, past due charges have not been resolved before the current term. Students not paying or deferring current term charges by the due date may be subject to cancellation. Any unpaid balance on a student's account may prevent registration. In addition, transcripts and diplomas may be withheld until outstanding balances are paid.

Students who leave the College with unpaid balances are subject to collection actions. These actions will begin with a letter reminding the student of the unpaid debt and encouraging immediate payment, payment arrangements or other action to resolve the debt and avoid additional action. If the student fails to respond satisfactorily, a final letter will be sent. Next steps include referral to collection agencies, litigation where appropriate and actions pursuant to the NC State Offset Debt Collection Act ("SODCA") and the NC State Employee Debt Collection Act ("SEDCA"), when applicable.

Uncollected student debts will be written off and expensed as bad debt once collection efforts have been exhausted. Writing off the account balance does not relieve the student's legal obligation to pay the debt. A record of the debt and the related student account holds are maintained along with SODCA and SEDCA reporting until the debts are paid or collected. If the write-off debt is later collected, then the resulting funds will be recognized as a recovery of the write-off.

The President is hereby authorized to develop procedures consistent with this Policy.

II. NON-STUDENT DEBT COLLECTION

Accounts receivable or uncollected billings that may be submitted for collection include, but are not limited to: salary overpayments, contract work completed by the College for which the College has not received payment, fees owed to the College, deposited checks returned unpaid for insufficient funds, and nonpayment for goods or services purchased from the College.

The President is hereby authorized to develop procedures consistent with this Policy.

The following Procedures shall be used for student debt collection:

I. ENROLLED STUDENTS

- A. As charges become past due, the student will be informed regarding holds impacting future registration, transcripts and diplomas. Such holds remain in place until the past due amount is resolved.
- B. Students with past due charges will receive a letter regarding holds at least once during Fall and Spring semester prior to registration opening for the next Spring or Fall term. Failure of the student receiving the letter shall not, however, excuse the debt or vacate the hold.

II. PREVIOUSLY ENROLLED STUDENTS

- A. The College shall send the previously enrolled student a letter informing the student of the terms of the debt and how to pay the debt.
- B. If, after thirty (30) days, there is no satisfactory response to the letter, the College shall send a second and final letter; and
- C. If, after thirty days, there is no satisfactory response to the second letter:

The Board is the official legal entity for the College. Unless otherwise delegated, the power to contract on the Board's behalf is solely vested with the Board. - B. Non-Contract Items - Non-contract items of less than \$10,000 total order may be placed by the College without the oversight or approval of the Division of Purchase and Contract. Good purchasing practices mandate that competition is to be sought for all purchases. For small purchases, where the total order is \$5,000 or less, telephone or e-quotes should be obtained to establish competitive prices, unless the items are purchased off a state contract. A record of those quotes should be attached to the requisition. For the purchase of more than \$5,000 but less than \$10,000, a minimum of three written quotes must be obtained and attached to the purchase requisition, unless the items are purchased off state contract. I. POLICY OVERVIEW

This Policy is intended to meet the requirements of the FTC “Red Flag Rule.” Identity theft is a fraud committed or attempted using the identifying information of another person without that person’s authority. The College shall undertake reasonable measures to detect, prevent, and mitigate identity theft in connection with the opening of a “covered account” or any existing “covered account,” and to establish a system for reporting a security incident.

II. DEFINITIONS

- A. Covered Account – A covered account is a consumer account designed to permit multiple payments or transactions. These are accounts where payments are deferred and made by a borrower periodically over time such as a tuition or fee installment payment plan.
- B. Creditor – A creditor is a person or entity that regularly extends, renews, or continues credit and any person or entity that regularly arranges for the extension, renewal, or continuation of credit. Examples of activities that indicate a college or college is a “creditor” are:
 - 1. Participation in the Federal Perkins Loan program;
 - 2. Participation as a school lender in the Federal Family Education Loan Program;
 - 3. Offering loans to students, faculty or staff;
 - 4. Offering a plan for payment of tuition or fees throughout the semester rather than requiring full payment at the beginning of the semester.
- C. Identifying Information – Any name or number that may be used, alone or in conjunction with any other information, to identify a specific person including: name, address, telephone number, social security number, date of birth, government issued driver’s license or identification number, alien registration number, government passport number, employer or taxpayer identification number, student identification number, computer’s Internet Protocol address, routing code or financial account number such as credit card number, in combination with any required security code, access code, or password that would permit access to an individual’s financial account.
- D. Red Flag – A red flag is a pattern, practice or specific activity that indicates the possible existence of identity theft.

- E. Security Incident – A collection of related activities or events which provide evidence that personal information could have been acquired by an unauthorized person.

III. IDENTIFICATION OF RED FLAGS

Broad categories of “Red Flags” include the following:

- A. Alerts – alerts, notifications, or warnings from a consumer reporting agency including fraud alerts, credit freezes, or official notice of address discrepancies.
- B. Suspicious Documents – such as those appearing to be forged or altered, or where the photo ID does not resemble its owner, or an application which appears to have been cut up, re-assembled and photocopied.
- C. Suspicious Personal Identifying Information – such as discrepancies in address, Social Security Number or other information on file; an address that is a mail-drop, a prison, or is invalid; a phone number that is likely to be a pager or answering service; personal information of others already on file; and/or failure to provide all required information.
- D. Unusual Use or Suspicious Account Activity – such as material changes in payment patterns, notification that the account holder is not receiving mailed statement, or that the account has unauthorized charges.
- E. Notice from Others Indicating Possible Identify Theft – such as the College receiving notice from a victim of identity theft, law enforcement or another account holder reports that a fraudulent account was opened.

IV. DETECTION OF RED FLAGS

College employees shall undertake reasonable diligence to identify Red Flags in connection with the opening of covered accounts as well as existing covered accounts through such methods as:

- A. Obtaining and verifying identity;
- B. Authenticating customers; and
- C. Monitoring transactions.

A data security incident that results in unauthorized access to a customer’s account record or a notice that a customer has provided information related to a covered account to someone fraudulently claiming to represent the College or to a fraudulent web site may heighten the risk

of identity theft and should be considered Red Flags.

V. SECURITY INCIDENT REPORTING

College employees who believe that a security incident has occurred shall immediately notify his/her appropriate supervisor and the Vice President and Chief Financial Officer. Upon review of the incident, the Vice President and Chief Financial Officer shall determine what steps may be required to mitigate any issues that arise in the review. In addition, referral to law enforcement may be required.

If there is a security breach, the College shall comply with all notice requirements contained in N.C.G.S § 75-65.

Colleges making payments to Nonresident Aliens are subject to different tax withholding, reporting and liability requirements.
 - 1. A Resident Alien's income is subject to tax in the same manner as a U.S. citizen. This means that their worldwide income is subject to U.S. tax and must be reported on their U.S. tax return. Income of Resident Aliens is subject to the graduated tax rates that apply to U.S. citizens.
 - 2. A Nonresident Alien's income is subject to federal income tax only on income which is derived from sources within the United States and/or income that is effectively connected with a U.S. trade or business. Nonresident Aliens are taxed according to special rules contained in certain parts of the Internal Revenue Code.

II. POLICY

All North Carolina agencies, universities, community colleges and institutions have been tasked with the responsibility of withholding and reporting on payments to foreign national individuals and vendors in accordance with the IRS Code Regulations Section 1441 and policies established by the N.C. Office of the State Controller.

When the College identifies a foreign national or foreign vendor that will be compensated via payroll, accounts payable or student services, the appropriate department shall maintain a copy of evidentiary and supporting documentation such as I-9, W-8BEN, I-20, I-94, I-797, passport, and/or employment authorization card. The evidentiary and supporting documentation shall be provided to the Business Office. The Business Office will submit the supporting documentation to the Systems Office before payment is made.

If the Systems Office determines that payments made by the College to a foreign national or foreign vendor are taxable, the College shall withhold federal and/or state taxes as instructed by the System Office.

Connection to the wireless network at any given time is not guaranteed. The College does not accept liability for any personal equipment that is brought to the College and, therefore, may not assist with configuration, installation,

troubleshooting or support of any personal equipment.

V. ELECTRONIC MAIL

The College provides free electronic mail accounts to all College employees based on job responsibilities, as determined by the employee's appropriate Vice President, and to all students who are enrolled in a curriculum program. The use of College-provided electronic mail accounts must be related to College business, including academic pursuits. Incidental and occasional personal use of these accounts is acceptable when such use does not generate a direct cost to the College or otherwise violate the provisions within this Policy.

The College will make reasonable efforts to maintain the integrity and effective operation of its electronic mail systems, but users are advised that those systems should in no way be regarded as a secure medium for the communication of sensitive or confidential information. Because of the nature and technology of electronic communication, the College cannot assure the privacy of an individual's use of the College's electronic mail resources or the confidentiality of particular messages that may be created, transmitted, received or stored.

The College does not monitor electronic mail routinely but may do so as the College deems necessary. Students and employees should not have any expectation of privacy regarding their electronic mail addresses provided by the College. Any user of the College's computer resources who makes use of an encryption device shall provide access when requested to do so by the appropriate College authority. The College reserves the right to access and disclose the contents of employees', students', and other users' electronic mail without the consent of the user. Electronic mail, including that of students, may constitute "educational records" as defined in the Family Educational Rights and Privacy Act ("FERPA"). Electronic mail that meets the

definition of educational records is subject to the provisions of FERPA. The college may access, inspect, and disclose such records under conditions set forth in FERPA.

North Carolina law provides that communications of College personnel that are sent by electronic mail may constitute “correspondence” and, therefore, may be considered public records subject to public inspection under the North Carolina Public Records Act.

Electronic files, including electronic mail, that are considered public records are to be retained, archived and/or disposed of in accordance with current guidelines established by the North Carolina Department of Cultural Resources or otherwise required by College policy 7.2.

When posting or creating an external website, students, faculty, and staff are not permitted to use the College's name in an official capacity or use the College's marks, logos, or other intellectual property.

Employees are to maintain an appropriate and professional relationship with students at all times. Having a public personal website or social media profile or allowing access to a private website or private social media profile is considered a form of direct communication with students. Any employee found to have created and/or posted content on a website, social media site, or profile that has a negative impact on the employee's ability to perform his/her job as it relates to working with students and the community or that otherwise disrupts the efficient and effective operation of the College may be subject to disciplinary action up to and including dismissal.

Students may be sanctioned according to procedures described in the Code of Student Conduct and other users may be barred permanently from using College computers and network access and suspended or expelled.

An employee's account will be disabled if the data security training requirement has not been completed within the defined timeline. Reference Procedure 7.1.2. WCC accounts will be disabled to maintain the integrity of data security. The account will be re-activated once the data security training requirements are complete.

Certain activities violate Federal and/or State laws governing use of computer systems and may be classified as misdemeanors or felonies. Those convicted could face fines and/or imprisonment.

I. INTRODUCTION

This Policy governs the College's retention of electronic records, including electronic mail ("email") and instant messages. The Policy is intended to provide guidance on the need for retention of electronic records and messages sent and received by College employees. The College will retain and destroy electronic records, including email and instant messages, in accordance with this Policy, [*State Guidelines for Managing Trustworthy Digital Public Records*](#), and the approved [*Record Retention and Disposition Schedule*](#) ("the Schedule") for community colleges adopted by the North Carolina Department of Cultural Resources and the North Carolina State Board of Community Colleges. For the purposes of this Policy, the term "electronic records" is defined to include electronic mail and instant messages.

II. NORTH CAROLINA PUBLIC RECORDS ACT

Electronic records made or received in connection with the transaction of public business are public records pursuant to the North Carolina Public Records Act, as defined by the North Carolina Public Records Act, N.C.G.S. § 132-1 et seq. Examples of electronic records that are public records include but are not limited to: messages that include information about policies or directives, official business correspondence, official reports, or material that has historic or legal value.

Public records, including electronic records, may not be deleted, or otherwise disposed of except in accordance with the Schedule. The content of the electronic record determines its retention requirement

The content of the email, not the method or device in which it was sent, dictates whether the email is a public record. For example, if an employee has work email on his private, personal email account, that email remains a public record. For this purpose, employees are strongly encouraged to use only their work email address for work emails. In the event that an employee, however, does have work emails on their personal email accounts, they are responsible to properly maintain the email and, if necessary for retention purposes, transfer the email to another medium for proper retention.

III. ELECTRONIC RECORDS CUSTODIAN

Because electronic messages can be sent and forwarded to multiple people, copies of the messages may exist in the accounts of multiple users. In most cases, the author, or originator, of the electronic message is the legal custodian and is responsible for maintaining the "record" copy. However, cases in which the recipient has altered the message (made changes, added attachments, etc.), or when the message is coming from outside the college; the recipient is the one responsible for retaining the message.

When the custodian of an electronic message leaves the employment of the college, it is the responsibility of the supervisor to ensure all public records remaining on the computer

and in the messaging account is retained or disposed of appropriately.

The College additionally stores all email and instant messages as a fail-safe archive in the event of system failure or unlawful tampering. All messages which are sent or received using the College's email and instant messaging system are copied and retained by this system for (5) five years. This storage mechanism is intended as a safety measure and does not replace the individual employee's legal responsibility for retaining and archiving electronic messages in accordance with the state of North Carolina's record retention laws.

IV. TYPES OF ELECTRONIC MESSAGES

For retention purposes, email messages generally fall into the following two categories:

- a. Email of limited or transitory value. For example, a message seeking dates for a meeting has little or no value after the meeting. Retaining such messages serves no purpose and takes up space. Messages of limited or transitory value may be deleted when they no longer serve an administrative purpose.
- b. Email containing information having lasting value. Email is sometimes used to transmit records having lasting value. For example, email about interpretations of an agency's policies or regulations may be the only record of that subject matter. Such records should be transferred to another medium and appropriately filed, thus permitting email records to be purged.

V. PROCEDURES FOR COMPLIANCE

While the methods for reviewing, storing or deleting electronic records may vary, compliance with the retention requirements may be accomplished by one of the following:

- a. Retention of Hard Copy. Print the record and store the hard copy in the relevant subject matter file as would be done with any other hard-copy communication.
- b. Electronic Storage of records and email. Electronically store the record or email in a file, on a disk or a server so that it may be maintained and stored according to its content definition under this Policy and any underlying Procedures.

VI. LITIGATION HOLD

A litigation hold is a directive not to destroy electronic records, including email, which might be relevant to a pending or imminent legal proceeding. The President may establish a committee to oversee and monitor litigation holds; such committee may contain the Vice President of Information Technology, the college's legal counsel and a member of the Administrative Team. In the case of a litigation hold, the committee shall direct employees and the Technology Department, as necessary, to suspend the normal retention procedure for all related records.

VII. OUTSIDE INSPECTION

The College recognizes the judicial system may request pretrial discovery of the information technology system used to produce records. The College will honor requests for outside inspection of the system and testing of data by the courts and government representatives. Records must continue to exist when litigation, government investigation, or audit is pending or imminent, or if a court order may prohibit specified records from being destroyed or otherwise rendered unavailable.

VIII. RECORD DISPOSITION

Records may only be disposed of in accordance with the Schedule. Prior to the disposition of any record or record group after the applicable retention period, the records custodian will create and maintain a destruction log.

The President is authorized to adopt procedures to implement this policy.

Adopted:08/08/2019

Revised: 01/06/2022

Legal Reference: N.C.G.S. §§ 121-5; 132-1 *et seq*; [Records Retention & Disposition Schedule](#) (August 23, 2019)

I. PURPOSE

The procedure reflects the guidelines established by the North Carolina Department of Cultural Resources publication [*Guidelines for Managing Trustworthy Digital Public Records*](#). Complying with this procedure increase the reliability and accuracy of records stored in digitally and will ensure these records remain accessible over time.

College employees will retain and destroy electronic records only in conformity with State law, College policy, this Procedure, and approved [Record Retention and Disposition Schedule](#) (“the Schedule”) for community colleges adopted by the North Carolina Department of Cultural Resources and the North Carolina State Board of Community Colleges.

The procedure applies to both physical and electronic data, including but not limited to: servers, cloud storage, removable media, backup media, and documents. This procedure does not supersede local or regional laws, government regulations or other legal requirements.

II. DATA CLASSIFICATION

It is critical that Wilkes Community College maintains strict control over the internal or external distribution of any kind of media, including the following:

- A. Classify all media so the sensitivity of the data can be determined.
- B. Label all devices with owner, contact information and purpose.
- C. Send the media by secured courier or other delivery method that can be accurately tracked. Media sent outside the facility must be logged and authorized by management when moved from a secure area.
- D. Document the controlled maintenance of all media.
- E. Perform periodic inventories for all media.
- F. To minimize risk, store only those data elements as needed for business. Wilkes Community College has authorized only the storage of data to be securely stored in the following manner:
- G. Authorized on premise servers maintained by the Information Technology Department.
- H. On secure cloud storage that meets FERPA requirements and authorized by the Vice President of Information Technology.

III. DATA PROTECTION

Secure Transportation of Data

If transported, electronic media (e.g., hard drives) must be sent via a traceable method and

the Vice President of Information Technology or Data Custodian must provide written approval prior to transportation.

- A.** Portable devices that contain sensitive or personally identifiable data must have disk encryption.
- B.** Confidential data on removable media must be encrypted wherever stored.
- C.** Users must never send sensitive data by end-user messaging technologies (for example, e-mail, instant messaging, chat, etc.)

IV. REMOTE ACCESS TO THE COLLEGE NETWORK

For users accessing sensitive college data via remote-access technologies, it is prohibited to copy, move, and store this data onto local hard drives and removable electronic media, unless explicitly authorized for a defined business need and storage must be encrypted.

Remote access is only allowed with college owned equipment.

V. DATA DISPOSAL

Wilkes Community College will ensure that the responsible party or data custodians destroys media when it is no longer needed for business or legal reasons as follows:

- A. Hardcopy materials:** Cross-cut shred, incinerate, or pulp hardcopy materials so that data cannot be reconstructed. Ensure that storage containers used for information to be destroyed are secured. It is the responsibility of the Facilities Department and data custodians to ensure that such documents are securely disposed of.
- B. Electronic Media:** Render sensitive data on electronic media unrecoverable so that data cannot be reconstructed. Removable media must be stored in a secure location until it has been destroyed. It is the responsibility of the data custodians to ensure that secure disposal is implemented and effective. It is the responsibility of the Security Administrator to verify that the Information Technology Department renders data unrecoverable via a secure wipe program in accordance with industry-accepted standards for secure deletion, or otherwise physically destroying the media (for example, degaussing).
- C. On-Line Electronic Data:** Once stored data exceeds the retention period, it is the responsibility of the data custodian to ensure that the data is removed in accordance of the Record Retention and Disposition Schedule.
- D. Back-Up/Removable Media:** Data must be destroyed beyond recovery by using a wipe program to delete files or via degaussing or otherwise destroying the media as described above.

VI. MAINTENANCE OF TRUSTWORTHY ELECTRONIC RECORDS

When creating electronic records or converting paper records to an electronic record, the

electronic record shall be:

1. Produced by methods that ensure accuracy.
2. Maintained in a secure environment.
3. Associated and linked with appropriate metadata; and
4. Stored on media that are regularly assessed and refreshed.

A. Produced by Methods that Ensure Accuracy

All platforms used by the College to create and manage electronic records, including e-mail clients, social media platforms, and cloud computing platforms, will conform with all College policies.

Electronic files are named in accordance with the *Best Practices for File Naming* published by the North Carolina Department of Natural and Cultural Resources (“DNCR”).

Electronic files are saved in formats that comply with DNCR’s *File Format Guidelines for Management and Long-Term Retention of Electronic Records*. File formats used by the College are identified as standard by DNCR and are well-supported, backwards compatible, and have robust metadata support.

B. Maintained in a Secure Environment

Security of the information technology system and the records it holds is maintained in the following ways:

1. Access rights are managed by the IT department and are assigned by a supervising authority to prevent unauthorized viewing of documents.
2. Either of the information technology system is able to separate confidential from non-confidential information, or data creators must organize and name file systems in such a way to identify confidentiality of the documents.
3. Folders with confidential information are restricted, and access rights to confidential data are carefully managed. Confidential material is redacted before it is shared or otherwise made available.
4. Physical access to computers, disks, and external hard drives is restricted.
5. All system password and operating procedure manuals are kept in secure off-site storage.

C. Associated and Linked with Appropriate Metadata

Metadata is maintained alongside the record. At a minimum, metadata retained includes file creator, date created, title (stored as the file name), and when appropriate, cell formulae and e-mail header information. Employees are not instructed to create metadata other than metadata that is essential for a file's current use and/or retention.

D. Stored on Media that are Regularly Assessed and Refreshed

Data is converted to new usable file types as old ones become obsolete. The following steps are taken to ensure the continued accessibility of records kept in electronic formats:

1. Data is audited and assessed annually. If there is evidence of file corruption, data should be migrated to new media.
2. Records are periodically verified through hash algorithms. This is required before and after transfer to new media to ensure the records were not altered.
3. Media is refreshed every three to five years. The College documents when and how records are transferred from one storage medium to another. Once the new media has been sampled to assure the quality of the transfer, the original media may be destroyed according to the guidelines of 07 NCAC 04M .0510.
4. Records are periodically migrated to new file types, particularly when a new information technology system requires that they be brought forward to render the file properly.
5. Metadata is maintained during transfers and migrations.
6. Storage media are maintained in a manner and in an environment that promotes bit-level preservation. Humidity does not exceed 50% and should not fall below 30%. Room temperature is set between 65° F to 75° F. The College adheres to the media manufacturer's recommendations for specific environmental conditions in which the media should be stored.
7. Whatever media is used to store data is clearly labeled with enough information that its contents can be determined.

VII. COMPONENTS OF INFORMATION TECHNOLOGY SYSTEM**A. Training Programs**

The IT department will conduct training for system use and electronic records

management. All employees will be made aware of system procedures and policies and trained on them; employees will acknowledge by initialization or signature that they are aware of the policies and have received training on them. When appropriate, employees will also attend trainings offered by the North Carolina Department of Natural and Cultural Resources on the maintenance of electronic records. Documentation will be maintained for the distribution of written procedures, attendance of individuals at training sessions and refresher training programs, and other relevant information.

B. Audit Trails

At a minimum, the IT department will maintain documentation on who has read and/or write permission to files maintained by the College. Ideally, a log of activities on the system is maintained, which shows who accessed the system, how and by whom records were created and modified, and whether standard procedures were followed.

C. Audits

Audits are designed to evaluate the process or system's accuracy, timeliness, adequacy of procedures, training provided, and the existence of audit trails. Internal audits are conducted regularly by College IT staff, at least annually.

D. Documentation

The College maintains documentation that describes system procedures, practices, and workflows. This documentation also identifies system software and hardware and captures the system environment in terms of the organizational structure, functions and responsibilities, and system processes. It explains how the system operates from a functional user and data processing point of view. Documentation is reviewed and updated by IT staff annually or upon implementation of a new information technology system. Such documentation maintained by the institution includes:

1. Procedural manuals
2. System documentation
3. Security backup and disaster recovery procedures as a part of the Continuity of Operations Plan
4. Service level agreements for contracted information technology services

VIII. OTHER ELECTRONIC RECORDS MANAGEMENT PRACTICES**A. Security and Disaster Backup and Restoration**

The College has a disaster recovery plan for its electronic data in place, which includes contact information for data recovery vendors and information about backups of all data. Security backups to protect against data loss are generated for all but the most transitory of files. Routine backups are conducted and are stored in secure off-site storage.

B. Cloud Computing

Amazon Web Services (AWS) as the cloud-based provider for our ERP System based upon a model configured by the NCCCS Office. All data is encrypted with access restricted to only the servers that need it along with high-level users. Cloud instances follow the disaster recovery plan. Routine backups are conducted and stored in the cloud and at a physical disaster recovery site.

IX. CONVERTING RECORDS TO DIGITAL FORMAT

When converting non-permanent paper records, that have not met their retention period, to digital records, the appropriate College employees will complete the Compliance and Electronic Records Self-Warranty Form for each group of converted records. After digital conversion, the records custodian may request to dispose of the paper records from their supervisor. The following administrators may authorize the disposition of the paper records after digital conversion: Senior Vice President of Finance & Administration and Data Custodians. The Authorization to Dispose of Paper Records form should be used.

Adopted: 08/08/2019

Revised: 01/06/2022

COMPLIANCE AND ELECTRONIC RECORDS SELF-WARRANTY FORM¹

The completion of this form by all signing employees signals that all employees will adhere to the rules set forth in college policy and procedure. Furthermore, this section is to be used as a self-evaluation tool to ensure that electronic records produced by the College are created, reproduced, and otherwise managed in accordance with guidelines for electronic public records published by the North Carolina Department of Natural and Cultural Resources.

I. PURPOSE

The Digital Millennium Copyright Act of 1998 (“DMCA”) legally protects a copyright holder from the unauthorized use of his or her digital content. Unauthorized use means violating the user agreement or terms of use for the digital content. Illegally sharing and/or reproducing copyrighted materials such as music, videos, documents, software, and photos is considered copyright infringement. The Higher Education Opportunity Act (“HEOA”) includes a provision directly related to DMCA.

HEOA sets requirements for higher education institutions to address illegal peer-to-peer (“P2P”) file sharing occurring on college networks. Illegal P2P file sharing is downloading, also known as copying and/or saving, copyrighted material to a hard drive or any other storage device and/or sharing or making it available to other people without the consent of the copyright holder.

P2P applications are used to legitimately share digital content. However, P2P applications can expose the College, and individual users on the College’s network, to legal liabilities when illegal file sharing occurs. P2P applications can also present a security risk because a downloaded file may actually contain a virus or a malicious program that could target and infect other machines on the network, impact the performance of the network and compromise sensitive/confidential information.

The purpose of this Policy is to inform the College community on preventive measures that will help avoid legal liability and security risks resulting from illegal file sharing. This Policy applies to any individual using the College’s computer network.

II. POLICY

Individuals using the College’s computer network will be held accountable for adhering to the following terms and conditions:

- A. Read the user agreement or terms of use for the following digital content in order to make sure you do not use nor share digital material illegally: documents, videos, and games located on the Internet; social networking sites (i.e., YouTube); purchased digital content (i.e., music, software); and peer-to-peer file sharing applications.
- B. Delete unauthorized copyrighted material from your electronic device (i.e. computer, iPhone).
- C. Use a legal alternative to unauthorized downloading. The College does not endorse a particular product or service nor is it responsible for any cost or any

technology related issues resulting from the use of the legitimate sources.

- D. Disable the file sharing feature for P2P software if you do not have permission to share the digital material (i.e., documents, movies, games, etc.) legally; contact the software vendor for technical support.
- E. For the P2P vendor's best practices for securing the computer used for P2P activity (i.e., anti-virus software, a vendor supported operating system, personal firewall, current version of P2P application, etc.); the Federal Trade Commission has P2P best practices at: <https://www.consumer.ftc.gov/articles/protect-your-personal-information-and-data>; and
- F. For College-owned assets, P2P software can only be used to promote the College's mission, academic and business needs. Where applicable, P2P software is not allowed on machines that process and/or store confidential/sensitive data. The personal use of P2P applications on college-owned assets for recreational and leisure purposes is prohibited.

III. ENFORCEMENT

Enforcement of this Policy shall include:

- A. Disclosure to students and employees on an annual basis, which shall include legal alternatives to illegal file sharing.
- B. Monitoring network traffic and limiting network bandwidth; and
- C. Implementing other technology-based deterrents as needed.

In addition to employment and student discipline issued by the College in accordance with applicable policies and procedures (up to and including dismissal/suspension), individuals cited for unauthorized use may be subjected to civil and/or criminal damages such as monetary damages and potential prison time. According to the US Copyright Office, monetary damages can range from \$200 to \$150,000 for each act (<http://www.copyright.gov/title17/92chap5.html#504>). Criminal prosecutions may result in a fine of up to \$250,000 and a prison term of up to 5 years (<https://www.fbi.gov/ipr/>) for each act.

The college is committed to taking reasonable measures to support the accessibility of its audio, visual, telecommunications and web-based technologies (“Digital Technology”) for use by students, employees and/or the general public. Students who seek an accommodation for Digital Technology should contact the Director of Disability Services. Other individuals who seek accommodations should contact the college’s Vice President of Information Technology.

Undue burden and non-availability may qualify as an exemption from this Policy when compliance is not technically possible or is unreasonably burdensome in that it would require extraordinary measures due to the nature of the request or would fundamentally alter the purpose of the Digital Technology.

When conducting core academic and business activities using web content, the college shall align the web content with the guidelines of the most current version of [Web Content Accessibility Guidelines 2.0 Level AA](#) (WCAG 2.0 AA).
